Opposition No. 91210665

Julius Sämann Ltd.

v.

Brand Builders Group Inc.

On December 3, 2013, the parties filed applicant's proposed amendment to its application Serial No. 85724027, with opposer's consent, and opposer's withdrawal of the opposition, contingent upon entry of the amendment.

By the proposed amendment applicant seeks to change the identification of goods **from** "Air deodorizer" **to** "Air deodorizers and air freshener products that contain a prominent design feature of an interactive URL directing code or any data exchange technology that can be scanned or activated by mobile devices" in International Class 5.

International Class 35 remains unchanged.

Inasmuch as the amendment is clearly limiting in nature as required by Trademark Rule 2.71(a), and because opposer consents thereto, it is approved and entered. See Trademark Rule 2.133(a).

Opposition No. 91210665

The contingency in opposer's withdrawal having now been met, the opposition is dismissed with prejudice.
