**NOTICE OF CONSOLIDATED OPPOSITIONS**

Honorable Commissioner for Trademarks

P.O. Box 1451

Alexandria, VA 22313-1451

Opposer Pilot Air Freight Corp., a Pennsylvania corporation having an address of 314 N. Middletown Road, Lima, PA 19037, believes that it will be damaged by registration of the mark shown here:

(“CoPilot Logo”) sought to be registered in Application Serial No. 85/274,610 for providing online directory information, matching services and referral services for immigration-related consultants and professionals and their potential clients in Class 35; Application Serial No. 85/274,599 for legal documentation preparation services and providing immigration-related legal information via an online website in Class 45; and Application Serial No. 85/274,579 for providing an online website featuring general immigration-related legal information in Class 45 (together the “CoPilot Logo

Applications”) by File Right LLC (“Applicant”) as set forth below, and it hereby opposes the same.

The CoPilot Logo Applications were each filed on March 23, 2011, and published for opposition in the *Official Gazette* of August 9, 2011. The grounds for opposition are as follows:

1. Pilot Air Freight Corp. (“Pilot”) is a full-service global transportation and logistics company with locations throughout the United States. Pilot has been in business since 1970. It is the largest privately held transportation and logistics company in the United States.

2. Applicant is a Delaware corporation with an address at 364 N. Main Street, Suite 600, Middletown, Delaware, 19709. Applicant appears to be a legal services company that specializes in immigration issues.

3. Pilot is the owner of the names and marks COPLOT and PILOT for various products and services related to its transportation and logistics services, and of the following four U.S. Trademark Registrations for such marks (together the “Pilot Marks”):

| <b>Mark</b>   | <b>Goods/Services</b>   | <b>Registration No.</b> |
|---|---|-------------------------|
| CO-PILOT  | providing on-line freight shipping information via an internet website  | 2,663,061               |
| PILOT   | freight transportation services, namely, land, air and sea transportation services and coordinating transportation services   | 2,089,426               |
|  | providing freight shipment tracking information via an internet website; international and domestic freight logistics services, namely, freight receiving and inventorying, arranging for freight transportation, and planning and scheduling freight shipments for others; | 4,003,615               |

|   |   |                  |
|---|---|------------------|
|   | <p>customs brokerage services; international and domestic freight transportation by land, air, ocean, sea-air, or land bridge intermodal; international and domestic freight logistics services, namely, freight warehousing and freight shipping.</p>  |                  |
|  | <p>providing freight shipment tracking information via an internet website; international and domestic freight logistics services, namely, freight receiving and inventorying, arranging for freight transportation, and planning and scheduling freight shipments for others</p> <p>customs brokerage services</p> <p>international and domestic freight transportation by land, air, ocean, sea-air, or land bridge intermodal; international and domestic freight logistics services, namely, freight warehousing and freight shipping</p> | <p>4,003,614</p> |

4. Pilot's use of the Pilot Marks has been continuous and commercially significant for many years in connection with its transportation and logistics services.

5. The Pilot Marks are inherently distinctive as used in association with Pilot's transportation and logistics services, and related services.

6. Pilot's '614 and '615 Registrations feature a stylized logo with a distinctive arrow design forming the letter "O" within the word: PILLOT.

7. Applicant seeks to register the CoPilot Logo, Application Serial No. 85/274,610, for “providing online directory information, referral services for immigration-related consultants and professionals and matching services in the nature of matching potential clients to immigration-related consultants and professionals” in Class 35, as evidenced by the publication of said mark in the Official Gazette of August 9, 2011.

8. Applicant seeks to register the CoPilot Logo, Application Serial No. 85/274,599 for “legal document preparation services and providing general immigration-related legal information via a website on global computer networks” in Class 45, as evidenced by the publication of said mark in the Official Gazette of August 9, 2011.

9. Applicant seeks to register the CoPilot Logo, Serial No. 85/274,579 for “providing a website featuring general immigration-related legal information via a website on global computer networks” in Class 45, as evidenced by the publication of said mark in the Official Gazette of August 9, 2011.

10. Applicant’s CoPilot Logo Applications were filed on March 23, 2011 on the basis of intent to use, and Applicant claims no date earlier than March 23, 2011 for the purpose of claiming priority.

11. Pilot’s ‘426 Registration was, at the latest, first used by October 31, 1970, and was registered on August 19, 1997.

12. Pilot’s ‘061 Registration was, at the latest, first used by January 15, 2002, and was registered on December 17, 2002.

13. Pilot’s ‘614 and ‘615 Registrations were, at the latest, first used by July 25, 2010 and was registered on July 26, 2011 (together the “Arrow Circle Logos”).

14. All of Pilot’s pleaded registrations were registered prior to the March 23, 2011 priority date of the CoPilot Logo Applications herein opposed.

15. The word component of Applicant's CoPilot Logo is nearly identical to the word components of the Pilot Marks. Applicant's proposed CoPilot Logo as used in association with immigration-related legal services, is confusingly similar to Pilot's COPLOT and PILOT marks because the marks are nearly identical in sound, and connotation.

16. Pilot's Arrow Circle Logos and Applicant's CoPilot Logo are similar in appearance and overall commercial impression. They share the common unique element of having an arrow incorporated into a letter featured in the dominant word portion of the respective marks.

17. Because none of the opposed applications contain any restrictions on trade channels, it must be assumed that the services identified in the applications will be offered through all trade channels appropriate for services of that type, to all of the typical classes of purchasers for such services.

18. If Applicant is permitted to register the CoPilot Logos for the services set forth in the opposed applications, confusion of the relevant public and trade is likely to result, which will damage and injure Pilot.

19. On seeing Applicant's CoPilot Logos used in connection with immigration legal services, purchasers and potential purchasers are likely to believe that the services are Pilot's services, or that the services are offered by or through Pilot or with its sponsorship, or that there is an affiliation between Applicant and Pilot.

20. Any defect, objection to or fault found with Applicant's services under the opposed marks would necessarily reflect on and injure the reputation Pilot has established for its marks and business.

21. Applicant's proposed use of the CoPilot Logos for its services is likely to cause confusion as to source of its services or as to the sponsorship of the services or as to an affiliation between it and Pilot.

22. If Applicant is granted a registration for any of the marks herein opposed, it would obtain thereby at least a *prima facie* exclusive right to use such mark for the services identified in the registrations. Such registrations would be a source of damage and injury to Pilot.

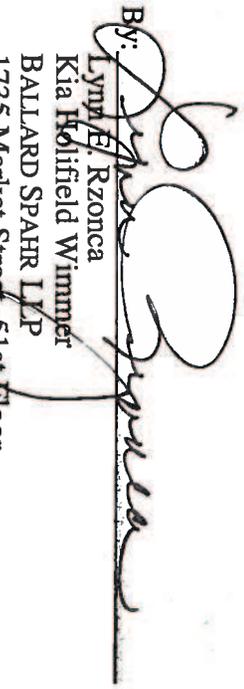

WHEREFORE, Pilot prays that registration of the marks of Application Serial Nos. 85/274,610, 85/274,599 and 85/0274,579 for the services identified therein be refused and that this Consolidated Opposition be sustained.

The \$900.00 filing fee for this Consolidated Opposition may be charged to Deposit Account No. 02-0755. Any additional fees in connection with this Opposition may also be charged to this account and any overpayment may be credited to this account.

Dated: February 6, 2012

Respectfully submitted,
