Opposition No. 9116103
Serial No. 78320975

BIOCENTRIC LABORATORIES, INC.,

Submission Number 9

In the mid 1980's, I went to a Natural Health retail store and asked the proprietor what they recommended for a complete natural internal body cleansing product.

I was shown and purchased a product named "VIT-RA-TOX".
VIT-RA-TOX, registration number 0536196, January 9, 1951.

Many years later I came upon a natural cleansing product named "LIV-A-TOX".
LIV-A-TOX, registration number 2147656, March 31, 1998.

I have always associated the syllable "TOX" with natural cleansing.

In 2000 when BioCentric Labs started designing a unique natural skin care product, we uncovered information about one of the most powerful natural antioxidant available called "CoQ10". All the reports reviewed showed how CoQ10 cleaned up free radicals.

BioCentric Labs combined MSM and red algae from the sea with CoQ10. The natural facial cream was named "SEATOX".

Presently at the United States Patent and Trademark Office, there are 54 current registered trademarks using the syllable "TOX". There could be more, but this is to the best of our knowledge based on recent downloads from the TARR website. See attachment Exhibit A.

As much as the Opposer wants to believe that they have owned the syllable "TOX" since April 2002, the United States Patent and Trademark Office has demonstrated that the Opposer does not, by granting registrations on Trademarks for:

INSTA-TOX, serial number 2902343, November 9, 2004.

Cosmetic and skin care products, namely, creams, lotions and non-medicated, wrinkle-smoothing serums for the face.

SERUTOX, serial number 2806756, January 20, 2004.

Cosmetic for anti-wrinkle purposes.

KNOW TOX, serial number 2961051, June 7, 2004.

Alcohol-free analgesic composition effective for transdermal delivery.

All three of these companies manufacture cosmetic products and use the syllable "TOX".

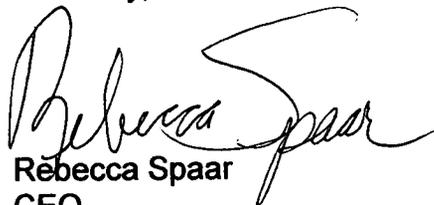

The Applicant BioCentric Labs denies any such allegations by the Opposer, that the adopted mark SEATOX is in any way an attempt to suggest an affiliation between it and Opposer through a license or otherwise.

The Applicant has never desired or will ever desire, to be affiliated with the Opposer.

The SEATOX mark has not and will not in any way cause confusion, to cause mistake, or to deceive and the Opposer will not be damaged in any way by this mark, just as the Opposer has not been damaged by the existing 54 registered marks including the marks for INSTA-TOX, SERUTOX, and KNOW TOX that were registered after April 2002.

The Applicant BioCentric Laboratories, Inc., respectfully asks for judgment to uphold the registration of the Applicants mark.

Sincerely,

Rebecca Spaar
CEO

BioCentric Laboratories, Inc.
