Opposition No. 91169250

9900 Santa Monica, Inc.

v.

**The Friars National
Association, Inc.**

On December 20, 2007, opposer was allowed time to show cause why judgment should not be entered against it based on its loss of interest in this case and in view of the determination made in the referenced court case. Opposer was informed that, if no word was heard, applicant's motion to dismiss (filed November 8, 2007) would be granted as conceded. No response has been received from opposer.

Accordingly, applicant's motion to dismiss is hereby granted as conceded and the opposition is dismissed with prejudice. See Trademark Rules 2.106(c) and 2.127(a).
