OPPOSERS' BRIEF IN RESPONSE TO APPLICANT'S MOTION TO REOPEN DISCOVERY AND TO COMPEL

Opposers, Toyota Jidosha Kabushiki Kaisha t/a Toyota Motor Corporation and Toyota Motor Sales, U.S.A., Inc., submit this Brief in Response to "Applicant's Motion To Reopen Discovery And To Compel" in accordance with *Trademark Rule 2.127(a).*

U.S. Patent & TMOfc/TM Mail Rcpt Dt. #

Applicant's Motion to Compel

Applicant's Motion to Compel does not comply with *Trademark Rule 2.120(e)(1)* which requires a written statement from the moving party or its attorney that a good faith effort was made by the moving party to resolve the matter with the other party or their attorney. Applicant's in-house attorney, Mr. James Zellinger, did aver in paragraph 2 of his affidavit (Applicant's Exhibit 11)[1] that Applicant has complied through numerous letters, including two

[1] Applicant's combined Motion includes cover pages identifying Exhibits 1-16. However, it appears that there are only 11 exhibits. The cover pages for Exhibits 12-16 do not have any exhibits attached thereto.

recent letters (Applicant's Exhibits 2 and 3.) The only effort Applicant made to resolve this matter was to mail the same letter to Opposers' attorney on two different dates in July 2006. Opposers urge the Board to reject this showing as constituting the good faith effort contemplated by *Trademark Rule 2.127(e)(1).*

It is difficult to know precisely what Applicant is concerned about because in its Motion Applicant argues that "Opposers have failed to produce requested and relevant materials, specifically survey and expert evidence prepared in conjunction with litigation by Opposers in current federal court proceedings and possibly other survey evidence that Opposers have not disclosed." (Applicant's Motion, unnumbered pages 1-2.) Yet Applicant then refers to its Interrogatory No. 15 which essentially requests identification of all investigations or consumer surveys conducted or participated in by Opposers that pertain to the issues of likelihood of confusion, distinctiveness and use of the mark by Opposers, Applicant or any third party.[2] Applicant goes on to argue that "In the matter of Toyota Motor Sales, et al v. Aliments Lexus Foods, Inc., et al,: Civil Index # CV020013(DGT, EDNY 2002), survey and expert evidence has been prepared but none has been produced to Applicant." (Applicant's Motion unnumbered page 3.) Thus, Applicant cites to an interrogatory, but complains that documents from a particular federal court case between Opposers and a third-party have not been produced.

In any event, Applicant's Motion is unavailing on its merits and should be denied.

Opposers advised Applicant of their objections to Applicant's Interrogatory No. 15 on the bases that certain phrases are vague and ambiguous; that it is irrelevant to the claims and defenses in this proceeding; that it is overly broad, burdensome and harassing; that information

[2] Applicant's Interrogatory No. 15 was served by Applicant on Opposer on April 4, 2005 as one of four interrogatories (Nos. 15-18) comprising "Applicant's Third Set of Interrogatories." "Opposers' Objections and Answers to Applicant's Third Set of Interrogatories" were served on Applicant on May 6, 2005. (Opposers' Exhibits A and B.)

regarding use of the mark by Applicant or any third-party is outside of Opposers' control; and that confidential and proprietary information will not be produced absent a suitable protective order. Opposers also explained that they will provide information in their possession sufficient to meet the needs of this interrogatory; but will not produce information protected by attorney-client privilege or attorney work product. Opposers referred Applicant to Opposers' business records produced under *Fed.R.Civ.P. 33(d).* (Opposers' Exhibit B)

Opposers have completely and fully responded to all of Applicant's appropriate discovery requests, including Applicant's Interrogatory No. 15 as well as Applicant's Document Request No. 20. (Opposers' Exhibit C -- "Applicant's Second First Request for Production of Documents") Opposers have produced thousands of documents. See, for example, Opposers' Exhibit D--Opposers' Index of Documents Produced to Applicant in May 2004. There have been subsequent supplemental productions of documents to Applicant, including the most recent one on August 4, 2006. (Opposers' Exhibit E) This latest supplemental response includes the four expert reports served (but not filed) in the *Toyota Motor Sales, et al v. Aliments Lexus Foods Inc., et al*, case (all are non-confidential), as well as the June 2006 "Final Judgment" order of the U.S. District Court in that case. As explained in Opposers' supplemental response, the settlement agreements between the parties in the District Court case are highly confidential and will be produced only if Applicant retains outside counsel, to outside counsel, and contrary to Mr. Zellinger's statements, there is no January 20, 2006 written memorandum of agreement or written understanding from that case.

Applicant asserts that Opposers "promised and represented to Applicant that said materials relating to survey information and settlement would be produced" (Applicant's Motion, unnumbered page 4; and Zellinger Affidavit, Paragraph 3). Opposers have never made any such

promise or representation regarding settlement agreements or any other highly confidential materials. To the contrary, throughout this consolidated proceeding, Opposers have consistently stated that they will not produce highly confidential materials, including settlement materials, to Applicant's in-house counsel. Opposers have produced non-confidential agreements, including non-confidential survey materials. The Exhibits which Applicant cites in support of its statement regarding Opposers' "promise" actually show that Opposers made no such promise or representation. (Applicant's Exhibits 9 and 10.)

Applicant is in possession of all requested discovery to which it is entitled. Opposers respectfully request that Applicant's Motion to Compel be denied.

Applicant's Request for Reconsideration

Contained within Applicant's combined Motion to Reopen Discovery and to Compel is Applicant's request for reconsideration of "the Board's decision limiting Applicant's sole counsel to examination of non-confidential materials." (Applicant's Motion, unnumbered pages 4-5.) Opposers assume that Applicant is referring to the June 27, 2006 Board order, and therefore Applicant's request for reconsideration filed August 10, 2006 is untimely. *Trademark Rule 2.127(b).* Furthermore, Applicant's assertion that settlement agreements "are not trade secrets or confidential business materials" is absurd.

In the Board's June 27, 2006 order, the Board determined that "applicant's motion [to compel-filed October 28, 2005] is more in the nature of a motion for reconsideration of the status of Mr. Zellinger and Syngenta [Applicant]" and "the motion to compel is denied as it merely attempts to clarify that Mr. Zellinger's status and justify disclosure to him and not is a genuine motion to compel." (Opposers' Exhibit F.)

Thus, the Board has already declined to reconsider this issue. With regard to the issue of Mr. Zellinger's status as Applicant's in-house counsel, the Board stated in footnote 1 of its June 27, 2006 order that "...Opposer's concerns seem genuine, are supported and there appears to be sufficient doubt as to the closeness of the relationship that Mr. Zellinger may be deemed in-house counsel. ... If applicant will appoint outside counsel for the purpose of receiving trade secret information, then opposer is willing to disclose its trade secret information to them."

The Board understands and has upheld Opposers' position regarding highly confidential information, which is that Opposers are willing to disclose appropriate highly confidential information to outside counsel for Applicant in this consolidated case, but for good reason, Opposers will not disclose highly confidential information to Applicant's in-house attorney, Mr. Zellinger.[3]

Opposers respectfully request that Applicant's request for reconsideration contained within its Motion be denied.

Applicant's Motion to Reopen

Applicant contends that a reopening of discovery is warranted. However, discovery opened in the earlier of these two consolidated proceedings on August 18, 2003 and discovery in the consolidated proceeding closed on May 15, 2005 pursuant to the Board's March 11, 2005 order. There were later Board orders dated September 20, 2005 and June 27, 2006 which

[3] It is unusual in the experience of the undersigned attorney that the Board would refer to an attorney's actions as amounting to "duplicity." However, in footnotes 4 and 5 of the Board's September 20, 2005 order (Opposers' Exhibit G), it stated as follows:

> 4. Applicant changed the language in paragraph number 3, eighth provision, [Standard Protective Order] from 'outside counsel, but not in-house counsel' to 'counsel' which clearly affects the disclosure of trade secret/commercially sensitive materials.
> 5. The Board is dismayed that applicant would change the terms of the Board's standard agreement, without consulting opposer's counsel and then state that it had executed the Board's agreement. This duplicity is not looked on favorably.

indicated discovery was "closed." Applicant did not request reconsideration of the close of discovery or otherwise act to reopen discovery until August 2006. Specifically, Applicant did not move to reopen (and compel) discovery until after Opposers had scheduled testimony depositions during August 2006, and Applicant's attorney, on August 7, 2006, mailed Opposers' attorney a letter regarding attending Opposers' testimony depositions by telephone. (Opposers' Exhibit H).

Applicant's filing of the combined Motion now before the Board is evidence of Applicant's continued dilatory tactics in this consolidated case. The Board stated in footnote 2 of its September 20, 2005 order as follows: "It is noted that applicant accuses opposer of failing to provide good faith efforts to negotiate to work out the parties' differences as well as dilatory tactics, however, it appears to the Board that it is applicant who delays proceedings through the various same devices, as illustrated by applicant's filing of numerous motions."

In order to reopen discovery, Applicant must show excusable neglect. *Fed.R.Civ.P. 6(b).* The analysis for determining excusable neglect is found in *Pioneer Investment Services Company v. Brunswick Associates Ltd. Partnership, 507 U.S. 380 (1993)*, and adopted by the Board in *Pumpkin Ltd. V. The Seed Corps, 43 USPQ2d 1582 (TTAB 1997).*

In applying the facts of the current consolidated opposition proceeding to the excusable neglect standard set forth in the *Pioneer* case, it is clear that Applicant has not established excusable neglect justifying a reopening of discovery, which closed over one year ago.

The prejudice to Opposers in any reopening of discovery is substantial. Opposers commenced these two oppositions in June 2003 and December 2003, respectively. As explained above, discovery was last reset to close on May 15, 2005. There has been ample time for discovery. Opposers have provided Applicant with all of the discovery to which it is entitled in

view of Applicant's refusal to appoint an outside attorney who could receive the trade secret and highly confidential materials. In fact, as noted above, Applicant's attorney wrote to Opposers' attorney regarding attendance by telephone at Opposers' testimony depositions.

Applicant's argument that Opposers consented to production of certain materials to in-house counsel is specious. To the contrary, Opposers have consistently and vigorously asserted that production of trade secret and highly confidential information will be produced only to Applicant's outside appointed counsel. (See, *e.g.*, Applicant's Exhibit 10.) Applicant has refused to appoint outside counsel. Reopening discovery would not resolve this decision by Applicant to refuse to appoint outside counsel.

Opposers have provided responses and objections to discovery and stand ready to provide trade secret and highly confidential information when Applicant appoints outside counsel who could receive such materials.

Applicant's delay since May 15, 2005 (the close of discovery) is significant both for the Opposers and the Board. Discovery has been closed for over one year and Applicant is again delaying these proceedings. This is a significant delay in this consolidated administrative opposition proceeding and reopening discovery would certainly have a negative impact on the judicial process. See *Pumpkin Ltd. v. Seed Corps, supra.*

The reason for the delay apparently involves the same discovery disputes on which Applicant has filed many motions and on which the Board has acted. Thus, the cause of the delay was wholly within Applicant's control.

Opposers believe that the record of this consolidated case shows that Applicant acted in bad faith in filing the current combined Motion to Reopen Discovery and to Compel. (See, *e.g.*,

the comments in footnotes 2, 4 and 5 of the Board's September 20, 2005 order - - Opposers' Exhibit G.)

Applicant has not met its burden to establish the excusable neglect necessary to reopen discovery.

WHEREFORE, Opposers respectfully request that Applicant's Motion to Reopen and to Compel be denied in its entirety; and that the Board reset trial dates for this consolidated proceeding.[4]

OPPOSERS' OBJECTIONS AND ANSWERS TO
APPLICANT'S THIRD SET OF INTERROGATORIES

Pursuant to Rule 33, Fed.R.Civ.P. and Trademark Rules 2.116(a) and 2.120(d)(1), Opposers Toyota Jidosha Kabushiki Kaisha t/a Toyota Motor Corporation and Toyota Motor Sales, U.S.A., Inc. ("Opposers") provide the following objections and answers to Applicant's Third Set of Interrogatories ("Applicant's Interrogatories").

These objections and answers are based upon the best relevant information presently available to Opposers and the belief that the information is correct. These objections and answers are made without prejudice to the right of Opposers to provide additional or modified objections and answers should better or further information or belief subsequently become available to Opposers. These answers also are provided without prejudice to any right of Opposers to offer evidence on their behalf or to object to the relevance, competence or admissibility on any ground of any evidence or witness offered by Applicant; and these answers do not constitute an admission of competence, or admissibility of evidence, or a waiver of objection on any grounds.

GENERAL OBJECTIONS

Opposers object to the Definitions and Instructions forming a part of Applicant's Third Set of Interrogatories and to each individual interrogatory as overly broad, harassing, unduly burdensome and as imposing greater obligations than those required by the Federal Rules of Civil Procedure and the Trademark Rules of Practice in that the burden or expense of the proposed discovery outweighs its likely benefit taking into account the importance of the proposed discovery in resolving the issues.

Opposers reserve their right to object to each individual interrogatory to the extent it seeks information that is proprietary and confidential and to provide such responsive, non-privileged information or documents only after a Stipulated Protective Order is entered by the Board.

Opposers further object to Applicant's Definitions and Instructions and to each individual interrogatory to the extent they seek information that is protected by the attorney-client privilege or the work-product doctrine. Such information will not be produced.

OBJECTIONS AND ANSWERS

INTERROGATORY NO. 15:

Identify all documents that constitute, relate to, or refer to any formal or informal investigation or consumer survey, including, but not limited to research, surveys, tests, or studies of any kind, regardless of whether prepared for or in anticipation of litigation, that Opposers have conducted, undertaken, instituted with consultants or experts, participated in or have knowledge of, and that pertain to the issues of confusion, likelihood of confusion, or the distinctiveness, regarding the use of the mark by either Opposers, Applicant, or any third party.

ANSWER:

Opposers object to the use of the phrase "formal or informal investigation or consumer survey, including, but not limited to research, surveys, tests, or studies of any kind" as vague and

ambiguous. Opposers further object on the basis that the information sought constitutes confidential and proprietary information that will not be produced prior to the entry of a suitable protective order by the Board. Opposers further object to this interrogatory as irrelevant to claims or defenses related to an issue of likelihood of confusion of any party in this proceeding and as not reasonably calculated to lead to the discovery of admissible evidence.

Opposers further object to this interrogatory as overly broad, unduly burdensome and harassing. To the extent not otherwise objected to, Opposers will provide only that information in their possession which is sufficient to meet the needs of the interrogatory. To the extent that the interrogatory seeks information regarding use of the mark by Applicant or any third-party, Opposers object to the interrogatory as calling for information outside of Opposers' custody, possession or control.

Subject to the forgoing objections, Opposers refer Applicant to the business records produced in response to Applicant's First Request for Production of Documents from which this information may be derived or ascertained pursuant to Fed.R.Civ.P. 33(d). To the extent responsive information exists that is subject to the attorney-client privilege or that constitutes attorney work product, this information will not be provided.

INTERROGATORY NO. 16:

Identify all documents that indicate or may indicate that Opposers are in the agricultural or crop protection business, or market agricultural or crop protection products to consumers.

ANSWER:

None.

INTERROGATORY NO. 17:

Identify all documents that demonstrate or indicate that any of Opposers' products are sold in the same retail or wholesale locations, or proximity to any location where agricultural or crop protection products are sold.

ANSWER:

Opposers do not sell any agricultural or crop protection products and are unable to answer this interrogatory about whether any of Opposers' products are sold in locations that are proximate to any locations where agricultural or crop protection products are sold on the basis that Opposer do not know where Applicant or any other company sells agricultural or crop protection products.

INTERROGATORY NO. 18:

Identify all witnesses Opposers intend to call as witnesses or from whom Opposers intend to obtain testimony.

ANSWER:

Opposers object to this interrogatory on the basis that they are not required to disclose the entirety of their proposed evidence in support of their case during discovery. Specifically, the Board has held that a party is not required to provide detailed evidence, such as a witness list, in response to discovery requests. *See, e.g., Time Warner Entertainment Co. v. FINAL JUDGMENT

There being no genuine issues of fact or law in dispute between the parties; all matters in this civil action have been settled; and this civil action is in condition for entry of Final Judgment, it is

ORDERED, ADJUDGED AND DECREED that:

(1) This Court has jurisdiction of the subject matter and the parties under § 39 of the Federal Trademark Act, 15 U.S.C. § 1121, and the Judicial Code, 28 U.S.C. §§ 1331, 1332, 1338 and 1367.

(2) Plaintiff Toyota Jidosha Kabushiki Kaisha, also doing business as Toyota Motor Corporation ("Plaintiff TMC"), is the owner of the trade name LEXUS and the

marks LEXUS and LEXUS & Design, for automobiles, automobile-related automobile services and promotional products, and is the owner of U.S. Trademark Registration Nos. 1,574,718, 1,675,339, 1,739,201, 1,814,753 and 1,834,147 of said marks, among others.

(3) Plaintiff TMC and its subsidiary Plaintiff Toyota Motor Sales, U.S.A., Inc. have the exclusive right to use the trade name LEXUS and the marks LEXUS and LEXUS & Design LEXUS EXTRA CARE and LEXUS CUSTOM TAILORED LEASE in the State of New York and in interstate commerce in connection with automobiles, automobile-related services and promotional products.

(4) The marks LEXUS and LEXUS & Design and Registration Nos. 1,574,718, 1,675,339, 1,739,201, 1,814,753 and 1,834,147 are each valid and subsisting.

(5) The marks LEXUS and LEXUS & Design are distinctive and had become famous within the meaning of § 43(c) of the Federal Trademark Act, 15 U.S.C. § 1125(c), prior to Defendants' sale of LEXUS fruit juice products in the United States.

(6) Defendants' use of the trademark LEXUS and the trade names ALIMENTS LEXUS, LEXUS FOODS and LES ALIMENTS LEXUS FOODS in the United States impairs the singular association of the mark LEXUS with Plaintiffs and thus constitutes trademark dilution under § 43(c) of the Federal Trademark Act, 15 U.S. C. § 1125(c), and New York Gen. Bus. Law § 368-l.

(7) Effective October 1, 2007, Defendants and each of their respective agents, employees, servants, successors and assigns, and all others in privity or acting in concert therewith, are hereby permanently enjoined from:

DONE AND ORDERED, at Brooklyn, New York, this 1st day of June, 2006.

v.

Syngenta Participations AG

Linda Skoro, Interlocutory Attorney

This case now comes up on applicant's motion to compel opposer's discovery responses, filed October 28, 2005. Opposer has responded.

In its motion, applicant alleges that opposer has "failed to produce requested and relevant materials on the grounds that Applicant's counsel is 'in-house' counsel and refuses to produce materials pursuant to Applicant's discovery requests." (Brief at 1). In response, opposer states that pursuant to the Board's order of September 20, 2005, opposer is willing to submit trade secret/commercially sensitive information only to outside counsel for Syngenta Participations AG, that Mr. Zellinger's status as in-house/outside counsel was considered in that order through applicant's attempt to alter the Board's standarad

protective agreement, and the Board's standard order was imposed.

Because this issue[1] has effectively been considered by the Board, applicant's motion to compel is more in the nature of a motion for reconsideration of the status of Mr. Zellinger and Syngenta. The Board declines to do so. Further, the motion to compel is denied as it merely attempts to clarify that Mr. Zellinger's status and justify disclosure to him and not is a genuine motion to compel.

Accordingly the motion to compel is denied and trial dates are reset as indicated below.

Discovery period to close:	**CLOSED**
30-day testimony period for party in position of plaintiff to close:	**9/1/2006**
30-day testimony period for party in position of defendant to close:	**10/31/2006**
15-day rebuttal testimony period to close:	**12/15/2006**

[1] As for the status of Mr. Zellinger's relationship to Syngenta, while not conclusively determined, opposer's concerns seem genuine, are supported and there appears to be sufficient doubt as to closeness of the relationship that Mr. Zellinger may be deemed in-house counsel. Opposer has stated that it has not objected to producing the confidential information to Mr. Zellinger, per the agreement, but not the trade secret information. If applicant will appoint outside counsel for the purpose of receiving trade secret information then opposer is willing to disclose its trade secret information to them.

v.

Syngenta Participations AG

Linda Skoro, Interlocutory Attorney

This case comes up on an amazing number of motions all centered on the Board's March 11, 2005 order allowing the parties twenty days to enter into a protective agreement to enable the disclosure of confidential information in discovery.

The March 11, 2005 order dealt primarily with a sentence that applicant insisted upon and opposer objected to, with applicant being concerned that without the sentence the admissibility of confidential material would be affected. The Board found the language unnecessary because the Federal Rules of Civil Procedure would govern applicant's concerns, and the parties were allowed twenty days, or until March 31, 2005, to put in place a protective

agreement or the Board would impose its own standardized agreement. On March 31, 2005 opposer informed the Board that it had contacted applicant's counsel inquiring as to whether counsel would agree to entry of its proposed protective order without the unnecessary language. Applicant's counsel indicated that would not agree, forcing opposer to file its request for entry of its protective order.[1] This then resulted in applicant filing three separate motions: (1) its own motion for a protective order, filed April 4, 2005; (2) applicant's objection[2] to opposer's March 31, 2005 filing, filed April 7, 2005; and (3) applicant's motion for reconsideration of the Board's March 11, 2005 order.[3] Both parties filed responses and replies.

The next filing occurred on June 9, 2005, when opposer requested a thirty day extension to serve discovery responses, to which applicant objected, once again forcing opposer to renew its request for entry of a protective

---

[1] It is not clear to the Board the nature of applicant's refusal, in that it appeared that the parties had reached agreement on all terms of the protective agreement, other than the language that was before the Board and discussed in the March 11, 2005 order. To now raise new issues does not appear to be in the nature of cooperation.

[2] It is noted that applicant accuses opposer of failing to provide good faith efforts to negotiate to work out the parties' differences as well as dilatory tactics, however, it appears to the Board that it is applicant who delays proceedings through the very same devices, as illustrated by applicant's filing of numerous motions.

[3] Applicant's request for reconsideration actually appears to be a motion to compel opposer to provide "settlement agreements, expert and survey reports, and court decisions relating to... third-party litigation..." as well as "materials list but not available on the [electronic] court litigation system." In that these matters are not properly before the Board as a motion to compel, they will not be considered.

order and to reschedule the testimony periods. Applicant once again objected and stated that it had signed the Board's standard protective agreement and opposer has refused to. Opposer's reply, filed July 25, 2005, states that applicant executed an edited version[4] of the Board's agreement that substantially changed the order[5], yet "in the interest of moving these proceedings forward, counsel for opposers has signed and dated the applicant's altered order..."

Then on July 13, 2005, applicant files a motion to dismiss the opposition as a sanction for opposer's unwillingness to sign the applicant's version of the Board's standard protective agreement. Opposer has objected and applicant has replied.

In that it appears that the parties are finally where they should have been on March 31, 2005, the Board hereby orders the following: Opposer's motion to enter its protective order is hereby DENIED; applicant's motion to enter its protective order is hereby DENIED; applicant's motion for reconsideration is hereby DENIED; opposer's

---

[4] Applicant changed the language in paragraph number 3, eighth provision, from "outside counsel, but not in-house counsel" to "counsel" which clearly affects the disclosure of trade secret/commercially sensitive materials.

[5] The Board is dismayed that applicant would change the terms of the Board's standard agreement, without consulting opposer's counsel and then state that it had executed the Board's agreement. This duplicity is not looked upon favorably.

request for an extension of time to serve discovery responses is hereby GRANTED; opposer's request to reschedule testimony periods is hereby GRANTED; applicant's motion to dismiss is hereby DENIED, having failed to set forth grounds upon which to base a dismissal.[6]

Further, it is adjudged appropriate for the standard Board protective order to be imposed herein, and accordingly, an executed order is attached. Trial dates are hereby reset as indicated below:

Discovery period to close:	**CLOSED**
30-day testimony period for party in position of plaintiff to close:	**3/10/2006**
30-day testimony period for party in position of defendant to close:	**5/9/2006**
15-day rebuttal testimony period to close:	**6/23/2006**

In each instance, a copy of the transcript of testimony together with copies of documentary exhibits must be served on the adverse party within thirty days after completion of the taking of testimony. Trademark Rule 2.125.

Briefs shall be filed in accordance with Trademark Rule 2.128(a) and (b). An oral hearing will be set only upon request filed as provided by Trademark Rule 2.129.

[6] There is no evidence that opposer failed to obey any Board order.

PROVISIONS FOR PROTECTING CONFIDENTIALITY OF INFORMATION REVEALED DURING BOARD PROCEEDING

Information disclosed by any party or non-party witness during this proceeding may be considered confidential, a trade secret, or commercially sensitive by a party or witness. To preserve the confidentiality of the information so disclosed, **either** the parties have agreed to be bound by the terms of this order, in its standard form or as modified by agreement, and by any additional provisions to which they may have agreed and attached to this order, **or** the Board has ordered that the parties be bound by the provisions within. As used in this order, the term "information" covers both oral testimony and documentary material. Parties may use this standard form order as the entirety of their agreement or may use it as a template from which they may fashion a modified agreement. If the Board orders that the parties abide by the terms of this order, they may subsequently agree to modifications or additions, subject to Board approval. Agreement of the parties is indicated by the signatures of the parties' attorneys and/or the parties themselves at the conclusion of the order. Imposition of the terms by the Board is indicated by signature of a Board attorney or Administrative Trademark Judge at the conclusion of the order. If the parties have signed the order, they may have created a contract. The terms are binding from the date the parties or their attorneys sign the order, in standard form or as modified or supplemented, or from the date of imposition by a Board attorney or judge.

TERMS OF ORDER

1) Classes of Protected Information.

The Rules of Practice in Trademark Cases provide that all inter partes proceeding files, as well as the involved registration and application files, are open to public inspection. The terms of this order are not to be used to undermine public access to files. When appropriate, however, a party or

witness, on its own or through its attorney, may seek to protect the confidentiality of information by employing one of the following designations.

Confidential—Material to be shielded by the Board from public access.
Highly Confidential—Material to be shielded by the Board from public access and subject to agreed restrictions on access even as to the parties and/or their attorneys.
Trade Secret/Commercially Sensitive—Material to be shielded by the Board from public access, restricted from any access by the parties, and available for review by outside counsel for the parties and, subject to the provisions of paragraph 4 and 5, by independent experts or consultants for the parties.

2) Information Not to Be Designated as Protected.
Information may not be designated as subject to any form of protection if it (a) is, or becomes, public knowledge, as shown by publicly available writings, other than through violation of the terms of this document; (b) is acquired by a non-designating party or non-party witness from a third party lawfully possessing such information and having no obligation to the owner of the information; (c) was lawfully possessed by a non-designating party or non-party witness prior to the opening of discovery in this proceeding, and for which there is written evidence of the lawful possession; (d) is disclosed by a non-designating party or non-party witness legally compelled to disclose the information; or (e) is disclosed by a non-designating party with the approval of the designating party.

3) Access to Protected Information.
The provisions of this order regarding access to protected information are subject to modification by written agreement of the parties or their attorneys, or by motion filed with and approved by the Board.
Judges, attorneys, and other employees of the Board are bound to honor the parties' designations of information as protected but are not required to sign forms acknowledging the terms and existence of this order. Court reporters, stenographers, video technicians or others who may be employed by the parties or their attorneys to perform services incidental to this proceeding will be bound only to the extent that the parties or their attorneys make it a condition of employment or obtain agreements from such individuals, in accordance with the provisions of paragraph 4.

- **Parties** are defined as including individuals, officers of corporations, partners of partnerships, and management employees of any type of business organization.
- **Attorneys** for parties are defined as including **in-house counsel** and **outside counsel**, including support staff operating under counsel's direction, such as paralegals or legal assistants, secretaries, and any

other employees or independent contractors operating under counsel's instruction.

- **Independent experts or consultants** include individuals retained by a party for purposes related to prosecution or defense of the proceeding but who are not otherwise employees of either the party or its attorneys.
- **Non-party witnesses** include any individuals to be deposed during discovery or trial, whether willingly or under subpoena issued by a court of competent jurisdiction over the witness.

Parties and their **attorneys** shall have access to information designated as **confidential** or **highly confidential**, subject to any agreed exceptions. **Outside counsel, but not in-house counsel,** shall have access to information designated as **trade secret/commercially sensitive**. **Independent experts or consultants, non-party witnesses**, and **any other individual** not otherwise specifically covered by the terms of this order may be afforded access to **confidential** or **highly confidential** information in accordance with the terms that follow in paragraph 4. Further, **independent experts or consultants** may have access to **trade secret/commercially sensitive** information if such access is agreed to by the parties or ordered by the Board, in accordance with the terms that follow in paragraph 4 and 5.

4) Disclosure to Any Individual.

Prior to disclosure of protected information by any party or its attorney to any individual not already provided access to such information by the terms of this order, the individual shall be informed of the existence of this order and provided with a copy to read. The individual will then be required to certify in writing that the order has been read and understood and that the terms shall be binding on the individual. No individual shall receive any protected information until the party or attorney proposing to disclose the information has received the signed certification from the individual. A form for such certification is attached to this order. The party or attorney receiving the completed form shall retain the original.

5) Disclosure to Independent Experts or Consultants.

In addition to meeting the requirements of paragraph 4, any party or attorney proposing to share disclosed information with an independent expert or consultant must also notify the party which designated the information as protected. Notification must be personally served or forwarded by certified mail, return receipt requested, and shall provide notice of the name, address, occupation and professional background of the expert or independent consultant.

The party or its attorney receiving the notice shall have ten (10) business days to object to disclosure to the expert or independent consultant. If objection is made, then the parties must negotiate the issue before raising the issue before the Board. If the parties are unable to settle their dispute, then it

shall be the obligation of the party or attorney proposing disclosure to bring the matter before the Board with an explanation of the need for disclosure and a report on the efforts the parties have made to settle their dispute. The party objecting to disclosure will be expected to respond with its arguments against disclosure or its objections will be deemed waived.

6) Responses to Written Discovery.

Responses to interrogatories under Federal Rule 33 and requests for admissions under Federal Rule 36, and which the responding party reasonably believes to contain protected information shall be prominently stamped or marked with the appropriate designation from paragraph 1. Any inadvertent disclosure without appropriate designation shall be remedied as soon as the disclosing party learns of its error, by informing all adverse parties, in writing, of the error. The parties should inform the Board only if necessary because of the filing of protected information not in accordance with the provisions of paragraph 12.

7) Production of Documents.

If a party responds to requests for production under Federal Rule 34 by making copies and forwarding the copies to the inquiring party, then the copies shall be prominently stamped or marked, as necessary, with the appropriate designation from paragraph 1. If the responding party makes documents available for inspection and copying by the inquiring party, all documents shall be considered protected during the course of inspection. After the inquiring party informs the responding party what documents are to be copied, the responding party will be responsible for prominently stamping or marking the copies with the appropriate designation from paragraph 1. Any inadvertent disclosure without appropriate designation shall be remedied as soon as the disclosing party learns of its error, by informing all adverse parties, in writing, of the error. The parties should inform the Board only if necessary because of the filing of protected information not in accordance with the provisions of paragraph 12.

8) Depositions.

Protected documents produced during a discovery deposition, or offered into evidence during a testimony deposition shall be orally noted as such by the producing or offering party at the outset of any discussion of the document or information contained in the document. In addition, the documents must be prominently stamped or marked with the appropriate designation.
During discussion of any non-documentary protected information, the interested party shall make oral note of the protected nature of the information.

The transcript of any deposition and all exhibits or attachments shall be considered protected for 30 days following the date of service of the transcript by the party that took the deposition. During that 30-day period, either party

may designate the portions of the transcript, and any specific exhibits or attachments, that are to be treated as protected, by electing the appropriate designation from paragraph 1. Appropriate stampings or markings should be made during this time. If no such designations are made, then the entire transcript and exhibits will be considered unprotected.

9) Filing Notices of Reliance.

When a party or its attorney files a notice of reliance during the party's testimony period, the party or attorney is bound to honor designations made by the adverse party or attorney, or non-party witness, who disclosed the information, so as to maintain the protected status of the information.

10) Briefs.

When filing briefs, memoranda, or declarations in support of a motion, or briefs at final hearing, the portions of these filings that discuss protected information, whether information of the filing party, or any adverse party, or any non-party witness, should be redacted. The rule of reasonableness for redaction is discussed in paragraph 12 of this order.

11) Handling of Protected Information.

Disclosure of information protected under the terms of this order is intended only to facilitate the prosecution or defense of this case. The recipient of any protected information disclosed in accordance with the terms of this order is obligated to maintain the confidentiality of the information and shall exercise reasonable care in handling, storing, using or disseminating the information.

12) Redaction; Filing Material With the Board.

When a party or attorney must file protected information with the Board, or a brief that discusses such information, the protected information or portion of the brief discussing the same should be redacted from the remainder. A rule of reasonableness should dictate how redaction is effected.

Redaction can entail merely covering a portion of a page of material when it is copied in anticipation of filing but can also entail the more extreme measure of simply filing the entire page under seal as one that contains primarily confidential material. If only a sentence or short paragraph of a page of material is confidential, covering that material when the page is copied would be appropriate. In contrast, if most of the material on the page is confidential, then filing the entire page under seal would be more reasonable, even if some small quantity of non-confidential material is then withheld from the public record. Likewise, when a multi-page document is in issue, reasonableness would dictate that redaction of the portions or pages containing confidential material be effected when only some small number of pages contain such material. In contrast, if almost every page of the document contains some confidential material, it may be more reasonable to simply submit the entire

document under seal. **Occasions when a whole document or brief must be submitted under seal should be very rare.**

Protected information, and pleadings, briefs or memoranda that reproduce, discuss or paraphrase such information, shall be filed with the Board under seal. The envelopes or containers shall be prominently stamped or marked with a legend in substantially the following form:

CONFIDENTIAL

This envelope contains documents or information that are subject to a protective order or agreement. The confidentiality of the material is to be maintained and the envelope is not to be opened, or the contents revealed to any individual, except by order of the Board.

13) Acceptance of Information; Inadvertent Disclosure.

Acceptance by a party or its attorney of information disclosed under designation as protected shall not constitute an admission that the information is, in fact, entitled to protection. Inadvertent disclosure of information which the disclosing party intended to designate as protected shall not constitute waiver of any right to claim the information as protected upon discovery of the error.

14) Challenges to Designations of Information as Protected.

If the parties or their attorneys disagree as to whether certain information should be protected, they are obligated to negotiate in good faith regarding the designation by the disclosing party. If the parties are unable to resolve their differences, the party challenging the designation may make a motion before the Board seeking a determination of the status of the information.

A challenge to the designation of information as protected must be made substantially contemporaneous with the designation, or as soon as practicable after the basis for challenge is known. When a challenge is made long after a designation of information as protected, the challenging party will be expected to show why it could not have made the challenge at an earlier time.

The party designating information as protected will, when its designation is timely challenged, bear the ultimate burden of proving that the information should be protected.

15) Board's Jurisdiction; Handling of Materials After Termination.

The Board's jurisdiction over the parties and their attorney's ends when this proceeding is terminated. A proceeding is terminated only after a final order is entered and either all appellate proceedings have been resolved or the time for filing an appeal has passed without filing of any appeal.

The parties may agree that archival copies of evidence and briefs may be retained, subject to compliance with agreed safeguards. Otherwise, within 30 days after the final termination of this proceeding, the parties and their attorneys shall return to each disclosing party the protected information disclosed during the proceeding, and shall include any briefs, memoranda, summaries, and the like, which discuss or in any way refer to such information. In the alternative, the disclosing party or its attorney may make a written request that such materials be destroyed rather than returned.

16) Other Rights of the Parties and Attorneys.
This order shall not preclude the parties or their attorneys from making any applicable claims of privilege during discovery or at trial. Nor shall the order preclude the filing of any motion with the Board for relief from a particular provision of this order or for additional protections not provided by this order.
