Opposition No. 91200420

Celerant Consulting Holdings  
Limited Company

v.

Excelerant, LLC

On November 23, 2011, applicant filed a proposed amendment to its application Serial No. 85078208, with opposer's consent. On December 1, 2011, opposer filed a withdrawal of the opposition, contingent upon entry of the amendment.

By the proposed amendment applicant seeks to change the recitation of services in International Class 35 **from**

"Business consulting services; providing organizational development consulting services with regard to company goals and structure, work team goals and structure, and leadership development"  
**to**

"Organization, team and individual design and development primarily focused on training design, development and delivery; executive and leadership coaching, facilitation, and human resources development for small to medium size enterprises."

Inasmuch as the amendment is clearly limiting in nature as required by Trademark Rule 2.71(a), and because opposer consents thereto, it is approved and entered. See Trademark Rule 2.133(a).

The contingency in opposer's withdrawal having now been met, the opposition is dismissed in accordance with the agreement between the parties.
