These registrations are valid, subsisting and in full effect and serve as prima facie evidence of the validity of the mark and of Opposer’s exclusive right to use the mark in connection with the goods and services identified therein, pursuant to Section 33(b) of the Lanham Act, 15 U.S.C. § 1115(a). Additionally, the above referenced registrations (other than those marked with an *) have become incontestable under Section 15 of the Lanham Act, 15 U.S.C. § 1065. Attached hereto as Exhibit A are printouts from the TSDR electronic database records of the U.S. Patent and Trademark Office showing the current status and title of the registrations relied upon herein.

3. Upon information and belief, Applicant is a Swedish foundation located and doing business in Stockholm, Sweden, with an address at Box 22312, SE-104 22 Stockholm, Sweden.

4. On May 27, 2011, Applicant filed Application Serial No. 79/099,737 to register the mark GAPMINDER for “apparatus for recording, transmission or reproduction of sound or images; downloadable computer software for the analysis and presentation of statistics and data; downloadable documents in electronic form featuring a wide variety of statistical information in the areas of population, income, health, education, employment, safety, technology usage, and other statistical information; downloadable electronic data files featuring a wide variety of statistical information in the areas of population, income, health, education, employment, safety, technology usage, and other statistical information” in International Class 9; “advertising services; business management; compiling of information into computer databases; processing and checking information in computer databases, namely, conducting market research by means

of a computer database; production of computer databases, namely, systematization of data in computer databases; collection and systemization of information into computer databases; computerized database management; computerized file management featuring a wide variety of statistical information in the areas of population, income, health, education, employment, safety, technology usage, and other statistical information; computerized file management; computerized register management; data search in computer files for others, namely, providing a searchable website featuring the goods and services of other vendors; providing business information, consultation and advice in all of the above mentioned services” in International Class 35; “computer aided transmission of messages and images; digital transfer services and transmission services via the internet, namely, electronic transmission of data and documents via the internet; providing user access to a global computer network; transmission of messages via electronic media; transmission of video film, namely, video transmission over digital networks; providing access to databases; providing on-line electronic bulletin boards for transmission of messages among computer users concerning global computer network development, computer software, online telecommunication services, statistics, and statistical analysis and presentation of data; telecommunication and data communication via portal to acquire information, namely, communication services in the nature of electronic transmission of data and documents among users of computers; transfer and transmission of database information via telecommunications networks; providing information about telecommunication, and providing telecommunication consultation and advice in all of the above mentioned services” in International Class 38; “educational services, namely, provision of web sites featuring educational materials in a wide variety of statistical fields, including population, income, health, education, employment, safety, technology usage, and other measures; providing of training in the field of statistical analysis;

cultural activities, namely, organizing cultural and arts events; digital imaging services; electronic desktop publishing; publication of data media, namely, publication of electronic magazines; publication of electronic books and journals on-line; services relating to interactive games, namely, providing temporary use of non-downloadable interactive games; providing on-line electronic publications, namely blogs concerning global development, computer software, online publishing services, statistics, and statistical analysis and presentation of data; providing information, consultation and advice concerning the foregoing educational and publishing services” in International Class 41; and “scientific and technological services, namely, research and design in the field of global computer network development, computer software, online computer services, statistical informational technology data, and statistical informational technology analysis and presentation of data; design and development of computer hardware and software; maintenance of computer software; updating of computer software for others; hosting of web sites, namely, providing websites featuring online, non-downloadable computer software for the analysis and presentation of statistics and data; data conversion of computer programs and data, not physical conversion; computer programming; design of computer software, web pages, and web sites, namely, providing websites with features allowing users to design and share web pages customized with embedded charts and animations; design of computer systems; duplication of computer programs; installation of computer software; conversion of data or documents from physical to electronic media; providing information, consultation and advice in the fields of scientific and technological research and design, computer software, online computer services, and computer website design” in International Class 42; all based on section 66(a) of the Lanham Act, 15 U.S.C. § 1141f (“Applicant’s Mark”).

5. Applicant claims a priority date of May 19, 2011, for Applicant's Mark based on section 67 of the Lanham Act, 15 U.S.C. § 1141g.

6. Upon information and belief, prior to any date on which Applicant can rely, Applicant was on actual notice of Opposer's prior rights in and to the GAP Mark.

7. May 19, 2011, which is the earliest date upon which Applicant can rely, is subsequent to—and in some cases, decades after—the use, registration, and acquisition of rights in the GAP Mark by Opposer or its predecessors in interest. As such, Opposer's rights in the GAP Mark are prior and superior to any rights Applicant may claim in Applicant's Mark. The registration of Applicant's Mark is inconsistent with Opposer's prior rights and statutory grant of exclusivity of use.

8. Applicant's GAPMINDER mark is confusingly similar to Opposer's prior used and registered GAP Mark. The marks of the parties are confusingly similar in sight, sound, and commercial impressions; notably, Applicant's mark incorporates Opposer's GAP mark in its entirety. Applicant's addition of "MINDER" to Opposer's GAP mark does not alter the overall impression of the mark, and result in a mark substantially similar to the GAP and GAP-formative marks owned by Opposer.

9. Opposer and Applicant are both engaged in philanthropic services; indeed, Opposer uses the marks GAP and GAP FOUNDATION in connection with Opposer's charitable services and owns U.S. trademark registrations for these marks, U.S. Reg. Nos. 2,677,243 and 1,861,981, respectively.

10. Applicant's use and registration of the GAPMINDER mark in connection with the goods and services identified in its application is likely to cause confusion, cause mistake, or to deceive consumers to falsely believe that Applicant's goods and services emanate from or

otherwise are authorized, sponsored by, or affiliated with Opposer, in violation of Section 2(d) of the Lanham Act, 15 U.S.C. § 1052(d).

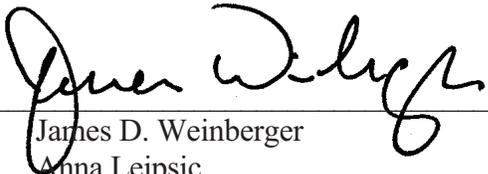

11. Moreover, the Trademark Trial and Appeal Board has determined that Opposer's GAP Mark is a famous mark for clothing and retail store goods and services. *See Gap (Apparel), LLC v. Gap One Enterprises, LLC*, Opposition No. 91172505, at 14 (T.T.A.B. 2008) ("opposer has established that its GAP trademarks are famous and thus entitled to a broad scope of protection"). *See also Gap, Inc. v. G.A.P. Adventures Inc.*, No. 1:07-CV-09614-AKH, 2011 WL 2946384 (S.D.N.Y. June 24, 2011) (finding GAP to be "one of the most famous and recognizable brands in the United States," that the GAP marks are used substantially exclusively in relation to Gap's goods, and that the GAP marks are "famous and widely recognized by the general consuming public"). Because the GAP Mark has become famous and became famous prior to the earliest priority date upon which Applicant can rely, Applicant's use and registration of the mark GAPMINDER will damage Opposer by trading on the enormous goodwill associated with the mark and diluting its distinctiveness. Thus, Applicant's use and registration of GAPMINDER in connection with the goods identified in its application is likely to cause dilution of Opposer's famous GAP Mark, in violation of Sections 13(a) and 43(c) of the Lanham Act, 15 U.S.C. §§ 1063(a), 1125(c).

12. By reason of the foregoing, Opposer will be harmed by registration of Applicant's GAPMINDER mark.

WHEREFORE, it is respectfully requested that this opposition be sustained and that the registration sought by Application Serial No. 79/099,737 be denied.
