CONSENT MOTION FOR LEAVE TO AMEND PETITION TO CANCEL

Pursuant to 37 C.F.R. § 2.107(a) and Rule 15 of the Federal Rules of Civil Procedure, Johnson & Johnson (“Petitioner”) hereby moves the Board for leave to amend its Petition to Cancel, Cancellation No. 92/044429 (presently consolidated with Opposition No. 91/164847) to add an additional ground, namely, that Respondent Conair Corporation has abandoned the subject mark. Respondent has stated that it consents to Petitioner’s request for leave to add this count. In further support hereof, Petitioner states as follows.

1. On April 1, 2005, Petitioner filed a Petition to Cancel Registration No. 2,339,177 – PURE for “skin care liquids, namely, body wash and body lotion” in Class 3; registered to Rusk Inc. on April 4, 2000, and assigned on April 3, 2003 to Respondent (“the Petition”). The Petition alleges that the term “pure” is merely descriptive of Respondent’s goods and/or that the term “pure” is generic in connection with Respondent’s goods, and is not entitled to registration.

2. On April 7, 2005, Petitioner filed a Notice of Opposition of Serial No. 78/284,830 – PURE for “hair care preparations and hair styling preparations” in Class 3; filed on an intent-to-use basis on August 8, 2003, by Respondent (“the Notice”). The Notice alleged the same grounds as the Petition. On August 10, 2005, Petitioner and Respondent filed a joint motion to consolidate the two proceedings. The Board granted the motion.

3. After filing the Petition, Petitioner became aware that Respondent is no longer using the mark as identified in Registration No. 2,339,177, and formed the conclusion that Registration No. 2,339,177 has been abandoned.

4. The Federal Rules of Civil Procedure provide that leave to amend a pleading “shall be freely granted when justice so requires.” FED. R. CIV. P. 15(a). In applying this rule, “the Board liberally grants leave to amend pleadings when the other party will not be prejudiced thereby.” *Flatley v. Trump*, 11 U.S.P.Q.2d 1284, 1286 (T.T.A.B. 1989); *see also Focus 21 Int’l Inc. v. Pola Kasei Kogyo Kabushiki Kaisha*, 22 U.S.P.Q.2d 1318, 1319 (T.T.A.B. 1992) (quoting *Flatley*).¹

5. Justice requires that Petitioner be granted leave to amend its Petition to Cancel. At the time Petitioner filed the Petition, Petitioner was not aware of facts that would support a claim that Respondent had abandoned Registration No. 2,339,177. Petitioner subsequently began

¹ Applying this standard, the Board regularly grants motions for leave to amend pleadings during the discovery period, as is the case in the instant proceeding. *See Microsoft Corp. v. Qantel Business Sys. Inc.*, 16 U.S.P.Q.2d 1732, 1733-34 (T.T.A.B. 1990) (“This proceeding is still in the discovery stage and respondent has not shown that any undue prejudice would result from the amendment of the petition to cancel by the addition of another ground for cancellation.”); *Flatley*, 11 U.S.P.Q.2d at 1286 (finding that the respondent would not be prejudiced if petitioner were allowed to amend its cancellation petition because the case was still in the discovery period). In the instant proceeding, discovery is not set to close until March 31, 2006.

investigating Respondent's continued use of Registration No. 2,339,177, and recently concluded that Respondent is no longer using Registration No. 2,339,177. Petitioner has promptly filed a request for leave to amend the Petition based on this information. Further, no prejudice will inure to Respondent, as the discovery period is open through March 31, 2006. See *Vaughn Russell Candy Co. v. Cookies in Bloom, Inc.*, 47 U.S.P.Q.2d 1635, 1637 (T.T.A.B. 1998); *Focus 21*, 22 U.S.P.Q.2d at 1319.

6. In a telephone conference on January 6, 2006, counsel for Petitioner requested and received Respondent's consent to amend Petitioner's pleadings to add this abandonment count.

7. A copy of the executed Amended Petition to Cancel is attached as Exhibit 1, which differs from the original Petition to Cancel only in its inclusion of Count III ("Respondent Has Abandoned its PURE Mark for the Goods Stated in Registration No. 2,339,177").

In view of the foregoing, Petitioner respectfully requests that the Board grant Petitioner's consent motion for leave to amend its Petition to Cancel.

Respectfully submitted,

JOHNSON & JOHNSON

BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

In re Reg. No. 2,339,177 – PURE
Registered on April 4, 2000.

JOHNSON & JOHNSON, :
 :
 : Petitioner, :
 :
 v. : Cancellation No. 92/044429
 :
 CONAIR CORPORATION :
 :
 _____ Respondent. :

AMENDED PETITION TO CANCEL

JOHNSON & JOHNSON, a New Jersey corporation having a principal place of business at One Johnson & Johnson Plaza, New Brunswick, New Jersey 08933-7001 ("Petitioner"), believes that it is and will continue to be damaged by the registration of Reg. No. 2,339,177 - PURE for "skin care liquids, namely, body wash and body lotion" in class 3; registered on April 4, 2000 by Rusk Inc., a Minnesota corporation and assigned on April 3, 2003 to Conair Corporation with a principal place of business at One Cummings Point Road, Stamford, Connecticut 06902 ("Respondent"); and hereby opposes the same pursuant to § 13 of the Trademark Act of 1946 (15 U.S.C. § 1063).

As grounds for this Petition, Petitioner alleges that:

1. For decades prior to Respondent's adoption of the term "pure" as an alleged mark, Petitioner has used the term "pure" in the course of fairly and in good faith describing its personal care products, including shampoo, cream, lotion, baby powder, and baby oil.

Representative samples of Petitioner's use of the term "pure" are attached as Exhibit A. Petitioner has a lawful right to continue to make fair descriptive use of the term "pure."

Count I
The Term "Pure" is Merely Descriptive of Respondent's Goods

2. The term "pure" merely describes the goods covered by Reg. No. 2,339,177 – PURE and is not entitled to registration on the Principal Register.

3. Respondent has neither claimed nor demonstrated that the term "pure" as allegedly used by Respondent has acquired distinctiveness pursuant to Section 2(f) of the Lanham Act.

Count II
The Term "Pure" is Generic as Used in Connection with Respondent's Goods and is Not Entitled to Registration

4. The term "pure" is used ubiquitously by businesses selling personal care products to describe desirable properties of personal care products. The term is so highly descriptive and widely used in connection with personal care products that it is generic of the goods covered by Reg. No. 2,339,177 – PURE. Representative examples of such third party uses of the term "pure" in the personal care field are attached as Exhibit B.

5. Because the term "pure" is aptly descriptive and generic when used in connection with Respondent's goods, the term is incapable of functioning as a mark, does not function as a mark, and is not entitled to federal registration.

Count III
Respondent Has Abandoned its PURE Mark for the Goods Stated in Reg. No.
2,339,177

6. On information and belief, Respondent is no longer using PURE in connection with “skin care liquids, namely, body wash and body lotion,” and has no intent to resume such use.

7. On information and belief, Respondent has abandoned whatever rights it may have possessed in PURE in connection with “skin care liquids, namely, body wash and body lotion,” based on Reg. No. 2,339,177, by discontinuing its use with an intent not to resume such use.

For the reasons set forth in the foregoing paragraphs 1-7, Petitioner believes that it is and will continue to be damaged by Reg. No. 2,339,177 – PURE, and therefore, files this petition to cancel it.

WHEREFORE, Petitioner requests that this cancellation petition be sustained and that Reg. No. 2,339,177 be canceled.

Respectfully submitted,

JOHNSON & JOHNSON

It didn't start out to be a bath oil, but it sure makes a great bath oil.

It always was, and still is, a baby oil. But that doesn't mean it can't be great for other things.

For example, just a little in your bath can make your skin feel really soft and silky.

So try pure and gentle JOHNSON'S Baby Oil. It'll make your bath a lot softer on your skin.

Johnson & Johnson

It softens your elbows, knees and heels.

It's a gentle way to take off eye makeup.

It moisturizes and helps soften legs after shaving.

It's grown into a real beauty oil.

Pure JOHNSON'S Baby Powder helps you feel good about yourself by keeping you feeling soft, and smelling clean.

It helps that come across to other people too, because it helps bring out your best. Your skin looks soft and feels silky. And you smell so clean and natural.

Now that you're older, haven't you got your own reasons for JOHNSON'S Baby Powder?

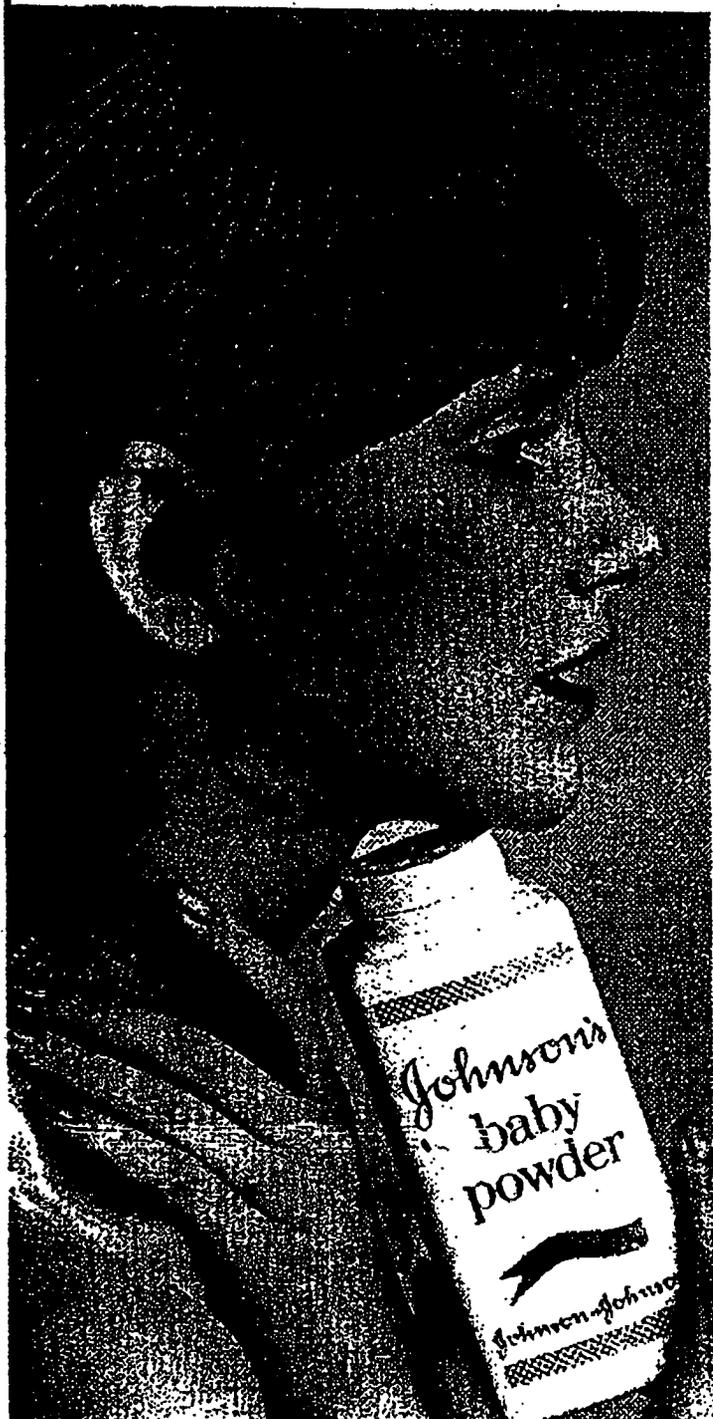

For Older Reasons.

Johnson's Baby Powder. The softness is for you.
The silkiness is for him.

HOW TO USE JOHNSON'S BABY LOTION IN VERY GROWN-UP WAYS

Instead of drying soap, shave your legs with JOHNSON'S Baby Lotion. It's extra thick and rich so it sets up the hair, and begins to soften your legs even while you shave. Pure luxury. You've never had a closer shave. Or softer legs.

Johnson & Johnson

Moisturize after bath or shower. Gently massage JOHNSON'S all over. You'll feel soft and relaxed all over.

Wash your face with JOHNSON'S. Rub in, then rinse. It cleans like soap, but softens as only our pure lotion can.

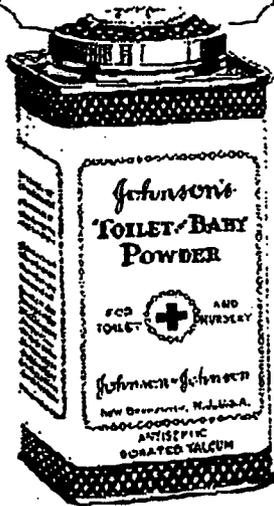

Help ease your skin's lot of dryness with JOHNSON'S Baby Lotion.

I Can't
Talk as Yet"*

"But I do a lot of thinking—specially this hot weather when little folks are fussy and it's so hard to sleep. And I'm certain—sorry for babies whose Mothers haven't learned how to keep them comfortable with Johnson's Baby Powder."

Just Suppose Babies Could Talk

Hundreds of thousands of them, all over the world, would explain their happy smiles by telling you how much they enjoy Johnson's Baby Powder. This was proved when hundreds of mothers told us why they prefer Johnson's, when we visited their homes during our recent "Baby Health Survey."

Many mothers explained that it made their babies less fidgety. Others said that rubbing baby's skin with Johnson's allays itching comments—that "it never gets pasty" and "is good to prevent chafing." Still others told of using it after baby's bath—and every one proudly quoted—"My Baby gets the Best."

For thirty-six years Johnson's has been the choice of physicians and nurses. Made in the Johnson & Johnson Red Cross laboratories, of the finest ingredients and with experienced care, Johnson's is pure, beneficial and dependable. No better Baby Powder can be made. If you want your baby to get the Best—ask your druggist for Johnson's today.

Send for this baby booklet—"The Summer Care of Babies." For your baby's sake, write today for these helpful ideas about clothing and bathing baby—giving him for exercise, and securing more restful sleep. The booklet will be sent on request. Pure and Natural Baby Shampoo

Ginesis Pure & Natural Baby Shampoo will gently clean hair in children and adults using the finest of naturally occurring plants and extracts ONLY!

Note: This product is excellent for color treated hair!

This detergent-free product contains no potentially harmful sulfates, glycols, or artificial colors that can cause allergic reactions in some children and adults. As a result, you can be assured that, while naturally cleaning the hair and scalp, harsh chemicals will not penetrate the skin barrier and interfere with normal growth and tissue formation. We think that Pure & Natural Baby Shampoo is the best product you can use for you and your children's hair and health.

*This product is also recommended for transplant recipients,
chemo-therapy patients and for anyone
who wishes to maintain problem-free hair and scalp.*

Most "baby" shampoos are mostly sulfates and chemicals that contain unnecessary additives to cause lather. Chemical Free Baby Shampoo is ...pure and natural...no chemicals! Does not interfere with your child's health! This product is natural and safe, and you will have peace of mind knowing you are doing something right for your child.

INGREDIENTS: Purified water, cotyledon plant extract, cocamide, NATURAL glycerin, fennel extract, hops extract, balm mint, yarrow extract, mistletoe extract, matricaria extract, natural citric.

Natural Hair Spray

Our all natural Hair Spray is a marvel of simplicity. Just water, grain alcohol, and a little gelatin for stickiness. Not as powerful as the bottle of chemicals at the store, but a lot safer! Many people really love this item because it is non-toxic, and can be used indoors without smelling up the air like chemical sprays. Give it a try, you will be shocked at how well this product really works.

Soy soap was inspired by the nutritional and therapeutic values of soy proteins. This gentle soap for the body and face is made with soymilk powder, soy oil and glycerin. The botanical composition are rejuvenating ginseng, calming mallow and lavender flower water. This is enriched with mango butter and apricot kernel oil making it extremely moisturizing and for skin. Subtly scented with pure rose water and green fig extract.

Soy is one of the richest sources of phytochemicals which are known to protect the body from disease. Soy contains calcium, phosphorus, iron, zinc, vitamin E and B-complex vitamins. Soy is an incredible source of valuable nutrients, soybeans provide all amino acids necessary to build the body. A line of treatment products was formulated by Fresh specifically for women.

Label Information

Shea butter is full of ester resins, which is recommended for damaged skin repair and sun protection. Shea butter has mild UV blocker properties but it is not recommended as your only cream for sun protection. Shea Butter is rich in Vitamins A, E and F (Vitamin F assists in wound healing and can be effective on eczema, psoriasis, dermatitis, and dermatosis). It is the best choice for dry, cracked, rough skin on hands, feet, elbows and your face.

Indications

Our shea butter is pure and unrefined. According to the Shea Butter Institute, "Unrefined Shea Butter has the largest healing fraction and contains very special natural ingredients that are ideal for healthier skin." Unrefined shea butter has not had any oils and fragrances added to it. It is as pure and untouched as shea butter gets - making it the clear alternative to other creams
