BRODY
CHEMICAL

WELCOME TO BRODY CHEMICAL

Brody Chemical began in Salt Lake City, Utah in 1975. Since then, it has grown from a small local company to one that provides superior products and service to over half of the United States. Brody's success is attributed to its commitment to create innovative and highly effective products - manufactured under strict quality control standards, a responsive technical support team, and a professional, well-trained, service-driven sales force. Brody Chemical's comprehensive product line boasts over 600 different formulations of sanitation, institutional, industrial and maintenance chemicals for professional use. Reducing the risks associated with chemical usage and disposal, avoiding depletion of the Earth's natural resources, and enhancing the safety and work environment for clients are core values of Brody Chemical.

ABOUT BRODY CHEMICAL

Brody Chemical sells and provides service to over 50,000 customers in a variety of industries including manufacturing, industrial, mining, automotive, institutional, hospitality, trucking, food and beverage, agricultural, and medical. Brody Chemical's sales representatives are trained to offer technical assistance and recommendations in selecting chemical solutions and cleaning processes which best meet the needs of clients.

SOLVENT DEGREASER ■ HEAVY-DUTY DEGREASER

Solvent Degreaser is formulated with a blend of organic solvents, emulsifiers, penetrants, wetting agents, rust and corrosion inhibitors. This product rapidly penetrates through thick layers of accumulated, hardened greases, oils, sludge, grime, dirt, waxes, tar, asphalt and other soil accumulations to dissolve, liquefy and break up debris so it may be flushed away with clear water. Solvent Degreaser is excellent for automotive, trucking and industrial applications.

TANK PROTECTOR ■ METAL CORROSION INHIBITOR

This product was developed to inhibit rust and corrosion formation on all types of metal fertilizer and water tanks. It is effective on all types of metals such as steel, iron, galvanized, brass, bronze, copper and alloys. Tank Protector will not leave any toxic residue. In its diluted form, Tank Protector is colorless and tasteless, making it safe to use in potable water tanks.

TAR REMOVER ■ EMULSIFIES TAR AND ASPHALT

Tar Remover is a very strong citrus-based detergent developed especially to remove tacky and dried-on tar and asphalt that other products cannot touch. It dissolves thick coats of tar and asphalt from concrete, stone, brick, masonry equipment and vehicles. This product is made from 100% biodegradable, citrus terpenes making it safe for the environment. Tar Remover is a water-emulsifiable product that can be rinsed easily with high-pressure water.

TRAIN WASH ■ INDUSTRIAL CLEANER

Train Wash was designed for fast and effective removal of oxidation, corrosion, road film, grease, oil and diesel smoke deposits from locomotive engines, rail cars, large transportation equipment, buses, concrete trucks and large, earth-moving equipment. Requires no scrubbing, buffing or polishing; dilute 10:1, spray on, allow 5 minutes contact time then blast off dirt and grime with a pressure washer.

VANDAL MARK REMOVER AEROSOL ■ REMOVES SECONDARY PAINT

This product is a special blend of cleaners and solvents formulated to remove stubborn marks such as spray paints, marking inks, crayons, lipstick, road tar, stencil inks and other solvent and oil base stains from horizontal and vertical non-porous surfaces. Use on bus lines, signage, amusement parks, phone booths, bathroom stalls, etc.

PRODUCT CATEGORY INDEX

ACID REPLACEMENT CLEANER ■ REMOVES CALCIUM DEPOSITS 5
ACRYLIC URETHANE SEALER ■ WATER-BASED RESIN 5
ADHESIVE SPRAY AEROSOL ■ TEMPORARY OR PERMANENT 5
AIRCRAFT CLEANER ■ SAFETY APPROVED 5
ALUMINUM SPRAYCAB ■ NO-FOAM COMPOUND 5
ASPHALT CRACK FILLER ■ COLD FLOW APPLICATION 6
ASPHALT PATCH ■ POT HOLE FILLER 6
ASPHALT RELEASE CLEAR WIZARD ■ POLYMER BLEND 6
ASPHALT RELEASE SLIPPERY WIZARD ■ ORGANIC LUBRICANTS 6
ASPHALT RELEASE WHITE WIZARD ■ SILICONE EMULSION 6
AUTOMATIC SCRUBBER ■ CONTROLLED SUDS CLEANER 7
AUTOMATIC SCRUBBER CONCENTRATE ■ (2X6=55) 7
BARRIER CREAM AEROSOL ■ PROTECTS AGAINST DERMATITIS 7
BIO-DIESEL DEGREASER ■ 100% BIODEGRADABLE 7
BLACK TOP SEALER ■ SEALS, PROTECTS, PRESERVES 7
BOAT WASH ■ NON-ACID CLEANER 8
CHAIN AND CABLE LUBE AEROSOL ■ CONTAINS MOLY AND PTFE 8
CITRUS CLEANER ■ ECONOMICAL DEGREASER 8
CITRUS DEGREASER ■ ENVIRONMENTALLY SAFE 8
CITRUS DEGREASER SUPER ■ EXTRA STRENGTH 8
CITRUS SPRAYCAB ■ SAFE ON ALUMINUM 9
CLEANER CONCENTRATE ■ JUST ADD WATER 9
CLEAR MAGIC ■ LUBRICATING RELEASE AGENT 9
COAL DUST CONTROL ■ ELIMINATES COAL DUST 9
COIL CLEANER ■ CONSERVES ENERGY 9
COIL CLEANER AEROSOL ■ HIGH PRESSURE 10
CONCRETE CLEANER ■ PINE, CITRUS AND SUPER 10
CONCRETE FORM RELEASE ■ PREVENTS STICKING 10
CONCRETE REMOVER ■ DISSOLVES PORTLAND CEMENT 10
CONCRETE REMOVER II ■ HIGH FOAMING ACID 10
CONCRETE SEALER ■ SEALS, HARDENS AND DUST PROOFS 11
CONCRETE TRUCK CLEANER ■ ECONOMICAL FOAMING ACID 11
CONTACT CIRCUIT BOARD CLEANER ■ SAFE ON PLASTICS 11
CONTACT CLEANER AEROSOL ■ ELECTRONIC AND MECHANICAL 11
CONVEYOR LUBRICANT ■ CONCENTRATED LIQUID 11
CUTTING FLUID AEROSOL ■ METAL COOLANT 12
D-LIMONENE ■ PURE CITRUS OIL 12
DEGREASER "RAW PACK" ■ (1X6=55) 12
DEGREASER (WTH ENZYMES) ■ CONTAINS BIOREMEDIATON ENZYMES 12
DESCALER ■ REMOVES MINERAL DEPOSITS 12
DRY MOLY LUBRICANT ■ STABLE AT EXTREME TEMPERATURES 13
DUST CONTROL ■ ELIMINATES DUST 13
DUST CONTROL CONCENTRATE ■ (2X6=55) 13
DUST ELIMINATOR ■ STOPS DUST "KICK UP" 13
ELECTRICAL DEGREASER ■ NON TRICHLOR III 13
FLOOR CLEANER ■ ALL-PURPOSE DEGREASER 14
FLOOR CLEANER CONCENTRATE ■ (2X6=55) 14
FREEZE BARRIER ■ PREVENTS COAL FROM STICKING 14
GRAFFITI COATING AEROSOL ■ PATENTED TECHNOLOGY 14
GRAFFITI REMOVER ■ DISSOLVES SPRAY PAINT 14
GREASE GUN AEROSOL ■ RED GREASE LUBRICANT 15
HAND CLEANER BLUE PUMICE ■ INDUSTRIAL STRENGTH WITH CONDITIONERS 15

VANDAL MARK REMOVER AEROSOL ■ REMOVES SECONDARY PAINT 26

RUST REMOVER ■ STEEL OR CAST IRON

This product is a unique blend of acids, detergents, and selected activators designed to remove heat treat scale or simple rust from carbon steel, cast iron, or powder metal composite parts. Special penetrants allow for deep penetration to thoroughly remove rust. This product works fastest at elevated temperatures with agitation; however, it will also remove rust at room temperature with sufficient soak time. It is recommended to follow up rust removal with an application of Rust Inhibitor or Rust Preventative.

SAFETY SOLVENT AEROSOL ■ NON-TRICHLOR III

This special formulation is non-flammable, non-conductive and free of toxic fumes. It rapidly removes dirt, grease, oils and grime from both metallic and non-metallic surfaces. Cleaning is quick and residue free with no damage to working parts. This product can be safely used on electronic equipment, computers, generators and motors, even while running.

SEWER SOLVENT ■ ODOR AND GREASE CONTROL

This product is a powerful and efficient emulsifying agent designed to liquefy sewage and garbage grease, open leaching beds and drain lines, and clear cesspools, grease traps and septic tanks for maximum performance. Sewer Solvent keeps these facilities operating effectively, which eliminates odors, overflowing and unsanitary conditions resulting from poor draining caused by slime and grease build-up.

SILICONE RELEASE AGENT AEROSOL ■ STOPS STICKING & SQUEAKING

This aerosol is a heavy-duty (10,000 centistokes) silicone, which stops binding and squeaking without gumming. It forms a protective, flexible shield on rubber, weather stripping, trunk lids, doors, hoods and automotive window moldings. Under the hood, it keeps battery terminals clean, protects against corrosion and weather-proofs ignition systems, plug insulators and distributor caps. Lubricates door locks and prevents freezing.

SNOW AND ICE MELT ■ BREAKS THE ICE BARRIER

Brody Chemical Snow and Ice Melt reduces damage to concrete and stone surfaces when used according to directions. Special inhibitors and anti-caking agents are added to ensure product is free flowing and will spread at a uniform rate. This product leaves no residue and is non-tracking when applied at the recommended rate. Snow and Ice Melt is a blend of calcium chloride, sodium chloride and sodium silicate and has been lab-tested to melt ice down to -20° F. Available in bags or containers of 50, 100, 500 and 2,000 pounds.

RECONDITIONING CRÈME ■ HEALS DERMATITIS

This super aloe Reconditioning Crème was specifically developed for dry skin caused by over exposure to the sun, wind, severe outdoor climates and harsh cleaning solvents. This formula contains 50% more Aloe Vera Gel, Jojoba Oil and precious Mink Oil than any other product on the market providing unbeatable protection and healing benefits to peeling, flaking, dry skin. It provides soothing relief to people suffering from the pain of dermatitis.

RECONDITIONING LOTION ■ PLEASANT FRAGRANCE

This delightfully scented product is the answer to softer, smoother, healthier skin. Its exclusive, non-greasy formula includes a blend of skin-nourishing ingredients, including Aloe Vera, Jojoba Oil, Vitamin E, Cocoa Butter and Collagen, to replenish precious oils lost by exposure to cold, wind, sun and harsh soaps. Reconditioning Lotion provides immediate and long lasting relief from severely dry skin.

RIG WASH SOAP ■ POWDER DEGREASER

This compound's chemical action cleans without leaving any film or residue, which recollects dirt, grease and grime. It is formulated with fast acting detergents, grease cutters, wetting agents and emulsifiers, blended with soap regenerators for longer, more effective cleaning. Rig Wash Soap easily dissolves in hot or cold water and is efficient with all types of water conditions, even hard water.

RUST INHIBITOR ■ RUST PREVENTATIVE

This product is a blend of selected inorganic and organic rust preventatives, coupled with a special micro crystalline wax that offers outstanding rust protection. Rust Inhibitor produces a firm wax like coating that is ideal for outdoor, as well as indoor storage. The protective coating is fire resistant and will not crack, peel or chip; even at -10° F. Rust Inhibitor can be applied directly over rust to prevent further corrosion. Spray, dip or brush application.

RUST PREVENTATIVE ■ PREVENTS FLASH RUSTING

This combination of organic and inorganic rust preventatives protect against flash rusting. Rust Preventative can be applied by either dip or spray on method. Great for use on metal surfaces after an alkaline or acidic clean. Unlike Rust Inhibitor, this product does not leave a residual film or coating on the metal so surfaces may be painted, welded or stored without any further processes. Can be diluted with water up to 10:1.

ACID REPLACEMENT CLEANER ■ REMOVES CALCIUM DEPOSITS

Acid Replacement Cleaner is a very powerful cleaning product that is completely safe and easy to use. This product replaces acids and acid blend cleaners to take care of a large variety of cleaning and maintenance problems. It is acid free, 100% biodegradable, non toxic, safe, for the environment, non-corrosive, non-flammable and user friendly. Removes calcium deposits, soap scum, lime build up, mildew, grease and other difficult soils.

ACRYLIC URETHANE SEALER ■ WATER BASED RESIN

Acrylic Urethane Sealer is a water-borne, heavy-duty seal and finish, manufactured for use on interior concrete floors. It is based on a unique, urethane fortified, thermoplastic resin. Acrylic Urethane Sealer provides a level of durability and resistance previously unattainable in an aqueous seal. This product applies easily and dries to recoat in an hour or less under normal conditions.

ADHESIVE SPRAY AEROSOL ■ TEMPORARY OR PERMANENT

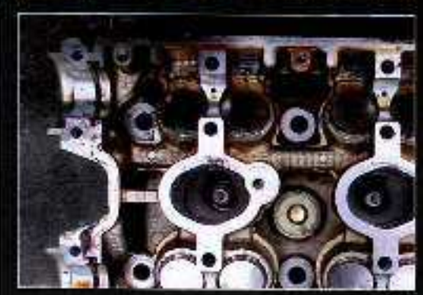
Adhesive Spray Aerosol is a strong, all-purpose, easy-to-use translucent, adhesive for temporary or permanent bonding of materials. It will bond urethane foams, foam rubber, leather, paper, cardboard, cloth, Mylar, foil acetate sheets, glass and certain plastics. Excellent gasket adhesive for fast, easy installation of any type of gasket on vehicles and pumps. Clear drying, fast setting, waterproof and flexible.

AIRCRAFT CLEANER ■ SAFETY APPROVED

The only aircraft detergent with positive emulsion - an emulsion so strong, oil will not redeposit (will not settle on the surface before the job is finished), thus leaving a full finish after washing. It cuts through exterior grime without dulling the finish. The patented technology of Aircraft Cleaner brings efficiency and economy to the cleaning of aircraft, buses, trains and other fleet vehicles. Approved by Boeing and the U.S. Military.

ALUMINUM SPRAYCAB ■ NO-FOAM COMPOUND

This non-foaming, spray washer compound is designed for all non-ferrous metals, aluminum and other "soft" metals. This product reduces cleaning and changing of spraycab solution. It contains a special rust inhibitor to protect parts and equipment and may be used in hot vats or re-circulating spray wash units. This very concentrated compound requires only ½ pound per gallon of water.



ASPHALT CRACK FILLER ■ COLD FLOW APPLICATION

This highly rubberized product has excellent adhesion to substrate and will seal out water, preventing future breakup of the surface. The new rubberized formula provides a flexible watertight barrier that fills and seals cracks indoors (parking areas) or outdoors, expanding and contracting with the pavement as the temperature changes. Coverage is 200-400 feet per gallon-¼ inch cracks.

ASPHALT PATCH ■ POT HOLE FILLER

Asphalt Patch is a pourable compound that develops into a tough, durable patch when tamped. Special ingredients make this product actually become tougher as it ages. Repairs become part of the surface. Cracks, ruts, holes, broken areas, worn spots or large chuckholes are repaired quickly and permanently with a patch tougher than the original surface. The repaired area is immediately ready for traffic.

ASPHALT RELEASE CLEAR WIZARD ■ POLYMER BLEND

Clear Wizard was developed as an economical method to keep asphalt from sticking to the beds of delivery trucks. It is a blend of polymers that provides a very slippery surface on the sides of the truck to prevent asphalt from sticking. Clear Wizard can be diluted up to 10:1 with water. Apply using a pressurized sprayer or by a mechanical sprayer method. Use of this product saves many hours of costly labor. Clear Wizard is 100 % biodegradable.

ASPHALT RELEASE SLIPPERY WIZARD ■ ORGANIC LUBRICANTS

Slippery Wizard is a product specifically developed for the asphalt industry. It consists of natural, completely biodegradable products that work extraordinarily well to prevent asphalt or any tar based product from sticking to metal. One application is sufficient for several loads. Slippery Wizard contains no VOC's (volatile organic compounds) and is 100% biodegradable.

ASPHALT RELEASE WHITE WIZARD ■ SILICONE EMULSION

White Wizard is a blend of surfactants and silicones. This product was developed as an economical method to keep asphalt from sticking to the sides of asphalt trucks. Spray 16 oz. of White Wizard per truck bed to provide a monomolecular film, which reduces the sticking of fresh asphalt. For extra economy, dilute this product 20:1 before application. White Wizard is 100% biodegradable.

PORTACHEMICAL ■ MAINTAINS PORTABLE TOILETS

This product is a highly concentrated, portable chemical toilet deodorizer recommended for use on commercial bus lines, boats, houseboats, airplane and motor homes. It is also excellent for maintaining and deodorizing all types of vault toilets and portable outdoor toilets. It has a pleasant fragrance that continues to control unpleasant waste odors long after other deodorants quit working. Does not contain formaldehyde.

POWDERED STEAM SOAP ■ HEAVY-DUTY COMPOUND

This product is an excellent cleaner for removing grease from most types of surfaces. An efficient cleaning compound made for heavy equipment, machinery and greasy concrete floors. Safe for use on painted surfaces and corrosive free. Powdered Steam Soap rinses free, leaving no film or residue. This compound is completely water-soluble; dissolves instantly. Safe for use through steam cleaners and high-pressure washers.

POWDERED HAND CLEANER ■ CONTAINS MILD ABRASIVES

This product is formulated with special skin conditioners keeping hands protected from drying, cracking and chapping. It contains the highest quality surface cleaners, combined with the finest mild abrasives to help loosen and lift embedded soils.

PURPLE POWER ■ ECONOMICAL CLEANER

Purple Power is a concentrated versatile heavy-duty cleaner and degreaser. This multipurpose product provides outstanding cleaning ability on almost every surface. Its versatility is ideal for use with pressure washers, automatic floor scrubbing machines, and manual mopping operations. It is environmentally safe and 100% biodegradable; does not contain butyl or any other glycol solvent.

PURPLE POWER CONCENTRATE ■ (2X6=55)

Purple Power Concentrate was developed to save money and shipping costs for customers. A 55-gallon drum of Purple Power contains active ingredients along with 78% water. By eliminating this water from the formulation, 12 gallons (2 buckets) of active ingredients remain. These 2 super concentrated buckets, when mixed with 43 gallons of water, make a 55-gallon drum of regular strength Purple Power, which should then be further diluted up to 20:1.

PAINT STRIPPER ■ CLINGS TO VERTICAL SURFACES

This product is a heavy-duty, water-soluble paint stripper. Its thick viscosity allows it to cling to vertical surfaces without running or dripping. It is safe to use on most metals because it is free of harsh alkalis. It is formulated to remove up to six coats of paint or varnish, even catalytic epoxies and urethanes. Paint Stripper is safe for use on aircrafts, metal boats, trucks, automobiles, wood floors and most other hard surfaces. Not for use on plastics or fiberglass.

PARTS WASHER SOLVENT ■ NON-FLAMMABLE

Parts Washer Solvent is an excellent cleaner and degreaser specifically designed for use in parts washers and dip tanks. It is a great light-duty cleaner for fuel pumps, carburetors, filters, master cylinders, valve covers, rocker arms and all engine parts. This product is safe for use on all metals and leaves a light, protective film on parts, protecting against rusting and corrosion. Flash point is above 145° F; considered non-hazardous.

PENETRATING LUBRICANT AEROSOL ■ LOOSENS RUSTED BOLTS

A superior lubricant formulated to loosen, clean and lubricate frozen nuts, bolts and moving parts. This non-flammable, penetrating lubricant prevents corrosion, saving repair and maintenance time. It is ideally suited for refrigeration equipment, automobiles, workshops, industrial equipment, mechanics, oilrigs, etc. This convenient aerosol comes with an extension tube for hard-to-reach areas.

PENETRATING OIL ■ LOOSENS RUSTED BOLTS

A superior, liquid lubricant formulated to loosen, clean and lubricate frozen nuts, bolts and moving parts in seconds. Effective even when nuts are countersunk. It restores rusted and corroded surfaces to former efficiency level and also acts as a deterrent to future rusting. It is ideally suited for refrigeration equipment, automobiles, workshops, industrial equipment, mechanics, oilrigs, etc. This acid free product comes in bulk for extra large jobs.

POLAR ICE MELT ■ BREAKS THE ICE BARRIER

This unique ice melt formula provides a faster, safer, more effective method of melting snow and ice in temperatures ranging from 32° F. down to 5° F. Polar Ice Melt contains special inhibitors to prevent damage to vegetation and concrete. It also contains an anti-caking agent, which extends shelf life and allows for free flow uniform spreading. Colored light blue for easy monitoring of application. Available in bags or containers of 10, 20, 50, 100, 500 and 2,000 pounds.

AUTOMATIC SCRUBBER ■ CONTROLLED SUDS CLEANER

This non-butyl, heavy-duty cleaner contains special properties allowing for deep penetrating and emulsifying action. These ingredients suspend debris in solution so it is rinsed away rather than re-deposited on cleaned surfaces. Automatic Scrubber dissolves grease and dirt by positive emulsion; oils, dirt and greases are actually emulsified into the water resulting in more thorough cleaning and no "ring-around the wash tank".

AUTOMATIC SCRUBBER CONCENTRATE ■ (2X6=55)

Automatic Scrubber Concentrate was developed to save money and shipping costs for customers. A 55-gallon drum of Automatic Scrubber contains surfactants, detergents and emulsifiers; it also contains 78% water. By removing this water from the formulation, 12 gallons (2 buckets) of active ingredients remain. These 2 super concentrated buckets, when mixed with 43 gallons of water, make a 55-gallon drum of regular strength Automatic Scrubber, which should then be further diluted up to 64:1.

BARRIER CREAM AEROSOL ■ PROTECTS AGAINST DERMATITIS

A single application of this invisible cream protects exposed skin against dirt, chemicals, liquids and other agents, which might be harmful to the skin, for up to four hours. Regular use of this lanolin enriched product helps protect against dermatitis, rashes and other skin irritations. Barrier Cream can be removed with a waterless hand cleaner or soap and water. It is packaged in a handy aerosol can for use in bathrooms, workstations and transportation vehicles.

BIO-DIESEL DEGREASER ■ 100% BIODEGRADABLE

Bio-Diesel Degreaser is an organic blend of biodegradable degreasers, surfactants, wetting agents and emulsifiers. This product can be used to dissolve grease, asphalt, tar and other stubborn soils. Bio-Diesel Degreaser cleans better than diesel fuel or other petroleum distillates and is 100% biodegradable. This product has been formulated with animal fats, grease and cooking oils. Environmentally safe and 100% biodegradable.

BLACK TOP SEALER ■ SEALS, PROTECTS, PRESERVES

This product is a cold-applied, heavy-duty, tar emulsion sealer for the protection of both old and new asphalt pavements from damage and deterioration caused by the destructive rays of the sun, water intrusion, oxidation, frost, gasoline and motor oil. Black Top Sealer also makes the surface easier to maintain by sealing the pores of the asphalt, preventing absorption of stains caused by gas, oil and dirt.

BOAT WASH ■ NON-ACID CLEANER

Boat Wash is a groundbreaking formulation that cleans water spots, diesel fuel, scale and scum from boats without the use of acid. This environmentally safe product allows for cleaning while the boat is still in the water. 100% biodegradable. Boat Wash is very concentrated and can be diluted up to 20 parts water for normal cleaning.

CHAIN AND CABLE LUBE AEROSOL ■ CONTAINS MOLY AND PTFE

This product is an outstanding, full service, multiple application, chain and cable lubricant. Fortified with both molybdenum disulfide and PTFE, this formula provides superior lubricity, protection and longevity. Use this product on chains, cables, wire ropes, sprockets, drive chains, hoist chains, drag chains, and conveyor chains to prevent metal to metal contact and reduce friction, heat, stress, and wear during operation.

CITRUS CLEANER ■ ECONOMICAL DEGREASER

This product is a heavy-duty, water-soluble, citrus based cleaner and degreaser. It is safe and effective on all washable surfaces. Citrus Cleaner is ideal for removing soils such as grease, ink, mildew, oil and wax. It also contains a rust inhibitor to retard corrosion of metals. Non-combustible, contains no hazardous ingredients, and gives off no dangerous fumes. This product is a true deodorizing cleaner and is an excellent choice for tires, floors, carpets, upholsteries and shop tools.

CITRUS DEGREASER ■ ENVIRONMENTALLY SAFE

Citrus Degreaser is formulated to surpass today's safety and environmental regulations. Powerful, natural, citrus-based degreasers and deodorizers safely out-perform conventional, hazardous, solvent cleaners. This multi-purpose concentrate instantly emulsifies grease, oils and fats without the use of harsh acids, alkaline or petroleum solvents. This organic, citrus extract is an effective drain cleaner and maintainer and deodorizes effectively even under the worst conditions. 100% biodegradable.

CITRUS DEGREASER SUPER ■ EXTRA STRENGTH

Citrus Degreaser Super was specifically formulated to meet and exceed today's most demanding tests for efficiency and safety. This product, formulated with powerful, citrus-based degreasers and deodorizers instantly emulsifies grease, oils, printing inks (including ultraviolet ink), decals, adhesives, rubber tire marks, tar and asphalt. It is environmentally safe and 100% biodegradable.

ORANGE CRUSH ■ JELLED D-LIMONENE EMULSION

Orange Crush is a new, trend setting formulation that exceeds today's safety and environmental regulations. Powerful, natural degreasers and deodorizers are specially blended to out-perform the conventional, hazardous, solvent degreasers. This multi-purpose concentrate instantly emulsifies grease, oils and fats without the use of harsh acids, alkalis or petroleum solvents. This jelled D-limonene emulsion dissolves thick coats of tar and asphalt from concrete, stone, brick, masonry, heavy equipment and vehicles.

ORANGE SOLVENT ■ BIODEGRADABLE DEGREASER

Ideal uses for this liquid product include degreasing concrete floors, equipment, trucks, motors, and metal surfaces. This product will remove most resins, adhesives, printing inks, decals, rubber tire marks, tar, asphalt and other tough soils conventionally requiring a solvent-based degreaser. This natural solvent is also an effective drain cleaner, deodorizer and maintainer. Orange Solvent is an excellent product for removing Cosmoline and tar from automobiles.

ORANGE SOLVENT AEROSOL ■ SUPER DEGREASER

This multipurpose aerosol instantly emulsifies grease, oils and fats without the use of harsh acids, alkalis or petroleum solvents. Ideal uses for this product include degreasing equipment, trucks, motors and metal surfaces. This convenient product will remove most resins, adhesives, printing inks, decals, rubber tire marks, tar, asphalt and other tough soils conventionally requiring a solvent-based degreaser.

OUTHOUSE ANTIFREEZE ■ WINTER OPERATIONS

This product allows outhouses, vault toilets and portable toilets to remain open year-round through extremely low temperatures. Outhouse Antifreeze is completely non-hazardous and much more effective and economical than methanol or propylene glycol based antifreezes. When used as directed, product will keep system water from freezing as low as -30° F.

PAINT REMOVER AEROSOL ■ REMOVES DECALS, GASKETS, PAINT

This unique aerosol is fast acting in the removal of decals, gaskets, contact cement and quickly strips paint and varnish. Paint Remover Aerosol contains a higher percentage of methylene chloride than competitive products. This product is applied as a thick gel that clings to vertical surfaces or overhead areas without running off. Being solvent based, it can safely be used on wood without raising the grain. Use in body shops, maintenance shops and furniture repair.

NON-BUTYL DEGREASER ■ SCIENTIFIC BREAKTHOUGH

Non-Butyl Degreaser is the result of a technological breakthrough. This non-butyl formulation is so unique it is actually patented. This remarkable degreaser removes greasy, oily dirt better than butyl cellosolve and it is safe to use. Unlike butyl formulations, this product emulsifies oil and grease for complete removal. This concentrated degreaser is an excellent choice for the automotive and large equipment industries.

NON-BUTYL DEGREASER CONCENTRATE ■ (2X6-55)

This product was developed to save money and shipping costs for customers. A 55-gallon drum of Non-Butyl Degreaser contains surfactants, detergents and emulsifiers; it also contains 78% water. By removing this water from the formulation, 12 gallons (2 buckets) of active ingredients remain. These 2 super concentrated buckets, when mixed with 43 gallons of water, make a 55-gallon drum of regular strength Non-Butyl Degreaser, which should then be further diluted up to 20:1.

OIL FIELD DETERGENT ■ HEAVY-DUTY DEGREASER

This degreaser was formulated specifically to take on the tough cleaning jobs in the petroleum industry. Oil Field Detergent is a heavy-duty liquid that emulsifies greases, crudes, oils, solvents and other petroleum derivatives. Another advantage to this product is it provides excellent detergency in hard water areas. It works in salt water as well. It is free rinsing, water soluable, non corrosive to most metal, non flammable and non toxic in diluted form. Very concentrated. Dilutes up to 30:1

OIL FIELD DETERGENT CONCENTRATE ■ (2X6=55)

Oil Field Detergent Concentrate was developed to save money and shipping costs for customers. A 55-gallon drum of original Oil Field Detergent contains surfactants, detergents and emulsifiers; it also contains 78% water. By eliminating this water from the formulation, 12 gallons (2 buckets) of active ingredients remain. These 2 super concentrated buckets, when mixed with 43 gallons of water, make a 55-gallon drum of regular strength Oil Field Detergent, which should then be further diluted up to 30:1.

OPEN GEAR LUBRICANT AEROSOL ■ LUBRICATES AND PROTECTS

This specially formulated asphalt based lubricant has long lasting characteristics, which makes it ideally suited for heavy-duty outdoor use, typical of the construction industry. Use on cranes, hoists, cables, chains and gears. Its ability to hold up under water makes it an excellent lubricant for draglines, winches, rock crushing machinery and street cleaners.

CITRUS SPRAYCAB ■ SAFE ON ALUMINUM

This product was developed for use in spray cabinets equipped with skimmer systems to remove contaminated oils, carbons and greases. It contains strong degreasers, emulsifiers, chelating agents, and a surfactant, which cause waste oil and debris to float to the surface of the cleaning solution for easy removal. This non-foaming, compound is safe for all non-ferrous metals and aluminum and contains a rust inhibitor to prevent flash rusting. It is very concentrated requiring only ½ pound per gallon of water. Pleasant citrus fragrance.

CLEANER CONCENTRATE ■ JUST ADD WATER

When mixed with water, this concentrated powder can be used for cleaning and degreasing engines, vinyl tops, interiors, white wall tires, walls, floors, lavatory basins, lighting fixtures, refrigerators, stoves, shower room areas, tile, concrete, wood floors, vinyl tile, aluminum, chrome fixtures and stainless steel equipment. Removes grease and grime from concrete floors and restroom facilities. 22 pounds make a 55-gallon drum.

CLEAR MAGIC ■ LUBRICATING RELEASE AGENT

This product is a neutral pH, non-toxic, all-purpose synthetic liquid. It is 100% biodegradable and is safe on all surfaces not harmed by water. This concentrated blend is a clear, thick, very effective anti-slip flow agent. It is an excellent product for any application where sticking is a problem.

COAL DUST CONTROL ■ ELIMINATES COAL DUST

Coal Dust Control has been specially formulated to control the dust associated with hauling coal in open railroad cars. When applied on top of the loaded coal, this product creates a "core dust control" coating, preventing dust. Recommended for use with Brody Chemical's Automated Spray Application System.

COIL CLEANER ■ CONSERVES ENERGY

Coil Cleaner is formulated for extra, heavy duty cleaning and contains self-rinsing properties. Its high soil suspending qualities allow dirt to rinse off freely, whether it is flushed off or falls off with the condensate water. Coil Cleaner is solvent free, non flammable and effective in water with up to 500 P.P.M. hardness. It is non-corrosive to most metals and will not harm painted surfaces. This product is 100% biodegradable.

COIL CLEANER AEROSOL ■ HIGH PRESSURE

This high performance product offers maximum cleaning and degreasing. Coil Cleaner's high solvency formula quickly and easily liquefies dirt, grease, oil and other residues while the blasting nozzle powerfully separates undesirable materials from the surface. This product is super fast evaporating and normally requires little or no wiping or post use clean up.

CONCRETE CLEANER ■ PINE, CITRUS AND SUPER STRENGTH

This compound is a formulation of fast acting detergents, grease cutters, wetting agents and emulsifiers blended with soap regenerators that keep it working longer for more effective cleaning. It does an excellent job without leaving any film or residue to recollect dirt, grease or grime. Concrete Cleaner contains a powerful surfactant that combines oil and water into an emulsification solution. Available in Pine, Citrus and Super Strength formulations.

CONCRETE FORM RELEASE ■ PREVENTS STICKING

Concrete Form Release is a proprietary combination of solvent and water repellent silicones designed to reduce adhesion of wet cement to metal and wood forms, metal frames, plate glass, and concrete equipment, tools and trucks. This formulation chemically reacts with the alkali in the concrete to produce a concrete repellent coating.

CONCRETE REMOVER ■ DISSOLVES PORTLAND CEMENT

This product is a highly concentrated, acid detergent formulated for the removal of hardened cement from handling equipment such as bulk cement haulers, Redi-mix equipment, cement mixers and other tools and machinery throughout cement manufacturing plants. Dissolves cement and penetrates through dirt and soil, cleaning and lifting debris away. Concrete Remover contains an inhibitor system to reduce the acid attack on metals.

CONCRETE REMOVER II ■ HIGH FOAMING ACID

This product is a highly concentrated acid detergent formulated for the removal of hardened cement from handling equipment such as bulk cement haulers, Redi-mix equipment, cement mixers and other tools and machinery throughout cement manufacturing plants. Concrete Remover II contains a high-foaming surfactant allowing this product to be foamed onto the cement truck, lengthening contact time and avoiding atomization. It contains an inhibitor system to reduce the acid attack on metals.

LIQUID STEAM CLEANER ■ SAFE ON FERROUS METALS

This heavy-duty steam cleaner and pressure washer detergent is excellent for cleaning automotive equipment, bay floors and walls, garbage trucks, large machinery and aluminum siding. It effectively penetrates oils and greases, making it a great concrete cleaner as well. Special ingredients prevent scale build-up in steam cleaners. This concentrated liquid is very economical as it can be diluted with water up to 80:1.

LUBRICANT/SEALER ■ PREVENTS RUST AND CORROSION

State, County and Municipal highway departments have been plagued by rust and seizure problems with chains and augers and interior box corrosion at tail gate and v-bottom salt spreaders that dispense ice control chemicals such as sodium chloride (salt), calcium chloride and magnesium chloride. Lubricant/Sealer has been developed to lubricate and seal ice melt equipment preventing rust and corrosion from harsh chemicals. This product is 100% biodegradable..

METAL CLEANER AND PHOSPHATIZER ■ PRE-PAINT PROCESS

Metal Cleaner and Phosphatizer is designed for use in spray wash cabinets and immersion systems as a multi metal pre-paint process. Steel, iron, zinc, galvanized and aluminum parts can be processed using this product. It prepares zinc, galvanized and aluminum parts for painting by cleaning and slightly etching the metal surface.

MOISTURE GUARD AEROSOL ■ WATER DISPLACING LUBRICANT

This product is a non-flammable combination of special water displacement compounds, corrosion inhibitors, penetrants and non-greasy lubricants in a solvent carrier system used to dispel water and moisture from electrical equipment. After spraying, a protective coating remains repelling moisture and preventing corrosion over long periods of time. Moisture Guard is excellent for the automotive and marine industry.

MOLY/PTFE LUBRICANT AEROSOL ■ SPRAY ON LUBRICANT

MOLY/PTFE Lubricant Aerosol is designed for use on automotive, marine, farm, electrical and mechanical equipment. This product lubricates, cleans, penetrates and stops corrosion on metal. With the addition of both PTFE and molybdenum disulfide, this formulation displaces moisture, provides excellent lubrication, eliminating squeaks and binds, and reduces maintenance time. The film never hardens.

ICE MELTER ■ GENERATES EXOTHERMIC HEAT

This product has over 24 times the melting power of rock salt at 0° F. Tests conducted at 100% relative humidity and 0° F, showed this product melted an average of 205 grams of ice in just 15 minutes, compared to an average of 8.7 grams melted by rock salt. Ice Melter has 24 times more melting power than rock salt and is effective at melting ice down to -57° F. This product is completely harmless to grass, shrubs, trees, animals and rubber tires. It will not pit or discolor concrete walks or asphalt.

INDUSTRIAL DEGREASER ■ WATER-SOLUBLE SOLVENT

This product is a heavy-duty, water-soluble degreaser. It is safe and effective on all washable surfaces for removing soils such as carbon, creosote, dyes, grease, ink, mildew, oil and wax. The formulation also contains a rust inhibitor to retard corrosion of metals. Fireproof, acid free and gives off no dangerous fumes. Industrial Degreaser is very concentrated and can be diluted up to 20:1 with water for greater economy.

JELLED DEGREASER ■ 100% BIODEGRADABLE

Powerful, natural degreasers and deodorizers are specially blended to out-perform the conventional, hazardous, solvent degreasers. This multi-purpose concentrate instantly emulsifies grease, oils and fats without the use of harsh acids, alkalis or petroleum solvents. This new, citrus formula dissolves thick coats of tar, asphalt and road oil from heavy equipment, tractors and vehicles. This organic extract has an extremely strong natural citrus fragrance to deodorize effectively even under the worst conditions.

JELLED TAR REMOVER ■ STICKS TO VERTICAL SURFACES

Jelled Tar Remover has been formulated with a blend of organic solvents, emulsifiers, penetrants, wetting agents, thickeners and rust inhibitors. This product has been jelled so it clings to vertical surfaces and leaves a monomolecular film on contact to remove tar, greases and asphalt. It contains emulsifiers making soils easy to remove by using high pressure and cold water. Simply spray on surface of dirty equipment, allow 5 minutes of contact time and rinse off.

KICK ACID CONCRETE TRUCK CLEANER ■ NON ACID

Kick Acid Concrete Truck Cleaner is a new chemical formulation that cleans like an acid with the safety of dish soap. This product is a liquid acid alternative with no odors or fumes. It attacks the Portland in cement, completely dissolving the hardened cement to a mushy substance making it completely rinseable with high pressure and cold water. Kick Acid Concrete Truck Cleaner is non-corrosive, non-fuming, 100% biodegradable and non-hazardous to equipment. It contains no sulfuric, muriatic, hydrochloric or phosphoric acids.

CONCRETE SEALER ■ SEALS, HARDENS AND DUST PROOFS

This product is a revolutionary sealer made of acrylic resins, which are resistant to sunlight (will not yellow outside), oil and most chemical fumes. It also provides hard, sealed protection of concrete from most solvents and acids. It may be used on freshly laid concrete (aids in curing) or terrazzo, as soon as surface is dry. Concrete Sealer may also be applied to old concrete and terrazzo surfaces. Leaves a shiny high-gloss finish.

CONCRETE TRUCK CLEANER ■ ECONOMICAL FOAMING ACID

This product is a highly concentrated acid detergent formulated for the removal of hardened cement from handling equipment in the concrete industry. Because it is concentrated, it can be diluted with up to 4 parts water for typical jobs. On heavy build up, dilute 2:1 with water, apply, allow contact time until concrete is loosened, scrub off and rinse thoroughly with clean water. For extreme conditions, this product can be used straight.

CONTACT CIRCUIT BOARD CLEANER ■ SAFE ON PLASTICS

This product is a fast drying, non-conductive cleaner that is safe to use on plastics, rubber and metal. This formulation contains no CFC's, HCFC's or other ozone depleting chemicals and cleans without leaving any residue. It removes oil, grease, flux, dirt and other contaminants from electronic equipment, computers, ignition systems, generators, power tools, tuners, circuit boards, switches, motors, precision instruments and more.

CONTACT CLEANER AEROSOL ■ ELECTRONIC AND MECHANICAL

This product cleans electronic and mechanical contact points in seconds. It will not harm plastics or rubber, has a 32,000-volt dielectric and dries residue free. Cleans oil, grease, dirt and moisture from teletype machines, office machines, telephone equipment, circuit breakers, relays, switches, precision tools and coin mechanisms on beverage and food machines, etc.

CONVEYOR LUBRICANT ■ CONCENTRATED LIQUID

Conveyor Lubricant is a concentrated, high detergency, liquid lubricant for use on conveyor chains. Effective in other light-duty industrial applications as well. It protects bearing surfaces against excessive wear and assures smooth, trouble-free operation. This product prevents rust and corrosion on metal surfaces and reduces chain drag, jumping, and breakage. Dilutes instantly with water.

CUTTING FLUID AEROSOL ■ METAL COOLANT

This low foaming product is a heavy-duty concentrated cutting oil fortified with active sulfur and an extreme pressure additive. This high-performance coolant/lubricant is formulated for all types of machine shop uses. It increases production and protects cutting tools. Good wetting ability provides excellent cooling of metals and inhibitors provide rust protection. Not recommended for use on copper or aluminum.

D-LIMONENE ■ PURE CITRUS OIL

A product developed by "Mother Nature" to naturally clean and degrease. It is made from pure natural citrus oils extracted from the peels of oranges. This formulation will instantly emulsify grease, oils, and protein fats without the use of harsh acids, alkalis or petroleum distillates. It is a natural deodorizer, eliminating bad odors. D-Limonene is 100% biodegradable.

DEGREASER "RAW PACK" ■ (1X6=55)

This product was developed to save money and shipping costs for customers. A 55-gallon drum of Degreaser (With Enzymes) contains surfactants, emulsifiers, chelating agents, degreasers, wetting agents, and a bioremediation enzyme; it also contains 89% water. By removing this water from the formulation, 6 gallons (1 bucket) of active ingredients remain. This super concentrated bucket, when mixed with 49 gallons of water, make a 55-gallon drum of regular strength Degreaser (With Enzymes), which should then be further diluted up to 10:1.

DEGREASER (WITH ENZYMES) ■ CONTAINS BIOREMEDIATON ENZYMES

This product is a non-emulsifiable degreaser containing bioremediation enzymes. It cleans by dispersion, breaking the oil down into micro particles so it can be washed away. These micro particles immediately float the oil and debris back to the surface for removal from the wastewater. The enzymes actually consume the greases and oils during the cleaning process and continue to work long after the waste oil and greases are discarded. It is 100% biodegradable, water-soluble and contains no hazardous ingredients.

DESCALER ■ REMOVES MINERAL DEPOSITS

This product is an economical, safe and easy way to remove rust, corrosion, scale and water deposits from almost all surfaces. It keeps fumes to a minimum and is harmless to most paints and finishes. Descaler acts quickly to penetrate and lift away scum and water deposits. It is a chemical combination of deep penetrating detergents and safe, easy to use, mild acids. It will dissolve carbonates and other hard water scales, such as iron, rust and magnesium.

HIGH FLASH DEGREASER AEROSOL ■ NON-CONDUCTIVE TO 32,000-VOLTS

This all natural, all organic and biodegradable product easily removes grease, oil and grime from metallic and non-metallic surfaces including most plastics. Degreases machinery, equipment, engines and electric motors without the use of ozone depleters or chlorinated solvents. Contains no petroleum distillates, Trichlor III or any other hazardous chlorinated solvents.

HOT TANK CLEANER ■ FERROUS METALS ONLY

This product is an industrial strength hot tank cleaning solution containing a special rust inhibitor to protect the metals after cleaning. Recommended for removing rust, paint, grease and carbon deposits from engine blocks, motor parts, bars, castings, coils, conveyor hooks, pipe fittings, salvaged steel, radiators, etc. Very concentrated. Requires only 1/4 pound per gallon of solution.

HOT TANK SPRAY CAB ■ FERROUS METALS - NO FOAM

This product is a heavy-duty, non-foaming spray cab cleaner that is safe on all ferrous metals. Specifically designed for use in all spray-type cleaning machines. Effectively removes heavy grease, oil, carbon and hard water scale. Non-foaming, long lasting formulation. Not recommended for use on aluminum or white metals. Very concentrated. Requires only 1/4 pound per gallon of solution.

ICE BEATER ■ SNOW AND ICE MELTER

Ice Beater is a unique blend of ice melting agents, including "exothermic" pellets. These ingredients combine to produce a safe, efficient and cost effective ice melting product at temperatures ranging from 32° F down to -5° F. Through a chemical reaction the "exothermic" pellets give off heat which enables this formulation to work much faster than other sodium chloride based snow and ice melters. Available in bags or containers of 10, 20, 50, 100, 500 and 2,000 pounds.

ICE MACHINE DESCALER ■ DISSOLVES WATER DEPOSITS

Ice Machine Descaler is a liquid product that cleans and dissolves water scale deposits in ice machines, simplifying the cleaning process. Spray on, allow for minimal contact time to easily flush water deposits away. This product has been recommended by manufacturers for use on Scotsman, Minitowoe, Sunbeam, Vogt, Howe and other ice making machines. USDA APPROVED.

HAND CLEANER SCRUBS ■ PORTABLE BUCKET

Hand Cleaner Scrubs offer fast and effective hand cleaning in a convenient portable bucket. Each dispensing canister contains 72 each 10 ⅛ x 12 ¼ perforated high-strength absorbent cleaning towels, treated with a gentle-to-skin but effective heavy-duty, grease cutting and soil-lifting formulation. For use on the toughest soils, greases, tar, graphite and even printers' ink.

HARD SURFACE 40 AEROSOL ■ ALL-WEATHER FORMULA

Hard Surface 40 Aerosol is a superb, all-weather, surface and glass cleaner. It is formulated with the same ingredients as a powerful degreaser yet its penetrating foam is safe to use on windows, counter tops, furniture, tile, marble, porcelain, and car/truck windshields. Great for windows and automotive glass in cold temperatures.

HEAVY DUTY CLEANER ■ SUPER CONCENTRATED

Heavy Duty Cleaner represents the latest technology in concentrated heavy-duty cleaning liquids. This fast acting formulation quickly penetrates and emulsifies the toughest industrial and institutional soils. This product is ideally suited for cleaning a wide variety of soil types from most hard durable surfaces without leaving any sticky, filmy residue. Heavy Duty Cleaner is a great choice for use with pressure washers, steam cleaners, floor scrubbers and manual mopping operations.

HI-PURITY CLEANER AEROSOL ■ BLAST-TYPE SPRAY

This product is an excellent cleaner and degreaser packaged with a strong, forceful, blast-type spray to remove dirt, carbon, oil, grease, grime, etc. Evaporates quickly and leaves absolutely no residue. Use on points, starters, motors, relays, switches, circuit breakers, transformers, junction boxes and other electrical equipment. Military Spec #C-81302-B. Contains no Trichlor III.

HIGH FLASH DEGREASER ■ NEW CITRUS FORMULATION

A product developed by Mother Nature to naturally degrease and clean. This formulation contains natural citrus solvent extracted from the peels of oranges. This extract is non-flammable, non-conductive and biodegradable, yet possesses terrific solvency and grease dispersion. This product does not contain any toxic or hazardous wastes.

DRY MOLY LUBRICANT ■ STABLE AT EXTREME TEMPERATURES

Dry Moly Lubricant is a molybdenum disulfide formulation, which dries to a hard, black coating very quickly. It adheres to many substrates, especially metal, with minimal surface preparation. It resists wear and abrasion, provides high-lubricity, gives excellent high-pressure properties and is stable at extreme temperatures. Typical applications are chain lubricating, gasket coating, and furnace, kiln, oven and conveyor maintenance. Also useful as an anti-seize and mold release.

DUST CONTROL ■ ELIMINATES DUST

Dust Control prevents coal from dusting in storage and makes dirt roads around mines and quarries more compact to minimize dust. Apply to roadbeds before laying concrete or blacktop to compact surface. It also prevents dry waves in asphalt pavement. This product is safer on the environment than lime and water treatments. When used in cement plants, this product makes air-scrubbers more effective in controlling dust emissions. Extremely concentrated. Dilute 1000:1 in dust control water tanks.

DUST CONTROL CONCENTRATE ■ (2X6=55)

This product was developed to save money and shipping costs for customers. A 55-gallon drum of original Dust Control contains surfactants, detergents and emulsifiers; it also contains 78% water. By eliminating the water from the formulation, 12 gallons (2 buckets) of active ingredients remain. These 2 super concentrated buckets, when mixed with 43 gallons of water, make a 55-gallon drum of regular strength Dust Control.

DUST ELIMINATOR ■ STOPS DUST "KICK UP"

This product works by continually absorbing moisture from the air, trapping and locking it into dirt surfaces. This unique reaction stabilizes dirt surfaces, and in turn, suppresses dust. The result is a hard packed, dust free dirt road. Heavily traveled dirt road surfaces require repeated watering to control dust. This is time-consuming and expensive and not always effective. Dust Eliminator is a long-term solution, controlling dust for an extended period of time.

ELECTRICAL DEGREASER ■ NON-TRICHLOR III

This product is a combination of four different solvents that react together to form a "synergistic" cleaning solvent that removes grease, oil, dirt and grime from metal parts, machinery, electric components, motors, etc. It was designed to replace toxic carbon tetrachloride as an industrial cleaning solvent. It has no flash point up to boiling (173° F.). Electrical Degreaser's non-toxic solvents and slower drying action give a deep thorough cleaning to all surfaces.

FLOOR CLEANER ■ ALL-PURPOSE DEGREASER

This product is a concentrated blend of water, soluble solvents, penetrants, wetting agents and 100% synthetic detergents. It is one of the few cleaning solvents that attacks water-soluble molecular structures of oil films, greases, gum and varnish residues without damaging the surface itself. Good for use in restaurants, bakeries, meat and poultry processors, bottling plants, etc. Use to clean stoves, hoods, ventilating and air filtering systems, floors, walls and fixtures.

FLOOR CLEANER CONCENTRATE ■ (2X6=55)

Floor Cleaner Concentrate was developed to save money and shipping costs for customers. A 55-gallon drum of Floor Cleaner contains surfactants, detergents and emulsifiers; it also contains 78% water. By removing this water from the formulation, 12 gallons (2 buckets) of active ingredients remain. These 2 super concentrated buckets, when mixed with 43 gallons of water, make a 55-gallon drum of regular strength Floor Cleaner, which should then be further diluted up to 20:1.

FREEZE BARRIER ■ PREVENTS COAL FROM STICKING

Freeze Barrier is a new product, formulated to prevent coal from sticking to the sides of railroad cars in freezing temperatures. This product, when applied to floors and walls of railroad cars, forms a monomolecular film preventing coal from sticking. Freeze Barrier clings to vertical surfaces. Depending upon the severity of the temperature, one application of Freeze Barrier will prevent coal from sticking for up to 5 loads.

GRAFFITI COATING AEROSOL ■ PATENTED TECHNOLOGY

Graffiti Coating Aerosol is a patented, nanotechnological non-stick coating. It is water-clear, UV safe, heat stable and has extreme chemical resistance. This product does not allow paint, graffiti, permanent marker or stickers to adhere. Graffiti can be removed with a dry paper towel. Graffiti Coating exceeded the performance requirements for ASTM D6578 Graffiti Resistance Test.

GRAFFITI REMOVER ■ DISSOLVES SPRAY PAINT

This product is specifically formulated to remove graffiti from all types of surfaces including concrete, brick, stucco, masonry, stone and wood. It will dissolve common materials used for "tagging" including spray paint, permanent markers, ink, crayons and lipstick. It is a citrus-based product that clings to vertical surfaces for longer contact time. Environmentally safe and 100% biodegradable.

GREASE GUN AEROSOL ■ RED GREASE LUBRICANT

This multi-purpose lubricant spray applies as a thin, penetrating liquid and quickly transforms to a thick red grease, even capable of clinging to vertical surfaces. Additives provide superior adhesive, cohesive, extreme pressure, and cushioning properties. This formula lubricates, prevents oxidation, and prevents rust without the dangers of ozone depleting chlorinated solvents.

HAND CLEANER BLUE PUMICE ■ INDUSTRIAL STRENGTH WITH CONDITIONERS

This is an essential hand cleaner for the automotive industry, ideal for removing printers' ink, heavy grease, encrusted grime, oil, embedded paint and many other stains. This formula contains the finest mild soap abrasive pumice to loosen and dissolve embedded soils. It also contains skin conditioners to protect hands from drying, cracking and chapping. Hand Cleaner Blue Pumice is Brody Chemical's best selling hand cleaner to automotive and trucking companies.

HAND CLEANER CITRUS NO-PUMICE ■ NATURAL CITRUS CLEANER

This product's conditioning formula cleans grease, paint, tar, ink, adhesives or other stubborn grime from hands quickly and gently. It contains special skin conditioners to protect hands from drying, cracking and chapping. Contains no solvents, abrasives, alkalis or other harmful ingredients and is 100% biodegradable. Made from pure, citrus cleaners.

HAND CLEANER CITRUS PUMICE ■ MILD ABRASIVE

This is an essential hand cleaner for the automotive industry; ideal for removing printers' ink, heavy grease, encrusted grime, oil, embedded paint and many other stains. This formula contains a blend of the highest quality surface cleaners and orange peel oils combined with the finest mild abrasive pumice. It also contains skin conditioners to protect hands from drying, cracking and chapping.

HAND CLEANER NATURAL SCRUBBER ■ EMOLLIENT ENRICHED

Hand Cleaner with Natural Scrubbers uses advanced cleaning technology with natural scrubbers to quickly remove all types of grease, oil, paint and other soil from hands through its unique cleaning action. This product penetrates deep into the skin to loosen ground-in grime and floats it to the surface where it can be washed off with water or wiped off with a paper towel.
