THE SERVICEMASTER COMPANY

v.

UGI HAVC ENTERPRISES, INC.

Elizabeth A. Dunn, Attorney:

On September 24, 2004, the Board issued an order which stated, *inter alia*, that discovery and trial dates remained as reset in the Board's March 15, 2004 order. Subsequently, opposer's consented motion to extend discovery and trial dates, filed July 8, 2004 by certificate of mailing, was matched to the Board's proceeding file.¹ Accordingly, opposer's July 8, 2004 consented motion is approved, and discovery and trial dates are reset as set forth in the motion.

¹ The original motion was never matched to the Board file. Counsel for opposer faxed a copy to the Board on September 15, 2004.

The Board notes the parties' stipulation, filed September 28, 2004, which provides for the withdrawal of both a notice of deposition, and a motion seeking a protective order to prevent the noticed deposition. The parties are advised that no motion for a protective order was received by the Board.

Parties to Board proceedings are strongly urged to view the electronic proceeding file available from the USPTO website via TTABVUE and, if necessary, to refile (with proof of entitlement to the original filing date) any papers which do not appear within three weeks of filing. To have filings reach the Board's electronic docket as quickly as possible, please file electronically via ESTTA, also available at the USPTO website.
