BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

In the Matter of Application Serial No. 77/912,392  
Published in the Official Gazette on February 15, 2011  
Mark: AGILITY

PUBLIC WAREHOUSING COMPANY  
KSC d/b/a AGILITY,

Opposer,

v.

SERVICEMESH, INC.,

Applicant.

Opposition No. \_\_\_\_\_

NOTICE OF OPPOSITION

Public Warehousing Company KSC (“PWC”), d/b/a Agility (“Agility” or “Opposer”) believes that it will be damaged by registration of the mark AGILITY as shown in Application Serial No. 77/912,392 by ServiceMesh, Inc. (“ServiceMesh” or “Applicant”) for “[s]oftware as a service (SAAS) services featuring software allowing users to retrieve, upload, manage, and integrate third-party information technology (IT) systems software and data in the field of Internet cloud computing” in Class 42, and hereby opposes the same on the following grounds:

1. Agility is a company organized under the laws of Kuwait with a business address of P.O. Box 25418, Safat, Kuwait 13115.
2. Agility, itself and through its predecessors-in-interest, related companies, and licensees, is and for many years has been a global logistics leader that provides, among other things, computer software and computer services for logistics management.

3. Agility is the owner of, among others, U.S. federal trademark Registration No. 3,728,792 for AGILITY for “[c]omputer software for planning, managing and monitoring the import, export and delivery of goods, customs clearance and brokerage, risk management and assessment, and accounting, tracking and generation of customs statistics in connection with the foregoing” in International Class 9 and “[c]omputer services, namely, providing use of non-downloadable computer software for on-line tracking information and reporting and on-line customer support regarding the import, export, customs clearance, shipment, status and delivery of goods; computer services, namely, providing use of non-downloadable computer software for on-line supply chain, inventory and freight management for others; computer services, namely, providing use of non-downloadable computer software for online tracking and reporting of land, air, sea, barge and rail transport fleets” in International Class 42, as well as services in other International Classes (the “AGILITY Registration”). Agility also owns common law rights in the mark AGILITY for use in connection with computer software, specifically including non-downloadable computer software (together with the AGILITY Registration, the “AGILITY Mark”), and operates under the trade names Agility and Agility Logistics. A copy of the registration certificate printed from the USPTO Web site and the record from the USPTO Trademark Applications and Registrations Retrieval System (TARR) for the AGILITY Registration is annexed hereto as Exhibit A.

4. The AGILITY Registration identified in paragraph 3 constitutes *prima facie* evidence of the validity of the mark and of Agility’s ownership of and exclusive right to use the mark in commerce, and provides constructive notice of the claim of ownership thereof by Agility.

5. Agility’s rights in the AGILITY Mark predate and are superior to any priority date that may be properly asserted by Applicant with respect to the subject intent-to-use application. Agility’s rights in the AGILITY Mark have priority since at least 2006, long prior to the January 14, 2010 filing date of the subject intent-to-use application. Agility continuously has used and currently

is using the AGILITY Mark in the United States on or in connection with computer software and computer services, among other goods and services.

6. Agility and its predecessors-in-interest, related companies, and licensees have exercised great care, skill, and diligence in providing high quality computer software and computer services in connection with its AGILITY Mark.

7. Agility and its predecessors-in-interest, related companies, and licensees have expended considerable time, effort, and resources to develop, advertise, market, sell, and otherwise promote its goods and services under the AGILITY Mark for several years. As a result, Agility has developed substantial consumer recognition and valuable goodwill in its AGILITY Mark throughout the United States.

8. On information and belief, Applicant is a Delaware corporation with a place of business at 233 Wilshire Boulevard, Suite 990, Santa Monica, California 90403.

9. On January 14, 2010, Applicant filed the intent-to-use application at issue herein, Serial No. 77/912,392, seeking to register AGILITY in International Class 42 for “[s]oftware as a service (SAAS) services featuring software in the field of Internet cloud computing,” which was amended to “[s]oftware as a service (SAAS) services featuring software allowing users to retrieve, upload, manage, and integrate third-party information technology (IT) systems software and data in the field of Internet cloud computing” (“Applicant’s Mark”).

10. Applicant’s Mark so resembles Agility’s AGILITY Mark and trade name as to be likely, when applied to Applicant’s goods, to cause confusion or mistake or to deceive as to source, affiliation, connection, or association with, or approval, endorsement, or sponsorship by, Agility. As such, Applicant’s Mark is not entitled to registration pursuant to 15 U.S.C. § 1052(d).

11. For the foregoing reasons, Agility believes it will be damaged within the meaning of 15 U.S.C. § 1063(a) by the registration of Applicant’s Mark as shown in Application Serial No.

77/912,392 for “[s]oftware as a service (SAAS) services featuring software allowing users to retrieve, upload, manage, and integrate third-party information technology (IT) systems software and data in the field of Internet cloud computing” in Class 42.

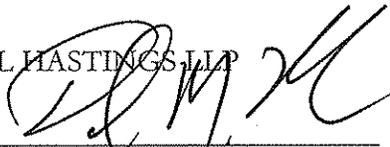

12. This Opposition is timely filed and accompanied by a filing fee of \$300.00.

WHEREFORE, Agility requests that the registration sought by Applicant be refused, that the Notice of Opposition be sustained, and that the Trademark Trial and Appeal Board grant such other relief as it deems just and proper.
