**STIPULATED MOTION FOR FURTHER SUSPENSION
OF OPPOSITION PROCEEDING**

Opposer, DakoCytomation Denmark A/S, and the Applicant, Supergen, Inc., by and through their respective counsel, in accordance with TBMP § 510.03, respectfully motion the Trademark Trial and Appeal Board (the "Board") for an order further suspending this opposition proceeding. As grounds for their motion, Opposer states as follows: Suspension was granted in this opposition proceeding on September 23, 2004, for a period of three months. The parties to the opposition are in the process of settlement negotiations; various drafts of an agreement have been exchanged between the parties and additional proposed changes are presently being

considered by the Opposer. Additional time without opposition activities is needed for the Opposer to complete its evaluation of the proposed changes and to discuss them with the Applicant. It is anticipated that an additional period of sixty (60) days will be needed to allow the parties sufficient time to complete their present efforts or to determine that the inter partes proceeding should be resumed.

The parties therefore respectfully request that this opposition proceeding be further suspended for an additional period of sixty (60) days from the date of the filing of this Motion to allow the parties adequate time to further advance their settlement efforts.

Dated this 16th day of December, 2004.

Respectfully Submitted,
