Karl Kochersperger, Paralegal Specialist:

Applicant's "consented"¹ motion to amend its application filed December 14, 2013 fails to indicate proof of service on opposer, as required by Trademark Rule 2.119.

Applicant is allowed *twenty days* to serve a copy of its filing on opposer and to re-file its motion including a proper certificate of service, failing which this motion will receive no further consideration. Strict compliance with Trademark Rule 2.119 is required by applicant in all future papers filed with the Board.

Proceedings are suspended pending applicant's response to this order.

¹ It is noted that applicant's filing intends to dispose of this proceeding. As the filing fails to include a certificate of service, the Board is unclear as to whether the opposer has received a copy of this motion, even though applicant has included an "electronic signature" for opposer.
