v.

First SBF Holding, Inc.

On January 6, 2010, the Board entered judgment against applicant, sustained this consolidated opposition proceeding and refused registration to applicant. In addition, the Board allowed applicant (as counterclaim-plaintiff) thirty days to show cause why judgment should not be entered against it in regard to its counterclaim in view of applicant's apparent loss of interest in this case.

The record shows no response thereto.

Accordingly, judgment is hereby entered against applicant/counterclaimant in connection with its counterclaim, and the counterclaim is hereby dismissed with prejudice.
