**STIPULATED MOTION FOR SUSPENSION FOR SETTLEMENT**

Pursuant to Trademark Rule 2.117(c), Fertitta Business Management LLC ("Applicant") requests suspension of these proceedings for sixty (60) days, subject to the right of either party to request resumption of the proceedings at any time prior thereto. Applicant further requests that all dates be reset in accordance with this 60-day suspension.

Applicant and Fertitta Hospitality, LLC ("Opposer") are continuing settlement negotiations, but the disruption to their respective businesses in the face of COVID-19 has prevented them from making meaningful progress during this time. Moreover, one of the decision makers on the remaining settlement issues suddenly encountered a health issue and was unavailable, which prevented further progress on the settlement. Since encountering this health issue, the individual is taking longer than anticipated to recover. Suspension is requested in order to allow the parties to maintain the status quo

as the parties near execution of a final agreement, and determine how to proceed in light of the pandemic and the individual's health problem.

As grounds in support of this motion and to show good cause, Applicant submits the attached report entitled *Status of Negotiations – Fertitta Hospitality, LLC v. Fertitta Business Management LLC*. (See **Exhibit A**).

Counsel for Opposer, William D. Raman of the firm Fleckman & McGlynn, PLLC has consented to this motion on its merits.

## **Exhibit A**

### **Status of Negotiations** ***Fertitta Hospitality, LLC v. Fertitta Business Management LLC***

#### **1) When last settlement proposal was sent, by whom, and when a response is expected**

The settlement agreement has undergone several revisions on additional issues that have arisen beyond what the parties' in-house counsel agreed upon when they came to terms by telephone. On September 29, 2020, Opposer's counsel sent Applicant's counsel a new draft addressing outstanding items. Although the parties are working in good faith to resolve all of the outstanding issues in this matter, their business operations have been impacted by the COVID-19 health crisis, and the parties anticipate that it will continue to cause delay in their negotiations.

Additionally, one of the individuals whose input has been critical to the settlement negotiations was struck with a health issue requiring immediate medical intervention. That individual's recovery is taking longer than anticipated. Although the parties are cautiously optimistic that this individual will recover quickly and that the settlement discussions will soon resume, it is unclear at this time how the individual's health issues will impact the decision-making process.

As previously noted, the issues in these proceedings are complex, and the parties—both of which require multiple levels of review within their organizations in order to approve any settlement terms—are working to resolve their serious disagreements about their respective rights to register various FERTITTA-formative marks. Should the Interlocutory Attorney have questions or want additional information regarding the complexity of the issues presented here and/or the need for additional time, counsel for the parties are available to discuss the matter telephonically in greater detail.

#### **2) Recitation of issues that have been resolved since the commencement of this proceeding**

The parties believe that many of the major issues that Applicant and Opposer have been negotiating regarding the parties' rights to register their FERTITTA-formative marks are now resolved, and the parties are continuing to negotiate one major point of disagreement that has arisen during their attempt to paper the settlement.

#### **3) List of issues that remain to be resolved**

The parties are negotiating one major point of disagreement that has arisen during their attempt to paper the settlement. Although they have an agreement in what they believe is

close to final form, they anticipate their progress will continue to be interrupted in the coming months and the parties address their business concerns.

#### **4) Timetable for resolution**

The parties request a 60-day suspension of the subject proceedings given current circumstances, and anticipate needing additional time to resolve their dispute given our global health crisis amid COVID-19 and the sudden unavailability of one of the settlement decision makers.
