v.

Edmund Frette S.A.R.L.

**ELIZABETH J. WINTER, INTERLOCUTORY ATTORNEY:**

Opposer's consent motion (filed July 16, 2013) to suspend this proceeding so that the parties can finalize settlement is granted. See Trademark Rule 2.127(a). In view thereof, proceedings herein are **SUSPENDED** until NINETY DAYS from the mailing date of this action for purposes of settlement, subject to the right of either party to request resumption at any time. See Trademark Rule 2.117(c).

In the event that there is no word from either party concerning the progress of their negotiations within the next ninety days, the Board will issue an order suspending the proceedings so that the Board can consider opposer's motion (filed June 2, 2013) for summary judgment.

If, during the suspension period, either of the parties or their attorneys should have a change of address, the Board should be so informed.
