Opposition No. 91159164

ISOLA A/S

v.

Solvay Engineered Polymers

On March 15, 2005, the parties filed applicant's proposed amendment to its application Serial No. 76/460,477, and opposer's withdrawal with prejudice of the opposition, contingent upon entry of the amendment.

By the proposed amendment applicant seeks to change the identification of goods from:

"Unproceeded artificial resins and unprocessed plastics in bead form for use in further manufacturing processes".

to:

"Unprocessed artificial resins and unprocessed plastics in bead form for use in further manufacturing, specifically not for marketing or sale to building contractors, home improvement retailers, home improvement wholesalers and home improvement retail consumers."

Inasmuch as the amendment is clearly limiting in nature as required by Trademark Rule 2.71(b), the amendment is approved and entered. See Trademark Rule 2.133(a).

The contingency in opposer's withdrawal having now been met, the opposition is dismissed with prejudice.
