One suggestion I have for you guys is to think about producing compression tights for men. My local Gym or CrossFit Box	I am a return customer	CrossFit								I love being a CrossFit Trainer/Coach as well as a women's club lacrosse coach. I am interested in having Hylete as our team uniform creator and sponsor. We participate in a tournaments that expose our girls to a lot of Division I, II, & III college lacrosse programs. There are also opportunities for both set up to promote the Hylete brand at these tournaments. I would be interested in helping Hylete launch/promote team sport gear opportunities.			2013-05-16 10:43:04	public	207.255.27.250

Referred by a friend	Friend / Referral	CrossFit							Olympic lifting		I heard about your company through Jeb Simmons. His brother Trent Simmons was competing in either the NorCal or SoCal regional and you swapped shorts with him because he was wearing Jacos lol. You guys have awesome products and your company seems second to none in your attention to detail and customer service. I'm currently sponsored as an athlete by Life ASRx and you guys get me a better deal through your trainer program than I get from Life ASRx as an athlete. Definitely going through you for all of my future gear needs. Keep up the awesome work. I'm doing everything I can to spread the word about HYLETE. Side note, if you guys could come out with some compression tights for men, I know they would sell like crazy here in Wisconsin. Thanks again guys.	2013-06-20 17:58:56	public	71.82.209.48

Event	I am a return customer	CrossFit						Running		Olympic lifting	I bought Hylete cross-trainer shorts (and got the t-shirt deal) at the North Central Regionals in Chicago six weeks ago. I love the shorts and have had many people ask me about them. I'm a coach at Crossfit Fringe in Columbia, Missouri, and as the most "senior" coach at the box (I'm 38), many of our older members often ask me about the best/sturdiest equipment. I recommend Hylete to everyone, now, and I appreciate the value of your product and its competitive pricing. I imagine you'll see more orders coming from mid-Missouri, soon. Thanks.	2013-07-07 09:52:46	public	69.29.93.163

Event	Social Media Post	CrossFit					Running			I bought a pair of your cross trainer shorts at the crossfit NorCal regionals. I love them- the material and fit is spot on. I am bummed that the draw strings/laces are fraying as they get stuck on the Velcro in the wash. If they don't last is there an easy way to restring the laces? Figured I would take the opportunity to ask.	2013-07-09 00:22:36	public	108.206.232.26

Event	I am a return customer		Functional Fitness (eg. Kettlebells, Boot camp)					Powerlifting		Why not put body building /weightlifting on your activities breakdown? There always seems to be a divide between crossfit/functional fitness and weight lifting/body builder. I prefer the later, but that doesn't mean I don't like comfortable workout clothes. I understand this is a company geared toward a certain market (cross training)... but don't ostracize your everyday none cross training gym rats! That being said, I love you guys! Event	50% off coupon from BendtheBar and I just bought a pair of the shorts and loved them.	CrossFit					Olympic lifting	Multiple reasons why I bought today. 1. Mid Atlantic Regionals booth was beneficial to touch and feel the shorts. Bought a pair for my son there. 2. Saw the ad in WodTalk magazine 3. My wife bought a pair of shorts for me that arrived yesterday. Worked out in them this morning and liked them alot. 4. BendtheBarHR50 promo code came across because I'm registered for that competition so I went ahead and pulled the trigger on more shorts and ended up getting the undershorts too. I'm a CF trainer too, so I'll spread the word on how great the shorts are. Thank you!	2013-07-16 09:42:22	public	64.125.72.28

With my discount, got the shorts, shirt, socks, and bag (which I am really looking forward to) for 177. Carryon40 made it even less, and used my store credit from referrals to get it down to 130 including shipping. THAT IS AWESOME. Social Media (Facebook, Twitter, etc)	Event (eg. CrossFit)	CrossFit									I spoke with two of the reps at the CrossFit Games this year and they showed me the bag. I was convinced after I saw it. Very nice folks. The lady said she was the head of products. I told her that I wanted the red logo, and she said she would get some more products in with red and she did! I like to wear Hylete when I am competing in local competitions because I always have people ask me about the brand. I expecially love the tights. They are very cool and comfortable.	2013-08-03 19:06:08	public	67.77.221.159

Bottom line, a delayed shipping date for the out of stock item would have been preferred. I don't necessarily want to make a statement in my sock color. Referred by a friend	I am a return customer			Functional Fitness (eg. Kettlebells, Boot camp)		Martial Arts	Boxing	Running			You guys rock! I'm not the sharpest marble in the bag, but I know good gear when I use it. You all are delivering superior product with and incredible dedication to customer service. Folks like Abbe Guddal are indicative of a top down commitment to being the best. I had been a UN92 user (based on the recommndations of CrossFit coaches and what I saw folks wearing around the CrossFit gyms) their gear performs to expectations but they lack what your people bring to the table and do nothing to foster brand loyalty. Case in point, last summer I bought a buttload of training shorts from UN92. Four weeks after delivery their customer service folks PHONED me and explained that they had undercharged me through PayPal and asked if I would mind giving them my credit card number so that they could make up the difference. I politely asked for them to mail be a bill, as I was not comfortable providing a CC # to a cold call to my cell and that was when they stopped being polite (and lost any further business from me). 5	2013-08-05 07:07:43	public	204.46.23.41

Referred by a friend	Friend / Referral	CrossFit							Jon Palmer, is a good friend of mine. We go way back as we attended school together from 1st grade all the way through High School. He reached out to at the perfect timer, as my new Box MVMNT CrossFit was just opening up the beginning of August. I really appreciate how friendly and straightforward he was. His excellent customer service and the initiative he took to contact me personally really is what made me look further into Hylete products and make this purchase. He should be commended for his hard work and being so personable.	2013-08-06 13:12:16	public	75.45.110.113

My local Gym or CrossFit Box	I am a return customer	CrossFit							After trying out my first pair of Cross train shorts 1.0 i had to give the 2.0's a try. I am a fan of having some pockets and the comp are alittle to tight of a feel, but the cross are the best shorts out there. I like the shirts to train in, would be nice to have something to wear around IE not huggin my body so much. Great products and clean looking site	2013-08-06 18:19:55	public	75.82.112.84

I am a believer, after seeing those two rave about Hylete and rock the gear during their inspiring workouts.	2013-08-08 23:09:46	public	72.130.8.169

My local Gym or CrossFit Box	Event (eg. CrossFit)	CrossFit									Need to make a couple of changes to your website to enable faster shopping. You should be able to search for the sizes you have available rather than clicking through every item to see if they have your size in stock. Be much easier to search for "Large" and then select all the items in that size. Would make shopping faster and easier.	2013-10-20 17:12:59	public	106.68.159.95

Event	coupon	CrossFit									I received a 25% off coupon at my Garage Games (Milford, CT) event last weekend. I have a birthday gift to buy for my BF, and thought that was Perfect! use the coupon to get him this backpack. The website wouldn't allow for coupon use, and I am disappointed. I got the backpack anyway, but would dearly like the value of the coupon (code KJL25) to be applied to my purchase. Please honor the coupon. Thanks! Social Media (Facebook, Twitter, etc)	I am a return customer	CrossFit		Functional Fitness (eg. Kettlebells, Boot camp)						I purchased the vneck tshirt in size large. I think it is a good fit, but a bit tight on the chest. So I purchased todays vneck in size XL, to compare the fit. I am a big fan of your company. I own two sweat shirts, 2 shorts, and once I figure out which size vneck tshirt fits the best, I will buy one for each day of the week. Also, I have to say thank you for Ms. Abbe Guddal, who has always been ever so helpful in answering all of my email questions, and has helped me in size exchanges in the past. It is so very nice, as a customer, to have someone from a company email them back, and make them feel like their questions are being answered. Thank you again for Ms. Abbe Guddal. She is a great asset to your company. I tell otheres at my gym and "Box" about Hylete. I look forward to many more purchases from your company. Event	Event (eg. CrossFit)	CrossFit		Functional Fitness (eg. Kettlebells, Boot camp)	Yoga			Running		Olympic lifting	My name is Travis Lankerd and I am a Sophomore at Olivet College. I am currently 19 years old and an up and coming CrossFit Athlete dedicated to always improving and helping others improve as well. I currently just placed first with my partner Aaron Gumpert in a Partner WOD competition the Hylete sponsored at CrossFit 989 in Midland, MI for Barbells for Boobs. We blew away the competition by beating each team in "Helen Meets Grace" by at least a whole minute. Our time was 8:25! Fastest that Ive seen anywhere for that WOD. I am a big fan of what you guys are doing at Hylete and your gear as well. I would like to have a chance to become part of your competitive athlete team and represent your company wherever CrossFit begins to take me. Thanks for your time and the $60 Gift Certificate for winning the event! God Bless.	2013-11-11 06:40:40	public	23.28.254.220

Event	Needed shorts, saw Black Friday deal	CrossFit					Powerlifting	Olympic lifting	It seems really weird that the "2fershorts" code ($99 for 2x 2.0 shorts) didn't apply to my cart. I am a Hylete athlete so shorts are normally $56 anyway, but when the Black Friday deal didn't apply (to knock those $13 off) I was very surprised.... especially when a 25%-off code I had sitting around worked just fine. Not unhappy, just wondering what the logic behind that is.	2013-11-30 19:13:41	public	72.192.203.11 4

Third party website (Blog, News Outlet)	Reddit!	CrossFit		Functional Fitness (eg. Kettlebells, Boot camp)						Olympic lifting	I saw a reddit link for signing up as an athlete. I feel a little guilty about it, since I don't think I really do anything for Hylete, but I get to order stuff for cheaper. I travel a lot for work and have been to a lot of different boxes, and everyone I have talked to seems to really like their Hylete gear. I just bought two pairs of shorts, one for me and one for my dad. Thanks!	2013-12-17 19:53:29	public	108.16.137.153

Referred by a friend	I am a return customer	CrossFit						Running			I wish you could use two coupon/offer codes in one order. I just ordered another pair (2) of shorts and now I have to place another separate order for a pair of socks and get dinged for shipping twice. I also signed up for your newsletter and got an email for 10% of my first order but I could not use it with a bundle code as the bundle code was cheaper then the 10%. Anyway I like your products.. I wish you would include a few stickers with each purchase. Anyway thanks for the great products. Michael Blue.	2013-12-29 20:23:16	public	108.48.40.240

Event	Event (eg. CrossFit)	CrossFit					Running	Powerlifting		I really want to give a big thank you to Matt Paulson. I recently participated in an event at crossfit R5 on 12/14 for masters madness. Anyway, I had not realized that there was an expiration of 12/31 on the 50% off card for hylete. Daniel from R5 had contacted Matt from hylete regarding the issue and Matt was able to have the offer extended for another month. I was very happy with this as I love your training clothes for crossfit. I especially like your capris as they are not see through and they do not fall down when I am participating in a wod. My only suggestion would to make it known to the athletes competing that there is an expiration on the offer. Othere than that. I am a very satisfied customer and have spread the word about your products to my friends.	2014-01-02 14:08:26	public	69.249.143.157

My local Gym or CrossFit Box	I am a return customer	CrossFit	TRX		Yoga			Powerlifting	Olympic lifting	HYLETE is amazing. I placed 2 orders prior to the Holiday's. I had not worn any of the gear before and wasn't sure of the fit. The shorts were a bit loose at the waist and the crew t shirts were a bit tight on an XL. I've sent emails to Abbe Guddal and she gets back to me instantly with all the help I need. I've sent 2 pairs of shorts and 2 t shirts back to exchange for different sizes. Abbe has been incredibly helpful and responds quickly. Also, I did get a hoodie 2.0 that I absolutely love with my order. The zipper fell off during a wash and I wanted to know how to get it fixed. Judith Sussman responded instantly with store credit so I could get a new hoodie! It is so great to deal with a company that stands behind their products and has incredible customer service. I will go to HYLETE for all of my training gear from now on! Thanks to Judith and Abbe... and everyone at HYLETE! Regards, Michael "Chad" Eno	2014-01-13 15:47:59	public	74.67.227.33

Referred by a friend	Exchange							Powerlifting		In my original order the items were too small so I wanted an exchange them for a larger size. The store credit I received was insufficient to cover the exchange. I called several times and left voicemails to try and get the difference. No one ever answered or returned my voicemails. I ended up placing the order because I am deploying and didn't want to lose the store credit. I am very disappointed in this return process and will not be ordering anything else from Hylete. Also, I used to refer everyone I worked out with to Hylete but will no longer be doing so due to this experience.	2014-01-16 22:34:42	public	63.153.130.159

Social Media (Facebook, Twitter, etc)	I am a return customer							Powerlifting		Okay so I have 2 pairs of the 2.0's I bought before Christmas and finally got a chance to wear them for training, part of the issue I have is the pockets do not fit the newest phone handsets, i.e. Galaxy S4 and Nexus 5. I ended up buying an additional android device with a smaller screen just so I could utilize these shorts in training that's how much I liked the feel of them. So while it is rather annoying to have to carrying another phone around to record my workouts and have music the shorts were worth it. Please create a 3.0 version and make the side pockets substantially larger so it's easier to pull a larger phone in and out. There are those of us who log each set while training and have rest timers they are listening to that override the music. Thank you	2014-01-17 04:59:19	public	205.204.53.150

Event	I am a return customer	CrossFit								Olympic lifting	I continue to be impressed with the care and attention to detail you put into your apparel. If I may make a note, I'm not 100% sold on the use of zippers for the pockets, they opening is slightly too small for my iphone with mophie battery pack and the zipper scratches the screen. It's not enough to ruin the shorts, they're great, but you might consider snaps for V. 3.0	2014-01-22 08:03:27	public	70.102.146.194

Referred by a friend	Friend / Referral	CrossFit								My box does not know much about Hylete. I get compliments on my gear. If you are willing to ship me some items, I can get you a lot of sales by wearing it around my gym. I also compete in local comps around the area and it would be great exposure for your brand (Denver, CO).	2014-02-05 08:13:58	public	98.227.184.145

Event	I am a return customer	CrossFit								I'm training to be a competitor and after wearing shorts from y'all they've held up better than reebok and rogue in appearance as well as functionality. I'll be wearing these in all my training and competing in the future. Also the compression shorts fit well enough that during the olympic lifts they don't rub against my legs like under armor and other brands have leaving a bare spot on my thighs where i clean from, nice to have a little more comfort during the lifts, helps me stay focused on the workout	2014-02-10 10:04:23	public	68.229.224.66

My local Gym or CrossFit Box	Event (eg. CrossFit)	CrossFit								I am a CrossFit coach and athlete. The influence for today's purchase was having won a CrossFit competition for which I received a $50 gift card as a prize. Having won or at least podiumed at a few competitions now, I have received Hylete coupons before as prizes (25%-75% off). I usually toss them in the trash. Why should my prize for winning be that I have to spend more money to get my prize?!?! I honestly feel a bit cheated by those gimmicks. A gift card, however, is truly a prize. I was much more strongly incentivized to go to the website, look and the product, and use my winnings...and look, I'm spending $30 over the amount of the gift card! Also, as a coach and an athlete, this gear will get quite a bit of visibility. I just thought you should know that this was a much more effective marketing/advertising tool than a coupon. Beyond the numbers, I feel that the gift card showed a greater level of appreciation for the effort that was put forth to earn this prize. Thank you for listening.	2014-02-11 22:30:21	public	24.4.203.179

The color of the text and placement - I was looking for 5 minutes before I saw where the shopping listings existed 2. Update the bundles (how they function). Automatically add the bundle to the users' cart and let them update the color and size from the cart for each then check out in one step vs adding each item individually	2014-03-01 16:42:00	public	98.210.135.253

My local Gym or CrossFit Box	Your stuff is awesome!	CrossFit						Running		Olympic lifting	Amazing customer service! The email explaining the reason my purchase failed earlier and encouraging me to resubmit shows your interest in my business! I LOVE the shorts I purchased! As a matter of fact I use them when I am on long runs instead of running shorts because they are more comfortable!! The hoodies are great although the gun metal gray one has pilled up a bunch but I wear it a fair amount but not when I workout. Keep up the great job and if I can do anything to support you... I am IN!	2014-03-10 18:02:20	public	68.42.176.55

Social Media (Facebook, Twitter, etc)	I am a return customer	CrossFit	TRX	Functional Fitness (eg. Kettlebells, Boot camp)	Yoga	Martial Arts		Running	Powerlifting		I'm a former athlete & wear athletic clothes daily even at the office because I walk on my treadmill desk all day long while working. At 6'5" & 275 lbs with a 32" waist (I'm not a bodybuilder) it's had to find cool pants. Right now the ONLY pants I can buy that fit decent are Lululemon's Kung Fu Pant XX Large Tall. I ordered a pair of your pants, but there's 2 issues 1) XX Large are too short & 2) they're cut too slim in the thigh, butt, and saddle (same problem w/ the shorts I ordered - they look like nut huggers on me). Guys like me are dying to find something cool to wear. Any plans to make something for big guys? Also, ALL the NHL players (my son plays in the NHL) wear Lululemon as well because they offer any player, coach, or personnel a discount. If you guys offered something similar I could get my son to start wearing your stuff.	2014-03-22 06:20:05	public	50.241.253.162

My local Gym or CrossFit Box	My unique ability to impulse buy almost anything	CrossFit								Since I have never bought or had any Hylete gear before today, I was curious when I was shopping for shorts when it says Large and Large/Above Knee, it would be helpful if maybe the picture changed to a shorter leg-length or something. I wasn't sure HOW short they were or what exactly it meant by above the knee. That could be anywhere from 1/2" to 4" depending on the person. Just a tip! Third party website (Blog, News Outlet)	Saw your ads on 2 sites I trust							Powerlifting		I need good knee high socks to deadlift in, but haven't found any. The description of your socks, specifically the shin, influenced my purchase as I need a sock to protect the skin from the barbell and a sock made from a material that won't stretch and become loose. Consider marketing the sock to powerlifters. I first saw your product advertised on www.jtsstrength.com (You put their logo on your training shorts, which I almost bought). I also saw you advertised on www.body.io If the socks work out, I'll try the 2.0 shorts.	2014-04-02 11:05:48	public	75.23.178.235

My local Gym or CrossFit Box	my original hoodie shrunk & had cloth pillies after first wash.	CrossFit							I am impressed with your Customer Service. I washed my blue hoodie once, & dried it on a low setting. It shrunk & had fabric pillies all on the back. I emailed & got a quick response. Abbe suggested to hang dry the hoodies from now on & credited me so I could get another one! I didn't expect that, & that was great!!! That was back in January. I finally could use the credit because the blue hoodie was back in stock. Thanks again!	2014-04-10 08:16:52	public	75.9.89.153

My local Gym or CrossFit Box	Coach / Trainer	CrossFit									I tried to order two pair of shorts and it told gave me the updated price until I went through to the checkout. I went back and it told me the 2fershorts was not a valid code when it was on the bundles package. I double-checked to make sure I spelled it correctly and it once again said that it wasn't a valid code. The prices kept changing when I went through the checkout process which was frustrating because I had to keep going back to change everything. I almost didn't purchase anything.	2014-04-18 10:40:46	public	108.51.144.135

Third party website (Blog, News Outlet)	I am a return customer							Running	Powerlifting		I can't speak highly enough about the cross training 2.0 shorts. They are comfortable, durable, and they fit perfectly. I am a Marine currently deployed to Afghanistan and I found Hylete through Promotive. After I received my first pair of shorts, others on my team have asked about them and I have pointed them in Hylete's direction. I purchased a pair of women's shorts for my fiance she loved them, too. I am eagerly awaiting my return home in a few months so I can try out some of your shirts. Thank you for making such a great product and providing military personnel pro deal pricing. Scott Clendaniel	2014-04-28 04:01:43	public	214.15.218.74

Only this size and size XX-Large are only offered in the 1 length. For Shorter guys, (at least this 5'8 guy) an above the knee length makes an athlete look a bit taller - and when in pair of longer shorts (that come to the knee or perhaps just below). Thanks!	2014-05-03 16:10:00	public	108.54.194.21 5

I'm making him a Hylete goodie bag for his birthday and I can't wait to give it to him!! He always leaves a comment when he places orders, so I thought I should do the same. He is a crossfitter and keeps trying to get me to join him. Once the kids are all in school, I'll have to see what all the fuss is about. Either way, I'm a runner and practice yoga and kickboxing, so I bought a couple things for myself as well. Your products are awesome- great quality, good looking- it makes you want to be in shape!! Event	I am a return customer	CrossFit								I am so happy thaqt you guys to the time and effort to uodate this bag. I recently sold my car and my lifestly consit of riding my bike everywhere for almost a year now. Along with carrying my lunch and crossfit gear a durable bag was/is essential. Someone should give Abbe Guddal a raise because she rocks. Abbe endured listening to me a number of times rant and vent about the last bag lol. Abbe's customer service and attention to detail was great. Let's see how the new bag does. Talk again late June or early July when it arrives. Thanks	2014-05-20 19:35:51	public	216.81.94.73

Third party website (Blog, News Outlet)	Friend / Referral			Functional Fitness (eg. Kettlebells, Boot camp)			Running			I am a first time buyer of the Hylete shorts. I normally wear an XS but the out seam was 20" which I think hits below my knee. I"m 5'7. So I bought a SM with the out seam measuring 19" so I'm hoping it'll fit (in the waist) but not be too long (below the knee) and "baggy". If so, I'll be hooked! I've been in the market for a good functional short for a while now.	2014-06-21 09:39:59	public	108.14.114.51

Referred by a friend	I am a return customer	CrossFit				Martial Arts				Olympic lifting	I bought my first pair of Hylete Shorts, (Medium/Above-Knee) at the 2013 NorCal Regionals. I like the design as I can carry phone/wallet while coaching/etc and don't need to change to train. However, the old velcro pockets sucked and started falling apart after about 5 weeks. My client/friend PJ Rubel says the new design is much better, so I thought I would give it another shot. Jason	2014-06-25 12:25:38	public	68.185.88.135

Event	I am a return customer	CrossFit								Olympic lifting	Looked for you at The CrossFit Games last year, and again at CrossFit Regionals (both SoCal & NorCal) this year. Was very disappointed not to see your brand represented. Hoping you will have a booth at The CrossFit Games this year. You have an amazing product, but 90% of reaching the CrossFit community as an apparel company is going to involve showing up at events with a booth. It may be costly, but it's worth it to get your product out there. You have an amazing product and people need to know it. Thank you.	2014-06-26 17:26:26	public	68.189.43.164

Referred by a friend	I am a return customer			Functional Fitness (eg. Kettlebells, Boot camp)						I never mentioned this and I probably should have when I received it but the seams on my crew t-shirt I bought a couple months were not symmetrical. Meaning when I put it on the right shoulder seam was exactly where you'd expect but the left seam was about 1-2" forward it looked really odd so I don't wear. Just a heads up in case you get something like that form other customers. Everything else I love. Obviously, I'm buying it for my wife too. Sorry I didn't mention it prior.		2014-07-23 18:16:10	public	67.247.250.252

Do you guys have a banner that I could hang in the garage/box to promote your gear? I'd be happy to email you guys a picture of the banner hanging in the box once I am stateside, finish setting up the box, and get my first members. Thank you again and keep up the great work! -SSgt Tom Meehan, USAF TACP/JTAC, 14th ASOS	2014-08-13 09:06:00	public	213.187.138.6
Social Media (Facebook, Twitter, etc)	I am a return customer	CrossFit									Creating some apparell that is other than mostly black or mostly grey would be great. I love the fit of everything and how it all feels, but I have like 5 pairs of shorts that are all black or grey. Having the majority of the short be a different color would be good. After all, crossfit is about how bright and crazy can you get your gear.	2014-08-13 09:08:40	public	204.148.4.74

I would like you to please be more detailed in the way the shirts and such fit. Is there a difference in the fit of the 1.0, 3.0, 6.0 and so forth? If I am one size in one style how does that translate to other shirts. I ordered some shirts from you guys to be sent overseas and I obviously can't try stuff on so it is hard to determine fit size even when going by the sizing chart. My local Gym or CrossFit Box	Coach / Trainer	CrossFit			Martial Arts	Boxing	Running	Powerlifting	Olympic lifting	I had never heard of Hylete until my gym, Ohio Krav Maga & Fitness, partnered with you for our StrongWoman challenge. I decided to give some of your apparel a try. I do not have a large disposable income, so even spending $40 on a pair of tights was a bit of a stretch, but I wanted to see how good the quality was. If I like it, I have a lot of other pieces I've been saving up money to purchase.	2014-08-21 08:04:15	public	75.76.202.160

Social Media (Facebook, Twitter, etc)	Got an email discount that works on top of my everyday 20% athlete discount. That will convince me almost every time ;)	CrossFit							Powerlifting	Olympic lifting	I wish that the items could be kept in stock a bit better. I understand that there are some super popular items, and there may be more to it... but almost every time I go to make a purchase, at least 1 item, if not more, are unavailable. For me, I'd rather make one purchase, especially if there is a time sensitive coupon/deal. So, more often than not, I don't purchase the order at all...all because of a couple items being out in my size. If keeping things in stock is a difficult thing to fix, I have a suggestion. Perhaps you could implement an option to still order the item, similar to a pre-order. That way I can get the deal that I want AND all the items I wanted. It would just not be shipped and/or billed until its back in stock. :)	2014-08-21 10:34:49	public	207.191.197.18

Referred by a friend	I received a 50% off coupon	CrossFit										I am super excited to try your gear. As a level one crossfit coach, I have been able to try many different brands and like to give my feedback to gym members. I was super excited to get a 50% of coupon, which allowed me to purchase different items from you that I would not normally splurge on (hoody/shorts/crew shirts/tights), and would love to get promos like this more often. I would be more inclined to purchase items, like compression shorts, from you that I would normally go to other brands (i.e. under armor) for due to comfort of fit and low cost. -Justin	2014-08-21 15:44:01	public	17.218.135.224

Third party website (Blog, News Outlet)	Gift			Functional Fitness (eg. Kettlebells, Boot camp)			Running			I subscribe to Paleo magazine because my husband and I are trying to live a more paleo lifestyle. We are both passionate about fitness and weightlift together, run, take GRIT classes and P90X. My husband's birthday is coming up and we're both bored with the boring Nike & Under Armour workout clothes and I wanted to get him something new and unique and I came across the ad and coupon code in Paleo magazine. I'm excited for us to try your clothing. Thanks!	2014-09-03 10:20:52	public	98.213.228.253

Event	Need new compression	CrossFit								I've been a Hylete customer for almost two years now. I've been very satisfied with your shorts and the jacket that I have. The tshirts are not my favorite and actually almost never used them. I tried the socks for a while and then I never use them either. I have also the bag but I already sent some feedback to the R&D department, it is great but too big, I travel a lot. So here I am trying your compression wear. I've tried different brands and so far Skins has been my favorite. Lets see Hylete how it does. THank you for a great customer service!!!!!! Mano Martinez	2014-09-09 21:31:29	public	76.89.185.239

It would also be wonderful to have a foot rub. Not saying you have to do it, but it could be the difference between a return customer and a customer that returns for foot rubs. So think about what kind of customer you really want. Whatever you do, remember I will soon be a billboard for your shorts. Also, if you've read all this, you're awesome! and don't have to give me a foot rub. I still need the shorts though.	2014-09-25 19:21:45	public	71.28.134.156

My local Gym or CrossFit Box	Social Media Promotion (eg. I would probably buy them more often if they were in stock more. Also, I wish there was a way to choose a size option and see all the styles that are in stock for that size. It would make it easier to see what is available instead of having to choose each individual pair and option. Thanks! Alex	2014-09-26 10:51:47	public	96.225.165.215

Frustrating when you see a item you want, click on it, then click size only then to see its unavailable. Absolutely love every product though.	2014-10-08 17:55:24	public	50.176.234.115

Event	Social Media Promotion (eg. Facebook, Twitter)	CrossFit									At the Reno Hell of the West competition last weekend I was given a card and solicited to establish and account which I did. The card and rep also stated that my first on line purchase would have an additional 50% and pricing for life with a 20% discount. They advised that I would receive a code via email after the account was established (several days ago now) however I have not as yet. Please advise and Thank you,...Lori. 7074107590	2014-10-10 23:05:32	public	75.141.235.69

I love that you give great deals and make high quality apparel. I also think it's phenomenal you keep the look consistent and simple. Event	Event (eg. CrossFit)	CrossFit									I have a pair of Crosstrainer 1.0 shorts that I bought at the NE Regionals 2 years ago. I wear and wash them 2 days per week and they are still like new. I tried the 2.0 but they don't fit well. the waist is too big at the same, medium, size. Glad to see the 1.0 here. I was psyched to see a $25 Gift Card in my swag from taking 3rd in the Masters October Milford Meyhem competition. This was my second podium finish in two months and I wear those 1.0s every time. Thank you for that product. Looking forward to seeing how these other items perform.	2014-10-22 18:53:50	public	76.118.131.196

Yet your product details makes finding the proper size (esp. for men's shorts) easy. For this fact alone you earned my business/support! Also the majority of reviews on various websites rave about the quality of y'alls shorts 2.0 which you developed using customer feedback. I hope you can keep that simple yet effective business practice going. For now I look forward to when my order arrives!		2014-10-27 21:19:35	public	81.240.214.106

Event	I am a return customer			Functional Fitness (eg. Kettlebells, Boot camp)							I don't really do any of those listed under activities once per week. I work out in my basement. I just lift, ride my bike, and try to eat clean. I'm pretty simple. I do get a lot of compliments on your shorts. Everyone asks "What's Hylete?" I send them to your site. I bought my first pair last year at the Arnold Classic in Columbus. I thought they were too expensive and almost didn't buy them. Now they're my favorite. I have 3 pairs already and like those new camos. Pretty cool. Thanks for the 2fershorts deal. Have you guys considered opening a store front? I think you can seriously compete with LuluLemon. Broaden your women's line. Your quality is way better. Peace. Dave	2014-10-31 05:43:15	public	24.160.167.132

My local crossfit gym, Generator Crossfit, in Provo Utah called to notify Hylete and ask for assistance. Hylete was incredibly generous in offering 2 - $250 gift cards for my wife and I. We can't thank you enough. We will continue to workout and represent one of the best apparel companies out there. THANKS!!	2014-11-04 16:11:39	public	23.228.168.2

Unfortunately I had to return all the shirts last time I ordered due to bad sizing, a medium being extremely tight and a large being very big. Hopefully the new Tri-Blend works out. Thanks for the good products! PS. I wish there were 1.0 shorts with the pockets of the 2.0! I love the higher slit, but dislike the pockets!	2014-11-04 17:01:17	public	216.15.58.33

I just found your brand, thanks to PocketWOD, and I think your creed (train. compete. live.) and vision fall in line with what fitness should be about. My local Gym or CrossFit Box	I am a return customer	CrossFit	TRX								First let me say thank you for the great products, and fast service. You would sell a lot more products if your prices were more competitive. People can get the same quality gear from brand names like Nike, and Under Armour for substantially less. I really like the products, and your branding, and i think the potential is there. I'm sure other people got the same sticker shock I did when I first looked at your site. If you lowered your prices by 20% I guarantee you will see a rise in sales. I for one would purchase three times what I do now.	2014-11-28 05:13:53	public	70.192.192.192

She loves to run with her Phone. I Love my Hylete shorts with the "hidden" side zipper pockets and they work perfectly for my phone while running and listening to music. I hope future models of the women's tights would offer a similar hidden phone pocket for such activities. My wife would love it. Other than that, i love the styles, fit and comfort of the products i have purchased thus far. Thanks!	2014-11-28 12:07:49	public	69.129.88.88

Referred by a friend	Return customer/gift			Functional Fitness (eg. Kettlebells, Boot camp)					Powerlifting		I think that rather than making someone sign out to get the best deal because they can't get both 20% off and the special of the day (in this case the holiday deal), it might be a better customer experience that you give them the better of the two discounts and explain somewhere what happened. As it stands now, when I am logged in, I simply get an invalid promotion error and I need to sign out to get the better of the two deals. Just a thought from the usability standpoint. Event	I am a return customer	CrossFit		Functional Fitness (eg. Kettlebells, Boot camp)				Running	Powerlifting	Olympic lifting	I bought 2 pair of the above knee shorts at the arnold classic in Columbus 2014. Great quality shorts, durable and comfortable. I did purchase shorts earlier this year online and I have to say that I was disappointed with my short purchase. I feel the material changed and quality decreased! I want to be positive because you have a great product, but I paid the same price online as I did at the arnold and the product material did feel like it changed (decreased quality) I would love to purchase the older version of shorts if you have some available. Social Media (Facebook, Twitter, etc)	Abe Guddal sent me a gift card for providing feedback on your shorts.			Functional Fitness (eg. Kettlebells, Boot camp)							I like the sleek look of your shorts. They're fairly unique in the marketplace. Most of my time is spent training on my bike for road racing, but I love your shorts for weight workouts and Pilates. Keep up the good work!	2014-12-01 20:08:20	public	76.232.209.29

Social Media (Facebook, Twitter, etc)	I am a return customer								Powerlifting	Olympic lifting	I'm a professional powerlifter and bodybuilder, and even though I'm not a big CF guy, I love your products. I use your shirts to train in all the time, and your socks are great with my combat boots too (I'm active duty military). The only problem I have is I can't use your shorts because my thighs are too big for them! I understand your gear is meant for more of the Oly/CF crowd that doesn't carry that sort of mass on their legs, but I would love it if you could develop something for a guy like me with a 32 inch waist but 31 inch quads!	2014-12-06 16:30:35	public	99.116.239.62

My local Gym or CrossFit Box	I am a return customer	CrossFit		Functional Fitness (eg. Kettlebells, Boot camp)						Olympic lifting	I love the 2.0 men's shorts; WODing, sleeping, lounging. You name it. If they were a man, I would be gay for them (not that there is anything wrong with that, of course). They feel like I am not wearing a damn thing and my buns n' berries are free to bask in the delight of zero binding, zero sinching, and zero pinching. I now have 6 pairs and hope to replace my lesser quality shorts in my closet with these. Nuff' said.	2014-12-11 13:12:37	public	192.138.62.36

My local Gym or CrossFit Box	I found a coupon code and I anted to buy crew tees	CrossFit									I like your new year offers but 5 tees is too much even with such a great saving. It would be great to see offers for 2 or 3 tees. Or buy Hylete Team tee and have a discount for crew tee. Also I couldn't find the blue tees (one is on main page slider and another one on the page with men's v-neck tees). I think these tees should be available. It would be great if you'd manufactured wristbands like this http://ctfletcher.com/shop/accessories/ct-f-excuses-wristband to accessories.	2015-01-22 00:55:53	public	94.228.247.49

My local Gym or CrossFit Box	Coach / Trainer	CrossFit						Running			I think you should have a better priced Short selection. I know that HYLETE, Rogue and other Cross Fit "popular" gear are high priced and that the material is expensive to manufacture, but that's an awfully high price to feel comfortable in the gym. I have owned a custom shirt business for years so I understand pricing and levels of apparel; I think a better tiered pricing level in shorts would be more appealing. My local Gym or CrossFit Box	I am a return customer	CrossFit			Yoga					I love the women's tights. At first I thought the waist band was too tight but after working out in various brands' leggings/tights/pants, the Hylete pairs I have stay in place the best. With your tights I am not constantly adjusting and tugging at my pants to put them in place. :)	2015-01-28 09:11:59	public	50.200.208.3

Referred by a friend	I am a return customer							Powerlifting		Your shirts all have the exact same explanation within any given category even though they have different titles. Ie. The 6.0 vs 2.0 crew necks. or the stack, ect. This is really difficult to know what to buy or what i will like because it doesn't tell you any difference between the shirts at all. Third party website (Blog, News Outlet)	New years sale. Your stuff is too pricey otherwise			Functional Fitness (eg. Kettlebells, Boot camp)				Running	Powerlifting		This is the second order I have placed with you guys since your new years sale as I think your gear is a bit pricey otherwise. I do like your 2 year guarantee and think you should advertise it more. I'm the only one at my gym in St.Louis that wears your clothing I have had the shorts for for a week and have already been approached by a few guys asking where I got them. I'll also bring your gear with me when I attend the police academy in august. Hence why I'm complaining about your prices, because I have to quit my job to switch careers which means I can't afford anything but roman noodles which I have to duck tape together to wear as PT gear.	2015-02-06 06:10:00	public	108.193.30.14 9

The treads I already own are by far the most comfortable from the gym to the masseuse to the couch. I love your clothes! I can only complain about the women "capri" style tights that I have purchased... If you break a sweat in them, the crotch turns into what looks like a Navy Seal Team D2. Seriously, the grey/neon green tights I ordered a while back, by the time I get to the gym, or lord help me if I run or cross fit in them, I look like I might have just came from a quickie. TMI I know- but the struggle is real. Please engineer a pant for the ladies that doesn't look like a cream pie in 5 minutes. No time for that!	2015-02-08 03:38:08	public	62.150.121.250

Third party website (Blog, News Outlet)	I am a return customer	CrossFit								I'm just a few years into Crossfit and glad for your discounts and association with my gym. I've burned through several pairs of Under Armour and your quality is a great change. I should have got your shorts long ago - amazing fit and so comfortable. Thanks for the discount specials. Much appreciated from my wife and I paying for our Crossfit along with 3 Crossfit Kids.	2015-02-11 09:53:11	public	50.204.205.254
