Opposition No. 91207574

MasterCard International  
Incorporated

v.

Ricoh Company, Ltd.

**Elizabeth A. Dunn, Attorney:**

On August 15, 2013, applicant filed a proposed amendment to its application Serial No. 79104041, with opposer's consent in accordance with the parties' settlement agreement.

By the proposed amendment applicant seeks to change the identification of goods and services in International Classes 9, 16, 35 and 42 as follows (additions underlined):<sup>1</sup>

**International Class 9**

"Computer software for business management in the nature of computer printing and scanning and facsimile operation and photocopying management; computer software for database management; computer software for educational training in the field of computer printing and scanning and facsimile operation and photocopying management; computer software for educational training in the field of computer printing and scanning and facsimile and photocopying operation; computer software for controlling the operation of computer printers and scanners, facsimile machines and copiers; computer software for document management; communications software used

---

<sup>1</sup>The goods and services in International Classes 2, 20, 37 and 40 remain unchanged.

to facilitate computer printing and scanning and facsimile operation and photocopying; computer software used for architectural designing and engineering of buildings and building components; camera operation software used to operate computer cameras; computer database software used to manage input-output storage of data ; computer software used to manage retrieval of data from databases; computer software used for data processing; computer security software used for communication authentication, encryption, and decryption of data; computer software used to display printing of data; computer software, namely, printer drivers and printer operational software; computer software for use in communicating detailed printing instructions to printers; printers for use with computers; electronic copying machines; scanners; electronic copying machines with functions of printer, scanner and facsimile machine; personal computers; server computers; computers; computer peripherals, namely, printer control software, computer monitors, keyboards, and computer mouse; computer printer replacement parts, namely, staple cartridges, transfer belts, charger rollers, transfer rollers, fusers, filters, photoconductors, waste bottles, and oil coating rollers; print head for printers, electric connectors; electric sockets, electric plugs and electric contacts; facsimile machines ; excluding from the foregoing payment cards, bank cards, debit cards, credit cards, charge cards, magnetic encoded cards, calling cards, stored value and/or prepaid cards, Automated Teller Machines ("ATM"), and ATM cards."

**International Class 16**

"Paper; printed publications, namely, instructional manuals, service manuals, user's manuals, product documentation for printers and printer peripherals, newsletters, periodicals, pamphlets, books, catalogs, product and system application notes and technical bulletins, in the field of printers and printing; excluding from the foregoing printed matter and publications, namely, credit, debit and charge cards, travelers cheques, and pamphlets, brochures, newsletters and magazines of a financial nature."

**International Class 35**

"Advertising services; business administration consultancy; consumer marketing research; providing information on commercial sales; providing information on sales of goods in the nature of consumer product information; reproducing documents for others; office functions, namely, filing documents or magnetic-tapes; offering business management

assistance in the operation of businesses that repair and maintain computers, typewriters, teletext machines and other similar office machines; rental of typewriters, word processors, printers, and copying machines; excluding from the foregoing financial services, banking services, payment-related services, payment cards, bank cards, debit cards, credit cards, charge cards, magnetic encoded cards, telephone calling cards, stored value and/or prepaid cards and related services, the marketing, distribution, provision and issuance of such cards or services, electronic funds transfer services, electronic payment services, and/or person-to-person payment services.

**International Class 42**

"Computer software design, computer programming, and maintenance of computer software; computer network design; rental of computers; rental of computer software; excluding from the foregoing financial services, banking services, payment related services, payment cards, bank cards, debit cards, credit cards, charge cards, magnetic encoded cards, telephone calling cards, stored value and/or prepaid cards and related services, the marketing, distribution, provision and issuance of such cards or services, Automated Teller Machines ("ATM") and ATM services, cash disbursement services, electronic funds and currency transfer services, electronic payment services, and/or person-to-person payment services."

Inasmuch as the amendment is clearly limiting in nature as required by Trademark Rule 2.71(a), and because opposer consents thereto, it is approved and entered. See Trademark Rule 2.133(a).

If this resolves the dispute herein, opposer is allowed until thirty days from the mailing date of this order to file a withdrawal of the opposition, failing which the opposition will go forward on the application as amended. See Trademark Rule 2.106(c).
