v.

Igor Logniko

Andrew P. Baxley, Interlocutory Attorney:

Proceedings herein are suspended pending disposition of all motions currently pending before the Board herein, except as discussed below. The parties should not file any paper which is not germane to these motions. See Trademark Rule 2.120(e)(2).

This suspension order does **not** toll the time for either party to respond to discovery requests which had been duly served prior to the filing of applicant's motion to compel, nor does it toll the time for a party to appear for a discovery deposition which had been duly noticed prior to the filing of applicant's motion to compel. See *Id.* The motions will be decided in due course.¹

¹ Notwithstanding that opposer's motion for leave to file an amended notice of opposition was filed after the filing of applicant's motion to compel, opposer's motion for leave to file an amended notice of opposition should be fully briefed in accordance with Trademark Rule 2.127(a).
