**MOTION TO CONSOLIDATE**

Opposer, Scientific Drilling International, Inc., by counsel, moves to consolidate the two above-referenced opposition proceedings pursuant to TBMP 511.

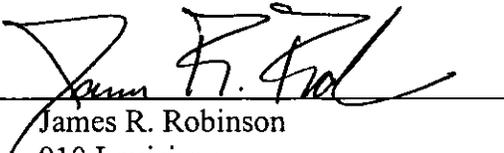

The two cases involve common questions of law and fact, and the Board will save time, effort and expense by consolidating the two proceedings without any prejudice or inconvenience to the parties involved.

The identity of the parties is the same, the mark being opposed is identical, and the services identified with the mark in each application are somewhat similar. Moreover, the grounds for opposition and defenses thereto are identical.

Opposer therefore requests that the two proceedings be consolidated and that the Board reset trial dates for the consolidated proceeding.

Respectfully submitted,

BAKER BOTTS LLP
