v.

Green Life Development Inc.

By the Trademark Trial and Appeal Board:

On January 14, 2012, the Board sustained a related Board proceeding, i.e., 91201881, that also involved applicant's subject application herein, entering default judgment against applicant and refusing registration to applicant.

In view of the foregoing, by order dated May 15, 2012, the Board allowed opposer herein time in which to inform the Board whether it wishes to go forward and obtain judgment in this case, failing which this opposition would be dismissed as moot.

The record shows no response thereto.

Accordingly, applicant's application Serial No. 85259382 remains abandoned and this opposition is dismissed as moot.
