In Re Application No. 79/036,767

Stream Gas and Electric, Ltd.,

Opposer,

v.

Repsol-Gas Natural LNG, S.L.,

Applicant.

Opposition No. 91185164

**STIPULATED MOTION FOR 60-DAY SUSPENSION OF PROCEEDINGS AND
60-DAY EXTENSION OF ALL TRIAL PERIODS**

Pursuant to the Board's order dated September 15, 2010, the parties, by and through their undersigned counsel, hereby move for a further 60-day suspension of all proceedings, including a 60-day extension of the deadline for Applicant to answer, subject to the right of either party to request resumption of the proceedings at any time prior thereto. Additionally, the parties hereby move for a further 60-day extension of all trial periods. Proceedings are currently set to resume of November 16, 2010 and Applicant's deadline to answer is currently December 14, 2010.

In accordance with the Board's latest Order, the Parties can report that they have already resolved a number of the issues currently in dispute including an agreement on the revised identification of goods for the subject application going forward. The parties have also reached an agreement in principle on a number of other threshold issues. A few relatively minor issues still remain unresolved including the scope of the final settlement agreement. However, the parties do not believe that these remaining issues will prevent the parties from reaching a final settlement. Currently, the parties are in the process of exchanging comments to drafts of the

settlement agreements and are hopeful and optimistic that a final resolution will be reached during the next (anticipated) suspension period.

Therefore, it is respectfully requested that the Board grant a 60-day suspension of the proceedings and a 60-day extension of all trial periods as set forth in the following schedule:

Plaintiffs Rebuttal Disclosures:	February 23, 2012

Respectfully submitted,
