CERTIFICATE OF MAILING

I hereby certify that this correspondence is being deposited with the United States Postal Service as Express Mail in an envelope addressed to: Commissioner for Trademarks, P.O. Box 1451, Alexandria, Virginia 22313-1451 on the date shown below:

1. The Opposer, Intrust Financial Corporation, is a corporation duly organized and existing under the laws of the State of Kansas, located and doing business at 105 North Main Street, Wichita, Kansas 67202.

2. Long before Applicant's filing date, Opposer and its affiliate, Intrust Bank, N.A., have engaged, and are now engaged in the offering, rendering, sale, advertising, and promotion in interstate commerce of a wide variety of banking and financial services, including, without limitation, mortgage loans, debit cards and credit cards, savings and checking accounts, investment wealth management, cashless purchasing services for merchants and consumers whereby purchase monies are held in trust and sent to merchants upon sales to consumers, cashless payment and money transfer services, providing financial fraud protection and prevention, and online and mobile banking, which includes but is not limited to electronic funds transfer, bill payment services, and direct deposit services.

3. Long before Applicant's filing date, Opposer and its affiliate have used, and are now using Opposer's service marks, all of which either consist of or contain the term "INTRUST" (hereafter referred to as "Opposer's Marks"), in connection with offering the following services in commerce: banking and financial services, including, without limitation, mortgage loans, debit cards and credit cards, savings and checking accounts, investment wealth management, cashless purchasing services for merchants and consumers whereby purchase monies are held in trust and sent to merchants upon sales to consumers, cashless payment and money transfer services, providing financial fraud protection and prevention, and online and mobile banking, which includes but is not limited to electronic funds transfer, bill payment services, and direct deposit services.

4. Opposer is the owner of, and will rely upon its common law service mark rights in the “INTRUST” mark, which Opposer and its affiliate have used in association with a variety of items used in association with Opposer’s services, including without limitation, print advertisements, websites, letterhead, business cards, and signage.

5. Opposer is the owner of, and will also rely upon, the following Federal service mark registrations, a copy of the certificates of registration and print-outs of the information from the electronic database records of the United States Patent and Trademark Office (“USPTO”) showing the current status and title of the registrations are attached hereto as Exhibit A:

A. The mark “INTRUST,” Federal Registration No. 1,802,917, registered on November 2, 1993, for banking services;

B. The mark “INTRUST MERCHANT SERVICES,” Federal Registration No. 2,738,638, registered on July 15, 2003, for merchant services, namely, credit card and debit card services;

C. The mark “INTRUST WEALTH MANAGEMENT” (stylized), Federal Registration No. 3,358,359, registered on December 25, 2007, for financial services, namely, management of trusts and investment accounts;

D. The mark “INTRUST VALUE PACK,” Federal Registration No. 3,219,237, registered on March 20, 2007, for non-commercial banking service, namely, upgraded checking account services;

E. The mark “I INTRUST BANK” (stylized + design), Federal Registration No. 2,197,748, registered on October 20, 1998, for banking services;

F. The mark “INTRUST CHECK CARD,” Federal Registration No. 1,957,654, registered on February 20, 1996, for banking card services, specifically on line debit card;

G. The mark “INTRUST BANK, N.A.,” Federal Registration No. 1,840,083, registered on June 14, 1994, for banking services;

H. The mark “INTRUST FINANCIAL CORPORATION,” Federal Registration No. 1,849,586, registered on August 9, 1994, for banking services;

I. The mark “INTRUST BANK,” Federal Registration No. 1,841,487, registered on June 21, 1994, for banking services;

J. The mark “INTRUST CARD CENTER,” Federal Registration No. 1,879,319, registered on February 14, 1994, for banking services;

K. The mark “INTRUST 24 HOUR BANKING,” Federal Registration No. 1,832,427, registered on April 19, 1994, for banking services, for banking services; and

L. The mark “I TRUST INTRUST,” Federal Registration No. 3,711,317, registered on November 17, 2009, for banking services.

6. Since its initial use of Opposer’s Marks, Opposer and its affiliate have made a substantial investment in advertising and promoting its services under Opposer’s Marks. Opposer and its affiliate have extensively used, advertised, promoted, and offered Opposer’s services in association with Opposer’s Marks to the public through various channels of trade in commerce, with the result that Opposer’s customers and the public in general have come to know and recognize Opposer’s Marks and associate the same with Opposer and/or services offered and

sold by Opposer and its affiliate. Opposer has built extensive goodwill in connection with the offering and sales of banking and financial services, including, without limitation, mortgage loans, debit cards and credit cards, savings and checking accounts, investment wealth management, cashless purchasing services for merchants and consumers whereby purchase monies are held in trust and sent to merchants upon sales to consumers, cashless payment and money transfer services, providing financial fraud protection and prevention, and online and mobile banking, which includes but is not limited to electronic funds transfer, bill payment services, and direct deposit services.

7. By virtue of the high degree of inherent and acquired distinctiveness of Opposer's Marks, the long duration and extensive use of Opposer's Marks in connection with the services with which Opposer's Marks have been used, the long duration and extensive advertising and promotion of Opposer's Marks, the expansive trading area in which Opposer's Marks have been used and the high degree of recognition of Opposer's Marks, Opposer's Marks have become well-known and famous as distinctive indicators of Opposer's services and were famous long before Applicant's filing date.

8. Upon information and belief, notwithstanding Opposer's rights in and to its marks, on February 24, 2011, Applicant filed an application for registration under Section 1(b) of the Trademark Act of 1946 (the "Application"), of the alleged service mark "NTRUST" ("Applicant's Mark") for "financial services conducted via electronic communications networks, namely, electronic funds transfer; bill payment services; cashless purchasing services for merchants and consumers whereby purchase monies are held in trust and sent to merchants upon sales to consumers; stored value card services; electronic money issuance and transfer services;

direct deposit of funds into customer bank accounts” in International Class 36 and “providing financial fraud protection and prevention” in International Class 45. The Application was assigned Serial No. 85/250992 and was published for Opposition in the Official Gazette – Trademarks of January 17, 2012, at Page TM 211.

9. Upon information and belief, since the date of filing its Application, Applicant has begun using Applicant’s Mark in association with the services identified in the Application in the United States or in interstate or foreign commerce that may be regulated by the United States. Applicant’s website, located at <www.ntrust.com>, displays Applicant’s Mark and allows consumers to create an account with Applicant in which the consumer may deposit or withdraw money, exchange money into a different currency, or send money to another person. Copies of representative pages of Applicant’s website are attached hereto as Exhibit B.

10. Upon information and belief, Applicant’s services alleged as intended to be offered under Applicant’s Mark and/or as currently being offered under Applicant’s mark are identical to or are very closely related to the services offered under Opposer’s Marks, and Opposer and Applicant both are and/or will be engaged in the offering, sale, rendering, and promotion of their respective services through the same channels of trade and to the same general class of purchasers, users, or consumers.

11. Applicant’s Mark is a simulation and colorable imitation of, and so resembles Opposer’s Marks as to be likely, when applied to Applicant’s proposed services, to cause confusion or mistake or to deceive consumers resulting in damage and detriment to Opposer and its reputation.

12. It is likely that, and Opposer believes that, if Applicant is permitted to register Applicant's Mark for the services identified, confusion of the trade and public would, or would likely, result by reason of confusing similarity between Applicant's Mark and Opposer's Marks. Such confusion would result in injury and damage to Opposer.

13. If Applicant is granted a registration for Applicant's Mark for the services identified it would obtain thereby at least a prima facie exclusive right to use such mark. Such registration would be a source of damage and injury to Opposer.

14. Opposer, upon information and belief, avers that its customers, and the public in general, are likely to be confused, mistaken, or deceived as to the source of origin or sponsorship of Applicant's proposed services to be marketed under the alleged Applicant's Mark and misled into believing that such services are produced by, emanate from, or are in some way directly or indirectly associated with Opposer, to the damage and detriment of Opposer and its reputation.

15. Applicant's Mark, when applied to Applicant's services for commercial use in commerce, has caused and/or will cause dilution of the distinctive quality of Opposer's Marks and lessens the capacity of the famous Opposer's Marks to identify and distinguish Opposer's services.

16. By reason of the foregoing, Opposer will be damaged by the registration of Applicant's Mark and registration should be refused.

WHEREFORE, this Opposer, Intrust Financial Corporation, believes and avers that it is being and will continue to be damaged by registration of Applicant's Mark, and prays that Application Serial No. 85/250992 be rejected, that no registration be issued thereon to Applicant, and that this Opposition be sustained in favor of Opposer.

Opposer has appointed William P. Matthews, Michael J. Norton, and Alicia E. Bodecker, members of the law firm of Foulston Siefkin LLP and members of the Bar of the State of Kansas, to prosecute this opposition proceeding and to transact all business in and before the United States Patent and Trademark Office in connection herewith. Please address all correspondence to:

FOULSTON SIEFKIN LLP

The filing fee for this opposition in the amount of \$ 600 is enclosed herewith.

Respectfully submitted,

Date: March 19, 2012

Send and receive money quickly. It's as easy as sending an email.

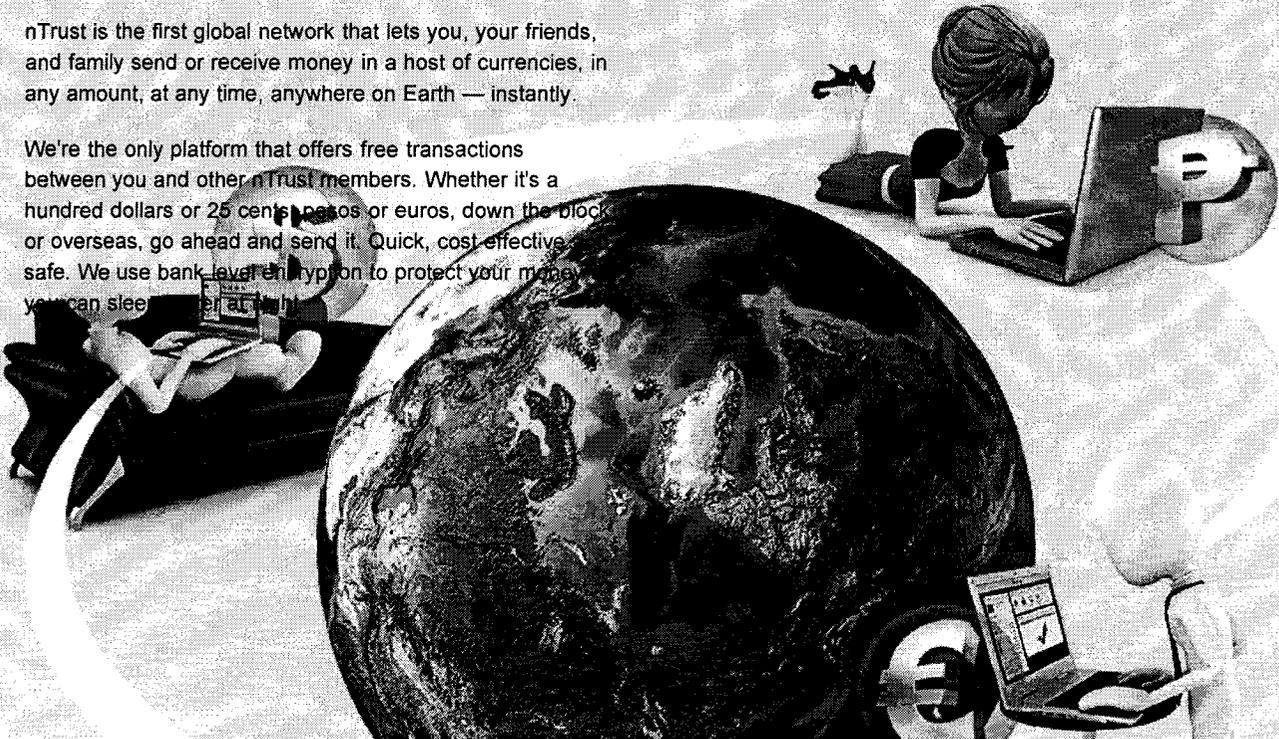

Create Free Account

nTrust is a better way to send money.

A global network.

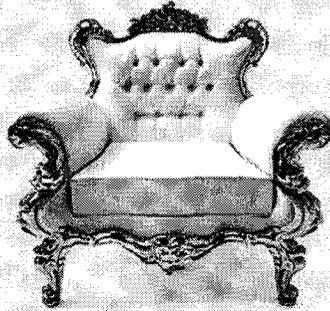

nTrust is the first global network that lets you, your friends, and family send or receive money in a host of currencies, in any amount, at any time, anywhere on Earth — instantly.

We're the only platform that offers free transactions between you and other nTrust members. Whether it's a hundred dollars or 25 cents pesos or euros, down the block or overseas, go ahead and send it. Quick, cost effective, safe. We use bank level encryption to protect your money, you can sleep better at night.

Bank client
typical possibilities

nTrust user privileges

nTrust user privileges.

We give you the freedom to choose. What a fresh idea — let people take control of their own money.

Let's change the way online transactions are done forever. Become a member of the nTrust Nation and together you can create a social and financial online community of your very own; one connection at a time.

How does it work?

When you sign up for your free account and create your profile, you become a Citizen of the nTrust Nation. As a citizen, you can build a neighborhood; a real-life social network of family and friends that are always visible which makes sending money fast and simple.

You also get a secure vault that only you can access. Use your vault to deposit or withdraw, exchange money into multiple currencies, or send money in any amount to anyone for free.

If you want instant access to over 1,700,000 ATM locations worldwide and millions of other merchants, just load money onto your very own nTrust cash card and you are ready to hit the town!

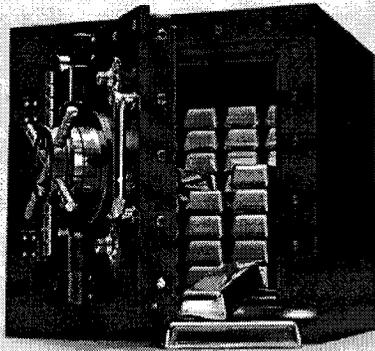

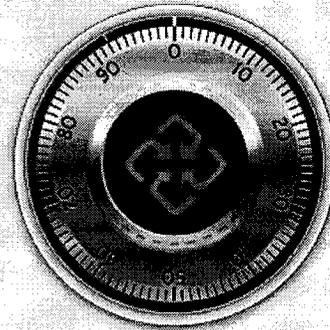

What you get?

- ✓ Bank level security.
- ✓ Private data encryption.
- ✓ 24/7 access.
- ✓ No minimum transfer limit.
- ✓ Unlimited free Vault-to-Vault transfers.
- ✓ Instant, real-time operations.
- ✓ Multiple currency accounts.
- ✓ Alerts on account activity.
- ✓ Personalized nTrust cash card.
- ✓ Rewards and perks as a user.
- ✓ Private network of trusted people.

We are not a bank, we are better than any bank.

Security is not an option.

nTrust uses 256-bit SSL encryption — a standard that meets or exceeds every known international banking standard for online transactions. All data is protected and validated by VeriSign and TRUSTe.

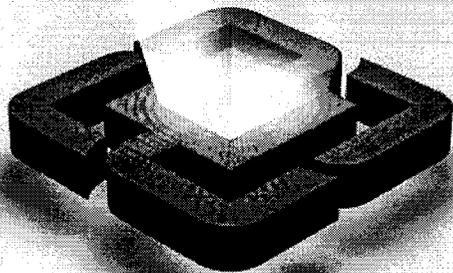

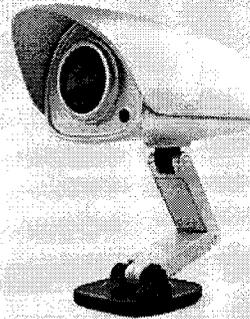

Your money is here, always.

nTrust is not a bank. We have no credit or loan business — we do not take your money and turn around and loan it to someone else. Every single Euro, every Yen, every Peso, every cent is in a stand-alone trust account, entirely separate from our operating accounts and we can't touch them. There can be no "run on the bank."

We never sleep.

nTrust enhances your financial security through email and SMS alerts that notify you about any large purchases, transfers, unusual activity in your Vault, large transactions or pending approvals. You can set the alert thresholds and manage the alerts to keep a close eye on your money and sleep soundly.

We use highest security standards.

The nTrust technology platform — the nCrypt Hub — is certified as Payment Card Industry Data Security Standard Level 1 — the highest technical and operational security standard imposed by VISA, MasterCard and American Express. Technical and procedural safeguards are being continuously reviewed and undergo quarterly assessments and comprehensive annual third party audits from certified PCI assessors.

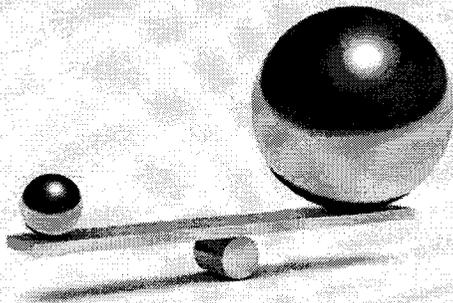

Criminals are out there, but they are not in here.

Feel safe with nTrust. Anti-Money Laundering, Anti-Fraud, Anti-Terrorist Financing. Serious, scary stuff. But nTrust's personnel are highly trained and we use some of the most sophisticated behavioural modelling and real-time analytics technologies in the world, coupled with government and intelligence agency databases to ensure that the nTrust platform isn't abused. The nCrypt Gateway generates real-time reports of suspicious transactions or politically exposed persons that are provided to national and international law enforcement and regulatory agencies.

Size doesn't matter for your transfers.

A thousand Euros, fifty Pesos or a ten Dollars — it's really your call. Transfers between nTrust Citizen Vaults are completely free, whether you're sending ten dollars or ten thousand pesos. Because inter-Vault transfers are instant with no transaction minimums, nTrust enables the world's first truly usable micro-transaction platform.

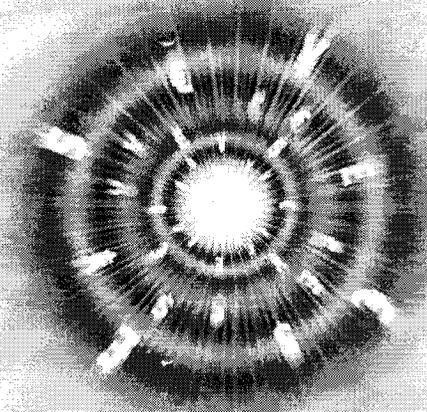

Withdraw your cash instantly, anywhere.

Load your nTrust card from your nTrust Vault and take out cash instantly at over 1,700,000 ATMs in over 200 countries and territories. If you are somewhere you can't withdraw instant cash, you're probably either on a submarine or the International Space Station.

Make transfers with "warp" speed.

Transfers between Citizen Vaults are instant. As the speed-of-light instant. Remitting money back home from the Middle East to your parents in Manila? Sending cash from Thailand to your daughter at university in Edinburgh? No problem. It's already there.

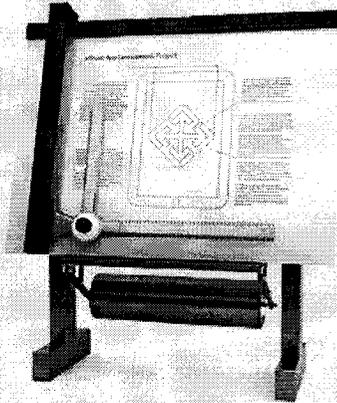

Go incognito.

Some websites on the Internet are a bit sketchy. You might want to buy a product, or pay for a service, but you hesitate to hand out your financial information or card details. We can help with that. Load an nTrust virtual Visa card and nTrust will generate a one-time-use credit card number. You use that number to complete your online purchase, and the number is

instantly destroyed. No muss, no fuss and your real credit card information never leaves your control.

Build your own nTrust App.

nTrust's open API is designed to enable third party application developers design web and mobile apps. Build an app and let the inter-user transactions happen within the nTrust economy. Want to play chess on your iPad against your cousin in London for ten pence a game? Check. Develop an app to help gather pledge donations for your marathon to end breast cancer? Check. We built the nTrust platform to be use-agnostic. We can't wait to see what you do with it.

Fees and Limits.

nTrust gives you the freedom to send and receive money, in a host of currencies, at any time. Moving your money with nTrust is quick, convenient, cost effective and secure.
