### Electronic Signature

The application will not be "signed" in the sense of a traditional paper document. To verify the contents of the application, the signatory must enter any alpha/numeric character(s) or combination thereof of his or her choosing, preceded and followed by the forward slash (/) symbol. **RE: Order # 4846887**

Dear Duane Stewart:

Thank you for using LegalZoom. We have prepared your Federal Trademark Application in accordance with your instructions and filed it with the US Patent and Trademark Office. The confirmation of the submission is enclosed. Please read the confirmation carefully.

If the examining attorney has any questions regarding your application, he or she will contact you directly. Please be advised that it is your responsibility to respond to any requests for additional information or clarification. In addition, it may take up to six months for the Trademark Office to review and act upon your application. To track the status of your application, please visit <http://tarr.uspto.gov/>.

If you receive a request for clarification or additional information, you should prepare a response. The response should be in the form of a letter and should address each point brought up by the examining attorney. In some cases, the examining attorney will ask you to amend your original application and will even suggest revised wording. For example, if the examining attorney suggests that you clarify your recitation of services, your letter should say "the following language is adopted for the recitation of services: [re-write language suggested by examining attorney]." Please call your examining attorney for more information about how to prepare the response letter.

As a trademark owner, please note that you have the responsibility to protect your mark from infringement. LegalZoom's Trademark Monitoring service allows you to receive periodic updates on newly filed trademark applications that may be harmful to or conflict with your mark. If you are interested in safeguarding your mark with LegalZoom's Trademark Monitoring service, please visit the "Trademark" section on [www.LegalZoom.com](http://www.LegalZoom.com).

## Your Trademark/Service Mark Application, Principal Register Was Submitted Successfully

### Success!

We have received your application and assigned serial number 77620945 to your submission. We will send an Email summary of the application data to "[duane@legalhustlers.com](mailto:duane@legalhustlers.com),[lyong@legalzoom.com](mailto:lyong@legalzoom.com)", which will be your official confirmation of receipt. For electronically-submitted applications, the USPTO will no longer mail an additional paper filing receipt. However, since e-mail is not always reliable, please print out and save this notice. If the USPTO later determines that no filing date was justified, your submission will be returned, and your filing fee will be refunded. You would then have the opportunity to cure the deficiency, and re-file the application. Thank you.

**NOTE:** Do **NOT** send a duplicate paper copy of this filing to the USPTO, as it will interfere with the proper processing of the electronic submission and will result in your being charged for two filings, neither of which can be refunded.

Thank you.

**Subject:** Received Your Trademark/Service Mark Application, Principal Register for serial number 77620945

**MARK:** legal hustlers (Standard Characters, mark.jpg)

The literal element of the mark consists of legal hustlers.

The mark consists of standard characters, without claim to any particular font, style, size, or color.

We have received your application and assigned serial number '77620945' to your submission. The summary of the application data, *bottom below*, serves as your official filing receipt. **In approximately 4-5 months, your application will be assigned to an examining attorney; however, the critical date for determining registrability is your filing date, NOT the actual examination date. You will not receive any further USPTO communications until examination.** At this point, your mark is not registered it is only a "pending" application. The overall process, from the time of initial filing to final registration, can take 13-18 months, and even longer depending on many factors, e.g., the correctness of the original filing, or the type of application filed.

If you discover an error in the application data, you may file a Preliminary Amendment, stating your proposed correction, at <http://www.uspto.gov/teas/eTEASpageB2.htm>. Do **not** submit any proposed amendment to TEAS@uspto.gov, because the technical team cannot make **any** changes to already-filed data. **NOTE: You cannot file a Preliminary Amendment until at least 15 days after the initial filing of the application. Prior to that time, the serial number will not appear in the USPTO database (even though the number was assigned at the time of filing), preventing the uploading of new data.** If you submit a Preliminary Amendment, the acceptability of that amendment will not be determined until regular examination begins; i.e., the assigned examining attorney will decide at that time whether the change proposed in the amendment is permissible--**not** all errors may be corrected. *E.g., if you submitted the wrong mark, if the proposed correction would be considered a material alteration to your original filing, this will not be accepted.* Unfortunately, your only recourse in that event is to re-file.

Since you have already submitted your application, do **not** contact TEAS@uspto.gov to request cancellation. The USPTO will **not** cancel the filing or refund your fee, unless the application does not meet minimum filing requirements; i.e., if the USPTO later determines that no filing date was justified, we will return your submission, and refund the filing fee. You could then, if possible, cure the deficiency, and re-file the application. Otherwise, the fee is a processing fee, which we do **not** refund, even if we cannot issue a registration after our substantive review. The only way to "cancel" an application is to file an Express Abandonment, at <http://www.uspto.gov/teas/eTEASpageF.htm>, waiting at least 15 days after the initial filing; however, you would not receive a fee refund under those circumstances.

**NOTE:** The only "exception" to the above is if you inadvertently file duplicate applications, due to a technical glitch; *i.e., if you believe that the first filing did not go through, and immediately file again, only to learn later that both filings were successful, then the support team at TEAS@uspto.gov can mis-assign and refund one of the filings. This must be due to a technical problem (which we will independently verify), and not a mere misunderstanding or mistake.*

**NOTE:** To check status, please use <http://tarr.uspto.gov>. Do not submit status requests to TEAS@uspto.gov, as that mailbox is only for technical assistance. We recommend that you check status at the 6-month point, and every two months thereafter to ensure that you know of any action that the Office may have issued. Failure to respond timely to an action will result in abandonment of your application. All incoming and outgoing correspondence can be viewed at

<http://portal.uspto.gov/external/portal/tow>. If your status check reveals an action has issued, but you did not receive it, please immediately check the on-line site to view the action; filing deadlines are not extended due to failures to receive USPTO mailings.
