Pursuant to Rule 56 of the Federal Rules of Civil Procedure, Opposer moves the Board for an Order Granting Summary Judgment in its favor on the ground that the mark that it the subject of this Opposition, SMOOTHMOVE'S, is confusingly similar to Opposer's registered trademark SMOOTH MOVE and registration of applicant's mark is likely to cause confusion in the marketplace.

As grounds for this Motion, Petitioner relies on the Declarations of Drake Sadler and Jay Geller, and the documents attached to Opposer's Notice of Reliance filed contemporaneously with this Motion.

There are no genuine issues of material fact precluding Summary Judgment in favor of Petitioner as follows:

1. Registrant is the owner of United States Trademark Registrations 1,258,223 for the trademark SMOOTH MOVE for herbal teas used as a laxative and 2,520,275 for medicinal herb tea and herb tea used for food purposes. The mark has been continuously used for such goods by Opposer since 1974 on a variety of herbal teas, over-the-counter pharmaceuticals and dietary food supplements. Declaration of Drake Sadler. Registrant has a pending application, SN 78809216 to register the mark SMOOTH MOVE for a variety of over-the-counter pharmaceuticals and dietary supplements. As of the filing of this Motion,

that application has not yet been examined. The application claims a first use date on the goods of 1976.

2. Applicant is the owner of United States Trademark Application 78616669 for the mark SMOOTHMOVE'S for a wide variety of cosmetic products based upon a bona-fide intent to use.

3. Opposer's registered mark SMOOTH MOVE and Applicant's applied-for mark SMOOTHMOVE'S are identical in all respects.

4. The goods on which Opposer uses its mark SMOOTH MOVE, herb teas, over-the-counter pharmaceuticals and dietary food supplements, and the goods on which Applicant intended to use the mark SMOOTHMOVE'S – non-medicated skin care products - are closely related. Declaration of Jay H. Geller; Notice of Reliance.

5. Opposer's registration is not restricted in any manner as to the goods covered by the registration or the channels of commerce covered by the registration. Notice of Reliance; Declaration of Drake Sadler. Applicant's application does not limit in any manner the goods covered by the application or the channels of commerce for such goods. Application on File with the Trademark Office.

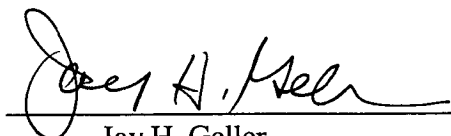

6. There is a likelihood of confusion in the marketplace between applicant's intended use of the mark SMOOTHMOVE'S on non-medicated skin care products and Opposer's use of the mark SMOOTH MOVE on its over-the-counter pharmaceuticals, herb teas and dietary food supplements.

7. Registration of applicant's mark will cause damage to Opposer.

Wherefore, Opposer prays that the Board grant its Motion and deny registration to Applicant. A memorandum and the Declarations of Drake Sadler and Jay Geller are filed in support of this Motion and the Notice of Reliance is filed contemporaneously with this

Motion.

## MEMORANDUM IN SUPPORT

### I. FACTUAL BACKGROUND

Opposer Traditional Medicinals, Inc. (TMI) is the owner of United States Trademark Registrations 1,258,223 for the trademark SMOOTH MOVE for herbal teas used as a laxative and 2,520,275 for medicinal herb tea and herb tea used for food purposes. The mark has been continuously used for such goods by Opposer since 1974 on a variety of herbal teas, over-the-counter pharmaceuticals and dietary food supplements. Declaration of Drake Sadler. Registrant has a pending application, SN 78809216, to register the mark SMOOTH MOVE for a variety of over-the-counter pharmaceuticals and dietary supplements claiming a first use date of 1976. As of the filing of this Motion, that application has not yet been examined. Status/title copies of each of these registrations and the pending application are attached to TMI's Notice of Reliance in accordance with TBMP 704.03(b). The declaration of Drake Sadler also establishes TMI's ownership of these registrations.

TMI has used the mark SMOOTH MOVE continuously and exclusively for dietary food supplements, herb teas, medicinal herb teas and over-the-counter pharmaceuticals since 1974 (Decl. Sadler). Attached to the Sadler declaration are copies of SMOOTH product cartons and tea bag overwraps that TMI has used over the past 30+ years. In addition, TMI is expanding its SMOOTH MOVE product line in October, 2006 by adding encapsulated laxatives and dietary supplements (Decl. of Sadler). Also attached to the Sadler deposition are two pages from its website ([www.traditionalmedicinals.com](http://www.traditionalmedicinals.com)) showing the two varieties of SMOOTH MOVE supplements/laxatives/herb teas currently sold by TMI? Representative advertisements for SMOOTH MOVE, also identified by year, alone or with other TMI products, are also attached to the Sadler declaration. These advertisements have appeared in a variety of

magazines and other publications directed to individual consumers. Since 1995, TMI has sold over 1,600,000 cases of SMOOTH MOVE products with net sales to TMI of over \$18,500,000. These sales represent over 9,400,000 individual boxes of SMOOTH MOVE products. When brewed as directed, the total number of cups of SMOOTH MOVE teas that has been sold exceeds 153,000,000 cups! Sales of the product have risen ever year since 1995 and the SMOOTH MOVE products are among the best selling of TMI's products. Through May, 2006 (the first eight months of TMI's fiscal year), the company has sold 136,000 cases of regular SMOOTH MOVE products and 17,500 cases of Chocolate SMOOTH MOVE products. Combined dollar sales for the first eight months of the current fiscal year are over \$2,000,000. The SMOOTH MOVE products are marketed through thousands of grocery, drug, health food and discount retail outlets throughout the United States and on the Internet (Decl. Drake Sadler).

The mark which applicant seeks to register, SMOOTHMOVE'S, is identical in all respects to GEC's registered trademark SMOOTH MOVE. There are numerous examples of trademarks registered for both supplements and cosmetics. Attached to TMI's Notice of Reliance are electronic copies of the following recent registrations from the official electronic database of the USPTO from the website ([www.uspto.gov](http://www.uspto.gov)) that cover dietary supplements and over-the-counter drugs on the one hand, and cosmetics on the other: Cameo design, RN 31000026; HEALING ANTHROPOLOGY, RN 2940154; BeeTanicals, RN 3019825; DIVINE ESSENCE, RN 2917229; MAHARISHI AYURVEDA, RN 27997932; ADVANCED DEFENSE, RN 3056073; XHUMAN, RN 2701617; DR. WITHROW, RN 2710231; ECKERD, RN 3092463; SUNMARK, RN 2941616; WILD OATS, RN 3060428; MENSCEINCE ANDROCEUTICALS, RN

3016174; SHANKARA, RN 2863532; PLANET MOTHERHOOD, RN 2735270; MOUNTAIN ROSE HERBS, RN 3019383; TROPICAL TRADITIONS, RN 2907903; NU-MED Design, RN 2873276; WORKING WITH NATURE TO MAKE A DIFFERENT, RN 2800846; FIRMAGEN, RN 3040759; ROEX R Design, RN 2946081; NUTRAFINA, RN 3030380; DR. SEARS ZONE LABS, RN 3074327; UDDERLY COLOSTRAL, RN 2760603; FORMULARY, RN 2926599; UNICITY, RN 2995456; NATURES ULTIMATE Design, RN 3045460; LIFE-FLO, RN 27513790 and RICE THERAPY, RN 3083113. These third party registrations demonstrate conclusively that supplements and cosmetics are closely related goods and that there are a plethora of entities that market both supplements and cosmetics under the identical trademark.

Information about some of these marks obtained from the Internet are attached to the Geller declaration and establish the commercial availability of these products:

MAHARISHI AYURVEDA , [www.mapi.com/en/1-800-255-8332/index.html](http://www.mapi.com/en/1-800-255-8332/index.html); DR. WITHROW, [www.withrow-phar.com](http://www.withrow-phar.com); SUNAMRK, [www.sunmarkbrand.com](http://www.sunmarkbrand.com); WILD OATS, [www.wildoats.com](http://www.wildoats.com); MOUNTAIN ROSE HERBS, [www.mountainroseherbs.com](http://www.mountainroseherbs.com); NU-MED Design, [www.preciouscreation.citymax.com](http://www.preciouscreation.citymax.com); FIRMAGEN, [www.firmagen.com](http://www.firmagen.com); ROEX R design, [www.roex.com](http://www.roex.com); NUTRAFINA, [www.nutrafin.com](http://www.nutrafin.com); and LIFE-FLO, [www.life-flo.com/products](http://www.life-flo.com/products).

There are numerous companies, in addition to those with the referenced registrations, who market both supplements and cosmetics (Geller Decl Ex. ):

PHYTOMER, [www.phytomer.com](http://www.phytomer.com); BORBA, [www.drugstore.com](http://www.drugstore.com); MURAD,

[www.murad.com](http://www.murad.com); N.V. PERICONE M.D., [www.amazon.com](http://www.amazon.com); and OLAY,  
<http://froogle.google.com> and [www.olay.com](http://www.olay.com);

As of the date of filing this Motion for Summary Judgment, Opposer is unaware of actual use of the mark SMOOTHMOVE'S by Applicant.

TMI believes that a registration of the mark SMOOTHMOVE'S by applicant will damage it by likely causing confusion in the marketplace by virtue of the fact that dietary supplements, over-the-counter pharmaceuticals and skin care products are all sold in the same channels of commerce to the same consumers. TMI believes that consumers encountering Applicant's goods in the marketplace, because those goods could be sold in any type of retail or wholesale marketing environment, could believe that these products emanate from TMI, either directly or under license, because of TMI's longstanding use of the name SMOOTH MOVE (Sadler Decl.).

#### ARGUMENT

The law applicable to a determination of likelihood of confusion is clear. It is well settled that the relevant test is *likelihood of confusion*, not actual confusion. It is unnecessary to show actual confusion to establish likelihood of confusion. *Weiss Associates Inc. v. HRL Associates Inc.*, 902 F.2d 1546, 1549, 14 USPQ2d 1840, 1842-43 (Fed. Cir. 1990), and cases cited therein.

If the marks of the respective parties are identical, as they are here, the relationship between the goods or services need not be as close to support a finding of likelihood of confusion as would be required in a case where there are differences

between the marks. *Amtcor, Inc. v. Amtcor Industries, Inc.*, 210 USPQ 70, 78 (TTAB 1981). The goods or services do not have to be identical or even competitive in order to determine that there is a likelihood of confusion. The inquiry is whether the goods are related, not identical. The issue is not whether the goods will be confused with each other, but rather whether the public will be confused about their source. *See Safety-Kleen Corp. v. Dresser Indus., Inc.*, 518 F.2d 1399, 1404, 186 USPQ 476, 480 (C.C.P.A. 1975). It is sufficient that the goods or services of the applicant and the registrant are so related that the circumstances surrounding their marketing are such that they are likely to be encountered by the same persons under circumstances that would give rise to the mistaken belief that they originate from the same source. *See, e.g., On-line Careline Inc. v. America Online Inc.*, 229 F.3d 1080, 56 USPQ2d 1471 (Fed. Cir. 2000); *In re Martin's Famous Pastry Shoppe, Inc.*, 748 F.2d 1565, 223 USPQ 1289 (Fed. Cir. 1984); *In re Corning Glass Works*, 229 USPQ 65 (TTAB 1985); and *In re Jeep Corp.*, 222 USPQ 333 (TTAB 1984).

The nature and scope of a party's goods or services must be determined on the basis of the goods or services recited in the application or registration. *See, e.g., Hewlett-Packard Co. v. Packard Press Inc.*, 281 F.3d 1261, 62 USPQ2d 1001 (Fed. Cir. 2002); *In re Shell Oil Co.*, 992 F.2d 1204, 26 USPQ2d 1687, 1690 n. 4 (Fed. Cir. 1993); *J & J Snack Foods Corp. v. McDonald's Corp.*, 932 F.2d 1460, 18 USPQ2d 1889 (Fed. Cir. 1991); *Octocom Systems Inc. v. Houston Computer Services Inc.*, 918 F.2d 937, 16 USPQ2d 1783 (Fed. Cir. 1990); *Canadian Imperial Bank of Commerce, N.A. v. Wells Fargo Bank*, 811 F.2d 1490, 1 USPQ2d 1813 (Fed. Cir. 1987); *Paula Payne Products Co. v. Johnson Publishing Co.*, 473 F.2d 901, 177 USPQ 76 (C.C.P.A. 1973). Here, the

goods recited in Opposer's registration are laxatives and herbal teas and on product packaging as laxatives, medicinal herb teas and dietary food supplements. All of these goods have been sold by TMI since 1974.

If the cited registration describes goods or services broadly, and there is no limitation as to the nature, type, channels of trade or class of purchasers, it is presumed that the registration encompasses all goods or services of the type described, that they move in all normal channels of trade, and that they are available to all classes of purchasers. Here, neither Opposer's registration nor applicant's application is limited in any way – as to goods described, channels of commerce and/or class of purchasers. Therefore, if the cited registration has a broad identification of goods or services, an applicant does not avoid likelihood of confusion merely by more narrowly identifying its related goods. *See, e.g., In re Linkvest S.A.*, 24 USPQ2d 1716 (TTAB 1992); *In re Diet Center Inc.*, 4 USPQ2d 1975 (TTAB 1987; *In re Uncle Sam Chemical Co., Inc.*, 229 USPQ 233 (TTAB 1986).

Evidence of relatedness might include news articles and/or evidence from computer databases showing that the relevant goods or services are used together or used by the same purchasers; advertisements showing that the relevant goods or services are advertised together or sold by the same manufacturer or dealer; or copies of prior use-based registrations of the same mark for both applicant's goods and services and the goods and services listed in the cited registration. Third-party registrations that cover a number of different goods or services have probative value to the extent that they may serve to suggest that goods or services are of a type that may emanate from a single

source (TMEP 1207.01(d)(iii)). Attached to Opposer's Notice of Reliance (Exhibit B) are copies of recently and long-standing issued registrations that cover goods in both Classes 3 and 5 from the official USPTO website. Attached to Geller declaration are documents downloaded from the Internet that show databases and advertisements of companies that currently sell both supplements and cosmetics under the same mark).

Finally, if there is any doubt as to whether there is a likelihood of confusion, that doubt must be resolved in favor of the prior registrant. *In re Shell Oil Co.*, 992 F.2d 1204, 26 USPQ2d 1687 (Fed. Cir. 1993); *In re Hyper Shoppes (Ohio), Inc.* 837 F.2d 463, 6 USPQ2d 1025 (Fed. Cir. 1988).

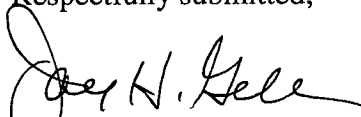

#### CONCLUSION

Here, because the marks are identical, the goods are closely related, there are numerous third party registrations that cover TMI's goods and Applicant's goods, the use by third parties of the same mark on supplements and skin care preparations and cosmetics, the length of use of the mark SMOOTH MOVE by TMI (over 30 years) and the substantial sales of TMI's SMOOTH MOVE products over the past ten years, there is no genuine issue of material fact precluding a finding that there is a likelihood of confusion in the marketplace between TMI's use of its registered mark on its over-the-counter pharmaceuticals and dietary supplements and Applicant's use of the mark SMOOTHMOVE'S on skin care preparations. Since there is no genuine issue of material fact on this issue, as a matter of law, there is a likelihood of confusion between TMI's use of SMOOTH MOVE and Applicant's intended use of SMOOTHMOVE'S and

registration to Applicant should be refused. TMI respectfully requests that the TTAB grant is Motion for Summary Judgment.

## DECLARATION OF DRAKE SADLER

Drake Sadler, under penalty of perjury of the laws of the United States, swear and states as follows:

1. I am the CEO of Traditional Medicinals, Inc (TMI). If called as a witness in this matter, I would testify to the following facts of my own personal knowledge.

2. I was one of the founders of TMI in 1974. One of the first products that TMI marketed was SMOOTH MOVE herb tea and herbal laxative over-the-counter pharmaceutical. Continuously since 1974, TMI has marketed SMOOTH as an herb tea and herbal laxative over-the-counter pharmaceutical. When the Food, Drug and Cosmetic Act was amended in 1994 to expand the legal definition of dietary supplement, TMI changed the labeling of the SMOOTH MOVE product to position is as a dietary supplement as well as herb tea and herbal laxative over-the-counter pharmaceutical. SMOOTH MOVE has consistently, since its inception, been one of the best selling TMI products. TMI owns United States Trademark Registrations 1258223 and 2520275 and pending application serial number 78809216 for the trademark SMOOTH MOVE.

3. Attached as Exhibit A to my declaration are representative samples of product packaging and labeling used by TMI for its SMOOTH MOVE products over the years (1974, 1975, 1984, 1989, 2000, 2002, 2005 and 2006. Each page has the year of use of the packaging. These samples consist of product cartons. TMI is expanding its SMOOTH MOVE product line in October, 2006 by adding encapsulated laxatives and dietary supplements.

4. Attached as Exhibit B two pages from TMI's website ([www.traditionalmedicinals.com](http://www.traditionalmedicinals.com)) showing the current packaging and product information for the two varieties of SMOOTH MOVE supplements/laxatives (regular and chocolate flavor) currently sold by TMI.

5. Representative advertisements for SMOOTH MOVE, also identified by year, alone or with other TMI products, are attached as Exhibit C (1980, 1984 (2), 1986, 1992, 1994, 1995, 1998 and 2006). Some of these advertisements display still different packaging for the SMOOTH MOVE products than appear in Exhibit A. These advertisements have appeared in a variety of general circulation magazines and other publications directed to individual consumers as well as in point-of-purchase materials distributed by TMI to its retail customers.

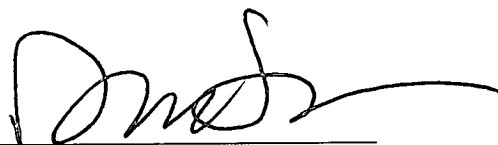

6. Since 1995, TMI has sold over 1,600,000 cases of SMOOTH MOVE products with net sales to TMI of over \$18,500,000. These sales represent over 9,400,000 individual boxes of SMOOTH MOVE products. When brewed as directed, the total number of cups of SMOOTH MOVE teas that has been sold exceed 153,000,000 cups! Sales of the product have risen ever year since 1995 and the SMOOTH MOVE products are among the best selling of TMI's products. Through May, 2006 (the first eight months of TMI's fiscal year), the company has sold 136,000 cases of regular SMOOTH MOVE products and 17,500 cases of Chocolate SMOOTH MOVE products. Combined dollar sales for the first eight months of the current fiscal year are over \$2,000,000.

7. The SMOOTH MOVE products are marketed through thousands of grocery, drug, health food and discount retail outlets throughout the United States and on the Internet (Decl. Drake Sadler).

8. TMI believes that a registration of the mark SMOOTHMOVE'S by applicant will damage it by likely causing confusion in the marketplace because of the large number of dietary supplements, over-the-counter pharmaceuticals and skin care preparations all sold under the same trademark. In addition, because there are no restrictions on where either TMI or Applicant can sell their respective products, there is a likelihood that the products will be sold in the same channels of trade. TMI believes that consumers encountering Applicant's goods in the marketplace, because those goods could be sold in any type of retail or wholesale marketing environment, could believe that these products emanate from TMI, either directly or under license, because of TMI's longstanding and widespread use of the trademark SMOOTH MOVE.

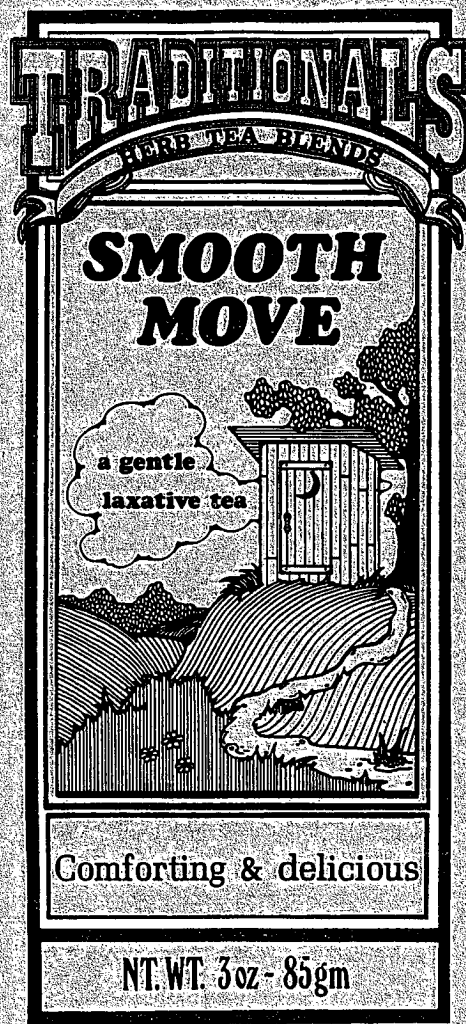

I declare under penalty of perjury of the laws of the United States that the foregoing is true and correct and that this declaration was executed this \_\_\_\_ day of 6/29, 2006 at Sebastopol, CA.

Constipation is a very common dis-  
comfort. Given the lack of quality of  
the foods available, so many of which  
are processed and contain synthetic  
preservatives, it's no wonder that our  
digestive systems occasionally stop  
functioning as they are supposed to.  
In addition, we are all living in a fast  
moving world, and rarely is adequate  
time for rest set aside to allow for the  
complete digestion of our meals.  
It should be obvious then, that proper  
diet and the elimination of stress are  
key factors in the maintenance of a  
healthy digestive system.  
Herbs should also be considered  
foods. While providing nourishment,  
they strengthen and tone. Tea is an  
excellent way to extract the benefi-  
cial properties of herbs. When consti-  
pation occurs, it is initially best to  
refrain from adding more bulk food to  
the system. Warm herb tea can pro-  
vide soothing relief for those times of  
discomfort. However, if constipation  
persists, consult your physician.

THE NATURAL TEA BAG STORY  
For several years, our distributors, retailers, and con-  
sumer friends have urged us to put our tea blends in tea  
bags. Two years of extensive research into the tea bag in-  
dustry has revealed the following:  
We found that most tea bags (the pillow type and crimped  
around the edges) use paper infused with a variety of heat  
sealant chemicals (PVA, PVO, etc.). To what extent these  
potentially toxic chemicals end up in your tea is as yet  
undetermined. However, it is a very controversial issue.  
So, we continued our search for an alternative. What we  
have discovered is a completely natural tea bag, free of  
any sealant chemicals! This tea bag paper is a special  
blend of hemp and soft wood fibers. The bags are folded  
over and stapled to a 100% cotton string.  
And how much more does it cost? Only about two cents  
extra per bag! For just two more cents, we offer you the  
best!

Since the beginning of time, herbs have played an important role in the development of medicine. Long before their use as beverage ingredients, herbs were used for the treatment of illness. In the up until the turn of the century, herbs still provided the basic ingredients for most medicines. With the development of drug chemistry, many of the simple ways of traditional medicine were left behind.

A physician had discovered and used for his tea plant. Still recognized today in most national pharmacopoeias, senna is a safe and effective laxative herb. A native to Africa and Arabian lands, it is also cultivated in Southern India, the source of most commercial senna. The plant grows as a small green shrub with a sp of yellow flowers.

healing power of musician ever." She plays violin for an hour a day, and performs with a string quartet and an orchestra. She continues to promote her GIM program around the country and around the world, recently going to England, Sweden, Denmark, Switzerland, Lithuania, Australia, and New Zealand. In addition to her work as a psychotherapist, she is particularly interested in bringing music into hospitals: "Our high-technology health-care system may save lives," she explains, "but the hospital experience itself has become a major source of anxiety. Patients often feel so alienated that their bodies actually lose some of their innate healing ability. Music preserves and nurtures that ability. Even with the best technology, we still have to help ourselves, and music helps."

San Francisco-based health writer Michael Castleman is writing a book about natural therapies, including music. He enjoys rock, jazz, gospel, and R&B.

## THE 25 YEAR TEST IS OVER. WE'RE #1.

Over the last 25 years we've been sold side-by-side in health food stores with Celestial Seasonings herb teas. After all that time and exposure to both brands consumers have made us the best-selling brand of medicinal herb teas.

### #1 BEST-SELLING LINE OF MEDICINAL TEAS SOLD IN NATURAL FOOD STORES

Our #1 item, Echinacea Plus, outsells Celestial Seasonings' #1 item by 205% in dollars. If your tea sales don't reflect this type

of item ranking maybe natural foods retailers know something you don't know.

### The Natural Pharmacy of Plants™

Herbal remedies are growing at double-digit rates and the numbers indicate that consumers prefer tea as a delivery system. We sell over 37 different medicinal herb teas in our Natural Pharmacy of Plants™ merchandising program.

To find out more call us at 1-800-543-4372, ext. 328. And, be ready to order. You're going to need the inventory.

Retailers who enter the annual contest are judged according to overall promotional efforts for the month, including advertising, merchandising, use of POS material and percentage sales increases, judged against the previous month, as well as last year's promotion.

A grand prize of \$1,000 and a crystal Tiffany trophy is awarded, as well as cash prizes, to runners-up from five independents and five chains. Brokers get \$10 for each off-shelf rice display they set during the month.

## Hand Crafted Herbal Teas

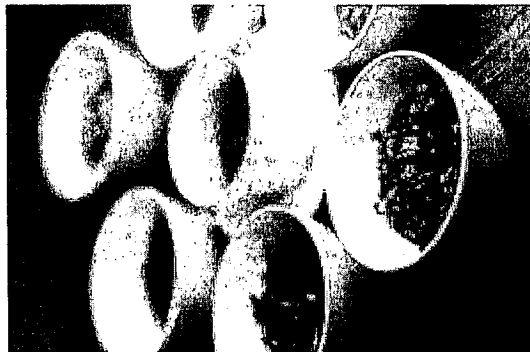

There is nothing more satisfying and enjoyable than the fresh taste of hand crafted, loose-leaf herbal tea. These delicious and nourishing beverages make a lovely compliment to your morning, an energy booster in the afternoon and, they represent the required relaxation we all deserve in the evenings.

Unlike conventional finely cut tea found in mass manufactured tea bags, our loose-leaf herbal tea is fresh, fragrant, tasty, longer lasting and far more economical.

All of the teas at Mountain Rose Herbs are blended and made prior to your order to ensure quality and freshness. As with all the fine products offered by Mountain Rose Herbs, the quality and taste of these blends are unsurpassable in flavor, color, depth and aroma. In fact; we firmly believe nobody can deliver a better cup. Our line of herbal loose-leaf teas are made with certified organic ingredients, and when organic materials are not available, we will opt for carefully wildcrafted herbs. We never have, nor will we ever use conventionally grown materials in our teas.

Loose tea is packaged in re-sealable kraft bags complete with brewing instructions. Our 3 oz size brews 8-12 cups of tea, and our 1 lb size brews 40-60 cups of tea. All herbal teas are caffeine free.
