MOTION ON CONSENT TO AMEND APPLICATION

This Motion is submitted in response to the Order dated June 12, 2015. In the Order, the Board indicated that the Amendment requested by Opposer on March 20, 2015, because “the original identification is limited to online promotion, while the proposed amendment may include promotional activities beyond those offered online.” Accordingly, the Opposer and Applicant have agreed to amend the application to limit the services to “on-line promotion.”

Pursuant to Rule 2.133 of the Trademark Rules of Practice, Opposer respectfully requests that the description of services for the above-identified trademark application be amended to read as follows:

International Class [035] On-line promotion of social networks and platforms using text and video-chat, with emphasis on helping users discover information and ideas regarding on-line services.

A marked-up version of the amended services showing the proposed changes to the current description of services is as follows:

International Class [035] On-line promotion of social computer networks and websites platforms using text and video chat, with emphasis on helping users discover information and ideas regarding on-line services.

Applicant consented to this motion on July 3, 2015.

Respectfully submitted,

Jon E. Holland
