v.

Susan B. Bucenell

ELIZABETH J. WINTER, INTERLOCUTORY ATTORNEY:

Opposer's consented motion (filed May 12, 2010) to extend testimony periods is granted. Trademark Rule 2.127(a). Accordingly, testimony periods are reset on the schedule set forth in the motion.

Nonetheless, the Board notes that this proceeding has been pending for almost three years. Therefore, in the event that the parties seek further extensions of time or periods of suspension to facilitate settlement discussions, the parties must support such request with a detailed report on the progress of their settlement discussions, which shows good cause for such extension of time or suspension of this proceeding. Such report regarding the progress of the parties' settlement negotiations should address when the last settlement proposal was sent, by whom,

and when a response is expected, a recitation of the issues that have been resolved since the commencement of this proceeding, a list of issues that remain to be resolved, and a timetable for resolution. Confidential information may be so designated and will be barred from public viewing.

Absent such a report, any future motion to extend or suspend, even though agreed to by the parties, may not be approved.
