**NOTICE OF OPPOSITION**

Commissioner for Trademarks  
P.O. Box 1451  
Alexandria, VA 22313-1451

Sir:

In the matter of trademark application 78/485,330, filed September 17, 2004 for the trademark "AURA" for "continuous positive airway pressure (CPAP) flow generator; nasal ventilation interface and tubing for providing CPAP to nasal passages; headgear for retaining nasal ventilation interface in place; CPAP humidifier; CPAP battery" in International Class 10 and published in the Official Gazette for August 30, 2005.

**Astro-Med, Inc.**, a corporation organized and existing under the laws of the State of Rhode Island and located and doing business at Astro-Med Industrial Park, West Warwick, RI 02893, believes that it will be damaged if such registration is issued in Class 10 and therefore hereby gives notice of its intention to oppose the registration of the said trademark.

The grounds for opposition are as follows:

09-13-2005

1. Opposer, Astro-Med, Inc., is a Rhode Island corporation having a place of business at Astro-Med Industrial Park, West Warwick, RI 02893. Since on or about April 19, 2004, Opposer has continuously used the mark "AURA" in interstate commerce in the United States for "amplifiers, namely, amplifiers for use in electroencephalographs and polysomnographs".

2. On September 17, 2004, Applicant filed the application herein opposed for the mark "AURA", based on intended use, for "continuous positive airway pressure (CPAP) flow generator; nasal ventilation interface and tubing for providing CPAP to nasal passages; headgear for retaining nasal ventilation interface in place; CPAP humidifier; CPAP battery".

3. Opposer is the owner of U.S. Reg. #2,963,424 dated June 21, 2005, a copy of which is annexed hereto as Opposer's Exhibit 1.

4. The word-mark which Applicant is attempting to register, namely, "AURA", is precisely the same as the word-mark covered by Opposer's Reg. #2,963,424.

5. The goods covered by Opposer's Reg. #2,963,424 and Applicant's mark which is the subject of this proceeding while not the same are related in that both are concerned with sleep technology, or at the very least, products used in the sleep technology field.

6. Both Opposer and Applicant market their "AURA" products to the same physicians, hospitals, clinics, etc., who in turn use these products and devices on patients.

7. Both Opposer and Applicant advertise their "AURA" products in the same trade publications and exhibit same at the same trade shows.

8. Since the marks involved are identical, and since the respective goods are related and marketed through the same channels, and since Opposer used its mark in interstate commerce before Applicant filed its intent-to-use application, it is clear that Opposer has priority, and it is also clear that confusion is likely.

9. Registration of the mark sought to be registered by Applicant is barred by the provisions of §2(b) of the Trade Mark Act of 1946 for the reason that it consists of or comprises a mark which so resembles a mark previously used by Opposer, and which is not abandoned, as to be likely, when applied to the goods of Applicant, to cause confusion or to cause mistake or to deceive.

10. By reason of all of the foregoing, Opposer submits that it will be irreparably damaged by the registration of the mark "AURA" to Applicant for the goods set forth in International Class 10 in Applicant's application, which is the subject of this proceeding.

WHEREFORE, Opposer respectfully prays that the Notice of Opposition be sustained and that the registration of the mark "AURA" to Applicant be refused.

A check in the amount of \$300 and a duplicate copy of this Notice of Opposition are enclosed.

PTO is hereby authorized to charge any additional fees incurred as a result of the filing hereof or credit any overpayment to our account #19-0120.

Respectfully submitted,

Sir:

In the matter of trademark application 78/485,330, filed September 17, 2004 for the trademark "AURA" for "continuous positive airway pressure (CPAP) flow generator; nasal ventilation interface and tubing for providing CPAP to nasal passages; headgear for retaining nasal ventilation interface in place; CPAP humidifier; CPAP battery" in International Class 10 and published in the Official Gazette for August 30, 2005.

The grounds for opposition are as follows:

3. Opposer is the owner of U.S. Reg. #2,963,424 dated June 21, 2005, a copy of which is annexed hereto as Opposer's Exhibit 1.

4. The word-mark which Applicant is attempting to register, namely, "AURA", is precisely the same as the word-mark covered by Opposer's Reg. #2,963,424.

5. The goods covered by Opposer's Reg. #2,963,424 and Applicant's mark which is the subject of this proceeding while not the same are related in that both are concerned with sleep technology, or at the very least, products used in the sleep technology field.
