3. Originally founded in February 1986 as a computer hardware company whose core products were computers and computer terminals used for processing and displaying visual and graphic information, Opposer began offering computer animation and computer graphics services and producing computer animated commercials for third parties under the PIXAR name and mark in 1986.

4. Since 1986, Opposer has continuously used its PIXAR name and mark in commerce in connection with its manufacture, sale, and distribution of computer hardware and computer software for computer graphics and image processing applications, computer graphics and animation services, and entertainment services in the field of animated video, television, film, and computer generated images.

5. Opposer's PIXAR mark is a coined term and inherently distinctive mark.

6. Over the years, Opposer has created, produced, sold, and/or distributed numerous award-winning animated films in connection with its PIXAR name and mark, including, but not limited to, *Toy Story (1995)*, *A Bug's Life (1998)*, *Toy Story 2 (1999)*, *Monsters, Inc. (2001)*, *Finding Nemo (2003)*, *The Incredibles (2004)*, *Cars (2006)*, *Ratatouille (2007)*, and *Wall-E (2008)*. All of these films have been among the highest grossing films of the year, and achieved critical acclaim and extensive unsolicited media attention.

7. Pixar's *Toy Story* film was released in 1995 and quickly become the highest grossing film of the year. Since its release, the film has grossed more than \$190,000,000 in domestic film markets.

8. Pixar followed its initial *Toy Story* success with the 1998 release of its award winning film *A Bug's Life*. *A Bug's Life* has grossed more than \$160,000,000 domestically.

9. Pixar released *Toy Story 2* in 1999. *Toys Story 2* was the first film in history to be entirely created, mastered, and exhibited digitally, and the first animated sequel to gross more than its original. To date, *Toy Story 2* has grossed more than \$245,000,000 domestically.

10. In 2001, Pixar continued its winning record with the release of *Monsters, Inc.*, the third highest grossing animated film ever. To date, *Monsters, Inc.* has grossed more than \$255,000,000 domestically.

11. In 2003, Pixar released its award-winning film *Finding Nemo*. To date, *Finding Nemo* has grossed more than \$339,000,000 domestically.

12. Pixar's release of *The Incredibles* followed in 2004. To date, *The Incredibles* has grossed in excess of \$261,000,000 domestically.

13. In 2006, Pixar debuted its animated film *Cars*, which has grossed more than \$244,000,000 domestically.

14. Pixar released its animated film *Ratatouille* in 2007, which has grossed in excess of \$205,000,000 domestically.

15. Pixar released its most recent animated film *Wall-E* to significant critical acclaim on June 27, 2008. The film earned in excess of \$63,000,000 domestically on its first weekend alone.

16. The PIXAR name and mark is prominently displayed at the beginning of every PIXAR film so that it is clearly seen by every one of the tens of millions of people who watch Opposer's films in theaters or on DVDs, VHS tapes, iTunes, or other video recordings.

17. Over the years, Opposer has spent many millions of dollars extensively advertising and promoting its products and services nationwide under the PIXAR name and mark. Opposer and its products and services have also received significant media coverage and publicity nationwide in printed publications, on television, radio, and on the Internet.

18. Over the years, Opposer has received numerous awards for its technological advancements in the fields of computer graphics and animation including, but not limited to, awards for digital scanning, digital image compositing, particle systems, digital painting, storyboarding, and more.

19. In addition, Opposer has been nominated for and has won hundreds of awards for its extraordinarily successful and popular animated films, film shorts, and television commercials in connection with its PIXAR name and mark, including 23 Academy Awards, 47 Academy Award nominations; 3 Golden Globes, 11 Golden Globe nominations; 6 Grammy Awards; 15 Grammy Award nominations; 3 Kid's Choice Awards; and 2 People's Choice Awards, among others. Many, if not most of these nominations and awards have been the subject of television broadcasts, exposing tens of millions of people to the PIXAR mark and name in the United States alone.

20. Over the years, hundreds of millions of people have encountered Opposer's PIXAR mark and name in connection with Opposer's popular animated films

in theaters, on television, and on VHS tapes and DVDs; through advertising and independent media coverage in print, television, radio, and on the Internet; in promotional campaigns with numerous national retailers and eateries; and in connection with a wide array of collateral merchandise including toys and games of all types and descriptions; apparel and headwear; audio and video recordings in all formats; consumer electronics; video games; and more. The PIXAR mark and name prominently appears on this collateral merchandise. For example, the PIXAR mark and name prominently appears on the covers of DVDs and other video recordings, soundtrack CDs, and other audio recordings, and video and computer games.

21. Opposer is the owner of numerous United States trademark registrations and applications for the mark PIXAR and PIXAR-formative marks, including the following (copies of the TESS/TARR printouts and Assignment records for each of the following registrations are attached as Exhibit A):

<b>Mark</b>	<b>Reg. No. Reg. Date</b>	<b>First Use First Use in Commerce</b>	<b>Goods/Services/Classes</b>
PIXAR	1729056 issued 11/3/1992	4/15/1985	Computer programs for use in computer graphic applications in Class 9
PIXAR	1918413 issued 9/12/1995	8/19/1986	Computer animated production services in Class 41
PIXAR	2084959 issued 7/29/1997	8/1986	Entertainment services in the field of film and television, namely, the creation, production, and distribution of films, videos, animation, and computer generated images in Class 41

22. The registrations listed in Paragraph 21 are valid and subsisting and constitute *prima facie* evidence of the validity of the marks and registrations, of

Opposer's ownership of and exclusive right to use the marks in commerce, and provide constructive notice of ownership thereof by Opposer. In addition, each of the listed registrations are incontestable and constitute conclusive evidence of Opposer's exclusive right to use the PIXAR mark in commerce for the covered goods and services.

23. As a result of Opposer's considerable success and the unparalleled success and popularity of its award-winning films, commercials, and film shorts, and the wide reach of Opposer's collateral merchandising activities, the PIXAR mark is a famous mark and has been famous for many years.

#### **Applicant and its PIXART Application**

24. Applicant PixArt Imaging Inc. ("Applicant") is a Taiwan corporation with an address of No. 5, Innovation Road, 1 Science Based Industrial Park, Hsin-Chu, Taiwan.

25. Applicant is the listed owner of intent-to-use Application Serial No. 77147398 filed on April 3, 2007 for the mark PIXART in International Class 9 covering "computer chips, semiconductor chips, electronic chips for the manufacture of integrated circuits, silicon chips, silicon wafers, structured semiconductor wafers, digital transparent media adapters, circuit boards, semiconductors, interface cards for data processing equipment in the form of printed circuits, transistors, electronic circuits, electronic integrated circuits, electronic microcircuits, semiconductor devices, computer cursor control devices, namely, computer mouse, digital cameras, web cams, video game consoles, photo-electric sensors, microwave sensors, infrared sensors, ultrasonic sensors" in International Class 9.

**Count I**  
**Likelihood of Confusion, 15 U.S.C. § 1052(d)**

26. Opposer repeats and realleges each and every allegation set forth in Paragraphs 1 through 25.

27. Opposer has used its PIXAR mark and name in commerce since long prior to the filing date of the opposed Application Serial No. 77147398, and any date of first use that may be alleged by Applicant. Moreover, Opposer's registrations for its PIXAR mark and name issued well prior to the filing date of the opposed Application Serial No. 77147398 and any date of first use that may be alleged by Applicant.

28. Applicant's PIXART mark is virtually identical in sound, appearance, and overall commercial impression to Opposer's PIXAR name and mark.

29. Applicant's PIXART mark so resembles Opposer's previously used and registered PIXAR mark and previously used PIXAR trade name as to be likely, when applied to Applicant's goods, to cause confusion, or to cause mistake, or to deceive under Section 2(d), 15 U.S.C. § 1052(d).

**Count II**  
**Dilution, 15 U.S.C. § 1025(c)**

30. Opposer repeats and realleges each and every allegation set forth in Paragraphs 1 through 29.

31. Opposer's PIXAR name and mark became famous well prior to the filing date of Application Serial No. 77147398, and any date of first use that may be claimed by Applicant.

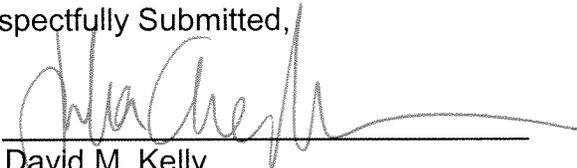

32. In view of the similarities of the parties' marks and the fame of Opposer's PIXAR mark, Applicant's PIXART mark so closely resembles Opposer's previously used, registered, and famous PIXAR mark that it is likely to dilute the distinctive quality of Opposer's famous mark in violation of Section 43(c), 15 U.S.C. § 1125(c).

WHEREFORE, Opposer believes that it will be damaged by the registration of the mark shown in Application Serial No. 77147398, and requests that the opposition be sustained, and that the application for registration to Applicant be refused.

The opposition filing fee has been submitted electronically. If the filing fee is found to be insufficient for any reason, please charge such deficiency to our Deposit Account No. 06-0916.
