**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD**

In the matter of Application Serial No. 78/186,787

Published for Opposition on March 16, 2004

Technos Development, Ltd. Opposer, vs. Sansui Acoustics Research Corporation Applicant.	Opposition No.
---	----------------

Commissioner for Trademarks
2900 Crystal Drive
Arlington, VA 22202-3513

NOTICE OF OPPOSITION

Technos Development, Ltd., a corporation organized and existing under the laws of Hong Kong, doing business at P.O. Box 4864, Central Post Office, Hong Kong ("Opposer") on behalf of itself and its licensor, Targhee Limited, a corporation organized and existing under the laws of the Cayman Islands, having its registered office at c/o Maples & Calder, P.O. Box 309, Georgetown, Grand Cayman, Cayman Islands, British West Indies, ("Targhee"), a party with whom Opposer is in privity with, believes that it will be damaged by registration of the mark shown in Serial No. 78/186,787 in International Class 09 and hereby opposes the same.

As grounds of opposition, it is alleged that:

1. Sansui Acoustics Research Corporation, a firm incorporated under the laws of the British Virgin Islands, doing business at P.O. Box 957, Offshore Incorporations Centre, Road

Town, Tortola, British Virgin Islands ("Applicant"), seeks to register SANSUI as a trademark to be used in connection with receivers; amplifiers; tuners; antennas; audio timers; pick ups; audio racks; wireless communication apparatus, namely, wireless transmitters; pulse code modulating processors; sound processors; graphic equalizers; colour video processors; sound and video processors; character generators; cables; joining units; transformers; encoders and decoders; magnetic tapes; insulating plates; stabilizers; power supplies; alternating current adapters; signal processors; programmers for synthesizer modules; analogue and digital sound modifiers; tape recorders; record players; speakers; recorded disk players; video compact disc players; digital video disc players/recorders; headphones; television receivers; colour televisions; liquid crystal display televisions; plasma televisions; projection televisions; digital plasma displays; liquid crystal display television monitors; liquid crystal display computer monitors; cathode ray tube computer monitors; projectors; video cameras; digital video disc changer; cassette deck; videocassette recorder/video cassette player; and parts and fittings therefor, as amended, in International Class 09. Applicant has sought registration in its application Serial No. 78/186,787, as is evidenced by the publication of SANSUI on March 16, 2004.

2. Opposer is the exclusive licensee in the United States of the trademark SANSUI and variations thereof for use in connection with video devices and facsimile telecommunication devices. Opposer uses the SANSUI mark in connection with the sale of certain video equipment and devices, including, but not limited to, video cassette players, video cassette recorders, DVD players, DVD recorders, video cameras, digital cameras, color televisions, LCD televisions, combination LCD television/DVD players, combination television/DVD players, combination television/digital cameras, combination television/VCRs, accessories therefor, and related consumer electronic products in the United States and its territories, Canada and Mexico.

3. Registration No. 1,489,967 for SANSUI (& Design), Registration No. 1,017,678 for SANSUI (Stylized), Registration No. 837,474 for SANSUI (Stylized) and the goodwill associated with the aforementioned trademarks (collectively, the "SANSUI Mark") were assigned pursuant to a trademark assignment agreement to Targhee by Sansui Electric Co. Ltd. (formerly Sansui Denki Kabushiki Kaisha), a Japanese corporation having its principal offices at 23-3, Higashi 2-chome, Shibuya-ku, Tokyo, Japan ("Sansui Electric"). Attached as Exhibit A are printouts of TARR reports and assignment information with respect to the above-mentioned registrations. Additionally, attached as Exhibit B is a true and correct copy of the trademark assignment agreement between Targhee and Sansui Electric, which was recorded with the United States Patent and Trademark Office on November 14, 1994.

4. Sansui Electric and Opposer are the sole beneficial owners of Targhee.

5. Pursuant to a trademark license agreement, Targhee has granted an exclusive license to Opposer to use the SANSUI Mark and variations thereof in the United States and its territories (including Puerto Rico), Canada and Mexico in connection with video devices (including the audio components of such devices to the extent contained in or integrated with such devices), as the terms are generally understood in consumer electronics, and in connection with facsimile communication devices.

6. Opposer has paid a substantial license fee in connection with the acquisition of the exclusive license.

7. Opposer and its predecessors in interest have used and are still using the SANSUI Mark in connection with the sale of video devices to customers throughout the United States since at least as early as 1994. Opposer has developed an exceedingly valuable goodwill with

respect to the SANSUI Mark and variations thereof as used in connection with the aforementioned goods.

8. By virtue of its efforts, and the expenditure of considerable sums for promotional activities, and by virtue of the excellence of its goods, Opposer has gained for the SANSUI Mark and variations thereof a most valuable reputation.

9. Upon information and belief, Opposer alleges that there was no and still is no bona fide use of Applicant's proposed mark in commerce prior to the filing of the application for registration on November 20, 2002.

10. There can be no dispute as to priority. Opposer and/or its predecessor in interest have adopted and used the SANSUI Mark long prior to Applicant's date of filing.

11. Accordingly, the use of Applicant's proposed mark in connection with Applicant's recitation of goods, specifically, wireless communication apparatus, colour video processors, video processors, signal processors, video compact disc players, digital video disc players/recorders, television receivers, colour televisions, liquid crystal display televisions, plasma televisions, projection televisions, digital plasma displays, liquid crystal display television monitors, liquid crystal display computer monitors, cathode ray tube computer monitors, projectors, video cameras, digital video disc changer, videocassette recorder/video cassette player, and parts and fittings therefor would likely cause confusion or cause mistake or deceive as to the origin of Applicant's goods. Any such confusion in trade inevitably would result in damage to the business of Opposer. Furthermore, any defect, objection or fault found with Applicant's goods marketed under its proposed mark would necessarily reflect negatively upon and seriously injure the reputation that Opposer has established for the SANSUI Mark in the United States.

12. If Applicant is granted the registration of the proposed mark herein opposed, it would thereby obtain at least a prima facie exclusive right to use of the proposed mark. As stated above, such registration would be a source of damage and injury to Opposer, as Opposer is the exclusive licensee of the SANSUI Mark and variations thereof used in connection with facsimile communication devices and video devices in the United States and its territories.

13. Applicant's mark was published for opposition in the Official Gazette on March 16, 2004.

WHEREFORE, Opposer prays that Application Serial No. 78/186,787 be rejected, and that the mark therein sought for the goods therein specified in International Class 09 be denied and refused.

The \$300 fee required under 37 CFR § 2.6(a)(17) is enclosed herewith.

Respectfully Submitted,

Technos Development, Ltd.
Opposer
