1 Whereupon,

2 (Exhibits 1 through 10 previously marked
3 for identification.

4 MR. HAHN: I'm Peter Hahn, H-a-h-n. I
5 represent Canyon Plastics and Dale Pennington, and
6 Mr. Hendershot is on the phone. He is representing
7 himself. And we have Mr. Gary Garland and the court
8 reporter in Arizona and we'll be taking his deposition
9 today.

10 What I'd like to do is if the court reporter
11 can go ahead and let's go on the record.

12 GARY GARLAND,
13 having been first duly sworn to tell the truth, the
14 whole truth, and nothing but the truth, was examined and
15 testified as follows:

16 EXAMINATION

17 BY MR. HAHN:

18 Q. All right. For the court reporter, it is very
19 difficult for me to hear you, so if you need to get me
20 to stop or repeat something, make sure we do that. I
21 heard Gary really well, but I could barely hear you. So
22 make sure you stop me if you need to.

23 Gary, can you go ahead and give me your full
24 name, please.

25 A. It is Gary Lee Garland.

1 Q. Okay. Gary, what we are doing today is taking
2 a testimonial deposition for use in the trademark
3 opposition proceeding regarding the trademark "Gitzit."

4 And Gary, you understand that you're under
5 oath today?

6 A. I do, yes.

7 Q. And you are prepared to give testimony in this
8 proceeding?

9 A. Yes.

10 Q. Thank you.

11 Okay. Mr. Garland, can you look at the stack
12 of exhibits I sent to you and look at Exhibit 1, please.

13 A. Yes.

14 Q. Do you understand that that document is a
15 notice of testimonial deposition?

16 A. I do, yes.

17 Q. And after receiving that, did you request that
18 the deposition be moved to an earlier time during the
19 day for personal reasons?

20 A. I did, yes.

21 Q. Okay. Can you go ahead and look at Exhibit
22 No. 2, and do you see that that is the amended notice of
23 testimonial deposition?

24 A. Yes.

25 Q. And are you here today pursuant to that notice

1 of deposition?

2 A. Yes.

3 Q. Thank you.

4 MR. HAHN: Opposer offers Exhibits 1 and 2
5 into evidence.

6 BY MR. HAHN:

7 Q. Mr. Garland, did you start a company around
8 1977?

9 A. No.

10 Q. About what time frame did you start your
11 company?

12 A. 1975.

13 Q. Okay. And what was the name of that company?

14 A. It was Canyon Lures.

15 Q. And what kind of product did that company
16 sell?

17 A. We made tube lures and jig heads.

18 Q. And did that company get renamed Canyon
19 Plastics at some point?

20 A. Yes, we did rename to Canyon Plastics right
21 around 1980, I think it was.

22 Q. Okay. Thank you.

23 Mr. Garland, who is Bobby Garland?

24 A. Bobby is my --

25 Q. I'm sorry. I didn't hear that.

1 A. My brother.

2 Q. Okay. Thank you. And when did he pass away?

3 A. February '06.

4 Q. Thank you. And who is Linda Garland?

5 A. His ex-wife.

6 Q. She is still alive; is that correct?

7 A. Yes.

8 Q. And she has been out of the fishing lure
9 business for many years; is that correct?

10 A. Yes.

11 Q. Hello?

12 A. Yes.

13 Q. Okay. Did Bobby and Linda Garland give you
14 verbal consent to use the trademark "Gitzit" in the late
15 19 -- or late 1980s, in that time frame?

16 A. Yes.

17 Q. Did that consent to use the trademark
18 ultimately get put into a document that you were given?

19 A. I'm sorry. Will you repeat that?

20 Q. Yes. Did you ultimately get a consent to use
21 the trademark that was in writing?

22 A. I did, yes.

23 Q. Could you look at Exhibit 3 that is in front
24 of you?

25 (Interruption by court reporter.)

1 MR. HAHN: I hear you much better now. Thank
2 you.

3 BY MR. HAHN:

4 Q. Looking at Exhibit 3, have you seen that
5 document before?

6 A. Yes.

7 Q. Is Exhibit 3 the document in which Linda
8 Garland gave you consent to use the trademark "Gitzit"?

9 A. Yes.

10 Q. Is that the document?

11 A. Yes, it is.

12 Q. Thank you. The document is dated October of
13 1990. Do you believe that to be the correct date?

14 A. Yes.

15 MR. HAHN: Opposer offers Exhibit 3 into
16 evidence.

17 BY MR. HAHN:

18 Q. Mr. Garland, after Linda gave you the consent
19 to use the "Gitzit" trademark, which we marked as
20 Exhibit 3, did Canyon Plastics start using the trademark
21 "Gitzit" on fishing lures?

22 A. Yes.

23 Q. And when I -- when I say "Gitzit lures" or
24 "Gitzit fishing lures," I'm referring to Gitzits that
25 are sold in connection with the "Gitzit" trademark; is

1 that right?

2 A. Yes.

3 Q. All right. Is it correct, that

4 Canyon Plastic --

5 (Discussion held off the record.)

6 MR. HAHN: Let's go back on the record.

7 BY MR. HAHN:

8 Q. Mr. Garland, did Canyon Plastics start selling
9 Gitzit lures around the fall of 1990?

10 A. Yes.

11 Q. Has Canyon Plastics sold Gitzit fishing lures
12 throughout the United States?

13 A. Yes.

14 Q. Has Canyon Plastics sold Gitzit fishing lures
15 outside of the United States?

16 A. Yes.

17 Q. Has Canyon Plastics sold Gitzit fishing lures
18 continuously since it started using the "Gitzit"
19 trademark in the fall of 1990?

20 A. Yes.

21 Q. Thank you.

22 Let's now turn to Exhibit 4. Have you seen
23 the document that was marked Exhibit 4 previously?

24 A. Yes.

25 Q. Can you tell me what that document is?

1 A. This is a purchase agreement from my company
2 to J.L. Pennington.

3 Q. Thank you. At the top of the first page it
4 says the agreement is dated on June 1, 2005.

5 A. Yes.

6 Q. Turning to the last page, there are signatures
7 for Canyon, Gitzit and for yourself. Did you sign this
8 document?

9 A. Yes.

10 Q. If we can go back to the first page of the
11 agreement. About halfway down it says -- there is a
12 heading that says "Assets to be Purchased." Do you see
13 that? Do you see the heading, "Assets to be Purchased"?

14 A. Not yet. I'm still looking.

15 Q. It says, "Article 1, Assets to be Purchased."

16 A. Okay. I have it, Peter.

17 Q. Okay. Under this agreement did all of the
18 assets of Canyon Plastics get sold to Mr. Pennington?

19 A. Yes.

20 Q. Did those assets include the trademark
21 "Gitzit"?

22 A. Yes.

23 Q. And is that trademark specifically identified
24 in Item No. 5 in the list of assets?

25 A. Yes.

1 Q. And along with the assets of the company, did
2 the good will of Canyon Plastics get sold to
3 Mr. Pennington?

4 A. Yes.

5 Q. Thank you.

6 So you started the company and worked with the
7 company the entire time until you sold it to
8 Mr. Pennington in 2005; is that correct?

9 A. Yes.

10 Q. And from 2005 to the present, you have
11 continued to work with the company; is that correct?

12 A. Yes.

13 Q. So is it fair to say that you are aware of the
14 sale of Gitzit Lures by Canyon Plastics both during the
15 time that you owned the company and during the time that
16 Mr. Pennington has owned the company?

17 A. Yes.

18 Q. And has the use of the "Gitzit" trademark been
19 continuous during that entire time?

20 A. Yes.

21 Q. Okay. Can we turn now to Exhibit No. 5.

22 MR. HAHN: Actually, before I go there, I
23 would like to offer Exhibit 4 into evidence.

24 BY MR. HAHN:

25 Q. Turning now to Exhibit 5, Mr. Garland, are the

1 pictures included in Exhibit 5 representative examples
2 of the packaging for Gitzit fishing lures sold by Canyon
3 Plastics?

4 A. Yes.

5 Q. Okay. Was this packaging or packaging like
6 that shown in Exhibit 5 used by you and your company
7 during the entire time that Gitzit lures have been sold
8 by your company?

9 A. Yes.

10 MR. HAHN: Opposer offers Exhibit 5 into
11 evidence.

12 BY MR. HAHN:

13 Q. If we can turn to Exhibit 6.

14 Mr. Garland, do the documents in Exhibit 6
15 represent samples of marketing materials and price lists
16 for fishing lures including the Gitzit fishing lure sold
17 by your company?

18 A. Yes.

19 Q. And I apologize. What I meant by "your
20 company," by Canyon Plastics, both during the time that
21 you owned the company and during the time that
22 Mr. Pennington has owned the company.

23 A. Yes.

24 Q. Thank you. Am I correct in saying that these
25 marketing materials and price lists or one similar to

1 these have been used in the connection with Gitzit lures
2 since the fall of 1990?

3 A. Yes.

4 MR. HAHN: Opposer offers Exhibit 6 into
5 evidence, and to the extent I didn't offer Exhibit 5
6 into evidence, I'm offering Exhibit 5 in as well. So
7 Exhibit 6 of the packet was the marketing materials and
8 price lists.

9 BY MR. HAHN:

10 Q. Turning now to 7, Mr. Garland, the first page
11 of Exhibit 7 is a purchase order received by Canyon
12 Plastics for fishing lures.

13 A. I'm sorry. Repeat that.

14 Q. Yes. Is the first page of Exhibit 7 a
15 purchase order that was received by your company in
16 1999?

17 A. Yes.

18 Q. If we look at the second page, it is an
19 invoice issued by the company in February of 2000 for a
20 variety of fishing lures including a Gitzit --

21 (Interruption by court reporter.)

22 BY MR. HAHN:

23 Q. Yes. Looking at the second page of Exhibit 7
24 is this an invoice issued by your company?

25 Gary?

1 A. Yes. Are we looking at the second page?

2 Q. Yes, the second page of Exhibit 7.

3 A. 11-11 on the invoice date? '99?

4 Q. No. The next page. It should be an invoice
5 dated February 17, 2000.

6 A. I've got that, yes.

7 Q. Okay. Is that an invoice issued by your
8 company?

9 A. Yes.

10 Q. Okay. Is that purchase order that was the
11 first page of Exhibit 7 and the invoice, which is the
12 second page of Exhibit 7, are those representative
13 examples of purchase orders received by your company and
14 invoices issued by your company?

15 A. Yes.

16 Q. And invoices similar to the ones shown were
17 issued by you from 1990 until 2005?

18 A. Yes.

19 MR. HAHN: Thank you. Exhibit 7 is offered
20 into evidence.

21 BY MR. HAHN:

22 Q. If we can look at Exhibit 8, which is a
23 collection of invoices. Do you see those?

24 A. Yes.

25 Q. Are those invoices representative samples of

1 invoices issued by Canyon Plastics where Mr. Pennington
2 purchased the assets?

3 A. Yes.

4 Q. And do those invoices include charges for
5 sales of Gitzit fishing lures?

6 A. Yes.

7 MR. HAHN: Thank you. Opposer offers
8 Exhibit 8 into evidence.

9 BY MR. HAHN:

10 Q. Turning to Exhibit 9, is the exhibit a copy of
11 an excerpt in the March 1991 edition of Outdoor Life?

12 A. Okay. I have it.

13 Q. Okay. Is -- is that an excerpt?

14 Mr. Garland, is Exhibit 9 a copy of an excerpt
15 from the March 1991 edition of Outdoor Life?

16 A. Yes.

17 Q. Does this article discuss some of the fishing
18 lures that you were making at Canyon Plastics in 1991?

19 A. Yes.

20 Q. At the time of this article, were you
21 producing Gitzit lures?

22 A. Yes.

23 MR. HAHN: Opposer offers Exhibit 9 into
24 evidence.

25 / / / / /

1 BY MR. HAHN:

2 Q. Turning now to Exhibit 10, do you have that in
3 front of you?

4 A. What exhibit is it?

5 Q. Exhibit 10.

6 A. Okay. Yes.

7 Q. Is that a copy of an article from the August
8 and September 2006 edition of FLW Outdoors magazine?

9 A. Yes.

10 Q. Is that article a comparison of fishing lures
11 including the Gitzit made by Canyon Plastics?

12 A. Yes.

13 MR. HAHN: Opposer offers Exhibit 10 into
14 evidence, and that will be the end of the deposition
15 from my side.

16 Mr. Hendershot, are you still on the line?

17 MR. HENDERSHOT: I am.

18 MR. HAHN: Normally, this is the point at
19 which we -- well, let me go off the record for one
20 minute.

21 (Discussion held off the record.)

22 MR. HAHN: Back on the record.

23 The parties would like to stipulate that the
24 court reporter be relieved from the normal obligation to
25 maintain the original of the deposition transcript.

1 Instead the transcript will be sent to me. I will have
2 Mr. Garland review it, make any necessary changes and
3 then sign it. I will send the corrections and signature
4 page to Mr. Hendershot. If Mr. Garland does not sign
5 the transcript in 30 days, the parties agree that it
6 will be deemed to have been approved as transcribed.
7 The parties further stipulate a copy of the transcript
8 once signed or deemed approved can be used for any and
9 all purposes in this proceeding.

10 Do you agree to that stipulation,
11 Mr. Hendershot?

12 MR. HENDERSHOT: I do.

13 MR. HAHN: Thank you, and I believe that is
14 it. Anything else?

15 MR. HENDERSHOT: I don't have any questions at
16 all for Gary.

ASSIGNMENT of TRADENAME "GITZIT"

The parties to this assignment are Linda J Garland, whose address is P.O.Box 480, Washington, Utah 84780 (hereinafter referred to as "Assignor"), and Garry Garland/Canyon Lures whose business address is 2445 Northern Avenue, Kingman, Arizona 86401. (Hereinafter referred to as "Assignee").

Whereas Assignor has recieved the approximate sum of ninty three hundred dollars and has not recieved a payment since July 1990 she is putting into action the Collateral assignment of Trademark and Trade names as issued her by Gulf Eastern Corporation and its CEO David N. Morton. (Exhibit A)

Whereas Assignor is a participant in the Stock Purchase agreement between Bass'n Man Lure Co., Inc. and Gulf Eastern Corporation, and Garland Manufacturing owning the trademarks, and knowing for a stated fact that there was and is no good will transferred with the documents in either case, Assignor is thus Assigning the use of the tradename, "GITZIT", (Exhibit B) to Assignee to be used in any way he may find beneficial to his interests with the exceptionation of any claim and or restriction that Bobby G. Garland may have upon the name.

As "Assignor" of the trade name I must state here that in fact the rightful owner of the Trademarks and Tradenames

is and shall be assigned to Bobby G. Garland as soon as possible.

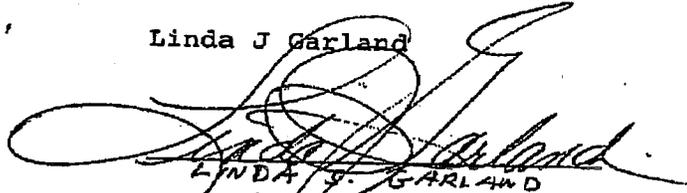

Upon "Assignor" issuing this Assignment she requests that Bobby G. Garland, for the good of both Assignee and himself, assign the good will and use of this trade name as prescribed above. If no document be found, to this date, issued in opposition of this request then this shall be the legal issuance which determines the right of Assignee to put into use and keep in use the trade name "GITZIT", from this day forward until Assignee no longer has a use for the trade name.

Signed before me this DAY Below.

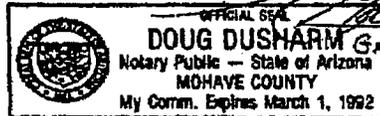

Dated this 27th day of October 1990

COLLATERAL ASSIGNMENT OF TRADEMARK AND TRADE NAMES

The parties to this assignment are Gulf Eastern Corporation, Inc., a Nevada corporation, whose principal address is 11811 North Tatum Boulevard, Suite 3031, Phoenix, Arizona 85028 (hereinafter referred to as "Assignor"), and Linda Joyce Garland, whose principal address is 447 Playa Della Rosita, Washington, Utah 84780 (hereinafter referred to as "Assignee").

WHEREAS, Assignor is a purchaser of Bass 'N Man Lure Company, Inc. stock pursuant to a Stock Purchase Agreement dated December 29, 1989; and

WHEREAS, Assignee is seller of shares of stock in Bass 'N Man Lure Company, Inc., pursuant to that agreement; and

WHEREAS, Assignee has an undivided one-half interest in such revenue participation certificate; and

WHEREAS, such agreement provides for a revenue participation certificate providing for a gross revenue of the company pursuant to paragraph 3(b) of the Stock Purchase Agreement; and

WHEREAS, as a modification of that agreement, Assignor has agreed to provide Assignee with collateral to secure payments of that interest;

IT IS HEREBY AGREED AS FOLLOWS:

1. Assignor hereby collaterally assigns all right, title and interest to the registered trademark and trade names as set forth on Exhibit A attached hereto to Assignee for purposes of securing the payment of that portion of the indebtedness set forth in

paragraph 3(b) of the Stock Purchase Agreement payable to Assignee. This assignment is a collateral assignment and shall be governed by the terms and conditions of the Uniform Commercial Code as set forth in the State of Arizona and applicable provisions of 15 U.S.C. § 1060. Assignor agrees to hold such assignment for collateral and not to record it unless Assignor is in default in the performance and obligations of Paragraph 3(b) of the Stock Purchase Agreement and until Assignee has provided Assignor with notice of the default and provided Assignor with thirty (30) days to cure such default. Upon failure of Assignor to cure the default within the period set forth herein, Assignee may record the assignment of the Trademark and Trade Names with the United States Patent and Trademark office.

2. During the term of this assignment, Assignor shall not assign, transfer, convey or encumber the Trademarks and Trade Names set forth on Exhibit A attached hereto without the written consent of Assignee. All notices to the parties shall be to the notice addresses set forth in the Stock Purchase Agreement dated December 29, 1989 unless notice of change of address is made as set forth in such agreement.

3. Upon payment in full by the terms of the Stock Purchase Agreement of the obligation set forth in Paragraph 3(b) thereof, Assignee shall immediately return this assignment to Assignor and all obligations under this assignment shall be terminated.

Handmade Soft Quality Lures For That Extra Edge!

CANYON MINI JIG

Tini and Small Mini Skirts

1 1/4" - 1 1/2" Long

1/64, 1/32, 1/16 oz. Best sizes for Crappie, Perch, Bream, some colors very good for trout. 1/16 oz. Green/White broke a 30 year old record for Largemouth bass in 1988; a 14.52 lb. Arizona Lunker. Work slowly with a bobber in shallow water. For suspended, fish over islands and trees without a bobber. 10-30 ft. deep, fish vertical, while watching your line, set the hook when your line stops, presuming you haven't hit bottom.

Large Mini Stet

2 1/2" Long

1/8 and 1/4 oz. Best sizes for Walleye, Small and Largemouth Bass. Pump and swim for Walleye, drag on bottom for Smallmouth, pump lure up to 3 ft. and let freefall for Largemouth.

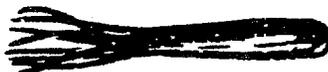

2 1/2" Mini Gitzit

2 1/2" Long

Rig with 1/16 or 1/8 oz. Jig Head, or splitshot this small finesse bait, good for Walleye and Smallmouth, and tough Largemouth fishing conditions.

3 1/2" Original Gitzit

Rig with 1/16 through 3/8 jig head, or Texas rig it for pre-spawning bass use 1/32, 1/16 or 1/8 oz. head to get a slow fall for nesting fish, that's the key to trigger the maximum amount of strikes. Post-spawn, use 1/8 to 1/4 oz. bait and swim it on bottom and up to 3 ft. off bottom, also work the bait on bottom lifting the rod-tip up 3 ft. and let bait fall.

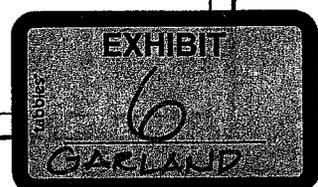

GITZIT

Why have countless tournaments been won on our lures? Because of the soft, natural, lifelike feel of our plastic. The colors are tried and developed by professional fishermen. We try harder for you - the fisherman.

Good fishin' with the best!
My regards.

Outdoor Life

Tube Tops

Due chiefly to their simplicity, tube baits have become the Rodney Dangerfields of fishing lures.

*By Jerry Gibbs,
Fishing Editor*

Tube lures first caught on among Western bass anglers, who often have to deal with clear water that normally lacks heavy cover, deep structure and fussy fish. The lures soon joined the ranks of mini or doodlin' worms in the minds of two-fisted baitcasters—a category of lures they laughingly referred to as sissy baits.

The typical tube is 3 1/2 inches. They range from 2 1/2 to five inches, though, and this year Bobby Garland's brother Garry, who owns Canyon Lures in Arizona, introduced the mega eight-inch tube bait for salt water. It will be matched with jigheads weighing two through a whopping eight ounces. Fishermen of landlocked stripers and lake trout, to name a few, will also find a use for it.

Recently, Garry Garland invented a head he calls the Penny Wobbler. Balance is so critical with this head that it only performs with his 3 1/2-inch tubes.

He thought that his prototypes were designed and tuned to perfection, but on a shakedown pool test with California light-tackle champ Don Iovino the heads wouldn't work. The problem proved to be a slim residue of lead from the mold, which once shaved off brought the jig to life. And what action it has.

The little flat head fits inside the tube. The rigged lure has an enticing wobble as it sinks to the bottom. Lift it with the rod tip, and it comes almost straight up rather than planing toward you as other heads do. It dips and dives like fleeing baitfish. You can work it as a topwater bait causing it to spit a little like a Pop-R. On the bottom in deeper water, a one-foot lift of the rod tip causes the head to dart three feet straight up.

To my thinking, the plain tubes are small, the size of typical forage. Used with just a jig or split shot, they are simple and clean, yet possess that subtle tantalizing drop and gentle wiggle of the tentacles. The only problem with them is the exposed hook. Various weedless jigheads have been created and work to some degree, but most interfere with the unique tube action on the drop. The only exception seems to be the Stik Guard, a plastic strip that goes from jig eye over the hook barb. Canyon Lures sells it.

There's really no wrong way to fish a tube. Some ways are just better than others. You'll probably come up with some innovations of your own—for largemouths, smallmouths, spotted bass, northern pike, walleyes—who knows what else. What is really important is to get out there and, as the say, just do it.

Reviewing soft-plastic tubes is like reviewing individual strands of hair on a head. A tube is a tube is a tube, right? Not necessarily. There are tubes with solid heads and tubes that are hollow throughout. There are tubes made with shad-like bodies and tubes made to mimic crawfish. There are skinny tubes and double-walled fat tubes. Then we could get into color and size and salt content and be here all day.

The one thing we all want to know as anglers is how do we pick the right one for our style of fishing? A lot of it is just

like picking your favorite plastic worm. Sometimes it's the action, sometimes it's the color, and sometimes, quite frankly, it really doesn't even matter.

We scrutinized 11 different tubes by studying their action in an aquarium and fishing with them on Lake Champlain in New York and on Lake Erie in Pennsylvania.

We fished tubes on jigheads mostly and a few on Texas rigs because of their solid heads. What we found was a thinner-walled tube has much more action, and its tentacles breathe more easily when it lays at rest on the bottom or is shook on a bed. However, with thinner walls, you sacrifice durability. To that end,

a double-walled tube is much thicker but, as one would guess, doesn't have as erratic of an action.

Some tubes, like a Berkley Power Tube, have more of a gliding-forward action while others, like a Canyon Plastics Garland's Original Gitzit tube, have a spiraling downward action. Some tubes, like a Northland Slurpies Flipping Tube, have to be fished on a Texas rig because of the solid head, as does the Vertical Lures Tube X, and as a result, those tubes have a lot less action and are more suited to heavy-cover applications.

But without further ado, here are some tubes, with different action, that should be in every tackle box:

PRODUCT REVIEW

Canyon Plastics Garland's Original Gitzit

The first thing that caught my eye on this plastic is what it does when it hits bottom. With the 1/8-ounce head we used for all 11 tubes (except for solid-head tubes), this tube literally stood up vertically on its head for several seconds before settling down. We tried several different ones in several colors, and they all did the same thing. Smallmouths on the beds couldn't stand it. It was equally effective when casting over open-water flats and rock piles.

Canyon Plastics also has developed a new color coating to put white bellies on their tubes that closely mimic forage like gobies. On a recent outing on Lake Erie, this tube accounted for numerous smallmouths weighing 4 pounds or more in both open water and bedding situations. At \$3.29 a bag, you can afford 32 cents worth of fish-catching action in every tube!

Mizmo Bait Company 4-inch Big Boy Tube

A much thicker-walled tube than the Gitzit, the Big Boy is an ideal tube for both flipping and casting. It's a very durable tube and comes in a plethora of colors. Developed by bass anglers on the Wal-Mart FLW Tour, Jimmy and Troy Cox, Mizmo tubes come in a wide range of sizes, but the 4-inch tube was our favorite size. It's loaded with salt and a "secret formula" the Cox's call The EDGE. They guarantee it makes the bass hold onto the tube longer. At \$3.89 a bag, they are a bit more expensive but seemed to last a bit longer.

Berkley 3-inch Power Tube

Berkley has been making the Power Tube for a while, and it has caught a lot of fish. What makes this tube unique from other tubes is its smooth texture (not rough like heavily salted double-walled tubes) and its pointed head. The head gives the tube more of a swimming and gliding action. With soft pumps of the rod tip, the tube closely mimics a baitfish swimming along the bottom, and we found it to be the best swimming tube tested. It only comes in seven colors, but it's the right tube to have when you want to fish a little faster and more horizontally, as opposed to hopping it up and down.
