WASHINGTON, Pa., Jan. 27 /PRNewswire/ -- McNeil Consumer Healthcare, Division of McNEIL-PPC, Inc., today announced the availability of Children's ZYRTEC(R) Allergy Bubble Gum Syrup, a new sugar-free, dye-free bubble gum flavor product used to treat perennial and seasonal allergic rhinitis, also known as upper respiratory allergies, in children ages two years and older. Children's ZYRTEC(R) Allergy Bubble Gum Syrup relieves kids' indoor and outdoor allergy symptoms. The new children's product is available in original ...

...in local retail stores starting today. "The new sugar-free, dye-free children's allergy product offers the allergy relief of ZYRTEC(R) that parents have relied on for years, but without the addition of corn syrup or food dyes," said Rohinish Hooda, Vice President of Marketing, Upper Respiratory, McNeil Consumer Healthcare. "Children's ZYRTEC(R) Allergy Bubble Gum Syrup is an important addition to our pediatric portfolio to help parents manage their child's indoor and outdoor allergy symptoms." Children's ZYRTEC(R) Allergy Bubble Gum Syrup, which is available in a convenient plastic bottle, received approval from the Food and Drug Administration in August 2008 to treat indoor and outdoor allergy symptoms for 24 hours. ZYRTEC(R) has a variety of products in different flavors and forms to help relieve children's allergy symptoms. These products are available in the original prescription strength without a prescription and include Children's ZYRTEC(R) Allergy Grape Syrup and sugar-free, dye-free Children's ZYRTEC(R) Allergy Bubble Gum Syrup for ages two years and older, as well as Children's ZYRTEC(R) Allergy Chewables for ages six years and older. ZYRTEC(R) also offers Children's ZYRTEC(R) Hives Relief Syrup for ages six years and older. For more information on Children's ZYRTEC(R) Allergy Bubble Gum Syrup and the portfolio of ZYRTEC(R) allergy products for adults and children, visit http://www.zyrtec.com. About Allergies More than 36 million Americans suffer from indoor ...

...seasons, sports, and even the school building itself can trigger symptoms like sneezing, runny nose and itchy-watery eyes. About ZYRTEC(R) ZYRTEC(R) is an antihistamine that helps block the action of histamine in the body. ZYRTEC(R) helps provide 24 hour relief of indoor and outdoor upper respiratory allergy symptoms including symptoms of sneezing, runny nose ...

1283. Study debunks myths of Rx-to-OTC switch.
Drug Store News Author: Johnsen, Michael; Word Count: 854
12/8/08 DSNEWS 47 2008 WLNR 25957251 ...

...out-of-pocket expenses. [ILLUSTRATION OMITTED] The Nielsen-Wolters Kluwer Health study, "Consumer Behavior and Managed Care Impact of the Zyrtec Rx-to-OTC Switch," found that 84 percent of those who tried Zyrtec OTC earlier this year had a competing OTC allergy medicine in their medicine cabinets prior to the trial instead of prescription Zyrtec. " This is an important finding, which suggests that, while it's important to convert consumers coming from the Rx version of ...

...to OTC aisles by Procter & Gamble in 2003. The big switch just over the horizon might very well match the Zyrtec model presented by Nielsen and Wolters Kluwer--Novartis' Prevacid will be the second PPI to make its way onto the OTC market, much as Zyrtec was the second "second-generation antihistamine" to switch. Only 27 percent of former prescription Zyrtec patients "followed the molecule" and switched to Zyrtec OTC; the majority of prescription Zyrtec users (40 percent) actually talked to their doctors about alternative prescription allergy medicines--namely Sanofi-Aventis' Allegra or GlaxoSmithKline's Flonase. Each of these prescription allergy alternatives to Zyrtec captured 9 percent of former Zyrtec patients. That means there was lower carryover from the base of prescription Zyrtec users than would have been expected, debunking the first myth that prescription Zyrtec users will be the first to try OTC Zyrtec. The second myth--that switching to Zyrtec OTC equates to an overall savings for the consumer--also was dispelled by the report. According to the data, 68 percent of consumers who switched to Zyrtec OTC paid more, with the average differential of an $11.68 increase in out-of-pocket expense versus their prior ...

1295. New Research Bucks Common Perceptions Surrounding Rx-to-OTC Switches Allergies
Drug Week Author: N/A; Word Count: 1347
11/28/08 DRUGWEEK 1437 2008 WLNR 22175894 ...

...to OTC (see also Allergies The Nielsen-Wolters Kluwer Health study entitled, "Consumer Behavior and Managed Care Impact of the Zyrtec Rx-to-OTC Switch," reveals that a full 84 percent of those who switched to Zyrtec OTC were sourced from other OTC products rather than from other prescription products as many had expected. In fact, of all people who migrated to Zyrtec OTC from other allergy therapies, only 6 percent were former prescription Zyrtec users. Further, only 27 percent of prescription Zyrtec patients "followed the molecule" and switched to Zyrtec OTC. Focusing on allergy drug Zyrtec OTC and the spring 2008 allergy market, the study draws three key conclusions relating to the dynamics of a recent major OTC switch. First, it suggests that there was lower carryover from the base of prescription Zyrtec users than some expected. Second, switching to Zyrtec OTC led to increased spending on allergy medication for some consumers; and third, rather than restricting access to Rx drugs ...

...today online (www.nielsen.com/health/patientsasconsumers.html) by Nielsen and Wolters Kluwer Health, the study showcases overall patient trends surrounding the recent Zyrtec switch by utilizing HealthScape(TM) Consumer, the first truly integrated set of OTC/Rx informatics. "Nielsen and Wolters Kluwer are ...

...even more focused on consumer behavior, needs and expectations if a switch is to produce much needed new mega-brands." Zyrtec OTC Consumers Willing to Pay More for Their Medication Another key finding suggests that, contrary to popular perceptions about OTCs being lower cost alternatives to prescriptions, most of those who switched to Zyrtec OTC actually paid more out of pocket versus their prior therapy. According to the data, 68 percent of consumers who switched to Zyrtec OTC paid more, with the average differential an $11.68 increase versus their prior therapy. This indicates that increased access ...

1321. New Research Bucks Common Perceptions Surrounding Rx-to-OTC Switches Allergies
Life Science Weekly Author: N/A; Word Count: 1347
11/25/08 LIFESCIWKLY 2868 2008 WLNR 22251067 ...

...to OTC (see also Allergies The Nielsen-Wolters Kluwer Health study entitled, "Consumer Behavior and Man-

© 2009 Thomson Reuters. No Claim to Orig. US Gov. Works.

aged Care Impact of the Zyrtec Rx-to-OTC Switch," reveals that a full 84 percent of those who switched to Zyrtec OTC were sourced from other OTC products rather than from other prescription products as many had expected. In fact, of all people who migrated to Zyrtec OTC from other allergy therapies, only 6 percent were former prescription Zyrtec users. Further, only 27 percent of prescription Zyrtec patients "followed the molecule" and switched to Zyrtec OTC. Focusing on allergy drug Zyrtec OTC and the spring 2008 allergy market, the study draws three key conclusions relating to the dynamics of a recent major OTC switch. First, it suggests that there was lower carryover from the base of prescription Zyrtec users than some expected. Second, switching to Zyrtec OTC led to increased spending on allergy medication for some consumers; and third, rather than restricting access to Rx drugs ...

...today online (www.nielsen.com/health/patientsasconsumers.html) by Nielsen and Wolters Kluwer Health, the study showcases overall patient trends surrounding the recent Zyrtec switch by utilizing HealthScape(TM) Consumer, the first truly integrated set of OTC/Rx informatics. "Nielsen and Wolters Kluwer are ...

...even more focused on consumer behavior, needs and expectations if a switch is to produce much needed new mega-brands." Zyrtec OTC Consumers Willing to Pay More for Their Medication Another key finding suggests that, contrary to popular perceptions about OTCs being lower cost alternatives to prescriptions, most of those who switched to Zyrtec OTC actually paid more out of pocket versus their prior therapy. According to the data, 68 percent of consumers who switched to Zyrtec OTC paid more, with the average differential an $11.68 increase versus their prior therapy. This indicates that increased access ...

1356. Zyrtec Rohinish Hooda
Advertising Age Author: jack neff; Word Count: 197
11/17/08 ADVTGAGE S12 2008 WLNR 22279073 ...

...Zyrtec Rohinish Hooda jack neff When Johnson & Johnson acquired Pfizer's consumer-health-care business, the buried treasure was allergy drug Zyrtec. At the time, in 2006, it was a top-selling prescription drug in the U.S. Showcasing that treasure has been Rohinish Hooda, VP-marketing for J&J's over-the-counter upper-respiratory business. Zyrtec is on track to hit $300 million in its first year of OTC sales despite going head-to-head with private-label. ``It's been a phenomenal year,'' Mr. Hooda says. By the second quarter, Zyrtec had a 27.5% share of the U.S. OTC allergy business. The sales are great, he says, but ``the market ...

...is even more satisfying.'' J&J arranged for 40 of the Fortune 500 employers to send direct-mail ads to Zyrtec prescription users. But the key move may have been mining clinical data to come up with a powerful new claim in TV and print ads from JWT, New York-that Zyrtec starts working in only an hour, compared with three for Claritin. 160 Economy Business and Finance Media Healthcare Practice ...

...New Research Bucks Common Perceptions Surrounding Rx-to-OTC Switches Nielsen-Wolters Kluwer Health study reveals only 27% of Rx Zyrtec users switched to Zyrtec OTC CONSHOHOCKEN, Pa. and NEW YORK, Nov. 10 /PRNewswire/ -- Using a new research paradigm that, for the first time, integrates ...

...prescription drug switches to OTC. The Nielsen-Wolters Kluwer Health study entitled, "Consumer Behavior and Managed Care Impact of the Zyrtec Rx-to-OTC Switch," reveals that a full 84 percent of those who switched to Zyrtec OTC were sourced from other OTC products rather than from other prescription products as many had expected. In fact, of all people who migrated to Zyrtec OTC from other allergy therapies, only 6 percent were former prescription Zyrtec users. Further, only 27 percent of prescription Zyrtec patients "followed the molecule" and switched to Zyrtec OTC. Focusing on allergy drug Zyrtec OTC and the spring 2008 allergy market, the study draws three key conclusions relating to the dynamics of a recent major OTC switch. First, it suggests that there was lower carryover from the base of prescription Zyrtec users than some expected. Second, switching to Zyrtec OTC led to increased spending on allergy medication for some consumers; and third, rather than restricting access to Rx drugs ...

Drug Week Author: N/A; Word Count: 569
9/19/08 DRUGWEEK 1686 2008 WLNR 17253814 ...

...Allergy Foundation of America (AAFA) announced its 2008 Fall Allergy Capitals(TM) list, which is sponsored by the makers of ZYRTEC(R). The annual research project ranks the fall's 100 most challenging cities to live for people with upper respiratory allergies ...

...AAFA. " Allergy sufferers should know what allergens trigger their symptoms and, if appropriate, manage them by taking a medication like ZYRTEC(R) that can alleviate both outdoor and indoor allergies." In addition to outdoor allergies, people may suffer during the fall ...

...There are excellent allergy medicines available to people. In fact, this is the first fall that allergy sufferers can get ZYRTEC(R) without a prescription in most local stores. This will be a huge convenience for allergy sufferers no matter where they live or travel." Allergen Allergic Disease Allergies Allergy Medicine Asthma Cetirizine Hydrochloride Drugs Pharmaceuticals Pulmonology Therapy Treatment Zyrtec The Asthma and Allergy Foundation of America North America 1NO39 USA 1US73 Americas 1AM92 North Carolina ...

1673. Cough-cold switch products add to category sales.
Drug Store News Author: White-Sax, Barbara; Word Count: 1200
9/8/08 DSNEWS 33 2008 WLNR 25759487 ...

...they boosted the entire segment. Retailers have been getting a similar lift from the OTC version of the recently switched Zyrtec. " The December 2007 launch of an OTC Zyrtec will continue to bump the category up in 2008/2009," said Laura Mahecha, industry manager for Kline & Company's healthcare practice. McNeil Consumer Healthcare's Zyrtec was switched in November 2007, just in time to land on store shelves for the 2008 allergy season. " The Zyrtec switch was definitely huge," said Kyle Lentz, health and beauty aids analyst for the

© 2009 Thomson Reuters. No Claim to Orig. US Gov. Works.

market research company Hamacher Resource Group. Unlike many other switched products, Zyrtec was not granted exclusivity by the Food and Drug Administration, so the market is wide open for private-label cetirizine HCI products. " The OTC version of Zyrtec was not given three-year exclusivity, so we had private-label products right out of the gate. CVS, Walgreens and ...

...ILLUSTRATION OMITTED] Lentz said Hamacher's planograms recommend that stores stock one private label "compare to" for count-size SKU of Zyrtec. " Private label is definitely strong in Zyrtec," he said. Competitor Schering-Plough's Claritin, another Rx-to-OTC switch that has owned the category for some time, now ...

...think there will be a lot of competition between the two brands," Mahecha said. "Claritin is definitely losing share to Zyrtec," Lentz said. " I expect to see more advertising and more line extensions from the brand." Schering recently introduced Children's Claritin ...

1700. DC AAFA Allergies 09 04
AP Alert - Medical Author: N/A; Word Count: 1717
9/4/08 APALERTMEDIC 12:06:38 ...

...Foundation of America (AAFA) announced today its 2008 Fall Allergy Capitals(TM) list, which is sponsored by the makers of ZYRTEC(R). The annual research project ranks the fall's 100 most challenging cities to live for people with upper respiratory allergies ...

...AAFA. " Allergy sufferers should know what allergens trigger their symptoms and, if appropriate, manage them by taking a medication like ZYRTEC(R) that can alleviate both outdoor and indoor allergies." In addition to outdoor allergies, people may suffer during the fall ...

...There are excellent allergy medicines available to people. In fact, this is the first fall that allergy sufferers can get ZYRTEC(R) without a prescription in most local stores. This will be a huge convenience for allergy sufferers no matter where ...
