ADOBE SYSTEMS INCORPORATED

Opposer,

v.

AIRLOGICA CORPORATION

Applicant.

Opposition No.: \_\_\_\_\_

NOTICE OF OPPOSITION

Application Serial No.: 77/193356

International Classes: 9

Filing Date: May 30, 2007

Publication date: November 13, 2007

Adobe Systems Incorporated ("Opposer"), a Delaware corporation having its principal place of business at 345 Park Avenue, San Jose, California, 95110, believes that it will be damaged by the issuance of a registration for the mark FLASH ("Applicant's Mark") as applied for in Application Serial No. 77/193356 filed on May 30, 2007 (the "Application"), by Airlogica Corporation, a Texan corporation, having its place of business at Suite 615, 275 W. Campbell Road, Richardson, TX 75080 ("Applicant"), and hereby opposes registration of the same in Classes 9.

As grounds for opposition, Opposer alleges that:

1. Opposer is one of the largest computer software companies in the world, with over 6,400 employees worldwide. Founded in 1982 in California, it had fiscal 2006 revenues of over \$2.5 billion. Its software is the undisputed leader in digital image creation and editing software, and is used by over ninety percent of creative professionals in the digital imaging field. Applicant is also a market leader in desktop publishing, website design, and web-based desktop publishing.

2. Opposer's FLASH products and services, launched in January and February of 1997, have become the leading animation, presentation, and rich content delivery mechanism on the Internet. Software using Opposer's FLASH mark is installed on nearly ninety-eight percent of internet-connected desktops and is widely used on mobile communications devices.

3. Opposer owns the U.S. trademark registrations and applications for a family of marks consisting of, containing, or featuring the FLASH mark (collectively, "Opposer's Marks"; see Exhibits A and B) for a range of goods and services (collectively, "Opposer's Goods and Services"). Opposer's Goods and Services, among others, include computer software for creation and viewing of animation, graphics, and presentations, computer software for use in authoring for the web, and computer software for enhancing the capabilities of web browser software, all in Class 9. Through its efforts and the expenditure of considerable sums of money in connection with its advertising, promotional and market services, Opposer has developed valuable goodwill and consumer recognition in Opposer's Marks.

4. Opposer, or its predecessors, has been, and is now, using Opposer's Marks in connection with software and related services since the first use dates set forth in Exhibit A. Such use has been valid and continuous and has not been abandoned.

5. Opposer's Marks are widely known and famous.

6. By the Application, Applicant seeks to register the mark FLASH as a trademark for the following goods and services ("Applicant's Goods") in International Class 9: "Automated systems, namely, software, hardware and communications devices for planning, scheduling, controlling, monitoring and providing information on transportation assets and parts thereof; Computer software for creating searchable databases of information and data; Computer software for providing an on-line database in the field of transaction processing to upload

transactional data, provide statistical analysis, and produce notifications and reports; Computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information; Computer software for use in customer relationship management (CRM); Computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface."

7. Applicant uses Applicant's Mark at the internet address <http://www.airlogica.com/products/flash/>.
8. Applicant's Goods are identical, closely related, and/or complementary to Opposer's Goods and Services.
9. On information and belief, Opposer's Goods and Services and Applicant's Goods could be provided to the same types of consumers through the same channels of trade.
10. There is no issue concerning priority. Opposer's Marks include registrations for the mark FLASH that were both filed and used in commerce prior to the May 30, 2007 filing date of the Application.
11. Applicant's Mark is exactly the same as two of Opposer's Marks and is confusingly similar to the remainder of Opposer's Marks.
12. Applicant's Mark so resembles each of Opposer's Marks as to be likely, when applied to Applicant's Goods, to cause confusion, to cause mistake, and to deceive with consequent injury to Opposer, the trade and the public, in contravention of 15 U.S.C. §1052(d).
13. Opposer further avers that it will be damaged if the Application is allowed to proceed to registration, because consumers and prospective consumers are likely to be confused,

mistaken or deceived into believing that Applicant or Applicant's Goods are connected with, sponsored by, or approved by Opposer. Any defect, objection or fault found with Applicant's Goods marketed or sold under Applicant's Mark will reflect upon and seriously injure the valuable reputation that Opposer has established for the Opposer's Goods and Services.

14. Registration of Applicant's Mark would also damage Opposer because such registration would grant a statutory exclusive right to Applicant in violation and derogation of the prior and superior rights of Opposer, would unduly narrow the scope of protection afforded to Opposer's Marks, and would dilute or would be likely to dilute the distinctive quality of Opposer's Marks in contravention of 15 U.S.C. §1125(c).

15. Opposer timely files this opposition. Opposer has timely filed three extension requests, and the opposition deadline is May 11, 2008.

16. WHEREFORE, Opposer respectfully prays that its opposition be sustained and that the application for registration of Serial No. 77/193356 be denied and refused. This Notice of Opposition is filed according to the rules governing electronic submissions to the Trademark Trial and Appeal Board, including payment of the requisite fee.

DATED: May 9, 2008.
