You Get Performance...Plus With Harley-Davidson Oils

Power-performance and protection for pistons, rings, connecting rods, bearings, transmissions, cylinder walls.

Harley-Davidson Pre-Luxe® Oil, like all Harley-Davidson products, is made for your motorcycle. Pre-Luxe is a premium, refined oil, lab-tested, road-proved. With a high viscosity index, Pre-Luxe retains its index weight throughout the normal high-operating temperatures of motorcycle engines. Assures quick, smooth lubrication all the way from starting to top rpm.

Exclusive additives give your motorcycle more protection than any other oil on the market. A Detergent Additive keeps inner engine parts sparkling clean for maximum performance and long engine life. An Oxidation Inhibitor prevents varnish and sludge from forming on critical engine parts. An Anti-Corrosive Additive prevents bearing failure. An Extreme Pressure Additive reduces friction, prevents scoring or seizure by protecting metal contacting surfaces with an oil film.

A high-powered, air-cooled motorcycle engine needs sure, professional lubrication. For over 60 years, Harley-Davidson oil has always done the job.

"50" SPECIAL LIGHT—PRE-LUXE®
For all twin engines at temperatures below 32° F.

"75" MEDIUM HEAVY—PRE-LUXE®
Use for normal service in twin engines and SPRINT at temperatures between 32° and 75° F.

"105" REGULAR HEAVY—PRE-LUXE®
Use for normal service in twin engines at temperatures over 75° F. and for extreme service at any temperature.

"75R" MEDIUM HEAVY RACING OIL

"105R" REGULAR HEAVY RACING OIL

HARLEY-DAVIDSON "TWO-CYCLE" MOTOR OIL
If you own a Lightweight two-cycle motorcycle, M-65 or M-50, here's the oil you need. It insures top performance because it's refined especially for two-cycle engines. Available in 12-Oz. Screw-Top cans.

See top of can for number of oil.

GO FIRST CLASS . . . GO ELECTRA GLIDE

The accent's on action with the luxury touch only Electra Glide provides. New diaphragm carb with Power Pak head boosts hp 5%. Features like: comfortable three point suspension; hydraulic rear brake; rugged seven plate clutch and double-loop frame put this world leader farther out in front than ever before.

ELECTRIC ACTION SPORTSTERS . . . XLH, XLCH

Twin streaks of lightning triggered by 12 volt electric starting. Experience 900 cc's of 9:1 with "P" cams and 4 speed. Both feature new shocks and road race tires with high thrust grippers for no-slip acceleration. Sleek new headlight nacelle really swings. See what the new long wheelbase on the XLH means in ride-ability.

MORE GO . . . MORE SHOW . . . SPRINT SS AND H

The middleweight bomb that "no amount of flogging will hurt . . ." the '67 Sprint delivers 18% more "go" with a new 250cc oversquare powerplant. Sprint SS is ready for the road or the rough with extra ground clearance and detachable headlight. Sprint H is restyled from race tank to streamlined muffler. Step into the winner's circle by stepping up to Sprint for '67.

LIGHTWEIGHT LIGHTNING . . . M-65

Continental styling makes the M-65 and M-65 Sport stand out in any company. Precision made for economy, these nimble funsters feature all steel construction, big front and rear brakes and large headlight and tail-light.

the Harley-Davidson out-performers

. . . Out-performs everything on two wheels. The new Sprint 350! The world's fastest 250 is now 100cc's faster! Take all the engineering, style, stamina, and speed that made Sprint the record shattering 250. Lay on 100cc's of extra power. Add a high performance center-bowl carb. New mufflers and pipes. A new dry clutch. Now, shorten the wheelbase and lower the profile. You've got a hot, lean, middleweight that makes the 450's look over-fed. See the street scrambler, Sprint SS or the ultimate scrambling machine, Sprint ERS, at your Harley-Davidson dealer. He's got the right cycle and the right financing.

the Harley-Davidson out-performers

1969 Electra Glide. You have to share it with the men who build it. This is the most powerful, sophisticated and complete motorcycle in the world. And that's no accident. It's the result of careful, critical engineering. But don't take our word for it. Make us prove it. Go for a test ride. You'll find a dozen subtle improvements in styling, brakes, clutch, lighting, security, balance, and safety. A level of craftsmanship so professional, it's almost personal.

the Harley-Davidson out-performers

Track, salt, street or strip, one bike is boss! The 1969 Sportster. Alone at the top. Nobody builds a faster stock motorcycle. Both the lean, angry model CH and the quick, confident model H deliver 900 cc's of punch and 58bhp @ 6800. Again in 1969, it's the only one of its kind. Try one.

PRE-LUXE®

the oil you need for the cycle you ride

Harley-Davidson Pre-Luxe Oil, a premium, refined oil has been laboratory tested and road-proven. It retains its index weight throughout the normal high operating temperatures of a motorcycle engine, providing smooth lubrication from start to stop. Exclusive additives provide more protection than any other oil. Detergent keeps engine clean. Oxidation inhibitor reduces bearing wear. An extreme pressure additive cuts friction. Get peak performance and proved protection for pistons, rings, bearings, transmission and cylinder walls. Get Pre-Luxe in handy 4-Pak cartons.

"58" Special Light Pre-Luxe — use in all motors at temperatures below 40° F.

"75" Medium Heavy Pre-Luxe — use in all motors at temperatures above 40° F.

"105" Regular Heavy Pre-Luxe — use in all motors under severe operating conditions at high air temperatures.

"75R" Medium Heavy Racing Oil

"105R" Regular Heavy Racing Oil

Harley-Davidson "Two-Cycle" Oil

For two-cycle lightweights. Insures top performance because it's refined especially for two-cycle engines. Available in 12 oz. Screw-Top cans.

out-performs everything on two wheels

The new Rapido explodes into 1969! Here's a 125cc stick of dynamite that weighs in with the 80's and 90's, but accelerates past the 175's. This year, Rapido comes in two models — a swinging street version and this hot new scrambler with high pipe, perforated heat shield, large sprocket and special off-the-road tire. Either way, Rapido will turn out the crowd and turn in the winning performance. Low end torque, wheelies and effortless top speed — $400 in the street version. This is the one they'll be talking about all year long. Get in on the conversation. Your Harley-Davidson dealer has the cycle, low-cost financing and insurance.

HARLEY-DAVIDSON
A Leader In The Leisure Industry

Recreational and leisure-time vehicles . . . a growing industry . . . and Harley-Davidson is right in the middle of it. And, at the center of activity . . . where most of the big things are happening . . . the road, white and blue Harley-Davidson motorcycles are leading the way. That signifies Harley-Davidson's dominant position in these spectacular growth areas.

A major force in the motorcycle marketplace, and the only full line American manufacturer, Harley-Davidson has an enviable record of performance. Not only in the manufacture and sales of high performance cycles, but also in the design and manufacture of each of the most sporty and sophisticated new vehicles . . . the 3Racer Harley-Davidson snowmobile.

In golf cars, too, Harley-Davidson is a leading market influence. Outstanding innovations in both gas- and electric-powered vehicles have brought an impressive list of golf courses and country clubs . . . more than 2000 in the U.S. and Canada . . . into the ranks of satisfied Harley-Davidson users.

Outstanding performance motorcycles, snowmobiles and golf cars . . . with a broad line of accessories and in-depth service. And a nation-wide dealer organization designed to keep you moving. Service centers professionally staffed with men who know Harley-Davidson machines . . . and what you need to get what's in them out . . . pleasure, performance and trouble-free service. Dependable Harley-Davidson outperformance . . . out front in the leisure industries.

WE DON'T WANT OTHER PEOPLE'S PARTS IN OUR MOTORCYCLES.

(A Less Than Tolerant Viewpoint From Harley-Davidson.)

FOR RESEARCH PURPOSES ONLY

This should be a polite message that attempts to persuade you to use only genuine Harley-Davidson parts.

We don't feel all that polite about the subject, however.

Our engineers and designers, quite frankly, lack tolerance. They seem to take great joy in constantly reminding us that Harley-Davidson motorcycles are expected to be classics.

Naturally, with that kind of pressure from within, we've become somewhat exacting and inflexible.

For example, the piston to cylinder wall fit on a Harley-Davidson FX-1200 motorcycle is between .001 and .002 of an inch. That's 1/3 the thickness of a human hair!

So you can see why we come unglued when instead of seeing your authorized Harley-Davidson dealer and using only genuine Harley-Davidson replacement parts, you put in somebody else's heads, valves, pistons, cables, and even oil and oil filters.

Worse yet, when you don't use our parts, you don't use the one guy out there who we trust to be just as tenacious as we are—your Harley-Davidson dealer.

To you it's no big deal. To our guys, you're violating a basic law of physics.

The Whole Equals the Sum of its Parts.

We're 75 years old and that's okay. We're proud of the fact we've been the leader in motorcycles since the first one rolled out of the first shop in 1903. But what have we done for you lately . . . what are we going to do for you today? The fellow at the right . . . your Harley-Davidson dealer . . . is going to be taking care of that. As the operator of a really complete one-stop motorcycle dealership, he'll see that you not only get the right motorcycle to fit your needs, but all of the great gear that goes with it: helmets, riding apparel, parts and accessories. So what's new? Nothing. He's been doing that for 75 years.

WHY GIVE HIM A STRAIGHT JACKET WHEN HARLEY SUITS HIM BETTER?

If you think he's ready for some nice conservative threads, let us give it to you straight.

He wants them about as much as he wants a season pass to the ballet.

Your better guess was your first one. Genuine Harley-Davidson fashions and accessories. Perfect for Christmas. Or anytime you have the urge to give or get.

And your Harley dealer is the man to see.

Racks of prestige jackets and professional pants. Slick new Western boots, hats, jackets and accessories. An array of custom and touring goodies like seats, exhausts, sissy bars and radio caddies. Complete camping kits for those overnighters. You'll find a spread of Harley T-shirts, gloves, lightweight jackets, riding boots and helmets. He even has plenty in store for ladies who are cut from the same unconventional cloth.

Now don't get us wrong. We have nothing against suits and sportcoats. It's just that to an enlightened few, Harley is for more fitting.

FXRDG/DISC GLIDE

Unique is the only way to describe the new Harley-Davidson® Disc Glide™—the ultimate custom motorcycle.

The special chrome-plated V² Evolution™ Engine Treatment is a production first. Other features include a limited edition two-tone candy burgundy and black paint scheme with gold accents; rear disc wheel; forward foot pegs for highway comfort; new wet clutch with diaphram spring for improved clutch action and reduced weight; and a new black seat with brown leather insert and embossed Harley-Davidson® emblem.

The Disc Glide™ embodies new levels of technology and comfort made possible through state-of-the-art engineering and manufacturing expertise.

And as the striking golden tank graphics tell you, it's "Genuine Harley-Davidson."

*Sissy bar kit and backrest pad are accessories available through Harley-Davidson dealers. Supply is limited.

PURPOSES

SEVEN REASONS FOR USING HARLEY-DAVIDSON MOTOR OILS:

1. H-D Motorcycle Oils are designed for the displacement, high-output four-cycle, air-cooled motorcycle engines.
2. H-D Motorcycle Oils were tested and approved by Harley-Davidson Engineering.
3. H-D Motorcycle Oils contain a special detergent based on magnesium chemistry that provides superior protection against the formation of high temperature varnish deposits and of deposits that cause preignition in high temperature air-cooled motorcycle engines.
4. H-D Motorcycle Oils contain a special oxidation inhibitor that provides protection against oil breakdown at very high sump temperatures up to 300°F for extended time periods.
5. H-D Motorcycle Oils contain an ashless type of anti-extreme-pressure anti-wear additive to help ensure long engine life under the severe conditions of an air-cooled engine.
6. H-D Motorcycle Oils contain a high dosage of rust and corrosion inhibitor to provide good protection for the bearings and metal engine parts against condensation and acid attack.
7. H-D Motorcycle Oils exceed [illegible] requirements for gasoline engines as established by the American Petroleum Institute.

Harley-Davidson has two outstanding series of motorcycle oils: Power Blend Oil and Premium II Oils. Select the one that is best suited for your Harley-Davidson.

POWER BLEND™ OIL FOR MAXIMUM PROTECTION

If you have a newer motorcycle, H-D Power Blend Oil has a couple of features that make it an ideal choice. This multi-grade SAE 20W-50 oil is designed to withstand the high engine loads and transmission shear action encountered in motorcycles. It flows better at low temperatures than the single grade Harley oils, providing faster lubrication of critical engine components and easier engine cranking during cold weather. At the same time, it will continue to provide superior lubrication when operating at high temperatures without breaking down.

It also contains a special anti-wear agent in addition to the high concentration of anti-wear additive found in all Harley oils to provide maximum protection under the most extreme operating conditions.

PREMIUM II™ OILS FOR EXCELLENT PROTECTION

For owners who prefer a single viscosity oil, Harley-Davidson makes its special protective additives available in four viscosity grades of Premium II Oil. The Premium II oils are suitable for use in new motorcycles as well as older ones.

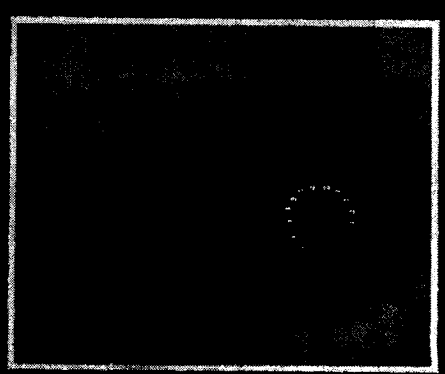
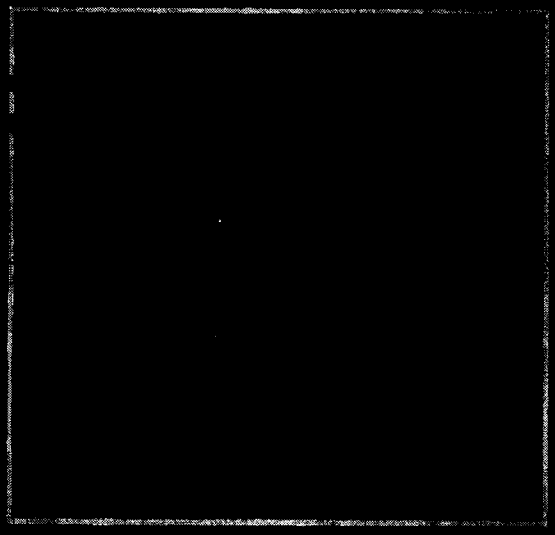
FALL/WINTER 1987/88

Willie G. JACKETS – Designed by Willie G. Davidson, these unique fringed jackets in men's and women's styles are trimmed in hand braided leather. They feature flow-through venting systems to allow air to circulate, concealed front pockets, snap-out Thermal-Lock™ lining, an action back and a wind flap behind zipper. This custom jacket includes a brass conchos with tassels, embossed wings on the back, and a Willie G. logo riveted to the collar. Available in contrasting black and brown or all black.



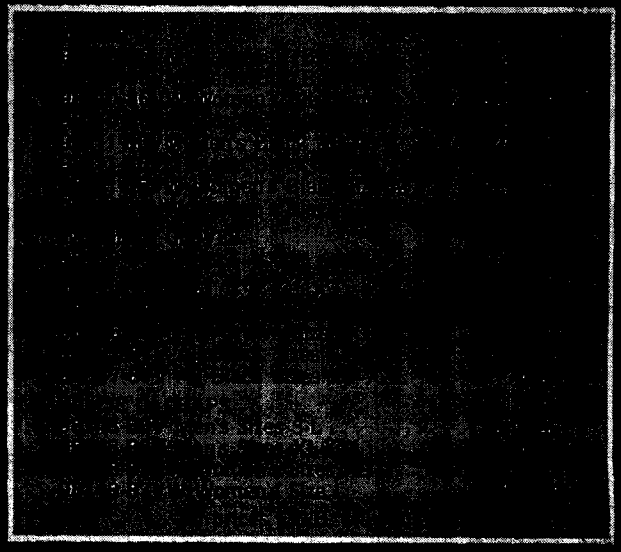
WILLIE G. GLOVES – A top quality lightweight leather gauntlet glove featuring brass conchos with tassels, crisscross lacing on the back, Willie G. nameplate and full lining. Available November 1.

1987 Harley-Davidson, Inc.



WILLIE G.® VEST was designed to complement the very popular Willie G. Jacket and incorporates many distinctive features. The side lacing allows for considerable variation in fit while retaining the Western look. The brass concho front fasteners complement the large concho on the back. The [illegible] braiding and the brass Willie G. signature plate on the chest complete this distinctive style. [illegible] S, M, L, XL & XXL.

Willie G. [illegible] chaps complement the Willie G. jackets and were designed to be both functional and fashionable with features like Western styling, solid brass zippers and conchos, special nylon lining designed to slide over jeans to prevent binding, and constructed of very soft, top grain leather. The braiding and fringe complete the look that is pure Willie G. Sizes S, M, L, XL, XXL.



A P...RE JACKETS – Fringe is in, and nowhere is it more evident than on this popular jacket, now also available in a men's version. Soft and supple, these all-black top grain American cowhide jackets are set off by contrasting zippers and hardware and sport long leather fringe across the back and chest and down both sleeves. The women's version has a belted waist and elasticized waistband while the men's jacket features side adjustment belts on the waistband.

VANGUARD™ JACKETS – Feature antique brass zippers and snaps, optional snap-on/off collar for seasonal riding comfort, polyester lining and topped off with stylish all-leather H-D logo on the back in gray and wine. We're proud of our name and you can be too!

LIGHTWEIGHT LEATHER JACKET—We designed a lightweight leather jacket with the same quality standards we include in our heavyweight motorcycle leathers. Made of super soft, supple leather, this jacket includes elasticized waist and cuffs, a stand-up collar with a snap tab that can be snapped back, two slash zippered pockets, a convenient inside zippered pocket and nylon lining.

LACED VEST—Our soft tumble dyed black leather vest features stitched panel construction, color coordinated snaps, front pockets with Harley-Davidson nameplate. It has full nylon lining, and top-to-bottom side lacing for adjustability. Sizes XS-M are tapered while L-XXL are full cut.

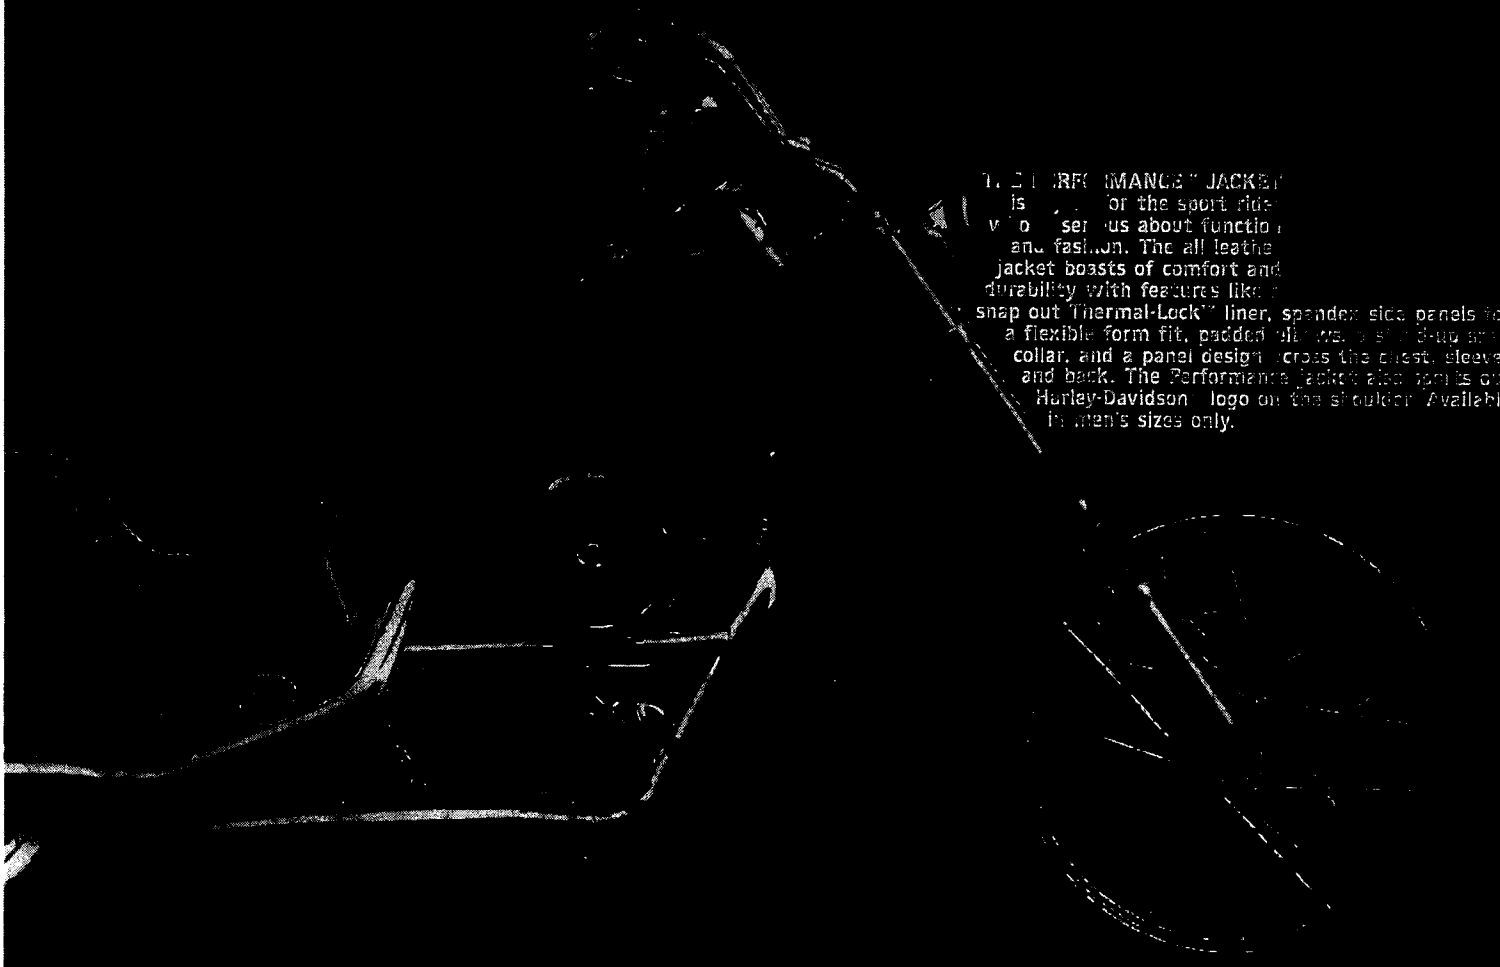
LEATHER VEST—A favorite of Harley riders, this all-leather Western style vest has a button snap front and a pair of handy front pockets. Made of a soft leather for good looks and a comfortable fit.

"TOURING" JACKETS—Traditional styling combines with high tech features in an all-around motorcycle jacket unequaled in the sport. Included are a center pleated action back, stand-up collar, zippered underarm venting system, removable Thermal-Lock™ lining, double leather at shoulders and elbows for extra protection, [illegible] pockets and two [illegible] pockets.

Women's version is specially designed to include an elasticized belting system that flatters both the hips and waist.

FLT Tour Glide Classic

CRUISER™ JACKET—As functional as it is good looking, this affordable top grain leather jacket combines traditional motorcycle styling with the high tech look of black hardware. Rugged and handsome, the Cruiser features snap down collars, concealed front zipper, coin pocket and belted waist. Men's sizes only.



THE PERFORMANCE™ JACKET is designed for the sport rider who is serious about function and fashion. The all leather jacket boasts of comfort and durability with features like a snap out Thermal-Lock™ liner, spandex side panels for a flexible form fit, padded shoulders, a stand-up sport collar, and a panel design across the chest, sleeves and back. The Performance jacket also sports our Harley-Davidson logo on the shoulder. Available in men's sizes only.

FXSTC Softail™ Custom

RUFF-N-READY™ JACKETS—These popular jackets incorporate soft, dull black tumble dyed leather and are designed with the serious motorcyclist in mind. Padded shoulders, elbows, and lower back panels are stitched in a classic pattern giving them a unique look of their own. Features include black zippers and sleeve closures, mandarin style snap-back collars, slash pockets, a handy sleeve compartment, action back, and [illegible] front panel with wind flap to accommodate extra padding when temperature drops. All versions feature quilted polyester underfill in the body with full 100% nylon taffeta linings.

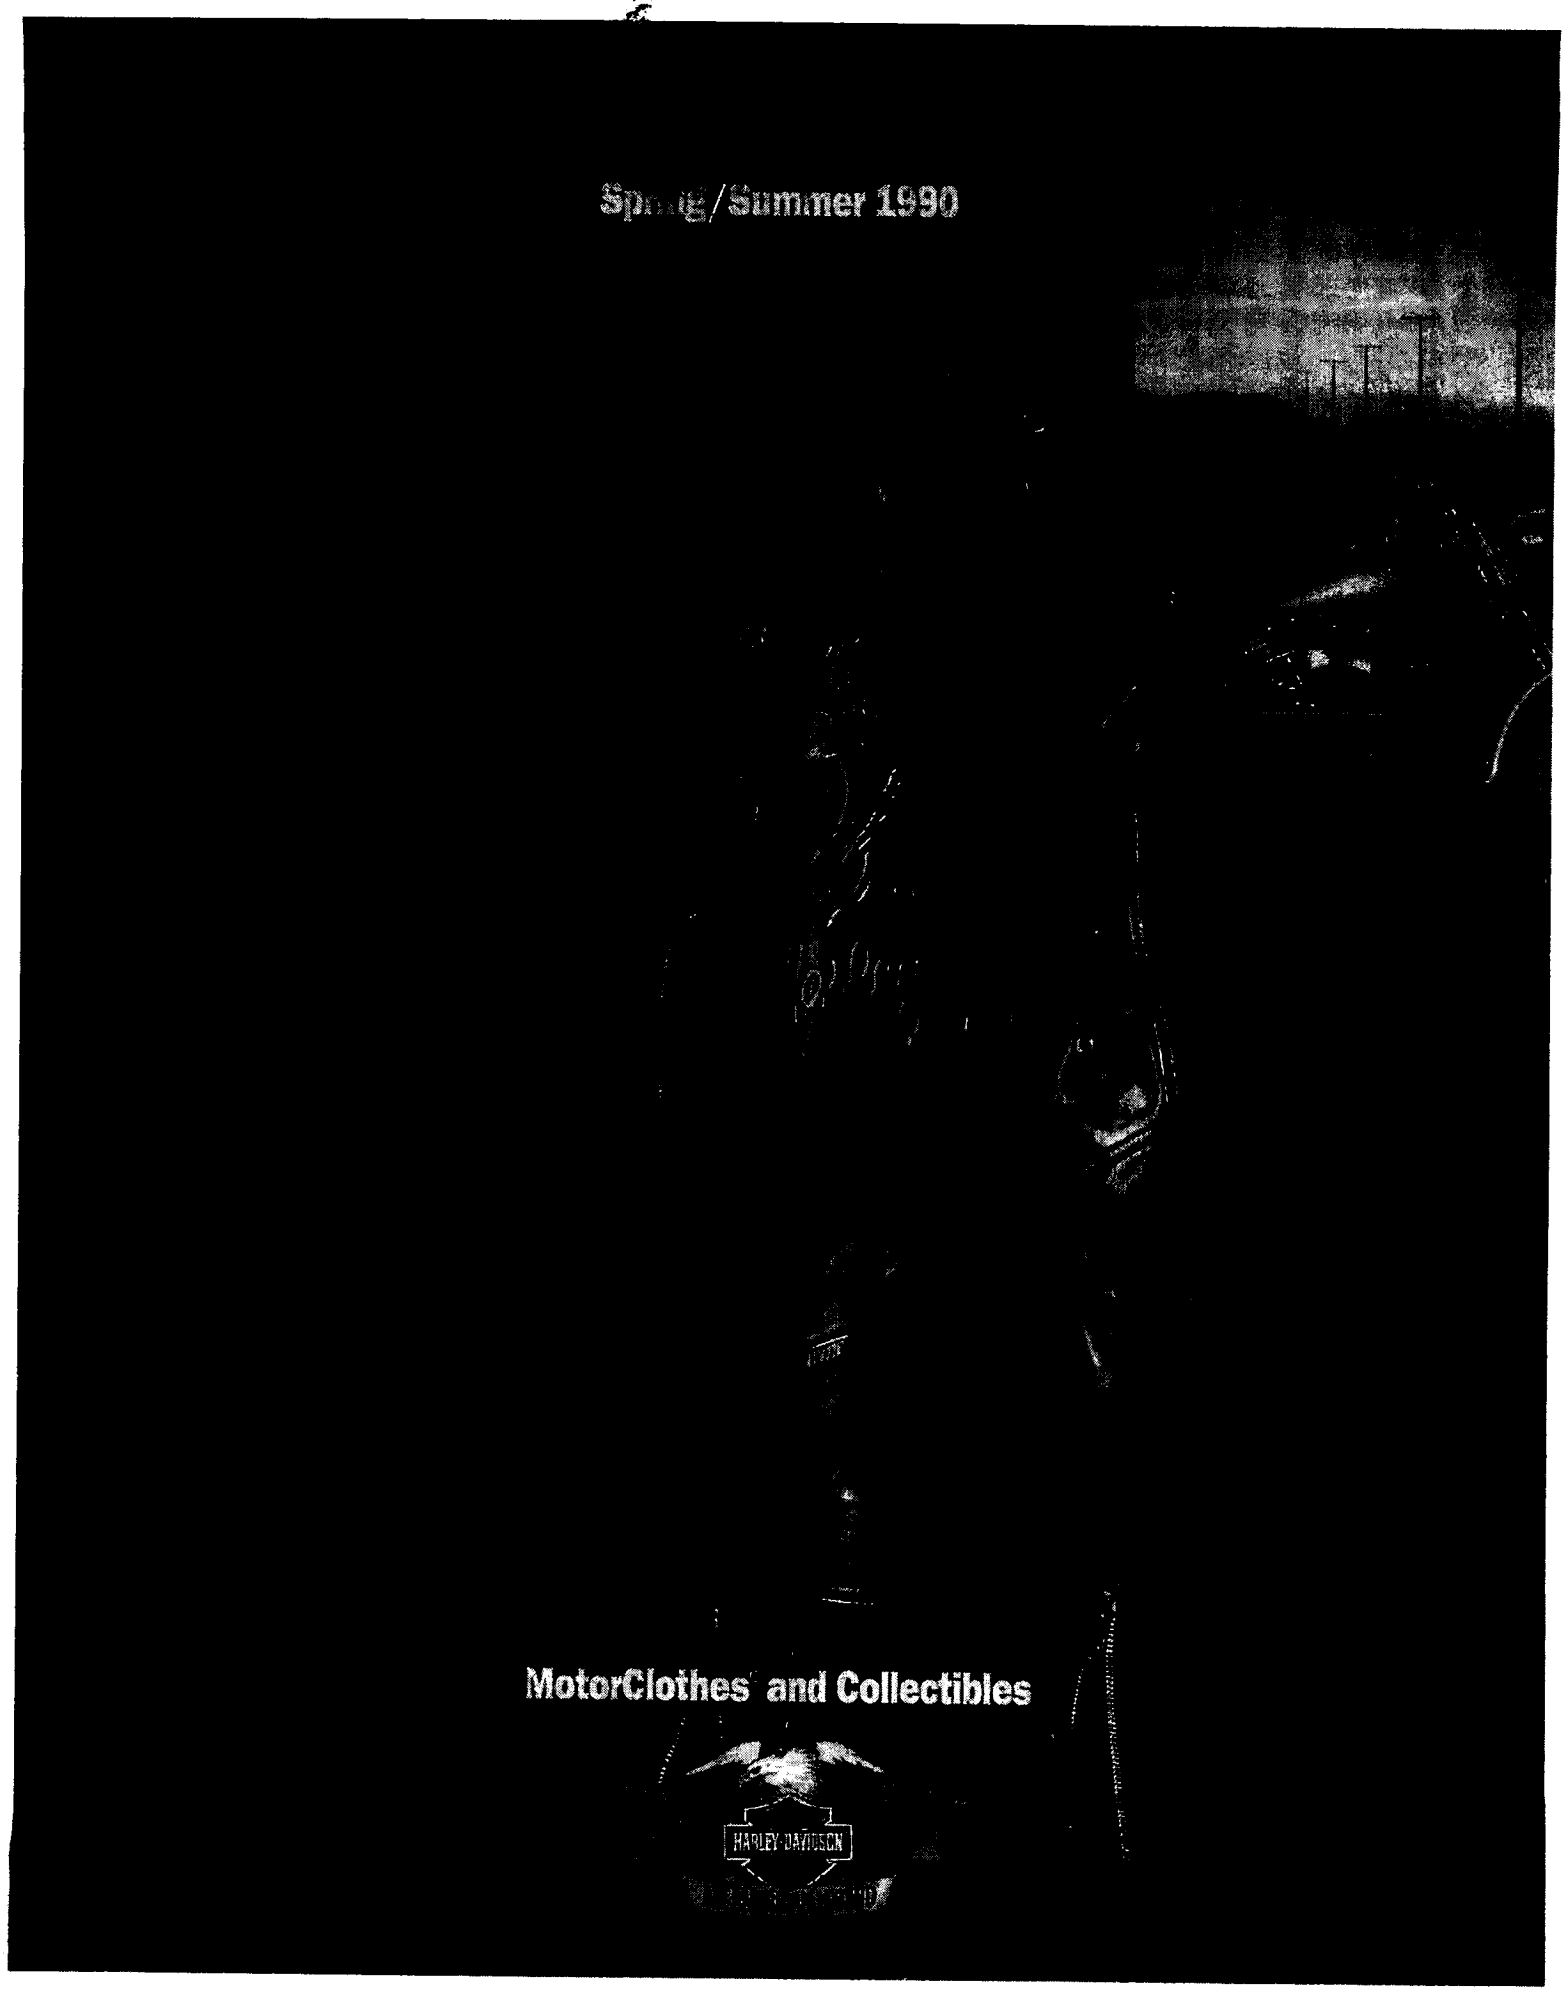
Spring/Summer 1990



MotorClothes® and Collectibles

Harley-Davidson.® It's much more than just a name. It's a way of life. And it's never more evident than in the spring. The motorcycle that's been sitting quietly all winter begins to call to you. You look forward to the touch of cool chrome. The sound of that familiar rumble. The smell of the wind.

It's a Way of Life.

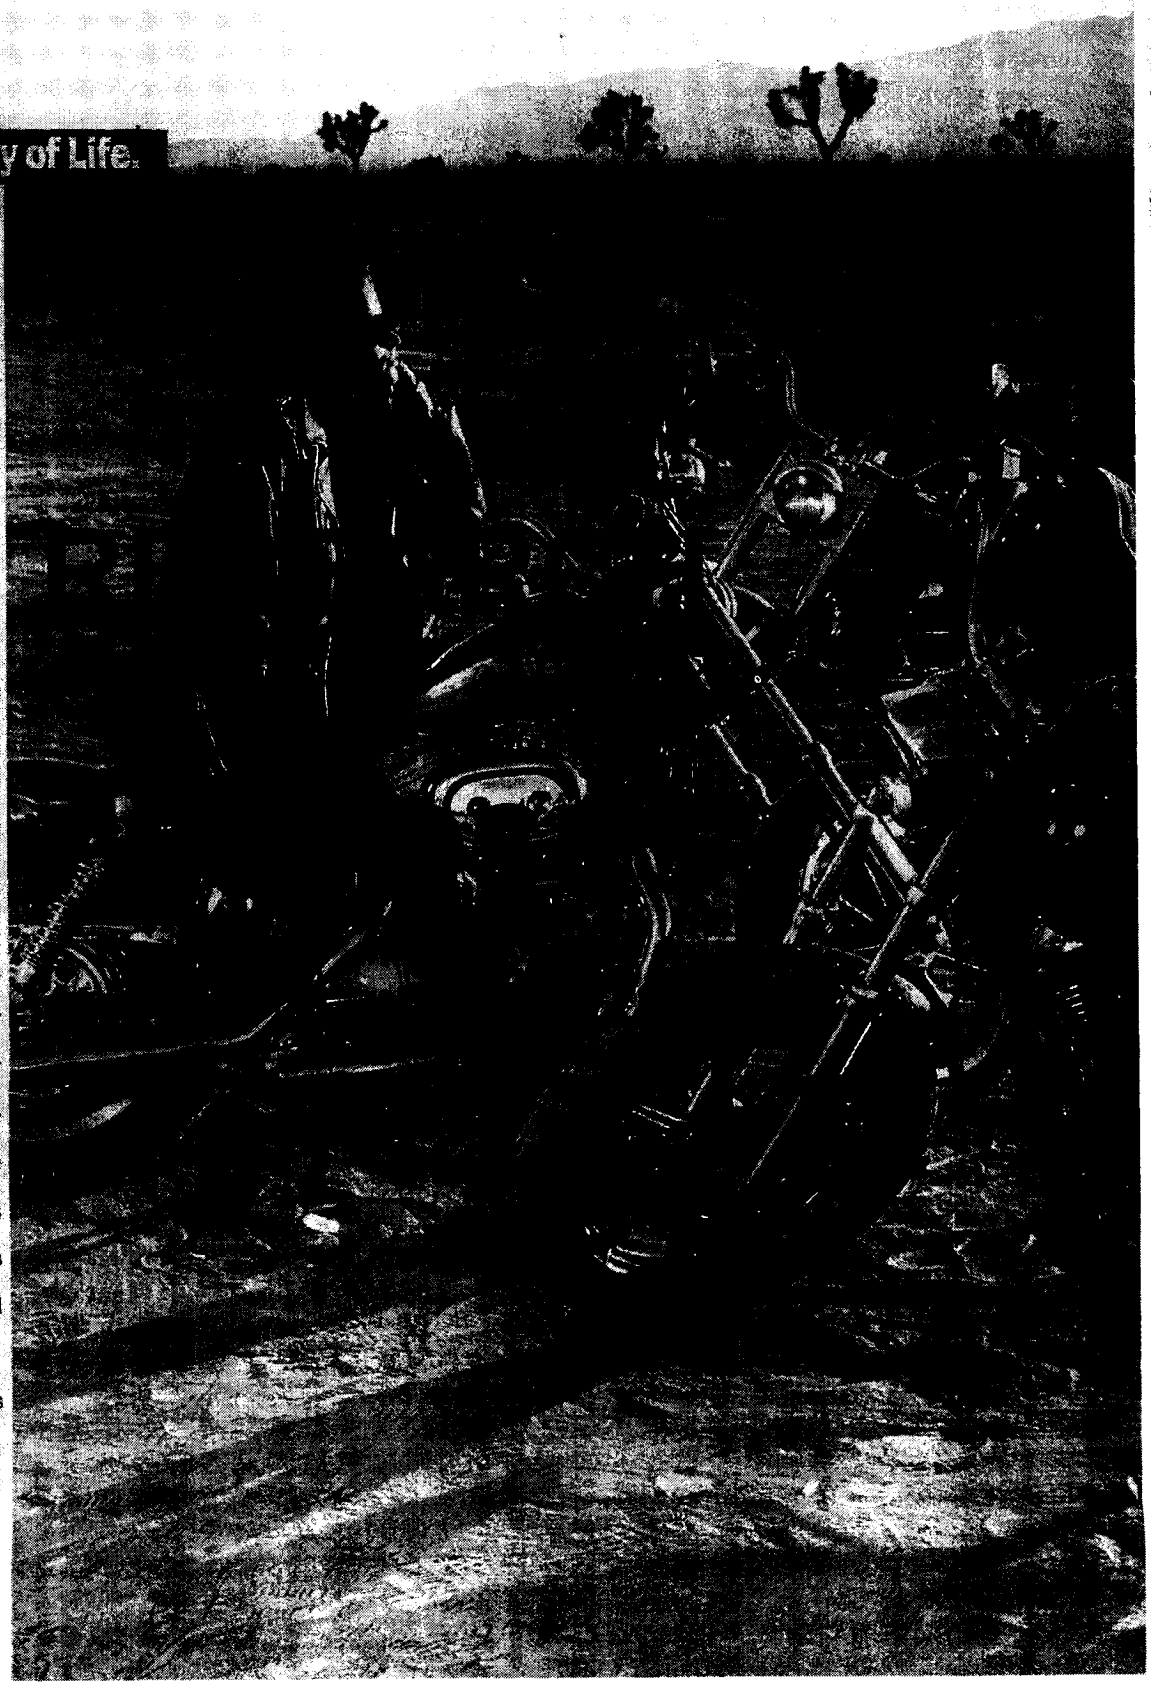
And then there's what you wear when you ride. Harley-Davidson knows the importance of riding gear. And Harley-Davidson MotorClothes® are a big part of the whole riding experience.

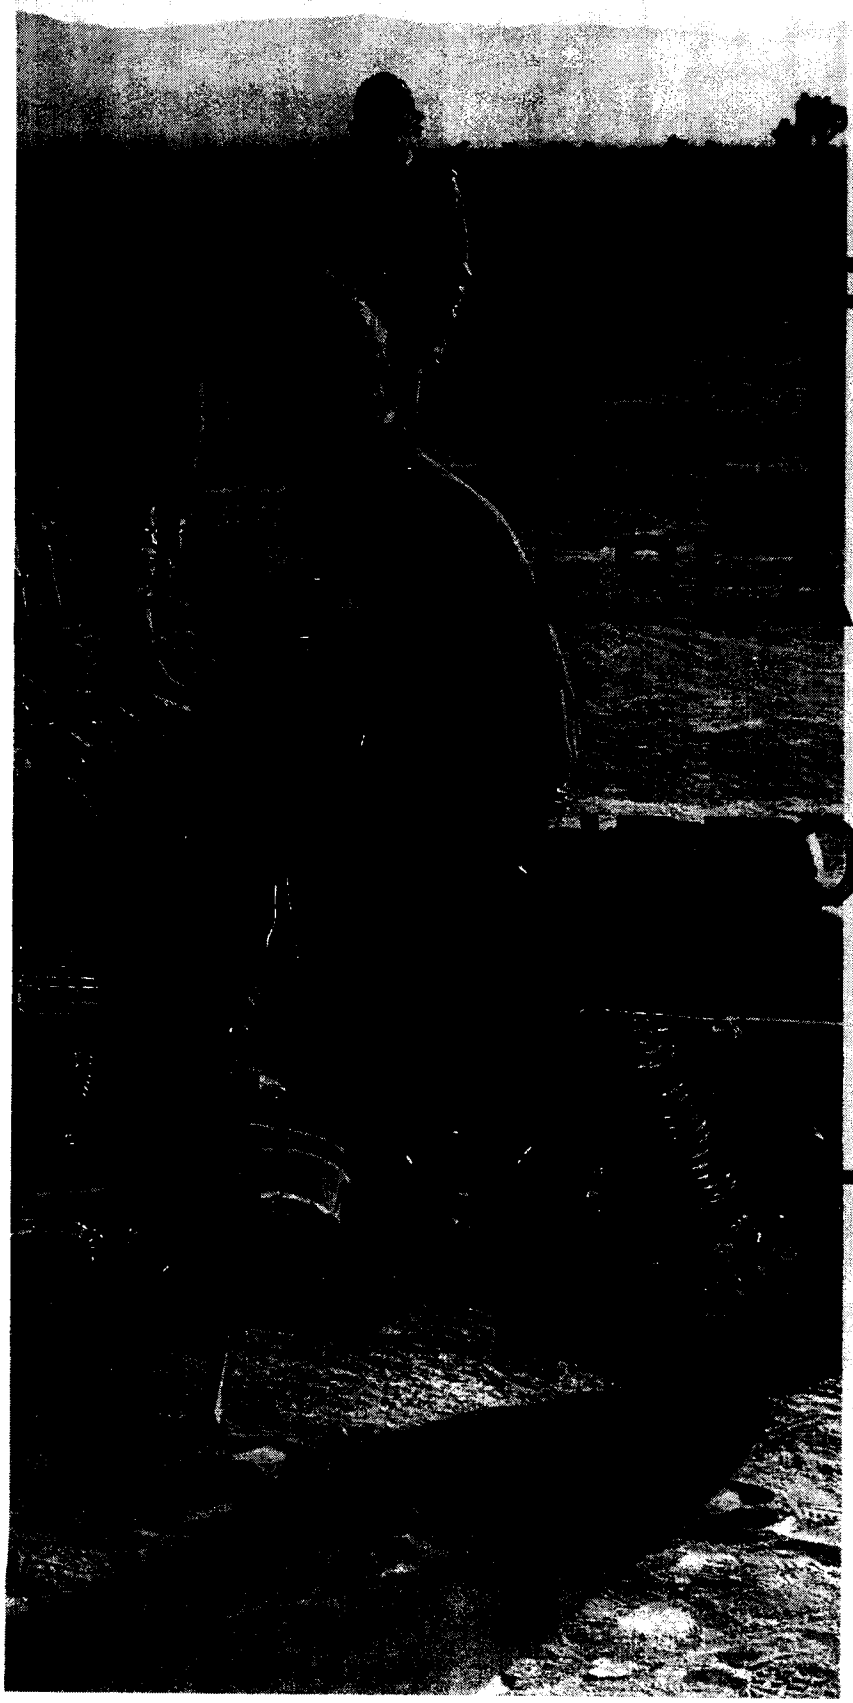
If we didn't feel so strongly about the importance of riding gear, we wouldn't put our name on it. Because anything that wears the Harley-Davidson name has to exhibit the same qualities that the Company and its motorcycles have embodied. Our MotorClothes do.

A new category for Harley-Davidson this spring is our line of warm weather clothes. Harley® attitude that's cool, when it's hot. Shirts. Jackets. Denims.

And of course, we have Harley-Davidson leathers. We offer leathers to wear when you're on or off the bike. Our International leathers are soft, supple and stylish; great for a night out. While our riding leathers give you comfort as well as style. Plus we offer accessories and Collectibles to go on your body and in your home.

Because we know that motorcycling is not just a hobby for you. It's a way of life.





Ms. Harley-Davidson®

Hot New Clothes for Spring.

Check out pages four through seven for the coolest new looks in hot weather Harley® fashion. Shirts and jackets made to hold up in the heat. With just the right amount of Harley attitude to keep you cool.

Denims with a Difference.

Pages ten and eleven feature Harley-Davidson® denims. Comfort put together with style and function. How did people ever live without it?

Legendary Harley-Davidson® Leathers.

Traditional motorcycle fashion. The leather jacket and leather jeans and leather chaps. Boots. Belts. Bandanas. Everything you need to make you feel good. And make you look great.

New Shades.

More than just sunglasses. Harley-Davidson's new line of eyewear offers the look you expect and the function you demand.

Collectibles.

For every Harley® enthusiast, we offer a variety of gifts and collectibles that celebrate Harley-Davidson's 87 year history. As well as the sheer joy of riding.

Denotes A New Item.

The look of cool is here. Our newest addition to the Harley-Davidson® MotorClothes line will keep you looking cool when the weather is hot.

Classic shirts and great looking spring jackets with the look and feel you expect from Harley-Davidson.

Our new shirt styles (this page) offer you much more than any ordinary shirt. They're available in a variety of colors, with a lot of Harley character.

And the new lightweight jackets (on page 6 and 7) are perfect for riding on cool evenings, or on a warm day when you don't want the bulk of heavy leather.

Of course, they're made with quality materials and workmanship. Because after all, they're from Harley-Davidson.

Denim with a Real Attitude.

Denim. Hard to imagine what life was like without it. The look. The feel. What's even better, it improves with wear. The more abuse it takes, the better it looks. It develops character. Yet the Harley-Davidson® line of denims was born with character. So you don't need to wear it a couple years before you really feel good in it. It's got pure Harley® attitude. Right from the start. Bold graphic style that explains who you are. Good looks and at the same time, unbeatable function. We offer jeans and jackets with outstanding embroidery or embossing that separates Harley people from the rest of the world. With Harley-Davidson denims to choose from, ordinary jeans just won't do.

The elements are always around when you're on the street. Harley's newest and smartest collection of sunglasses has been developed with the ravages of wind in mind.

Most sunglasses feature lenses of polycarbonate, with scratch resistance a top priority for long-lasting wear.

And polarized lenses, except clear. Polarization cuts glare from all angles and curves. Made from a polarized filter which is crafted between two lens films for a "sandwiched" effect.

All new Harley Davidson® sunglasses meet or exceed the ANSI Z80.3 SPECIAL PURPOSE UV requirements. Blocks at least 90% UVB and 60% UVA. Sunglass style numbers ending with a "90V" will be available in late March.

Spring Riding Fever.

You've done it. Finally. Taken that long awaited first ride of the year. A new riding season is here.

The people at Harley-Davidson® understand what riding means to you. So we design all our MotorClothes® with you, the rider in mind. All Harley-Davidson MotorClothes are made to keep you riding. Comfortably. And in style.

You can see this, particularly in our huge line of leathers. Jackets. Chaps. Pants and vests. The leather looks good. Feels good. You can feel the quality in Harley-Davidson leathers. Tough. Practical. Made to withstand the elements, and then some.

Harley-Davidson riding leathers are crafted to exacting standards. Only top grade hides are used. Then they're vat dyed, insuring that the color permeates the entire hide. Besides quality, you'll find that Harley-Davidson offers the widest variety of any line of leathers anywhere. And not just for men either. Because we know that women ride too. So we offer women's leathers in several different styles. And they're not just downsized versions of men's jackets. They're designed especially for the woman's shape.

So turn the next couple pages. You'll find Harley-Davidson leathers that feature style, comfort and quality. Because after 87 years of experience, nobody knows a rider better.

▸153 Legend™ Jacket. The Legend jacket captures the style of years gone by. It's made from the finest New Zealand drum-dyed lambskin, which is lightly buffed and dried naturally to give it a slightly used or antiqued look. Other features are a detachable synthetic fur collar, side adjustable waist belt, embossed logo on the chest, and a custom lining featuring a classic Harley-Davidson motorcycle scene.
98192-90VM Sizes S-XL **$599.95**

▸**154 Calgary Lambskin Jacket.** Cold weather protection with a contemporary flair. Made from the finest New Zealand lamb with an antique look, the jacket features an offset row of custom-designed buttons for the front closure, synthetic fur collar and lapels, embossed MotorClothes™ logo on the left sleeve and button closures on the cuffs. These features combine to make the Calgary jacket the most stylish women's outerwear jacket offered by Harley-Davidson.®
98191-90VW Sizes S-XL **$479.95**

▸**155 Alaskan Lamb Leather Jacket.** The quality of a leather jacket is determined by the quality of the leather and the workmanship used constructing it. The leather is drum-dyed and lightly oiled to give it both a fantastic look and soft feel. To really appreciate this jacket, you have to see it and feel it. This jacket also features custom snaps on the collar and lapels, an embossed logo on the left sleeve, elasticized waistband, and matching leather adjustment straps at the wrists.
98197-90VM Sizes S-XL **$539.95**

▸**156 American Eagle™ Jacket.** "Custom" is the word to describe this jacket. It's made from a blend of lightweight, drum-dyed cowhide and shrunken lambskin for a unique look. An eagle is perched on the Harley-Davidson® Bar and Shield.® It is then slightly padded and sewn into the back of the jacket. The visual impact is awesome. The jacket also features a snap-down collar, wind flap, zippered sleeve closures, elasticized waistband, and custom MotorClothes snaps.
98199-90VM Sizes S-XL **$499.95**

▸**157 Montreal Jacket.** Made from very soft New Zealand lamb nappa, this jacket features wide shoulders, short waist, knit collar and custom eagle wings leather patch with unique blue Harley-Davidson embroidery on the back. 98142-90VW Sizes S-XL **$379.95**

▸**158 Brooklyn Jacket.** This short-waisted motorcycle-look jacket is made of a very soft cashmere goatskin. It features an off-center main zipper with snap-down collar and lapels, unique belt system with a Bar and Shield shaped leather center belt loop, zippered sleeve closures and custom MotorClothes snaps. 98135-90VW Sizes S-XL **$349.95**

▸**159 Heritage™ Jacket.** Casual and comfortable, this handsome black suede jacket features knit cuffs, collar and waistband, zippered slash pockets in front with snap overflaps. Finely detailed back embroidery depicts a 1922 Model JD Harley,® the first of the 74's, and "Harley-Davidson" in chenille embroidery.

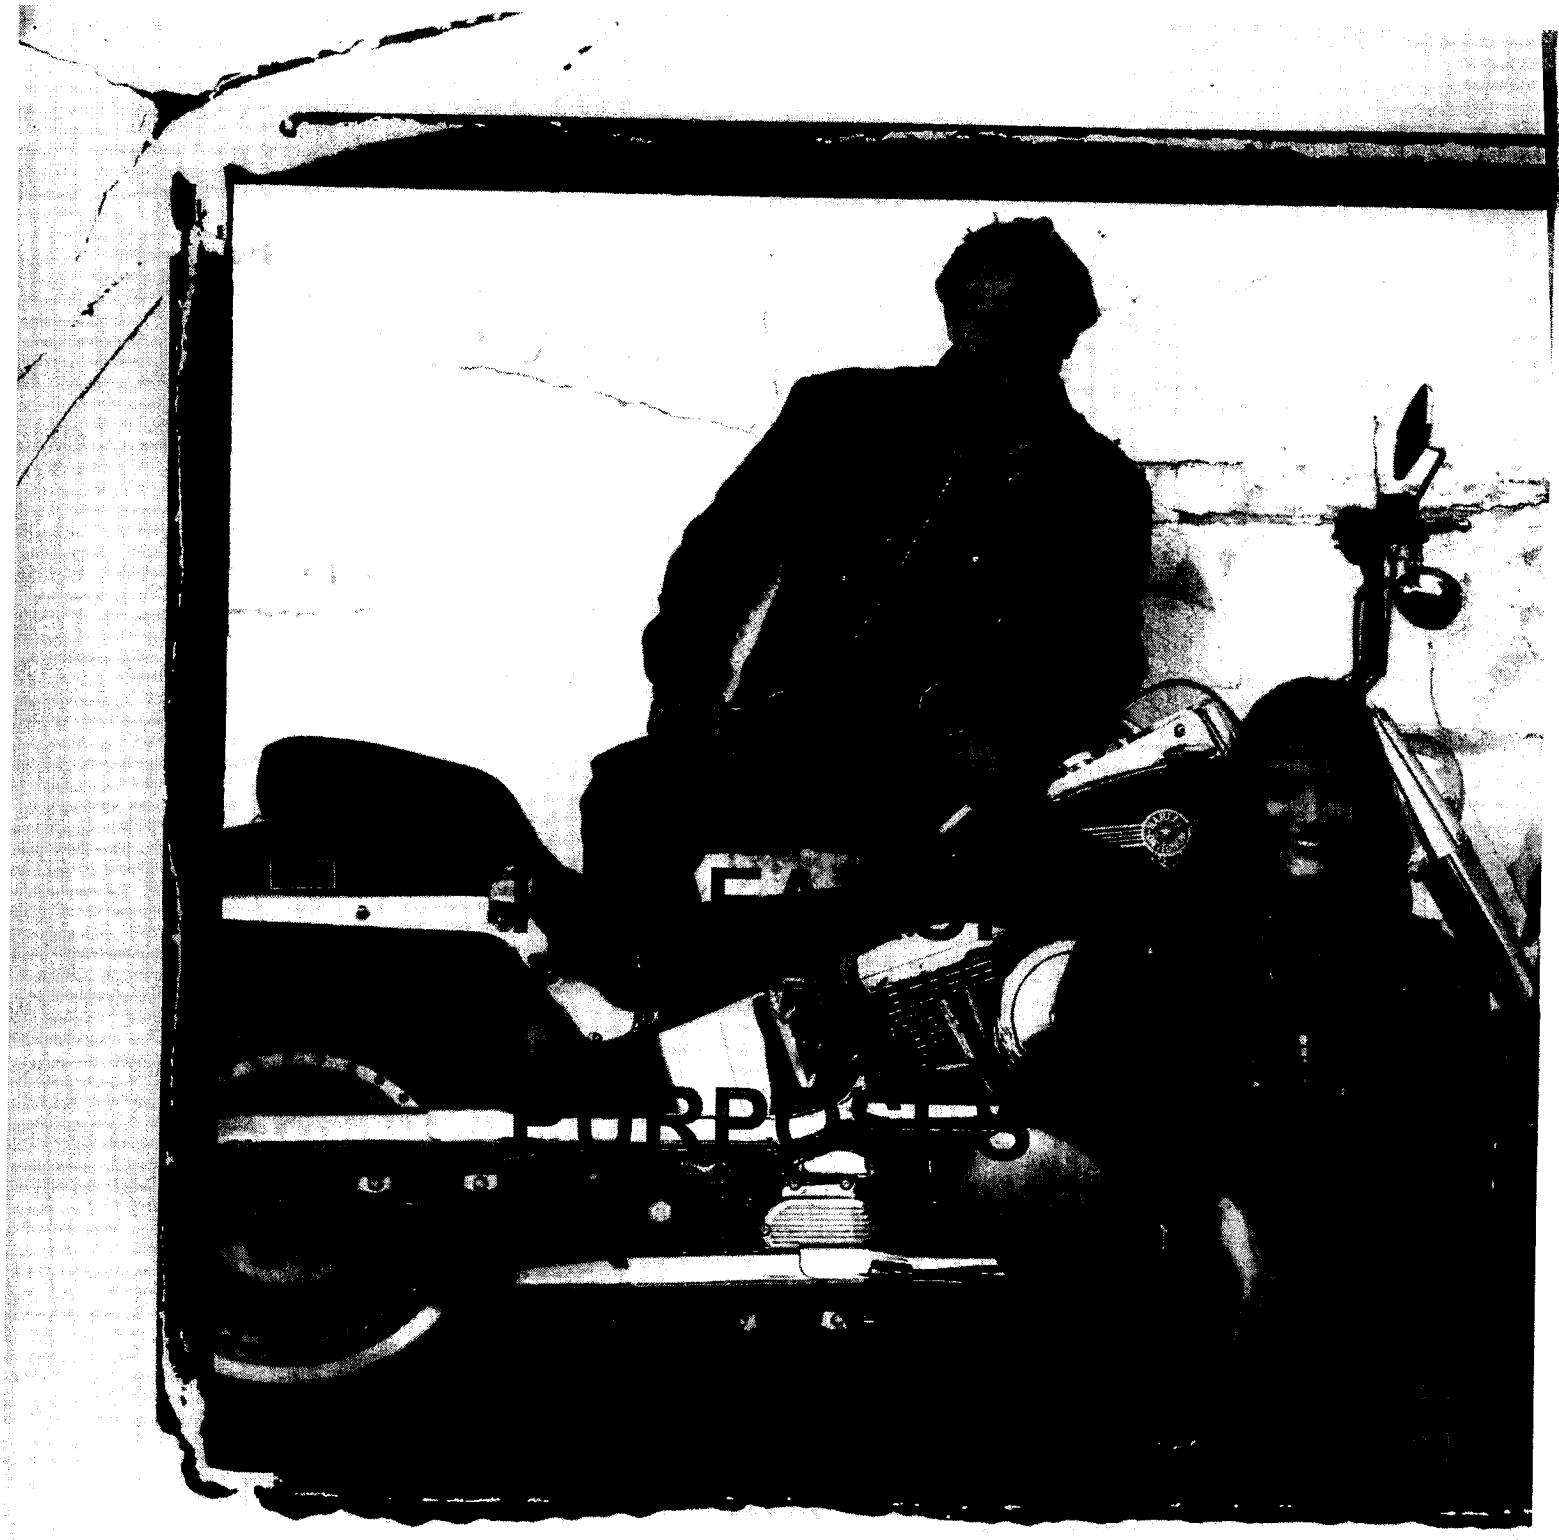
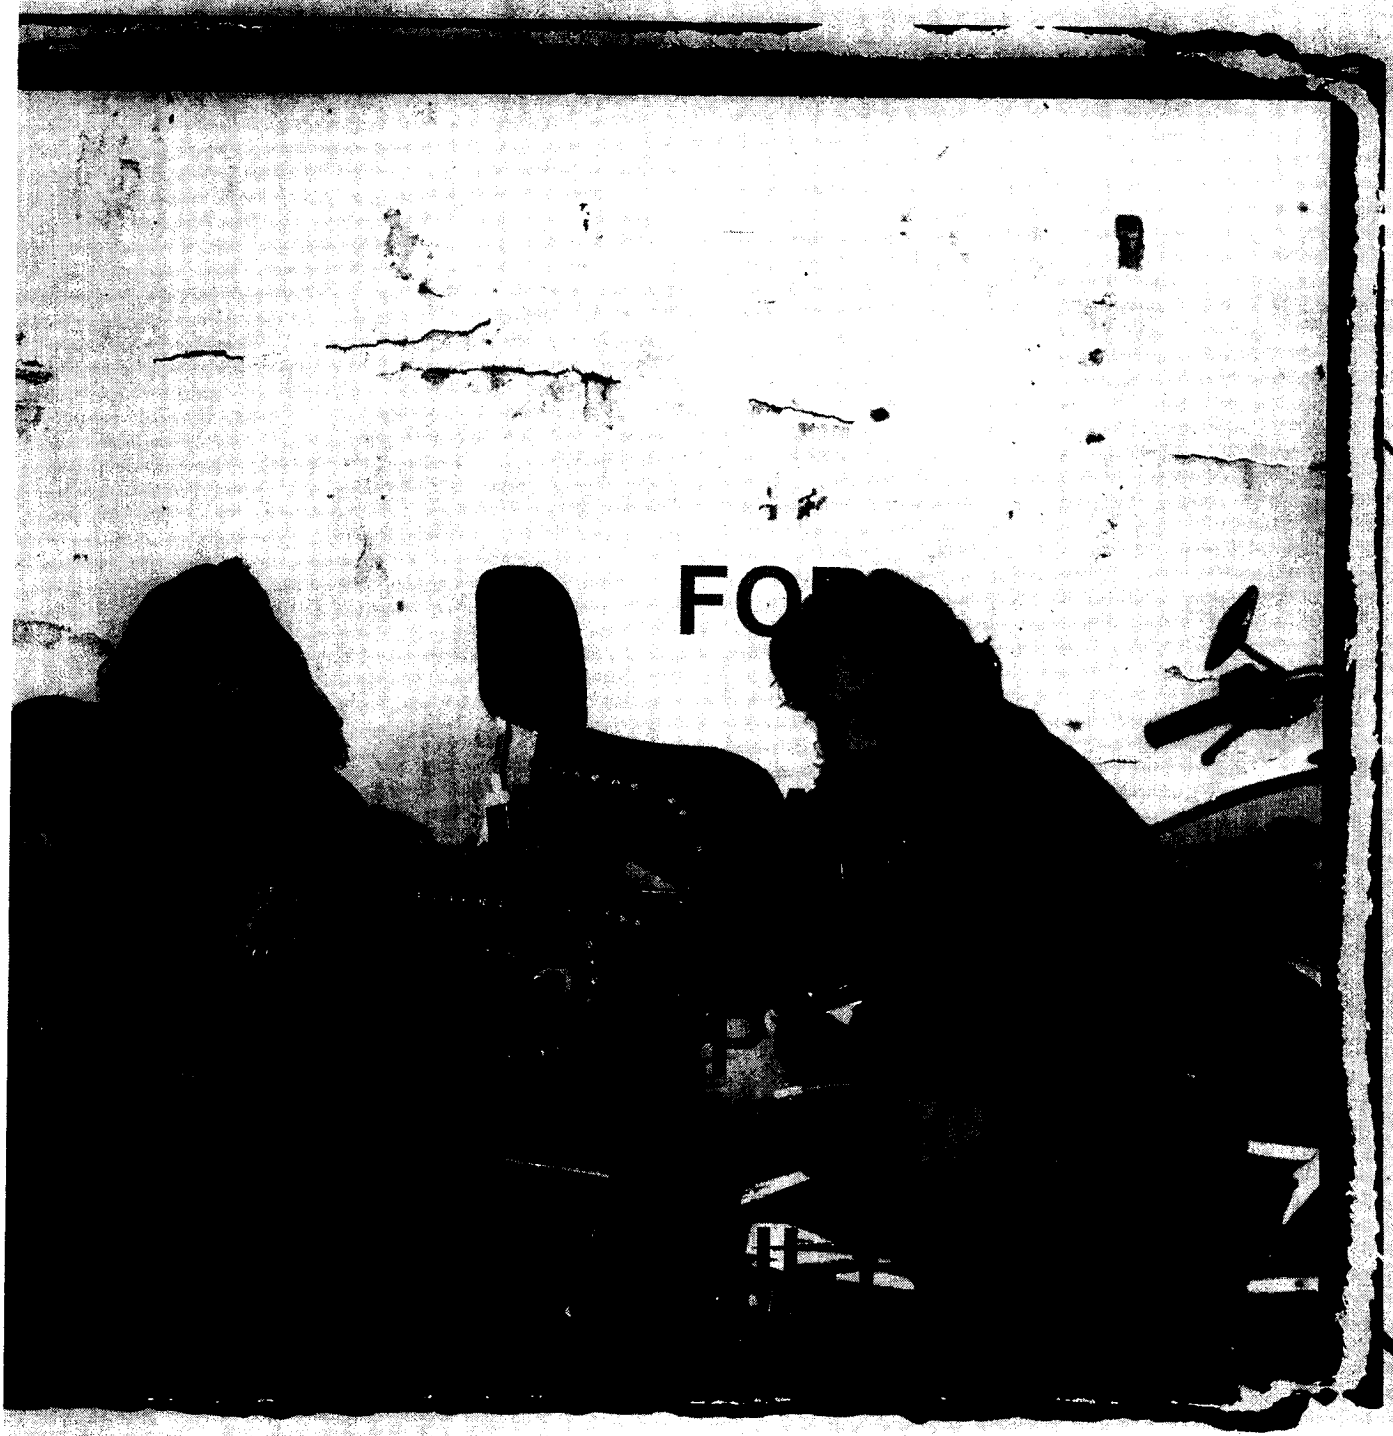
MOTORCLOTHES™

AND COLLECTIBLES

FALL AND WINTER 1992



We're going to tell you this right up front. The MotorClothes® and Accessories in this catalog are not, repeat not, available at your local department store, boutique or strip mall. ▸ You have to go to your local Harley-Davidson® dealership. Now we know some of you have never set foot inside a Harley-Davidson dealership. Maybe you don't know what to expect. ▸ Simple. Expect to meet a lot of nice people. See whatever it was from this catalog that got you there in the first place.



And find out a few things you might not know about the new 1993 Harley-Davidson motorcycles, if you're so inclined. If not, just look at the MotorClothes. We don't mind. ▸ *But if we know the average Harley® rider (and by this time, we suspect we do), he or she doesn't need an invitation to visit a Harley dealership.* ▸ *All he really needs is an excuse.* ▸ *In this book, there are at least 369 of them.* ▸ *For help in locating your nearest Harley-Davidson dealership, call toll-free 1-800-443-2153.*■ ● *means this is a new item for Fall 1992.*

You know how Harley Davidson operates. From time to time, we come up with something extra special. Something so cool we think you might want it more than you've ever wanted anything in your whole life. ▶ Then, just to be difficult, we go right ahead and make less of it. ▶ We refer to the result of this habit as a "Limited Edition." Harley's Limited Editions tend to make everybody really envious except the people who were smart enough to hustle down to a participating dealership and grab one. ▶ These jackets, for example. If you don't pick one up today, how are you going to feel if your buddy shows up in one tomorrow? ■

In Milwaukee, in the early '20's, there was a Harley-Davidson mechanic whose name has been forgotten, but whose right forearm became a legend. It seems that, along with the company logo, he had the serial number of every Harley he'd ever owned tattooed in letters a quarter inch high on his arm.

To this day, those serial numbers, that arm, and the man himself—the MotorClothes® logo—remain the most cherished symbols of Harley-Davidson ownership. Created with the same attention to detail that's always marked Harley-Davidson products, these durable garments are truly state of the art.

But enough of this history stuff. It's obvious these garments have at least two things going for them.

1. They're Harley-Davidson.
2. They're [illegible]

RESEARCH

The fact that the products in this book are rated smart isn't just some bizarre coincidence. I like having the guy who pulls up next to you at Sturgis turn out to be your long, lost cousin from
[illegible] clothes.

From CEO President Rich Teerlink to the guy who wields the torque arm, this Company knows what it's like to cruise along with the sun on your back and the wind in your face. We can tell you how a bumpy road feels on the pegs, and a smooth one. We know a good curve from a bad [illegible] into both.

The truth is, Motor Clothes doesn't even own a test facility. With a company full of riders and access to actual customers, who needs one?

You can't help but be something special when 35,000 people show up to celebrate a machine's 85th birthday. But that's what happened in 1988 in Milwaukee.

Five years later, we're celebrating our 90th with 90 specially designed editions of our 1,200 pound rocket – we back it with, Low Rider Custom, Classic and Ultra Classic Electra Glide and the Classic Tour Glide motorcycles. And for the outdoors, we put our proud 90th Anniversary logo on those Harley clothes and collectibles, too.

By the way, we're expecting maybe 70,000 for this one, but we'd make it 77,501.

Join us June 12, 1993 at the Henry W. Maier Festival Grounds in Milwaukee, for our 90th Anniversary Reunion and Rally. Rides will leave from these 10 cities: Augusta, ME; Edmonton, AB; Kitty Hawk, NC; Los Angeles, CA; Montreal, PQ; Orlando, FL; Salt Lake City, UT; San Francisco, CA; Vancouver, BC; and Washington, DC. Each ride will be led by Harley Davidson executives. When you arrive in Milwaukee, you'll enjoy demonstrations, music, displays, food and fun.

To purchase a registration packet for the Ride and Reunion, see your local Harley Davidson dealer.

H.O.G. members can start celebrating our 90th a few days early. Come to the 16th Annual National H.O.G. Rally at the Wisconsin State Fair Grounds, June 9-11, 1993. And get a head start on all the excitement.
