By the Trademark Trial and Appeal Board:

The parties are advised that on January 8, 2016, the Board dismissed the instant opposition proceeding with prejudice and inadvertently abandoned the involved application, instead of forwarding it to issuance of a registration.

In view of the inadvertence, the Board's January 8, 2016 order stands, however, the involved application, Serial No. 85003997, will be reinstated and forwarded to issuance of a registration in due course.
