Collector Tips

Hot Wheels® cars can be highly valuable and collectible! There are over 100,000 estimated Hot Wheels® collectors around the world! As you start your 2006 collection, here are some tips to help you find that next treasure!

- Sometimes cars switch colors during their production. A color change alone can make a huge difference in the rarity and value of a Hot Wheels® car!
- Hot Wheels® cars have many different wheel styles. Once in a while, the wheels will switch on a car which can increase the value and collectibility of that car!
- There's a lot of other information about Hot Wheels® collecting in magazines and all over the internet, including HotWheelsCollectors.com, a site dedicated to the serious adult collector.
- To help aid you along in collecting, we've put fun facts on the backs of our 2006 Hot Wheels® cars, so be sure to check 'em out!

Secret Segments

In addition to our 2006 First Editions™, Segment Series, Track Aces™ and T-Hunt® models, there are also 8 other cars to collect every month. Check out the entire list to collect for 2006!
