Syneron Canada Corporation

v.

Eagle Hospital Physicians,
LLC

ELIZABETH J. WINTER, INTERLOCUTORY ATTORNEY:

On February 13, 2012, applicant filed a proposed amendment to its application Serial No. 85242952, which also states that opposer has consented to the amendment.

By the proposed amendment, applicant seeks to change the identification of services as follows:

From: "Hospital management; business management of physician practices; business management of managed care organizations; business management of patient care,"

To:¹ "Hospital management; business management of physician practices; business management of managed care organizations; business management of patient care; **all of the aforesaid services in connection with the application of metrics.**"

¹ The proposed additional wording is shown in bold type font.

Opposition No. 91203370

Inasmuch as the amendment is clearly limiting in nature as required by Trademark Rule 2.71(a), and because opposer consents thereto, it is approved and shall be entered in due course. See Trademark Rule 2.133(a).

If this resolves the dispute herein, opposer is allowed until **THIRTY DAYS** from the mailing date of this order to file a withdrawal of the opposition, failing which the opposition will go forward on the application as amended. See Trademark Rule 2.106(c).

This proceeding is otherwise **SUSPENDED**.
