P R O C E E D I N G S

RICHELL BENNETT,

being first duly sworn in the above cause, was examined and testified as follows:

EXAMINATION

BY MR. CUCCIAS:

Q Please state your business address.

A 12650 East BriarWood Avenue, Suite 2D, Centennial, Colorado 80112.

Q Do you hold any degrees?

A Yes, I do. I have a Bachelor of Arts in history.

Q From which institution?

A Metropolitan State College.

Q Are you currently employed?

A Yes, I am.

Q By whom?

A Big O Tires.

Q What is your current position?

A Consumer advertising coordinator.

Q How long have you held this position?

A Approximately four years.

Q Okay. What are your duties or responsibilities?

A Primary duties involve working with our ad

teams. We have about 26 of those across the country. My main function is to support them in communicating promotions, marketing programs, advertising programs and other vendor programs and promotions that are occurring.

In addition to that I work on warranty. I work on POP production, consumer calls and questions, franchisees' calls and questions. I do some work with our conventions that occur annually, things like that.

Q When were you first employed by Big O?

A 1992.

Q Can you just give a brief listing of the positions you have held prior to your current position?

A Yes. I started out in 1992 as a marketing admin. working on a cell phone promotion.

From there I moved into O Advertising which is a subsidiary company that manages our logo marks and all of our point of purchase materials and wearables and specialty items. I worked on there for approximately three or four years.

Then I moved back upstairs into our not-for-profit ad agency that Big O Tires has called Impact Advertising. I worked with them as a trafficer and a small market rep for about two and half years give or take.

Then I moved back over to marketing as a marketing administrator, which kind of then evolved into a marketing coordinator and marketing and advertising and to where I am now.

Q Does Big O keep business records concerning its advertising and promotional activities in the ordinary course of its business?

A Yes.

Q Do you have access to those records?

A Yes, I do.

Q Can you describe, in general terms, what the business of Big O Tires is?

A Yes. Basically Big O Tires is, we kind of wear two hats. We are a wholesale distributor of the Big O brand line of products, as well as other major brand tires. As well as having relationships with outside vendors such as custom wheel vendors and parts vendors, and in addition to that we are also a franchisor. Actually, we are North America's largest independent tire franchisor.

Q What type of items or goods are sold by Big O?

A We provide tires, custom wheels, brakes, shocks, struts, assorted parts and things like that.

Q Does Big O Tires provide any services?

A Yes, we do.

Q What might they be?

A Services like battery installation, alignment, brake work, under car work like shocks and struts, CB joints, that type of thing. Some transmission fluid and flush, oil change, things like that.

Q Do they install the tires that are sold?

A Yes.

Q You mentioned about a franchising relationship.

Can you explain that a little bit more?

A Yes. As franchisor obviously at Big O Tires we work with the franchisee when they decide to become a Big O tires franchisee. We take them through training school, provide them with as much material as we can to make them successful in the business, and as a retailer for us.

There is additional training that we provide ongoing, webinars. They have the opportunity to send other personnel to training school here at Big O University, as well as different training, regional opportunities for training and et cetera.

Q Can you give me a brief overview of the history of Big O Tires?

A Yes. Big O Tires was founded in 1992. We were a spin-off from OK Tires and Rubber Welders and from that became Big O Tires.

From there the founding fathers, Bill Thomas, Tom Staker and Norm Affleck have grown and built the business based off of their initial principles and philosophies for Big O Tires.

Q When did that start?

A 1962.

Q Okay. Has Big O been selling tires since the early sixties?

A Yes.

Q Has Big O been selling tires under the Big O and Big O Tires marks since the early 1960's?

A I believe, yes, it would be around there. Yes.

(Exhibits 1A through 1G marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 1A through 1G. Please take a look at that.

Can you identify those exhibits?

A Yes. It appears these are dealer store directories for Big O Tires.

Q Do the directories identify the number of stores for each year?

A Actually, they list out all the stores that existed at that particular time frame. So, yes, all of them from the booklet.

Q Are these directories dated?

A Yes, they are.

Q If you can look at Exhibit 1B.

A Okay.

Q Does it identify the states in which Big O has stores?

A Yes, it does.

Q Can you briefly read those states for the record?

A Yes. Arizona, California, Colorado, Idaho, Indiana, Iowa, Kansas, Kentucky, Missouri, Montana, Nebraska, New Mexico. Did I miss one? Nevada, Ohio, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming and our associated dealers in British Columbia.

Q Do the various Big O Tires directories accurately reflect the number of stores in the states as of the dates of the directory?

A Yes, they do.

Q Why does Big O publish the directory, the store directory?

A Primarily the store directory is published

as a service piece that our franchisees can provide to their customers so the consumers know where our stores are located.

Q Are these distributed exclusively at stores?

A Primarily, yes. Yes.

Q Are they distributed at promotional events?

A Yes, they can be distributed there as well.

Q Does Big O provide repair and maintenance services at all of its stores?

A Yes.

Q Does Big O use the designation Big O or Big O Tires or Big Foot in connection with its business?

A Yes, we do.

Q How does Big O use these marks in connection with its business?

A In connection with its business, I mean, the marks are used on the stores' exteriors, on our signage, as well as on posters and banners. Internally it can be seen in all different forms of PO pieces, brochures, banners. The logo marks will be present on stationery, envelopes, business cards and materials similar to that.

(Exhibit 2 marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibit 2.

Can you identify this?

A Yes. This is a photo of a store exterior.

Q What type of store is that?

A Big O Tires store.

Q How would you know?

A Basically the pole signage designates the Big O Tires mark, as well as there is a multitude of POS materials, balloons have the Big O Tires mark on them. The company truck has the Big O logo across it in the background, et cetera.

Q Do you see a Big Foot mark?

A Yes. On the signage, as well it has the home of Big Foot registered trademark.

Q How would you characterize the typical Big O stores compared to this photo?

A A good chunk of the stores will look similar to this within the markets. As an independent franchisor, if an independent comes to us and wants to become a Big O Tires franchisee, at times we will just assume that building. So sometimes the building fronts and shapes will differ.

Q But the signage would be the same?

A Yes, the signage is similar always.

Q Do all the Big O stores have the Big O mark on the exterior?

A Yes, they do.

Q Did they in 2002?

A Yes.

(Exhibit 3 marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibit 3.

Can you identify that?

A Yes. It looks like interior store photos of various tire and wheel displays.

Q And is that for Big O stores?

A Yes, they are.

Q Are those of Big O stores?

A Yes.

Q Do you have a sense of when those photos were taken?

A Yes, it appears that it is kind of a progression over time of various displays in different stores and different markets across the country.

Q How do these photographs compare to a typical Big O Store interior?

A They will be very similar.

Q Looking at Exhibit 3, Bates No. Big 001419, what do you see on the stand?

A This is a custom wheel display setup.

Q Is that common for Big O stores to have

custom wheel displays?

A Yes, it is. It is definitely a strong part of the business.

(Exhibit 4 marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibit 4.

Can you identify that exhibit?

A Yes. The exhibit contains images of posters and banners that would, or that could be used in store or out of store, including performance wheels banner, our Big Foot light truck line, shuttle service, the Big O logo banner, as well as a Big O poster designating Big O locations across the country.

Q You mentioned a shuttle service. What is that?

A Some of our locations offer shuttle service for the consumer. So if a consumer needs to come in and have a service performed that takes a bit longer, say an alignment or brake job or some sort of thing like that, where the store will actually take the customer back to their office so that they do not have to sit and wait for that extended period of time. It is just as a courtesy.

Q Can these banners be used outside the stores for promotional events?

A Yes, they can be used at promotional events as well.

Q Have they been used at promotional events?

A Yes, they have, particularly the Big O logo banner which is very versatile and can be utilized in pretty much any occasion, whether it is a Little League event or a promotional booth at a race or some sort of thing like that.

Q Would the banners that are shown and posters shown in Exhibit 4, were they actually used by Big O?

A Yes, they were.

(Exhibits 5A and 5B marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 5A and 5B.

Can you identify those exhibits?

A Yes. Exhibit 5A and 5B are wheel catalogs, Big O Tires wheel catalogs.

Q To whom were they distributed?

A These catalog were distributed to our franchisees for use both as a reference source for the store itself and a piece to pass along to the consumer.

(Exhibits 6A through 6I marked.)

(The following testimony has been designated confidential and is bound in a separate volume.)

REDACTED

REDACTED

(Exhibits 7A through 7G marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 7A through 7G,

Can you identify this exhibit?

A Yes, these are point of sale and apparel catalogs.

Q To whom are they directed?

A These particular pieces are directed towards our franchisees.

Q Who wears the apparel?

A Our franchisees have the opportunity to purchase the apparel. It can also be used like point of sale materials and that type of thing can be used as give-aways, branded give-aways at different events such as pens, plastic cups, elements like that, as well as they can give apparel away to consumers as well.

Q So the give-aways, the products that would be used as give-aways would be given to the franchisees' customers?

A Yes, exactly.

MR. CUCCIAS: It appears that Exhibit 7F, which is a product catalog, was inadvertently submitted along with the apparel and POS catalogs. We are going to change Exhibit 7F to reflect the next enumerated exhibit for the POS catalogs.

Accordingly, we will withdraw what has previously been marked as 7F and resubmit it as Exhibit 6J.

(Exhibit 6J marked.)

Q (BY MR. CUCCIAS) The point of sale items that are listed in the POS and apparel catalogs, what is their purpose?

A Can you say that again?

Q Sure. Who would purchase the point of sale items?

A Okay. Our franchisees would purchase the point of sale materials contained within the catalog for display and use within their stores primarily and sometimes at other events as well.

Q Does this help give a uniform brand imaging within the stores?

A Yes, it is.

Q Does Big O conduct advertising?

A Yes, we do.

Q Do Big O's various marks appear in this advertising?

A Yes.

Q So, for example, the Big O marks, the Big O Tires, Big Foot, the design of a Big Foot or Sasquatch character?

A Yes. Yes.

Q Do you have an understanding of how much of the advertising carries these marks?

A Yes. I mean, yes, pretty much every piece of advertising that we put out will contain the Big O Tires mark. If we are featuring our own Big O branded Big Foot tire line, in a good majority of those cases it will have either the Sasquatch imaging or Big Foot Country emblem or Big Foot itself marked in there somewhere.

Q Do you know what types of advertising Big O is engaged in?

A Big O advertises in a number of different mediums. Anything from print and ROP, newspaper style ads, direct mail advertising. We do consumer relationship management advertising, which is more of a postcard style direct mailing that is customized to the individual consumer. We do television broadcast. We do cable advertising. We do radio advertising. We do a number of go-get materials which could be anything from passing out a business card at an event, to a single sheet flyer that is distributed at a grocery store, in a parking lot. Any types of material such as that.

There is the penny saver which is another

direct mail branded piece, Advo, and a number of other miscellaneous pieces.

Q You mentioned ROP. Can you explain what that stands for?

A ROP stands for run of press and just relates to newspaper.

(Exhibits 8A through 8E marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 8A through 8E.

Can you take a look at those?

A Okay.

Q Have you looked at each one?

A Yes.

Q Can you identify those?

A Yes, I can. Should I do that now?

Q Just generally.

A In general they are television and radio spots, CD's and DVD's that we have produced nationally over the course of the years.

Q When you say "we," you mean?

A Big O Tires marketing department.

Q Are the exhibits labeled?

A Yes, they are.

Q Can you identify them?

A Yes. Exhibit A --

Q In general terms.

A Okay. Ultimately the features are new branding spots or new Big O Tires spots that are running in 2008, both television and radio. The 45th anniversary celebration radio and television spots which aired in 2007.

Q Which exhibit was that?

A The exhibit for that is 8C and 8D.

Q Okay.

A As well as kind of a compilation DVD that gives kind of a history of the commercials that have been run since probably early 2000.

Q That exhibit is?

A 8E.

Q And you may have mentioned this. What is 8A and B?

A 8A and 8B are the 2008 national television and radio spots.

Q Does Big O maintain these TV and radio commercials in the ordinary course of its business?

A Yes, we do.

Q Where do the commercials air?

A The commercials can air regionally. Primarily the function, we take some of our national ad fund budget and we spend it on production here in-house

to allow our franchisees to spend their local advertising budget on actually placing the media versus having to put some of it into production and some of it into placement. It just garners them greater exposure in the marketplace.

Q Has Big O hired a national spokesman recently?

A Yes, we have. Actually Tom Sellick is the voice of Big O tires.

Q Why did Big O choose Tom Sellick?

A Primarily Big O selected Tom Sellick to represent the brand because he has a very honest voice. He is very down to earth, and a lot of that correlates to how we like to conduct business in the community.

(Exhibits 9A through 9F marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 9A through 9F. Please take a look at those.

A Okay.

Q Can you identify this exhibit?

A Yes. They are various forms of advertising, everything from flyers and inserts to, let us see, what do we have here? Hiring type ads, franchise ads, direct mail pieces, newspaper ads, and kind of go-get flyer type advertising.

Q Can you, in general terms, identify which exhibits are an example to go-get?

A The go-get piece would be Exhibit 9F. 9E is our newspaper advertising. 9D is direct mail sample pieces. 9C would be a franchise opportunity advertising. 9B is the actual help wanted type ad. 9A would be our inserts and flyer pieces.

Q Are those various exhibits dated on the face of the exhibit?

A Yes. You can look at a majority of them, especially if they have coupons and determine a date based on the expiration date of the coupon.

For example, in Exhibit 9A, Big O01792, the expiration date for this particular piece was November of 1999.

Q Were these various advertisements, inserts, direct mailing, go-get flyers, were they used by Big O?

A Yes.

Q Do the various advertisements, do they show Big O's products?

A Yes, they do.

Q Do they show various Big O marks?

A Yes, they do.

(Exhibit 10 marked.)

Q (BY MR. CUCCIAS) I am handing you what has

been marked as Exhibit 10.

Can you identify that exhibit?

A Yes. It is various printouts off of the Big O Tires' national website.

Q How long has Big O maintained a website?

A Approximately since early 2000.

Q Do you know what the URL of that website is?

A Yes. It is www.BigOTires.com.

Q Does this exhibit accurately reflect the content of the Big O Tires website?

A Yes, it does.

Q Does Big O advertise various tires on this website?

A Yes, we do.

Q Does Big O advertise wheels on this website?

A Yes, we do advertise wheels.

Q Are Big O's maintenance and repair services mentioned on the website?

A Yes, they are.

Q Do Big O's various Big O marks, for example, Big O Tires, Big Foot, the Big Foot character, appear on the website?

A Yes, they do.

(Exhibit 11 marked.)

MR. CUCCIAS: I would like to designate this

as confidential. This is Exhibit 11.

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibit 11.

Can you identify that?

A Yes. It is a statistics page that kind of gives us a summary of traffic page views for the time frame of January 1 of 2008 through April 24 of 2008.

Q Looking at this exhibit, can you determine how many discreet visitors visited the Big O Tires website during that time frame?

A Yes, I can.

Q What is that?

A **REDACTED**

(Exhibit 12 marked.)

MR. CUCCIAS: I would like to designate the following discussion and exhibits as confidential.

Q (BY MR. CUCCIAS) I am handing you what has been marked as 13A through 13C. Please look at that.

Can you identify what has been marked as Exhibits 13A through 13C?

A Yes. These are various materials which support our Big O branded credit card.

Q Can you tell what each exhibit is?

A Yes. 13A would be a small printed piece, poster, counter mat type piece.

13B is actually a postcard that would be mailed out to consumers.

13C would be a counter card piece that usually you place or position in a consumer waiting room area as an information piece for them.

Q Are any of those dated?

A Yes. The postcard, 13B, was dated from May of 2002.

Q Is there a date on any of the other?

A Let us see. Yes. Exhibit 13C has a date of November of 2002.

Q Directing your attention to the middle of Exhibit 13C, this appears to be some sort of card.

Can you identify that?

A Yes. That was the Big O Tires design that

was being used during that time frame.

Q Does that accurately reflect the representation of what the Big O credit card looked like in 2002?

A Yes, it does.

Q Do you know when Big O first started using a credit card?

A I don't have a specific time frame. I would say probably late nineties.

(Exhibit 14 marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibit 14.

Can you identify this exhibit?

A Yes. This is the application for a Big O Tires credit card from the national Big O Tires website.

Q This is the website that you discussed earlier in the deposition?

A Yes, it is.

Q Do you see a representation of any credit card in this exhibit?

A Yes, I do. It is the current credit card imaging that we are using.

Q For the Big O Tires credit card?

A Yes.

Q Has Big O won any awards?

A Yes, we have, in assorted categories. We have won some consumer awards with J.D. Power. We have also won some awards as a franchisor with Franchise Times and some of the other franchising entities.

(Exhibits 15A through 15C marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 15A through 15C. Please take a look at that.

Can you identify those exhibits?

A Yes. These are the actual photos of the J.D. Power & Associates customer satisfaction awards that Big O Tires won in 1995, '96 and '98.

Q What is J.D. Power & Associates?

A J.D. Power & Associates is an international company that actually assesses and analyzes customer behavior and ranks different product categories and different businesses based on that.

Q Do they undertake a survey of some sort?

A Yes, they do, consumer rankings and those types of things.

Q Are those photographs of the plaques representing the award?

A Yes, they are. In all three years we won best replacement tire passenger vehicles. That was a

category that we won. And actually it is a pretty big deal because we beat out our manufacturers like Michelin, Goodyear, BF Goodrich. And I think there was a number of people that we went up against. It was a pretty big win for us. It was nice.

MR. CUCCIAS: Let us take a break real quick.

(Recess was taken.)

MR. CUCCIAS: Just as a procedural point, the exhibits, Exhibit 6 series, have been marked with a confidential designation attorneys' eyes only. Due to expediency only the first page was so designated, but the entire document should be treated as such.

(Exhibits 16A through 16D marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 16A through 16D. If you can take a look at those, please.

A Okay.

Q We will discuss each one individually. Just taken as a group, what do they reflect?

A These reflect various franchise awards that Big O Tires has garnered over the years.

Q Looking at Exhibit 16A, can you tell me what that is?

A This is Entrepreneur Magazine from January

of 1999 which was their Franchise 500 -- 20th annual Franchise 500 edition. It ranked Big O Tires as number one in the overall tire category, and we received a 73rd ranking in the Franchise 500 Review.

Q So the Franchise 500 is not industry specific; it is all franchises?

A Correct.

Q And what was Big O ranked in the overall tire category?

A Number one.

Q Did you state when that was dated?

A I did, but it was January of 1999.

Q If you can turn to 16B. What is that?

A This is the Franchise Times top 200 franchise chains, and Big O Tires was ranked number 100.

Q Was that industry specific or was that just for all franchisee chains?

A Let us see here. It was all franchise systems.

Q Do you see a date on this?

A Yes, this was from October of 2000.

Q Okay. So in January of 1999 Big O was ranked number one in the overall tire category by Entrepreneur Magazine?

A Yes.

Q In October of 2000 it was ranked number 100 in the top 200 franchise chains by Franchise Times?

A Yes.

Q Tell me what the other exhibit is.

A The next is a letter from the publisher of Franchise Times to Big O Tires notifying us -- letting us know that we were ranked number 95 in 2001 and, that they are finalizing the information for the 2002 listing.

Q So according to this Franchise Times letter that you see as Exhibit 16C, Franchise Times ranked Big O as number 95 in 2001?

A Correct.

Q If you can turn to the next exhibit.

A Okay.

Q What is this?

A This actually looks like a copy of a plaque or a certificate of some type from Entrepreneur Magazine's 23rd annual Franchise 500 from 2002, which we were rated number one in our category.

Q And that category is?

A Tire franchisers. It does not really list it here. That one I am not sure about.

Q Referring back to 16A, which is an

Entrepreneur Magazine Franchise 500, what was Big O ranked?

A Okay. Number one in overall tire category.

Q So looking at Exhibit 16D, where it says rated number one in category, what category is that?

A Tire category.

Q So for the next one I don't have an exhibit but I will ask you to stand up.

What room are we in now where the deposition is occurring?

A We are in the Big O Tires corporate board room.

Q Do you see a cabinet with various awards?

A Yes, I do.

Q Can you go over and take a look to see if there is a Franchise Times plaque in there?

A Yes, there is.

Q What does it say?

A That Big O Tires was ranked number 154 by Franchise Times in 2004 for the Franchise 200 report. 154.

Q That would be not in the tire category but just all franchises?

A That is the annual ranking for the top franchisers in the U.S.

Q Does Big O conduct any promotional activities in connection with its business and its Big O, Big Foot Country marks?

A Yes.

Q Can you describe some of these promotional activities?

A Over the course of the years we have done a number of different promotional events based on or around our Big Foot marks. In particular in the past we have offered consumer rebates that have been published in different automotive magazines, Four Wheeling Magazine for example, and a number of other programs.

Q Have you sponsored any athletic activities?

A Yes. We do currently have a relationship with the Colorado Rockies, and in addition to that a bullpen billboard.

We also do some advertising in the programs that are passed out to consumers at those events.

On a regional level, less corporate based, our Northern California group has a relationship with Infineon raceway in their regional market. Infineon garners a great deal of exposure for the brand.

Q Why is that?

A Just based on the number of different

racing events that occur there, the different demographics that those races draw, and the Big O marks are present on raceway signage, et cetera. Those would be kind of two primary examples I suppose.

Q Has Big O been involved with the sponsorship of race cars?

A Yes, we have. We have had a relationship with the National Hot Rod Association, and have sponsored the alcohol dragster, as well as a pro stock car.

Q Have you heard of an event called Hot August Nights?

A Yes. As a matter of fact, our Northern California group, primarily the Reno, Nevada area, hosts an event each year called Hot August Nights.

Big O Tires is a very big sponsor involved with that. It is a week-long event that brings together car collectors and automotive fans across the country. They bring in cars. Big O will have a very large booth there, and we are working in conjunction with a lot of our custom wheel vendors, American Racing, Wheel Pro, et cetera, on display. And our corporate staff, as well as franchisees will be staffing that during the entire week to support and promote the Big O brand in that community.

Q Has Big O or any of its franchisees been involved with sponsoring professional football?

A Our Lexington, Kentucky group does some work with the Indianapolis Colts in some of their game day programs type of thing.

Q Can you tell me a little bit more about NHRA. For example, what does that stand for?

A It is National Hot Rod Association. Primarily Big O Tires has been the primary sponsor of its A-fuel dragster, as well as the pro stock dragster, which are just two different automotive categories within the association.

Q So Big O had sponsored two separate cars?

A Yes.

Q Has Big O sponsored any of the raceways for NHRA?

A Our Colorado group has a relationship with Vandamere speedway located here in Colorado. They work a number of the events that occur up there, as well as display some of their signage.

Q Can you describe how Big O displays its various marks in connection with the sponsorship at, for example, Vandamere?

A At Vandamere some examples would be, you know, the Big O Tires mark on the retaining wall at the

track. They can have a booth or a trailer that they park up there during the event that would have the Big O markings, Big O logo, et cetera on the exterior, as well as having, you know, customer handouts and that type of thing that have the logo on them as well that our take-home pieces for the customer.

Q Some of those may have been in the POS catalog that we looked at earlier?

A Yes. Pens, pads, coupons, all kinds of stuff.

Q You mentioned an A dragster. What does A stand for?

A A-fuel is alcohol fuel instead of -- it is just a type of fuel that the car uses.

Q And has that dragster broken any world records?

A When the car was purchased to run with Big O as the sponsor, it was a world record holding car at the time that it was acquired by the driver.

Q Are Big O's marks featured on the dragster?

A Yes, they were featured on both the dragster and the pro stock car.

Q I think before you mentioned that it was a primary sponsor.

What does it mean to be a primary sponsor of

a car?

A A primary sponsor, in loose terms, the Big O marks are going to be the most dominant marks on the car.

Q Does the driver or pit crew, do their uniforms show any Big O marks or logos?

A Yes. I suppose you can say the driver and the pit crew were branded Big O, yes.

Q Do you know if the NHRA races are televised?

A Yes, they are. Primarily a lot of the coverage occurs on ESPN 2.

(Exhibits 17A and 17B marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 17A and 17B.

Can you take a look at that?

A Okay.

Q Can you identify those exhibits?

A Yes. 17A was our alcohol dragster, and 17B -- actually, this sparks another thought. It is a top fuel car that actually ran with the Big O marks on it as well.

Q So that is a separate car?

A Yes. It was a separate car that ran in a different category.

Q Was that also within the NHRA?

A Yes.

Q So there are three cars that Big O sponsored in the NHRA?

A Correct.

Q Is Big O a primary sponsor? What category would you say 17B is?

A 17B was the top fuel dragster. We were one of the main sponsors. It was actually, the car was sponsored by our sister companies as well, Tire Kingdom and TP and the other retail outlets.

In this particular race we would be sort of rotating around depending on what marketplace we were in and who had a presence in that marketplace during the race.

Q It looks like -- how would you categorize where the Big O Tires mark is on the car?

A In 17B and in 17A, really the Big O Tires mark is in a primary position.

Q And the Big O, various Big O marks would appear on the uniform of the driver and the pit crew for all three cars?

A I know for sure on pro stock and A-fuel. I do believe that the crews worked back and forth between the top fuel and the A car. So there would have been exposure there as well.

(Exhibits 18A and 18B marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 18A and 18B.

Can you identify those exhibits?

A Yes. These are Big O Tires -- 18A is the Big O Tires booth at the Jet Car Nationals at Vandamere Speedway in Colorado.

18B is another shot of the actual speedway, of the bleachers section at that same race.

Q Which race track is that?

A That is Vandamere in Colorado.

Q That is the raceway that you had mentioned earlier?

A Exactly.

Q So Big O is a sponsor of this raceway which entitles them to put their banners up on the race track and have a booth and that sort of thing?

A Correct. The group would have negotiated a sponsorship package that afforded them the ability to have kind of a display setup and all of that good stuff, signage on the track and all of that.

(Exhibits 19A and 19B marked.)

Q (BY MR. CUCCIAS) I will hand you what has been marked as Exhibits 19A and B.

Can you identify those?

A Yes. This is the Big O Tires alcohol car dragster. It appears this is actually at the Infineon race track, which is the Northern California sponsor track.

Q How do you know it is Infineon?

A Because the Infineon raceway logo is right there next to the Big O logo.

Q So the raceway track is right next to the Big O logo?

A Yes. Well, at that time the Infineon logo is directly to the left of the Big O Tires logo and in B it is above it.

(Exhibits 20A through 20C marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 20A through 20C.

Can you identify this?

A This is the Big O Tires pro stock car.

Q This is the car that you had mentioned earlier?

A Yes.

Q Do you see the Big O Tires mark on the car?

A Yes.

Q And in Exhibit 20C, where do you see it?

A It is across the right passenger door or where the right passenger door would be on a normal

car.

Q Do you see it on Exhibit 20A?

A Yes. It is on the driver's side door.

Q The same position, just different?

A Yes, same position just opposite side, just maximizes exposure so no matter where you are in the arena as a consumer you are going to see Big O Tires.

(Exhibits 21A and 21B marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 21A and 21B.

Can you identify that?

A Yes. 21A is a page from the Pacesetters Magazine. It is kind of highlighting, featuring the Big O Tires dragster and the team.

Q So this would describe Big O's sponsorship efforts as of that time?

A Yes. Yes.

Q Are there two pictures on Exhibit 21A?

A Yes.

Q Can you describe what those are?

A Yes. The top picture is the A-fuel dragster, Big O's A-fuel dragster at the starting line with three of our pit crew, the pit crew people behind it with their Big O race shirts, team shirts on.

The bottom photo is of the Big O racing team

owners, Bill Windham and Greg Mitchell with Joe Windham who is the driver of the A-fuel car.

Q Do you see the Big O mark in the bottom picture?

A Yes. It is on the crew shirts, completely across the front chest area, as well as at the raceway. Again, this looks like they were all taken in Infineon in Northern California.

Q When you say "at the raceway," is that part of the retaining wall or what would you call it?

A That is the part of the sidewall of the track that frames the track. So our brand marks are there as well through the Northern California partnership of the raceway.

(Exhibits 22A through 22C marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 22A through 22C.

Can you identify these?

A Yes. These are photographs of the bullpen sign that Big O Tires sponsors at Coors field here in Colorado.

Q Is Big O a current sponsor of Coors field?

A We are a current sponsor of the Colorado Rockies, yes.

Q And the Colorado Rockies play at Coors

field?

A Yes.

Q They look like they are different signs presentation of the Big O mark in 23A through C. Can you explain that?

A This is actually kind of chronological pictures of the different boards that we have had over the years. We have actually had a relationship with Coors's field and the Rockies since 2003.

So 22A would be the signage that we had, I would, say from 2003 to 2005.

22B shows the version of the billboard that we had up from 2006 through 2007.

And 22C is actually the board that we have up in 2008.

Q Can you tell me where in the field the Big O sign is?

A Yes. The sign is actually positioned out where the home and visitors bullpens are located, which is just slightly right of center field. It is really a fantastic position for us. We were thrilled to get it because it maximizes television exposure every time there is a home run. If it is shown on ESPN and it goes out dead center field, the Big O sign is right in the back on every highlight reel.

Q Just to get an idea of the size, there is no sign bigger in Coors field than the Big O sign?

A Correct, other than the actual score board itself. The Trinatron or whatever it is, the Jumbotron. Yes, these are probably about 14 feet high, I would guess, and around 28 feet long.

Q Do you have a sense of the number of people that may visit Coors field in a given year who would see the Big O sign?

A According to some of the conversations that I have had with my rep from the Rockies, the average is around 2 million visitors a year.

Q So around 2 million visitors to Coors field would see the Big O Tires sign?

A Exactly.

Q Do you know if the Rockies baseball games are televised?

A Yes, the Rockies have a relationship with Fox Sport Network. So home games are televised on that channel, as well as by the visiting team on their regional affiliate of Fox.

In addition to that, obviously you will see features and highlights in various local news stations and ESPN, as well on Sports Center and programs such as that.

Q Do you recognize the name Norman Affleck?
A Yes.
Q Can you describe who that is?
A Norm was and is one of the founding fathers of Big O Tires.
Q Has he received any awards lately?
A Yes, he was awarded -- well, he was inducted into the Tire Industry Association Hall of Fame this past year, which is really quite a significant award for him to receive, at least within our industry. Names like Firestone are associated with that hall of fame. It was a pretty remarkable award. We only have two folks from Big O that have ever been inducted into the tire industry's hall of fame. Bill Thomas, I think, was the other gentleman; again, another founding father of Big O.
(Exhibit 23 marked.)
Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibit 23.
A Okay.
Q Can you describe that exhibit?
A This was the article that was written up in Tire Business, which is a trade publication, on Norm Affleck's induction into the Hall of Fame.
Q When was that dated?

A This is dated September 10, 2007.

Q Has Big O undertaken any charitable or public service activities?

A Yes. We do from a national level. We work very closely with Susan G. Komen, as well as Alex's Lemonade Stand.

Q What is Susan G. Komen?

A Susan G. Komen is an affiliate that works on breast cancer awareness.

Q Is that the race for the cure?

A Yes, it is.

Q Can you tell me a little bit about Alex's Lemonade Stand?

A Yes. Alex's, its primary focus is working on research for pediatric cancer. The charity was founded by Alex's parents. Her mom is a pretty primary player. And Alex, when she was diagnosed -- actually, the story is pretty remarkable. Liz Scott came and spoke at some of the conventions. Of course there was not a dry eye in the room, but just a very heartfelt, warm communitycentric charity.

Alex had created a lemonade stand because she wanted to do something with regard to her own cancer and her own illness, and started a lemonade stand to raise money. And over the course of the time span that

she stayed alive, I think she garnered over like a million plus dollars in funds just from her little stand, and then her parents have just carried that forward. It is pretty amazing.

Q Has Big O been involved with Alex's Lemonade Stand?

A Yes. We are a national sponsor of Alex's Lemonade Stand, and it has been a lot of fun to be associated with that charity.

Q Does Big O have an annual event that is directed to assisting Alex's Lemonade Stand?

A Yes, we do. In July we usually designate that month as Alex's month. In the stores we put up displays and kind of run -- in the past we have worked with Country Time Lemonade and passed out coupons to consumers for lemonade for donation to the charity. We have envelopes that we print and provide at the stores that customers can take home and donate as they wish.

As a company over the course of the last couple of years we have donated $50,000 to Alex's Lemonade Stand, as well just in support of the charity.

Q Is that $50,000 total or is that per year?

A That is per year.

Q The $50,000 represents a corporate contribution as distinct from whatever monies might be

raised by the customers at the franchisees?

A Yes, that is correct. The $50,000 is a combined contribution. The company does -- it is a 50/50. The franchisees contribute half and the company contributes half.

In addition there is additional funds that are garnered just for the charity based on our customers' generosity as well.

(Exhibits 24A through 24F marked.)

Q (BY MR. CUCCIAS) I will hand you Exhibits 24A through 24F.

Can you please take a look at this?

A Okay.

Q Can you identify those various exhibits?

A Yes. 24A is actually an article that was printed in the Elko Daily Free Press in Elko, Nevada regarding Big O Tires' efforts to raise money for children's cancer research. It just features -- it is an article just kind of covering the event that we hold during the month of July at all of our locations.

Q For which charity?

A For Alex's Lemonade Stand.

Q Okay.

A 24B is an online article from TireBusiness.com which, again, is discussing Big O

Tires raising funds for Alex's Lemonade Stand.

Q Okay.

A 24C is actually a photograph mentioned from the December 2006 Franchising World Magazine. That is a photo of Liz Scott and Alex's Lemonade Stand display that we use. One of our franchisees for this charity and John Adams, who was then our president, presenting the actual check, $50,000 check to Liz for the corporate franchise contribution.

Q Which of the two gentlemen has glasses in that photo?

A Actually, both do. Bruce is wearing the white and blue vertical stripe shirt. John is wearing the tan-colored shirt.

Q Okay.

A 24D is the Alex's Lemonade Stand website home page or at least it is the sponsor's page of Alex's Lemonade Stand, which features the Big O Tires logo and Big O Tires as a primary sponsor of the charity.

Q Does it indicate a pledge made by Big O Tires?

A It does. It indicates the $50,000 pledge that Big O made, as well as providing a link for consumers to find the nearest Big O Tires store.

24E is an article from the Reporters Times in Martinsville, Indiana that is kind of highlighting David Doyle, who is our local franchise owner in that area, for his affiliation to the $50,000 contribution that we made to Alex's Lemonade Stand.

Q Where is that article resident? Where is that article published?

A It is on the Big O Tires website.

Q Okay.

A Let us see here. 24F is the Alex's Lemonade Stand Foundation. It is actually an article sent from Alex's that kind of highlights, first of all, a grant that Alex has made here in Denver of $100,000 to support expanding access to cancer treatment, as well as featuring Big O Tires as one of the companies making a difference for the charity.

Q Can you tell who that was sent to?

A This article was sent directly to our PR specialist here in the office, David Liggett.

Q Do you know whether this was a blast e-mail that would have been sent out to numerous people where at least the content of this was sent out to more than just David Liggett.

A Yes, it is the Lemonade Gazette. It appears this would have been sent out to everyone that

subscribes to this particular -- to the foundation e-mail.

Q In supporting Alex's Lemonade Stand, Big O displays the Big O Tires mark in appropriate fashion, but does it display it alongside the sponsorship?

A Yes. Yes.

Q Do you know if Alex's Lemonade Stand has been featured on any television programs?

A I don't know that.

Q Do you know if the story about Alex and the foundation of the lemonade stand has been reported in the media?

A Yes, it has.

Q Do you recall any venues or shows that it may have appeared in?

A There was quite a bit of coverage on Alex's in the horse racing area a while back because one of the horses was actually donated into the charity after winning the event. I cannot recall the name of the horse, but I do know there was quite a bit of coverage that was garnered from that, as well as newspaper articles and online.

Q Do you know if it was featured on Oprah or the Today Show?

A I think it has been featured on Oprah, yes.

(Exhibits 25A through 25C marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 25A through 25C.

A Okay.

Q Can you identify those exhibits?

A Yes. These are photos that were taken -- the first two are photos that were taken at the Colorado Race for the Cure in 2006 at around the Big O Tires booth that we put up down there for that event.

Q So was Big O a sponsor for that?

A Yes, Big O participated at the event and had a booth setup in the little display area.

Q Is the Big O mark seen at the booth?

A Yes, we have the Big O Tires logo banner up at the booth, as well as some of the clothes banners that we had produced in store. You can sort of make it out there at the top that the Big O mark is also associated with Susan G. Komen. It's just cut off there. But as well as all the Big O people that participated in the race wore Big O t-shirts when we walked.

Q Can you tell me what 25C is?

A That is actually a detail of the artwork that was done on the t-shirts that we wore at the event.

Q Do you know if Big O Tires had any involvement in charities directed to the cleanup and aftermath of Hurricane Katrina?

A Yes, we did.

Q Can you explain that?

A As a company, along with the support of our franchisees, we backed a donation to the Red Cross to support efforts to assist and aid the survivors of Katrina.

Q That was a corporate donation along with the franchisees?

A Yes. Yes.

Q Did Big O, any of the Big O franchisees make an effort at the store level?

A Yes. We had a number of franchisees that ran events to promote donations or to take in donations for Katrina survivors.

(Exhibits 26A through 26C marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 26A through C.

Can you identify these?

A These are -- Exhibit 26A is a page out of Franchising World from November of 2005 that features a donation that Big O Tires made to the American Red Cross in Washington DC. We actually were out there for

franchise appreciation day in Washington. And the franchisees went down and stopped at the Red Cross and gave them the check on site while they were there visiting. It was kind of a cool opportunity. So it was a $65,000 donation.

26B was a photo from the Lebanon Reporter in Lebanon, Indiana just featuring the Big O Tires donation. Again, a photo of the actual franchisees that were there, our Franchise Advisory Council members and the Big O corporate staff donating the staff.

26C is actually an online article from the Wickenburg Sun in Arizona from September of 2005 again detailing the donation.

(Exhibit 27 marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibit 27.

Can you identify that?

A Yes. This is the signage that has been produced for Big O Tires locations that were providing a donation site for their customers to come in and donate, whether it was funds or materials, cosmetics, any kind of necessary stuff that the Red Cross was looking for to ship down to that area.

Q So similar to Alex's Lemonade Stand, in this case not only did Big O and its franchisees make a

direct contribution but allowed the customers of the franchisees to participate in the charitable effort?

A Exactly.

Q So the benefit realized by the American Red Cross and Alex's Lemonade Stand would be in excess of whatever the direct contribution was by Big O?

A Yes, that's correct.

Q As a result of Big O's efforts?

A Yes.

(Exhibit 28 marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibit 28.

Can you identify that?

A Yes. This is a photo of one of our corporate associates, in the lunch room probably, wearing her Walk to Cure Diabetes Big O Tires team t-shirt.

Q Who did that benefit?

A This was the Juvenile Diabetes Research Foundation. As a corporation, obviously, you know, if we are espousing to our franchisees that we want them to be a contributor within their community, we feel it is very important at the corporate level to exemplify that as well.

We do a great deal to stay involved in our

community here in Colorado, since that is where we are based, in supporting different charities locally and regionally. The Juvenile Diabetes Research Foundation, Habitat for Humanity and a number of other, you know, food bank, Denver Food Bank, et cetera at different courses throughout the year.

Q Are you familiar with Treads for Threads?

A Yes.

Q Can you tell me a little bit about it?

A Treads for Threads is a special program that our Colorado Big O Tires franchisees work with or work on in conjunction with 9 News and some other organizations in the state as a winter clothing drive.

(Exhibit 29 marked.)

Q (BY MR. CUCCIAS) I will hand you what has been marked as Exhibit 29.

Can you tell me what this is?

A It looks like this is a page from the Treads for Threads website that just details the winter clothing drive. It appears that in 2007 they gathered over 5,800 pounds of clothing during the event, and this was in its first year. It looks like their goal for 2008 was 10,000 pounds.

Q Do you see the Big O Tires logo on this website?

A Yes.

Q Where do you see it?

A It is actually up in the website header.

Q Are there other companies or marks in that header as well?

A Yes, there are.

Q Are there any as big as the Big O Tires designation?

A The only -- 9News.com. 9News would be about the same size.

Q Where is Big O Tires relative to 9News?

A It is above it.

Q On the first page of Exhibit 29, do you see a way to locate a Big O tires store?

A Yes, there is a locator button on that page.

Q Where would that be?

A It is just below the text towards the right side of the page, and it actually is designated with a Big O Tires logo and a tire.

Q And that would be a link?

A Yes.

Q To the Big O Tires website?

A Yes, and then to our store locator.

Q So if someone is coming, wanting to find out

more about or contribute to Treads through Threads would see the Big O Tires mark, as well as a link to the store locator?

A Yes, exactly.

Q Are there any other tire dealers or retailers or wholesalers shown on this website?

A No, there are not.

Q There appears to be, it looks like, a can of some sort on the front?

A Yes.

Q And then next to it some sort of caricature. Can you describe that?

A Yes. The Treads for Threads bucket, I believe each location that participated in this had a barrel in their store where customers could come to the location and drop off a donation, and then those were picked up from that location and sent to a central location. In this particular photograph Little O, who is a caricature icon that the Colorado group utilizes is standing next to the bucket.

Q On the second page of Exhibit 29, can you tell me what that is?

A It looks like this is a photo at one of the gathering hubs for all of the different donations that were garnered for the program where they are actually

passing out the clothing to people in need.

Q Do you see the Big O logo on that second page?

A Yes. The Big O logo is on the banner to the right side of the photo just beneath the Treads for Threads logo.

(Exhibit 30 and 31 marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibit 30.

Can you identify that?

A Yes. This is an online article that was published in Tire Review on November 15 of 2006 detailing the Big O Tires scholarship program.

Q Can you tell me what the Big O Tires scholarship fund is?

A We have actually set up a scholarship fund that is a not-for-profit here in the company. And through the generosity of our franchisees who donate into it under various forms and fashions we raise funds so that people in the Big O family, whether it is franchisees, corporate employees, family members can apply to receive scholarships for college.

Q Now, I think that is distinct from scholarships associated with the Janus Fund?

A Correct.

Q When we were looking before at the plaques that were in the trophy case, there appeared to be a reference to a Janus Fund scholarship.

Can you tell me anything about that?

A I don't know a great deal about it. I do know that as a company we are also involved in other, in sponsoring other things and other scholarship programs outside of here directly out of the executive budget or the company's budget for those types of things.

Our CEO or former president was very active with Project Pave with the Janus Fund and with a number of other entities locally and nationally.

Q Have you heard of a website known as eBay.com?

A Yes, I have.

Q Can you describe it?

A Well, e-Bay it is kind of a shopping site. You can sort of go on and try to find items to purchase.

Q Have you or someone under your direction conducted a search on eBay?

A Yes, someone under my direction did.

Q What was the search?

A We actually searched Big O Tires on eBay

which was kind of interesting.

Q What was the result?

A We found some kind of unique stuff. I actually was expecting to find more product type used set of Big O Tires or something along those lines, and we actually came back with like an old retro Big O Tires patch, a racing patch, direct mail -- actually, CRM postcard with different offers on them and a little plush doll, that type of thing. It was definitely odds and ends kind of stuff.

Q Was a record made of that search?

A Yes, we printed out the piece.

Q Can you identify 31?

A Yes. This is the printout of the results from our Big O Tires search on eBay.

Q Okay. Have you heard of the Google search engine?

A Yes.

Q Can you describe what that is?

A Basically you log on to Google and type in what you are looking for, and it goes out and finds everything that matches that.

Q Have you or someone under your direction conducted a search on the Google.com search engine?

A Yes, someone under my direction conducted a

search.

Q Do you recall what search?

A We Googled Big O Tires, and we did it in a couple of different scenarios actually, more of a local search generated type deal and then the national.

(Exhibits 32A and 32B marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibit 32A.

Can you identify that?

A Yes. This is actually a local Yahoo search that was done in Scottsdale, Arizona.

Q Okay. What was the term that was searched?

A Big O Tires, and when it was searched we pulled up Big O Tires, actually, in that market pulls up number one above even our competitors.

Q Was the search Big O Tires or tires?

A Actually, I am sorry. It was tires. You are correct.

Q So a search for the term tires in the Yahoo search engine focused on Scottsdale, where did Big O rank?

A We pulled up first.

Q So if someone is interested in buying tires in Scottsdale and just types in tires, the first search result will be?

A Will show our Big O Tires locations.

Q Can you identify what has been marked as Exhibit 32B?

A Yes. 32B is the Google search under tires.

Q Where did Big O rank?

A Big O pulls up on the first page. If you count down, let us see, sixth it is; is that right? Yes.

Q Now, are some of those that are listed ahead of Big O Tires, are those sponsored links?

A There are three above the six count down that are sponsored links, yes.

Q So if someone is searching for tires on Google generally without any geographic restriction or constraint, Big O Tires would come up on the first page and within the first several or few?

A Exactly.

(Exhibit 33 marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibit 33.

Can you identify this exhibit?

A Yes. This was a CD that we produced in 2006 for a convention. The CD actually features a song. All the songs on it are done by an artist named Jen Cass. She actually wrote and produced a song for

Big O Tires called Under the Big O Sign.

MR. CUCCIAS: Let us take a break.

(Recess was taken.)

(Exhibits 34A through 34D marked.)

Q (BY MR. CUCCIAS) I am handing you what has been marked as Exhibits 34A through D. Take a look at those and see if you can identify them.

A 34A is our Big Foot battery poster which just highlights the Big O Tires branded Big Foot battery line. Actually, 34B --

Q Where would the poster be located?

A This poster would be up in our stores.

Q Okay.

A 34B is actually, I believe, just the art file for this poster.

34C and 34D are the product brochure for the Big Foot HT tire, Big O truck tire.

MR. CUCCIAS: At this time I would like to move into evidence Exhibits 1 through 34D. That concludes this deposition. I will handle the signature.

The Importance of Tire Rotation

One of the most important factors affecting overall tire wear and mileage is proper tire rotation at appropriate intervals. As a condition of Big O's Limited Mileage Warranty, it is the responsibility of the tire owner to have their tires rotated consecutively every 5,000 miles from the date of the tire purchase. It is also the responsibility of the owner to provide documentation of each rotation, indicated in writing, on this rotation record document.

Failure on the part of the owner to rotate their tires at these intervals and to provide written documentation of these rotations will void Big O's Limited Mileage Warranties.

If you have any questions about the owner's responsibilities as they relate to tire rotation, please refer to the Terms and Conditions of Big O's Limited Mileage Warranty or see a Big O Tires salesperson for more details.

How To Calculate Outside Dimension Of A Tire

1st convert the metric section width to inches (Section width in millimeters) / 25.4 = (Section width in inches)

2nd multiply section width by aspect ration. Section width in inches X (IE. 70%) = Section height

3rd double the section height and add wheel diameter. 2(section height) + wheel diameter = outside diameter of tire
