Opposition No. 91166346

TomTom B.V

v.

TOMTOM LICENSING GMBH

Angela Lykos, Interlocutory Attorney

On August 24, 2005, opposer filed a notice of opposition against all six classes that were involved in Serial No. 76125536. On August 25, 2006, the Board instituted this opposition proceeding against all six classes.

Opposer filed on March 30, 2006 a joint motion for suspension and inquiry regarding the status of the amendment to the application involved in this case. In its communication, opposer noted that on August 18, 2005, applicant filed a proposed amendment to its application Serial No. 76125536, in which, applicant sought to delete all goods listed in Class 30, and that on October 11, 2005 the amendment was entered by the Examining Attorney.

Because the proposed amendment was filed prior to the publication of application Serial No. 76125536 this opposition proceeding should not be instituted against

International Class 30. In view thereof, this opposition is corrected so that it is no longer instituted against the goods in Class 30. The \$300.00 fee will be refunded in due course.
