

If the Board grants this motion, in the event that the matter is taken out of suspense, Applicant's time to answer or otherwise respond to the Notice of Opposition should be reset as should the discovery and trial periods. In the event that the Board denies this motion, opposer consents to an extension of time for Applicant to file an answer or otherwise respond to the Notice of Opposition until sixty (60) days after such denial.

The parties request that, in the event that the matter is taken out of suspense that six months of discovery be allowed and that the discovery cut off be reset to six (6) months after the proceedings resume so that the parties will have the full period of discovery in the event that the matter is not able to be resolved. The trial periods should be reset accordingly.
