v.

Romanson Co., Ltd.

**Angela Lykos, Interlocutory Attorney**

The stipulated protective agreement (filed on January 24, 2008) is noted. The parties are referred, as appropriate, to TBMP §§ 412.03 (Signature of Protective Order), 412.04 (Filing Confidential Materials With Board), 412.05 (Handling of Confidential Materials by Board).

The parties are advised that only confidential or trade secret information should be filed pursuant to a stipulated protective agreement. Such an agreement may not be used as a means of circumventing paragraphs (d) and (e) of 37 CFR § 2.27, which provide, in essence, that the file of a published application or issued registration, and all proceedings relating thereto, should otherwise be available for public inspection.

The schedule otherwise remains as set in the Board's order dated November 14, 2007.

**NEWS FROM THE TTAB:**

The USPTO published a notice of final rulemaking in the Federal Register on August 1, 2007, at 72 F.R. 42242. By this notice, various rules governing Trademark Trial and Appeal Board inter partes proceedings are amended. Certain amendments have an effective date of August 31, 2007, while most have an effective date of November 1, 2007. For further information, the parties are referred to a reprint of the final rule and a chart summarizing the affected rules, their changes, and effective dates, both viewable on the USPTO website via these web addresses:

<http://www.uspto.gov/web/offices/com/sol/notices/72fr42242.pdf>

By one rule change effective August 31, 2007, the Board's standard protective order is made applicable to all TTAB inter partes cases, whether already pending or commenced on or after that date. However, as explained in the final rule and chart, this change will not affect any case in which any protective order has already been approved or imposed by the Board. Further, as explained in the final rule, parties are free to agree to a substitute protective order or to supplement or amend the standard order even after August 31, 2007, subject to Board approval. The standard protective order can be viewed using the following web address:
