NOTICE OF OPPOSITION

Opposer CGI Federal Inc. (“Opposer”), a corporation of Delaware, having its principal place of business at 12601 Fair Lakes Circle, Fairfax, Virginia 22033, believes that it will be damaged by the registration of the mark shown in Application Serial No. 77/718,258, and hereby opposes the same under the provisions of Section 13 of the Trademark Act of 1946, 15 U.S.C. §1063.

As grounds for opposition, Opposer alleges the following:

1. Opposer is the owner of all right, title, and interest in and to the mark MOMENTUM, which has been used extensively on and in connection with “Computer software for administration and management of grants; computer software for accounting, finance, financial reporting, funds management and cost management; computer software for asset management and property management; computer software for budget preparation; computer software for data warehousing; computer software for management of contracts, procurement, and acquisitions; computer software for business intelligence; computer software for

performance management; computer software for timekeeping; computer software for workflow and travel management” and “Computer software for managing general ledger accounting and financial data, for managing data relating to funds, payments, costs and accounts receivable, and for preparing financial reports” in Class 9 and “Business management consulting services and business process re-engineering services, namely, business process redesign” in Class 35 (“Opposer’s Goods/Services”).

2. Opposer’s rights in the MOMENTUM mark have been recognized by the United States Patent and Trademark Office, which issued to Opposer U.S. Registration Nos. 3,850,576, 3,409,091, and 3,123,763 for the mark MOMENTUM (hereinafter, “Opposer’s MOMENTUM Mark”).

3. Opposer’s registrations are valid, subsisting and provide prima facie evidence, and in the case of U.S. Registration No. 3,123,763, conclusive evidence of Opposer’s exclusive right to use the mark in commerce, and copies of the registration information from the website of the United States Patent and Trademark Office are attached hereto as Exhibit A.

4. Since long prior to the filing date of Applicant’s Application Serial No. 77/718,258, and since long prior to any use that Applicant may claim, Opposer has continuously used Opposer’s MOMENTUM Mark in interstate commerce in connection with the advertising, promotion and sale of Opposer’s Goods/Services. As a result, Opposer’s MOMENTUM Mark has become well-known as a distinctive indicator of the origin of Opposer’s Goods/Services and as a symbol of Opposer’s valuable goodwill.

5. Since long prior to the filing date of Application Serial No. 77/718,258, and since long prior to any first use date that Applicant may claim, Opposer’s MOMENTUM Mark has become particularly well-known in the relevant trade through extensive advertising and

promotion in commerce in connection with the sale of Opposer's Goods/Services, which have been distributed and sold throughout the United States and in other countries.

6. Opposer has made substantial expenditures in the advertising and promotion of Opposer's MOMENTUM Mark over a period of several years and, thus, Opposer's MOMENTUM Mark has become well-known among purchasers as a distinctive indicator of the origin of the goods and services offered by Opposer.

7. Notwithstanding Opposer's prior established rights in and to Opposer's MOMENTUM Mark, Applicant filed an application with the United States Patent and Trademark Office to register the mark MOMENTUM (Ser. No. 77/718,258) for "Computer software, namely, email management software for managing inbound and outbound emails," in International Class 9.

8. Upon information and belief, Applicant made no use of its alleged mark prior to the filing date of its application.

9. Upon information and belief, Applicant knew or had reason to know of Opposer's prior rights in Opposer's MOMENTUM Mark when Applicant filed its application.

Count I - Likelihood of Confusion - §2(d)

10. The mark which Applicant seeks to register is identical to or so closely resembles Opposer's MOMENTUM Mark that the use and registration thereof is likely to cause confusion, mistake and/or deception as to the source or origin of Applicant's goods in violation of Section 2(d) of the Trademark Act, and will injure and damage Opposer and the goodwill and reputation symbolized by Opposer's MOMENTUM Mark.

11. The goods/services of Opposer and Applicant are so closely related that the public is likely to be confused, to be deceived, and to assume erroneously that Applicant's goods are goods/services offered by Opposer, or that Applicant is in some way connected with, sponsored by, or affiliated with Opposer, all to Opposer's irreparable damage.

12. Likelihood of confusion is enhanced because Opposer's MOMENTUM Mark is strong, well-known, and entitled to a broad scope of protection.

13. Likelihood of confusion is enhanced by the fact that Opposer's Goods/Services and Applicant's goods will likely be sold and/or distributed through the same trade channels to the same classes of prospective purchasers.

14. Likelihood of confusion is enhanced by the fact that the parties will likely advertise their goods/services in the same or similar types of media.

15. Likelihood of confusion in this case is enhanced by the renown of Opposer's MOMENTUM Mark and by the fact that consumers will associate Applicant's alleged mark with goods/services sold, approved, or endorsed by Opposer.

16. Applicant is not affiliated or connected with or endorsed or sponsored by Opposer, nor has Opposer approved any of the goods offered or sold or intended to be sold by Applicant under its alleged mark.

Count II - Likelihood of Deception/False Suggestion of Connection - Section 2(a)

17. Applicant's alleged mark is identical to or so closely resembles Opposer's MOMENTUM Mark that Applicant's alleged mark is likely to cause deception in violation of Section 2(a) of the Trademark Act in that the mark misdescribes the nature or origin of the

goods/services, purchasers are likely to believe that the misdescription actually describes the nature or origin of the goods/services, and this is likely to materially alter purchasers' decisions to acquire Applicant's goods.

18. Applicant's alleged mark is identical to or so closely resembles Opposer's MOMENTUM Mark that it falsely suggests a connection with Opposer in violation of Section 2(a) of the Trademark Act, because Applicant's alleged mark points uniquely to Opposer, and purchasers will assume that goods offered under Applicant's alleged mark are connected with Opposer.

19. When Applicant's alleged mark is used in connection with the goods of the type described in its application, said mark will cause purchasers to mistakenly assume that Opposer is endorsing, attempting to promote, or encouraging the sale of Applicant's goods by permitting Opposer's MOMENTUM Mark to be used in connection with such goods.

20. Applicant's alleged mark is deceptive in that it falsely suggests a connection with, or approval by, Opposer.

21. Use and registration of Applicant's alleged mark will deprive Opposer of the ability to protect its reputation, persona, and goodwill.

22. By reason of all of the foregoing, Opposer will be damaged by the registration of Applicant's alleged mark and registration should be refused.

WHEREFORE, Opposer prays that this opposition be sustained and that registration of U.S. Application Serial No. 77/718,258 be denied.
