Three Business Divisions, One Company

Our three divisions succeed in their respective businesses by maintaining these core tenets:

- Taking a true partnership approach with customers and suppliers
- Identifying challenges and working side-by-side with customers and suppliers to solve problems
- Continually seeking new markets and growth opportunities
- Searching out innovative ways to increase efficiency and provide quality solutions

These are the growth engines for our company. They maximize the value we provide to customers and suppliers

Agribusiness Division

Agribusiness addresses crop challenges and individual grower needs with tailored solutions in crop protection, nutrition and seed technology. We maintain a full network of field specialists who live in the regions they serve. This enables them to gain a clear understanding of the problems their customers face, recognize and respond quickly to opportunities and develop strong one-to-one relationships.

With our advanced crop production technology and earth-friendly operations, we offer solutions that produce the best returns.

We have extensive experience in:

- Pest diagnosis
- Yield monitoring
- Soil analysis
- Water management
- Nutrition
- Regulatory and environmental issues
