REQUEST FOR POST PUBLICATION AMENDMENT TO APPLICATION

Applicant, Adeptia Inc., hereby requests that the description of services contained in its application, Serial No. 76/079,893, pursuant to 37 C.F.R. §2.133(a) and TBMP §514 be amended to state the following services:

Providing business to business software design and development services for others, namely, design and development for others of software programs that facilitate the formatting, conversion and delivery of business data, in the field of data integration and business process management.

As this amendment merely provides greater specificity of the services claimed in the registration application, it does not broaden the description of services. Hence, this amendment should not require republication.

Respectfully submitted,

Date: September 21, 2007
