Opposition No. 91169142

Karsten Manufacturing  
Corporation

v.

Seven Networks, Inc.

**By the Trademark Trial and Appeal Board:**

On August 1, 2007, opposer filed a withdrawal of its opposition, which resulted in the Board's dismissal of this case without prejudice on that day. The proposed amendment to involved application Serial No. 76612122 that applicant filed on July 30, 2007 subsequently became associated with the proceeding file. Accordingly, the Board will consider that amendment.

By the proposed amendment, applicant seeks to change the identification of goods in International Class 9 and recitation of services in International Class 42 by adding the wording **"all of the foregoing for products marketed to original equipment manufacturers and wireless network operators"**

The amendment is clearly limiting in nature as required by Trademark Rule 2.71(b). Because opposer consents

thereto, it is approved and entered. See Trademark Rule 2.133(a).

The opposition remains dismissed without prejudice.
