NOTICE OF OPPOSITION

Beckman Coulter, Inc. (hereinafter referred to as "Opposer"), a corporation organized under the laws of the State of Delaware, having its address at 4300 N. Harbor Boulevard, Fullerton, California 92834, believes that it will be damaged by the registration of the mark SYNCHROLUX shown in Serial Number 78/915365 in International Class 10 in the name of Novadaq Technologies Inc. (hereinafter referred to as "Applicant"), and hereby opposes same in accordance with 15 U.S.C. § 1063 and 37 C.F.R. § 2.101.

As grounds of opposition, it is alleged that:

1. Opposer, a leading manufacturer of biomedical testing instrument systems, is the owner of the trademarks SYNCHRON, Registration No. 1723115, covering "reagents for use with clinical chemistry analyzers" in Class 1; SYNCHRON, Registration No. 1471995,

covering “automated clinical chemistry analyzers” in Class 9; SYNCHRON LX, Registration No. 2166042, covering “chemical reagents for clinical diagnostic medical purposes” in Class 5 and “automated clinical chemistry analyzers for medical use” in Class 10; SYNCHRON AS, Registration No. 1542318, covering “automated clinical chemistry analyzers” in Class 9; SYNCHRON CX, Registration No. 1465090, covering “reagent for automated clinical chemistry analyzers” in Class 1; SYNCHRON CX, Registration No. 1450433, covering “automated clinical chemistry analyzers” in Class 9; and SYNCHRON EL-ISE, Registration No. 1663099, covering “scientific diagnostic reagents for use with clinical chemistry analyzers” in Class 1 and “automated clinical chemistry analyzers” in Class 9 (hereinafter referred to as “SYNCHRON Family of Marks”). Opposer has continuously used the SYNCHRON Family of Marks in commerce since at least as early as December of 1985.

2. Opposer’s incontestable registrations are valid, subsisting, and provide *prima facie* evidence of Opposer’s ownership of the SYNCHRON Family of Marks, their validity, and of Opposer’s exclusive rights to use the SYNCHRON Family of Marks in commerce. See attached hereto as Exhibits A – N copies of the Certificates of Registration Nos. 1723115, 1471995, 2166042, 1542318, 1465090, 1450433, and 1663099, as well as the Trademark Assignment Abstracts of Title for each registration.

3. Opposer has engaged in extensive advertising and generated high sales of its products under the SYNCHRON Family of Marks. As a result thereof, consumers have come to recognize and associate the SYNCHRON Family of Marks with Opposer and Opposer has acquired substantial goodwill in the SYNCHRON Family of Marks.

4. Applicant seeks to register SYNCHROLUX as a trademark for “a medical device for medical imaging and treatment of ophthalmological medical conditions comprised of

one or more light sources, treatment lasers, control electronics, synchronization signals for imaging cameras and computer hardware and software” in Class 10 (hereinafter referred to as “Applicant’s Mark”), as evidenced by the publication of said mark in the *Official Gazette* of the August 28, 2007 issue.

5. There is no issue as to priority. The filing date and claimed priority date of Applicant’s Mark are subsequent to the first use date of Opposer’s SYNCHRON Family of Marks, subsequent to the issuance date of Opposer’s U.S. registrations for the SYNCHRON Family of Marks and subsequent to the introduction and use of Opposer’s SYNCHRON Family of Marks to the purchasing public.

6. Applicant’s Mark SYNCHROLUX is confusingly similar to Opposer’s SYNCHRON Family of Marks within the meaning of Section 2(d) of the Lanham Act, 15 U.S.C. 1052 (d). The trademark proposed under Serial No. 79/027667 is confusingly similar to Opposer’s SYNCHRON Family of Marks in appearance, sound and connotation and, consequently, in its overall commercial impression. Applicant’s Mark consists of the literal element SYNCROLUX, which is almost identical to the Opposer’s mark, SYNCHRON LX, and extremely similar to Opposer’s marks SYNCHRON, SYNCHRON AS, SYNCHRON CX, and SYNCHRON EL-ISE. A person “having a general recollection” of Opposer’s Mark would be likely, upon seeing Applicant’s Mark, to assume that the SYNCHRON Family of Marks and Applicant’s Mark emanate from the same source or connected sources, and that there exists an affiliation, connection or association between Opposer and the Applicant.

7. Since the application has been applied for goods that are very similar to Opposer’s goods, both marks are likely to travel in the same channels of trade and are likely to target

the same markets and consumers, who will encounter the respective marks in the market place and will likely be confused as to the source of the goods.

8. Applicant's Mark is likely, when applied to Applicant's goods, to cause confusion, and mistake and to deceive as to the affiliation, connection, or association of Applicant with Opposer, or as to the origin, sponsorship, or approval of Applicant's goods, services, or commercial activities, with consequent injury to Opposer, the consumer and the trade.

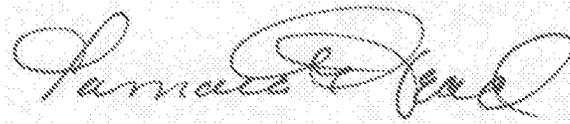

9. If Applicant is permitted to use and register its mark for its goods, as specified in the application herein opposed, confusion resulting in damage and injury to Opposer will likely occur. Persons familiar with Opposer's SYNCHRON Family of Marks are likely to believe that some relationship exists between Applicant and Opposer or that Applicant's and Opposer's goods may somehow be connected.

10. If Applicant were granted the registration herein opposed it would thereby obtain at least a *prima facie* exclusive right to the use of its mark. Such registration would be a source of damage and injury to Opposer.

WHEREFORE, Opposer prays that this opposition be sustained and that Application Number 78/915365 be refused according to Section 2(d) of the Lanham Act, 15 U.S.C. 1052(d), and for such other and further relief as the Commissioner of Patents and Trademarks shall deem proper and required by the Principles of Equity and Good Conscience.

The fee required in Section 2.6(a)(17) in the amount of \$300.00 per class is enclosed herewith.
