1 A. Self-employed.

2 Q. Are you employed by Wheel
3 Specialties?

4 A. Yes.

5 Q. Okay. Is Wheel Specialties
6 the company that is involved in the
7 opposition with Big O Tires?

8 A. Yes.

9 Q. And do you do business as
10 another company name?

11 A. Yes. We do business as
12 Custom Wheels Unlimited.

13 Q. What is your current position
14 with Wheel Specialties?

15 A. CEO.

16 Q. And how long have you been
17 with the company?

18 A. Since it started in 1997.

19 Q. 1997?

20 A. Yes.

21 Q. All right. What type of
22 business are you engaged in?

23 A. We wholesale custom wheels
24 and accessories and tires for cars.

1 business has been -- you have been in
2 business since 1997?

3 A. Yes.

4 Q. What are your
5 responsibilities with the company?

6 A. Just maintain the accounts
7 receivables and oversee basically the
8 entire business, you know.

9 Q. Okay. Are you responsible
10 for advertising?

11 A. Yes.

12 Q. Are you responsible for
13 marketing of the products?

14 A. Yes.

15 Q. And that includes the BIGG
16 WHEELS product line?

17 A. Yes, it does.

18 MR. OTTO: And for the record
19 BIGG is spelled B I G G, WHEELS and all
20 caps.

21 Q. Who typically are the
22 customers to whom you sell your wheel
23 products?

24 A. Retail automotive stores that
25 sell tires, brakes, service cars,

1 anything automobile or truck related.

2 Q. And how do you contact
3 prospective customers?

4 A. We do cold calls by
5 telephone mainly.

6 Q. Do you advertise at all?

7 A. Yes, we advertise.

8 Q. And how do you advertise?

9 A. We advertise in -- we have
10 our own catalog and poster and many
11 brochures that we do every year, we do
12 one of those a year, and then we
13 advertise sometimes in some of the
14 national magazines and we advertise like
15 on T-shirts and things like that also.

16 Q. All right. Do you also do
17 any advertising on the internet?

18 A. Yes. We have websites, yes.

19 Q. And what are the purpose of
20 the websites?

21 A. So our customers can see the
22 products that we offer.

23 Q. Do you sell typically to the
24 end user?

1 Q. Okay. Have you ever sold
2 any wheels to the opposer in this
3 matter, Big O Tires?

4 A. Yes, we have.

5 Q. Do you recall approximately
6 when you might have sold a wheel to
7 them or wheels to them?

8 A. I think the first time was
9 in 2004 or -- yeah. 2004, 2003,
10 somewhere around there.

11 Q. Did you not sell a wheel --
12 some wheels to them prior to selling
13 them the BIGG WHEELS line?

14 A. Yes. I'm sure we did.

15 Q. Do you use any trademarks to
16 identify your wheel products?

17 A. Yes.

18 Q. And one of the marks, as I
19 understand it, is this BIGG WHEELS mark,
20 is that correct?

21 A. Yes, it is.

22 Q. Who participated in the
23 selection or creation of that mark on
24 your behalf?

25 A. It's finalized by myself, but

7 closely with him?

8 A. Yes.

9 Q. Who made the decision to
10 adopt or begin using the mark BIGG
11 WHEELS?

12 A. I did.

13 Q. And who made the decision to
14 file a trademark application for BIGG
15 WHEELS?

16 A. I did. I did that.

17 Q. Okay. Did you consider the
18 opposer, Big O Tires, or any of their
19 marks in connection with your selection
20 of the mark?

21 A. Not at all. No.

22 Q. Why did you adopt the mark
23 BIGG WHEELS?

24 A. Well, when we do the styling

5 is what we went with on this.

6 Q. Okay. Were you aware at the
7 time that you adopted the mark BIGG
8 WHEELS of the use of the term Big as
9 part of company names in the automotive
10 field at the time?

11 A. Yes.

12 Q. Was that a commonly used
13 term --

14 A. Yeah.

15 Q. -- to your knowledge?

16 A. Yes.

17 Q. And Big O Tires, obviously

6 A. Myself personally was I think
7 about 2004; 2003, 2004.

8 Q. And how did you become aware
9 of them?

10 A. We had sold a Big O store in
11 Kentucky some wheels.

12 Q. And how did your company
13 become aware of the Big O Tire store
14 company that you sold some wheels to?

15 A. Just by cold calling.

Q. And who is it to?

A. Big O Tires.

Q. And what's the date of the invoice?

A. August 8, 2002.

Q. Okay. And does that invoice show that you sold some wheels to Big O Tires?

A. Yes, it does.

Q. And how many?

A. 8 wheels.

Q. And what type -- what was the brand name of the wheels, if you know?

A. One of them was called Quantum Tech and the other brand is called Sacchi.

Q. Okay. To your knowledge was this the first time you ever sold any

1 line, a wheel product line of yours as
2 well?

3 A. Yes. It also shows our
4 Rocks line of wheels.

5 Q. How does the Rocks line
6 differ from your BIGG WHEELS line?

7 A. Well, it's a different brand,
8 a different styling and it's more of --
9 more cars I guess than you would say
10 truck wheels also.

11 Q. Okay.

12 A. And it has the silver
13 product in it where BIGG WHEELS doesn't
14 have silver product basically.

15 Q. How do you apply the or do
16 you apply the BIGG WHEELS mark to your
17 wheel product line?

18 A. Yes, we do.

19 Q. And how do you do that?

20 A. It says BIGG WHEELS,
21 B I G G, in the center cam, BIGG WHEELS
22 in the center cam.

23 Q. Okay. I'm going to identify
24 or have the reporter mark WSL 141 as
25 Exhibit 5.

Q. I'll show you Exhibit 5 and
ask if you can identify that for us.

A. Yeah. That's one of our
BIGG WHEELS and it has the word BIGG
WHEELS in the center cam.

Q. And is that how you
typically mark your BIGG WHEELS product
line with the mark BIGG WHEELS?

A. Yes, it is.

Q. You indicated earlier that a
number of companies in the automotive
field include the term Big in their
company names.

A. Yes.

Q. Are you familiar with a
company by the name of Big Brand?

A. Yes, I am.

Q. Is Big Brand Company a
customer of Custom Wheels?

A. Yes, they are.

20 A. Yeah. This is the location
21 of the Big Brand Tire Company that we
22 offer our products to.

23 Q. And where is Big Brand Tire
24 Company located?

25 A. They're in California.

3 A. No, I don't. But I know
4 it's for a long period of time; 20, 30
5 years.

6 Q. Have they been a customer of
7 yours for some time?

8 A. Yes. Since we opened up out
9 in California.

10 Q. Okay. Are you selling your

5 that's all the questions I have at the
6 moment.

7 MR. CUCCIAS: I object and
8 reiterate the objections that were
9 previously raised to these exhibits and
10 move to strike. And if you're done,
11 Don, if you want for me to take a 5
12 minute break and then I can start cross.

13 MR. OTTO: We don't need to take
14 a break.

15 MR. CUCCIAS: Well, I would like
16 to take a break.

17 MR. OTTO: Okay. All right.
18 You call me back, will you?

19 (Brief recess.)

20 MR. CUCCIAS: I have no questions
21 at this time. This concludes the
22 deposition.

23 MR. OTTO: Okay. And for the
24 record I'll handle the signature of the
25 witness.

About Us

Iddea® - Industria Diseñadora de Autopartes S.A. de C.V.

[Click to see chrome plant video](#)
[Click to see Big Country Video](#)

Iddea® is a corporation formed by two manufacturing plants and two marketing and distribution companies, covering the market of North America, Mexico and Central America for the auto and light truck vehicles and a second company focused on heavy duty vehicles.

The operations started in 1965 in electroplating processes. Currently, our group is specializes in: design, fabricating, electroplating process, marketing and distribution of auto parts and truck accessories as well as heavy duty truck accessories.

Recently Iddea® achieved the ISO 9001:2000 certification with "Underwriters Laboratories - UL" and registration with "Registrar Accreditation Board - RAB" under file number A13109.

As follows we will make a brief description of each business unit activities:

Plant 1: Surface Electroplating Plant.

This plant is dedicated to the electroplating business for those customers needing specialized metal finishes with high quality control requirements.

► **Main Business:** Metal Electroplating Finishing.

► **Process:** This facility offers special processes under customer's specifications. Among many of the finishes available are: decorative chrome, hard chromium, rack and barrel zinc plating, rack and barrel nickel plating, nickel-zinc plating, black nickel, Velour's or satin nickel, blacking oxide, phosphatizing, brass plating, gold plating, cadmium plating, nickel electroless, alodine, copper plating, tin plating, polishing, vibrating, chrome and other finishes on plastic, zinc die casting, and aluminum.

► **Market:** Our customers are in the OE automotive sector, electronics, bearings, locksmiths and others.

► **Equipment:** We rely on an internal laboratory for the process solution and finishing quality control. Our laboratory is equipped with the best test equipment such as Salt Spray Chamber, CASS Chamber, Metallographic Microscope, and Thickness Gauges destructive & not destructive.

We are firm believers that industrial progress and environmental are compatible. We have water treatment facilities, which ensure waste water passes international regulations. And we assure the quality of our waste water in our own lab with our absorption Spectrophotometer.

Plant 2: Iddea®, Automotive Accessories Plant.

This plant manufacture parts and accessories for all terrain vehicles, pick up and heavy-duty trucks. These products are manufactured in carbon mild steel, stainless steel and aluminum. The products are offered in the following finishes: powder coat zinc based, triple nickel plus chrome finish under OE specifications, mirror finish 304 stainless as well as nickel-chrome over stainless steel which gives a lifetime warranty on the brightness as well as corrosion resistance.

These finishes are performed on our in-house finishing lines, which assure the best quality standards.

We rely on our own chrome plant with an automotive OE process, triple nickel plus chrome as well as our own powder coating line.

► **Main Business:** Manufacturing automotive and heavy-duty parts and accessories.

► **Products:**

- **Automotive Line:** Front Bumpers and Protectors, SideBars, Grill Guards, Rear Bumpers, Brush Guards, Roll Bars, Exhaust Tips, Luggage Carrier Baskets.
- **Heavy Duty Line:** Fuel Tanks, Front & Rear Bumpers, Exhaust Chrome Stacks, Mud Flap Accessories, Grill & others.

The quality and professionalism I experienced at Big Daddy's was second to none. I know everyone of Dwayne and Mike's customers can attest to that. That's not why I'm posting here though. For me it was about how they made me feel. It's been a long time since I was a teenager, but with this being my first Mustang, I feel like I did way back when I saw my first one and dreamed of the day I would have one of my own. Well that day has finally come, and like most of you probably remember when you got your first, the excitement is off the charts. I can only imagine how foolish I must have seemed when I first walked into the shop and my jaw dropped. With all the time and experience Dwayne has in the industry, I wouldn't have blamed him at all if he tried to just finish up my car to get me out of there. Instead, he welcomed my excitement, and made me feel right at home, as if he were going through this for the first time as well. cannot stress enough how comfortable and confident I was with the

Aries Chevy Silverado 4" Big Step Nerf Bars 01-07 Classic HD Crew Cab - Buy Now

Add to Cart

[Add to Wish List](#)

Product Description:

Whether you have a street-wise sport truck or a pumped-up off-roader, a set of nerf bars from Aries Off Road can add both function and form to your Silverado. Designed with comfort and looks in mind, Aries Nerf Bars are constructed from 4", heavy-gauge 304 stainless steel or powdercoated aluminum, offering superior corrosion protection. And because they are polished to a brilliant shine, they're quite an eye-catching addition as well.

- Polished stainless steel finish
- No-drill installation
- Big Step design for heavy-duty applications
- Limited lifetime warranty

Featuring a nonskid polymer pad, these nerf bars provide you and your passengers sure footing when exiting or entering your pickup in any weather. Installation is simple because these quality engineered products utilize existing holes in your frame—no drilling is required. Easy-to-read instructions and all the necessary hardware are included with your purchase.

For use with Crew Cab models only.

Description	Features	Feature Images	Install	Warranty	Reviews
The Go Industries Big Tex Grille Guard™ is unlike anything else available in the truck aftermarket. It has a unique design, heavy outside welds and a giant tube size that results in a stylish grille guard that won't bend, flex, or vibrate when in use. Most applications for the Go Industries Big Tex Grille Guard feature easy, no-drill, frame mount installation. The Big Tex Grille Guard is constructed of one-piece tubular frame using massive 1.9", 14-gauge steel. Heavy duty 11-gauge steel uprights offer maximum strength and a contoured fit as well as use of factory tow hooks. Each application features heavy-duty rubber push pads. All applications are available in duplex nickel-chrome plating or black powder coat finish. Some Chevrolet & GMC Big Tex Grille Guards are available in "Low Profile" or "Over Headlight" designs. The chrome warranty offers 6 years protection and the black powder coat offers a 3-year warranty.

Bully truck accessories Big Daddy side step nerf bars. These huge nerf bars feature 3-1/2" polished stainless steel tubing. Big Bully side nerfs are a step above the rest. Bully Big Daddy side nerf bars are made of the highest quality materials and backed by the Bully Truck Accessories limited lifetime warranty. Big Bully step bars are mandrel bent for a smooth appearance. These nerfs go through a 6 stage polishing process to create a mirror like shine. The stainless retention clips will not rust, this guarantees a strong bond between the bar and the step pad. Bully big daddy nerf bar steps have been designed to use existing holes in the pickup trucks frame, so no drilling is required and mounting is as easy as possible. Bully step bars ensure these nerfs will add a rugged, finished appearance to your truck for the life of your truck.

Description	Features	Install	Warranty
High volumes of cool oil equate to long transmission life. BD designed their Big Daddy transmission pans to offer increased oil capacity, while their aluminum construction and heat dissipating fins keep temperatures down. As an added bonus, the transmission pan's increased rigidity prevents case twisting. All Big Daddy transmission pans include a magnetic drain plug and a temperature sending unit port.

BD Diesel Performance is unique among its peers in that it designs, manufactures and distributes a wide range of products specifically engineered for performance diesel applications. Located in Abbotsford, British Columbia, Canada, BD's state-of-the-art facility covers 65,000 square feet, and employs 60 plus highly-trained individuals. The BD name became recognized in 1989, when the company introduced the first exhaust brake for the burgeoning diesel pick-up truck market. BD's roots, however, actually date back to 1972, when Valley Fuel Injection, Ltd. first opened its doors. Today, Valley Fuel Injection and BD Diesel Performance are one, with eight specialty divisions that focus on diesel power train components.

Full-Size Folding Motorcycle Ramps

The All new MF-12038 lightweight, Full Size motorcycle loading ramp is a revolution in motorcycle ramps design.

This awesome new light weight design has lowered the 120 inch long version of this ramp by 36 lbs.!

Weights as tested on a certified digital shipping scale on 2/18/2006

Old style MF-12038 (120" long x 38" wide ramp) = 104 lbs.

New style MF-12038 (120" long x 38" wide ramp) = 68lbs.

The BIG BOY MF-12038 is the only 10 foot folding motorcycle ramp still being made in the USA!!

These Light Weight, Heavy Duty T6 aircraft quality aluminum folding **motorcycle ramps** are available in lengths from 10 feet long for the big boy cruisers and lowered bikes. Easily disconnect the 3 sectioned motorcycle ramps in seconds with the pull of a specially designed ramp connection rod. These Ramps are a full 38 inches wide so you can put your feet down when riding the bike up, and most importantly, when backing the bike out of the truck down the ramp. Simply pull in the clutch, grab your brake, put down your feet and take your time going backwards down the ramp. The Big Boy motorcycle ramp also comes with heavy duty 1200lb. capacity safety straps, The ultimate in safety!

These ramps come in 3 separate folding sections that fold to half their length so they will fit in a short bed truck or even your cab (see pictures below), **THEY FOLD UP TO ONLY 6 INCHES THICK!** Also featured is a 1500lb. capacity (when connecting rod is used), serrated cross rungs for a no-slip approach, & a Five Year Warranty. These patented motorcycle ramps have been in production for nearly 10 years from Lite Aluminum Products in Aurora Missouri, The MF series and the "Big Boy" are the only 10 foot folding motorcycle ramps still Made in the USA. The center section is 14 inches wide and the 2 side sections are 12 inches wide each and they have a 1500 lb. weight capacity when connected to the side ramps with the connecting rod to load even the largest of street bikes.

****FOR MOTORCYCLE USE ONLY****

Features of the Big Boy Motorcycle Ramps:

- Fold to half their length for easy storage and transport
- Lightweight all aluminum design
- 5 Year Manufacturer Warranty
- Designed to walk up or ride bike up and down
- 1500 lbs. total weight capacity on center section when using connecting rod.
- Arched design to increase clearance
- 2 cam buckle straps attach to tailgate to prevent ramp kick out
- Slip resistant rung design prevents wheel slippage
- Guaranteed lowest prices on these full-size folding loading ramps anywhere!!!
- **MADE IN THE USA!!**

Description:

Whether your ride is a Cummins, Duramax or 6.0L or 7.3L Power Stroke, Banks has a Big Hoss Bundle customized to your vehicle application. One look at what goes into a Big Hoss Bundle, and you'll see why we call it the ultimate engineered power system:

Banks Six-Gun® Diesel Tuner adds up to 95% more horsepower and torque ... up to +155 hp and +385 lb-ft at the rear wheels. Six-Gun is Stacked for Power® to tune pulse width, timing and fuel pressure, and has exclusive built-in engine and transmission safeguards.

Banks PowerPDA® Vehicle Command Center kit comes with its own docking station and is portable, too. PowerPDA is an ultra-flexible, full-color touch-screen tuner-and-vehicle interface that controls, monitors and records performance functions and engine parameters.

Banks Techni-Cooler® intercooler system with its huge boost tubes, thicker core, big all-aluminum end tanks and a High-Ram inlet casting, optimizes the flow of cool, dense, power-producing air into the engine and lowers exhaust gas temps for higher continuous, useable power.

Banks' 4" stainless Monster® exhaust (or new Diesel Duals Monster exhaust) has mandrel-bent pipes and a straight-through Monster muffler that dramatically improve airflow and virtually eliminate backpressure. The muffler's exclusive expansion chamber dissipates the maddening highway "drone" noise that most straight-through designs are plagued by. Instead, you get a rich-but-never-overpowering throaty exhaust note. The Diesel Duals system safely clears the spare tire, shocks and brake lines and provides two gleaming 6" x 5" slash-cut "ob-round" rolled-edge tailpipe tips.

Banks' lifetime high-flow Banks Ram-Air filter assembly and **Banks BigHead® wastegate actuator**, which allows the engine to reach full boost more quickly.

Description:
Go ahead... tuck those rear wheels

The 2008 Super Duty dually looks absolutely sick when it's totally hammered on really big rims. The problem is that tucking really big rear wheels may require extensive rear fender modification. That's why Street Scene designed these Big Boy Dually Rear Fenders.

Simply replace your factory units with these hot ones from Street Scene and you'll have an extra 4 1/4" or 2 3/4" of clearance (depending on application.) Available with or without fender vents (See photo.)

- Adds extra width for clearance for ultra-wide wheels.
- Bolts in place of your stock rear fenders.
- Made from hand-laid fiberglass.
- Ready for prep and paint.

Make your 08 Super Duty project a whole lot easier. Order your Big Boy rear fenders, today!

Big Daddy Rock Rear Plus Bumper and Tire Rack

By Vernon Brandt

4x4ROCKSHOP.com - Everything You Need for Your 4x4

I got lucky - sort of - and no, not that way. My '99 TJ got rear ended. Molly and I were both in the Jeep when it happened. I was stopped and the Toyota truck that hit me was going 75 mph or better. Molly and I are fine. The '99 was not so good. Yeah, I had lots of heavy bracing in the cage and underneath but, still, that was a hit. The frame was so bad that I was going to need a new one.

How'd I get lucky? Besides the fact that my dog and I are fine, I got to go buy a new Jeep and start over. In addition, I get a chance to try some new products!

Rear bumpers can be important. Seems as though everyone and their dog has an idea for a rear bumper. Furthermore, many 'wheelers actually like to make their own. I'm not that good of a welder, I don't have a lot of free time, and I wanted a product from someone that does have experience making things and does know what they're doing. I also wanted something that was simple. I really did just want some thing that I could bolt on and then trust to do the job. I also wanted something just a little different and unique. Here comes Big Daddy Offroad!

I've heard the name "Big Daddy Offroad" and had seen some of the products, so I jumped at the chance to preview their newest offering, the Rock Rear Plus Bumper and Tire Carrier. This is their newest rear bumper that was made to replace the "Rock" bumper.

The bumper came in one box and the tire carrier in a second box. Somewhere between North Carolina and Colorado the tire carrier box got a large hole in it. I got lucky again. The folks at Big Daddy actually package all of the small bolts and brackets and things in a box all their own, so no parts were lost. I have had other similar products where they just throw the loose bags-o-bolts into the box without much thought. Had that been the case here, more than likely, the things needed would not have been there. It's a small thing and I'm sure it's an expense to the folks at Big Daddy, but it meant a great deal to me to not have to chase down parts for a new bumper that I was excited about getting on the Jeep right away.

As with any project, it's always more fun with a friend. I got lucky last year when Rockcrawler.com staffer, Shawn Pagan moved to my area. He's a real talent, a nice guy, and was fine with coming over for the install.

We unboxed the bumper and carrier and, to my delight, found that there really is not much to this installation. The folks at Big Daddy have really thought well of whom they want to make this bumper for. In business talk; they know their target market well. This whole system is designed for ease of installation and long-lasting durability.

The first thing Shawn said was "nice powder coating," and it is. The product is made to last. I noticed that there were some parts that looked to unique to Big Daddy items, meaning not off-the-shelf. The hinge, the latch, the catch, even

History

Big 10 Tires began in the tire business in May of 1954 in Pensacola, Florida, as a franchised dealer for O.K. Rubber Welders. The first year's sales were primarily in retreads and used tires with a total dollar volume of \$54,000.

The name of the company was changed to Big 10 Tires in October of 1962 and became associated with Dayton Tire and Rubber Company as its primary supplier, with Michelin and Bridgestone as secondary suppliers.

Today, Big 10 Tire Stores, Inc. is one of the Southeast's largest independent tire retailers, with over 100 locations in Georgia, Florida and Alabama. Future plans estimate 5-10 new store openings each year, and entering new markets throughout the Southeast.

Welcome to the **NEW** Big Boys Toys online shop!

WIDER RANGE:

We are now able to offer a larger selection of VW parts than ever before! More than 12,000 different lines in fact!

LARGER STOCKHOLDING:

We have relocated to a huge new warehouse in West Sussex, which allows us to carry more stock on the shelves. Fewer back orders!

EXPERT ADVICE:

Our new larger sales team has a wealth of knowledge and experience, and they are happy to help you with any query.

FREE DELIVERY!:

On UK web orders over £25!

We now offer our widest ever range of restoration and aftermarket parts for air-cooled Volkswagens! If you cannot find the part you require in the meantime, simply call us on

0845 230 0101 and we will be happy to assist you.
