Referred by a friend	I am a return customer	CrossFit	TRX	Functional Fitness (eg. Kettlebells, Boot camp)							As I'm a customer from United Kingdom when I receive hylete goods in England I have to pay import duty and tax. But because you don't already add this on to Bill I also always have to pay handling fees which are expensive , is there anyway you could add on this duties for United Kingdom customers as other American retailers do? So we don't have to pay the expensive handling fees this end.This would give a larger appeal for United Kingdom customers to buy your products.	2015-02-28 12:48:24	public	92.234.229.35

If you ever need a testimonial from someone with a little street cred that's not a pro athlete (I am a doctor and CSCS and lecture/seminar guy) I'll be happy to do it. I love your clothes - they have been with me on tough mudders _Berserkr (extreme military mudder- you jump out of helicopter at the start and shoot live AR-15's) , crossfit, powerlifting, etc. I'd love to do it - my wife bought me my first shirts and shorts a year or two ago and they still look and feel like new - this stuff is bulletproof!! make some day to day crew socks for everyday wear - I'm kind of an underamour nerd with clothes but your stuff is superior - I get it - young company you only have so many selections - I love your stuff guys - keep up the good work!	2015-03-11 09:23:16	public	24.155.107.140

Kettlebells, Boot camp)					Running			I am lean and long legged, and the option for a medium size short with a long leg is really exciting for me! I'm hoping they fit better than all the other fitness brands I try, which either have to fit like tents to be long enough or be cut well above the knee to be slim fitting. My fingers are crossed - been meaning to try out your stuff for a while. Oh, and I'm a personal trainer, so I will definitely be recommending if all goes well! thanks	2015-03-11 12:56:59	public	67.171.247.86

I was skeptical of the fit of the shirts by looking at your size chart since i usually fall between sizes, but went with the large and am happy with how it fits me. Thanks for the great products, and cant beat a company that gaurantees their stuff for 2 years. Event	I am a return customer	CrossFit									I am an older athlete (45). Hylete has the best fit that holds and hides bellies and thighs. It is very slimming and is very functional. It stays in place while squatting and box jumping and double unders. Even the other good brands (ie Under Armour) roll at the belly while trying these movements. They stay in place and I love them.	2015-03-18 11:20:45	public	74.193.205.176

My local Gym or CrossFit Box	I am a return customer	CrossFit							Running				I have ordered clothing from you in the past and have liked all of it thus far. I have one concern though and the one zip up jacket I own has become ratty after only a few months and tried using a lint remover to get all of the stuff off of it but it still doesnt look that good so this one I have purchased will hopefully not look like this one anymore.	2015-03-23 10:40:57	public	24.102.128.28

Your company mailed out a shirt, shorts, and socks to show us the product. The shirt looked so good I knew i wanted four of them. They have a great design and the guy that snatched it up said it was comfortable and he could tell the shirt was functional as well. Thank for being a part of our event.	2015-04-01 11:20:34	public	174.46.226.5

Can't buy Nike anymore - quality sucks. Everyone wears UnderArmour. Lululemon can be hot but too expensive. Hope that helps for some customer insights.	2015-04-03 13:06:02	public	24.193.90.78

I also am an odd size -- fairly tall and long boned (often xxl for shirts), but not big. Fit and comfort are difficult. Looked at your size charts; hope they're correct. Thank you. I have 2 pair of capri's and I love them but I wish you made one size smaller. I'm hoping the shorts fit but I would suggest smaller sizes and I would also heighten the front of the tanks. I have two tanks and I like them a lot but feel that they are a little too low. Just a suggestion :)	2015-04-08 12:32:54	public	65.130.89.114

Referred by a friend	I am a return customer		TRX					Powerlifting	Olympic lifting	If possible, I'd like some more information on how to go about getting some Hylete clothing with my facility's logo (I work as the Director of Performance, Strength, & Conditioning for a sports facility in Medina, OH called Pinnacle Sports). Is there a minimum order required? Do all shirts have to be the same? Can the screen printing of the logo be done only on the chest or back? Can it be on the side of the torso of the shirt, or sleeves? Any information you can provide would be appreciated. Thank you!	2015-04-11 05:37:15	public	76.190.216.170

Event	I am a return customer			Functional Fitness (eg. Kettlebells, Boot camp)	Yoga		Running		I am a seasoned veteran of the NBC show American Ninja Warrior and am training for the show and other competitions and events year round. I am always on the lookout for good-looking and functional attire for when I'm getting my sweat on :) My only suggestion would be to expand the designs on your female styles. Loose fitted tanks are some of my favorite at the gym. maybe something with a mesh back ;) Otherwise LOVE the products and the brand. Always happy to represent!!	2015-04-17 17:43:44	public	70.140.100.116
My local Gym or CrossFit Box	I am a return customer	CrossFit							I had a disturbing time trying to check out 5 times on three different credit cards on three different computers. Your great, good employee Alicia Gonzalez tried her best. I finally had to use PayPal. I do not think I will use Hylete again and will stay with Rogue.	2015-04-17 17:53:48	public	69.145.36.180

Referred by a friend	Friend / Referral								Powerlifting		I am somewhat new to powerlifting. I know you're company is building, and I've heard they're some of the best clothing to wear for powerlifting. I am looking into developing myself into an elite powerlifter. I have competed in two meets, and the latest was on 04/11/2015. My stats were 430 squat (PR), 280 bench, and a 530 deadlift (PR). My goal is to hit 1400 total by my next meet which will be in August at the American Games in Lincoln, NE. I hope you establish myself as an elite powerlifter, so one day, I can be sponsored by a great company like Hylete. Thank you	2015-04-22 12:49:05	public	216.105.250.127

Third party website (Blog, News Outlet)	I am a return customer			Functional Fitness (eg. Kettlebells, Boot camp)	Yoga					3 things. The price reduction was a big influence. Second, I bought the shorts a few months ago and they are the best shorts I've ever owned by a wide margin. Third, I wish you would modify the sizing to correlate to, for example, an XL shirt is 46-48 like everyone else seems to do. I don't like to guess and hate to return things and did have to exchange the shorts initially. It really is a pain to do that.	2015-04-23 06:34:45	public	100.1.253.228

My local Gym or CrossFit Box	I won a giftcard	CrossFit								Olympic lifting	I think it is a terrible policy that I was no able to use my Powered By Hylete discount with this gift card. Not only do you have a slim selection of merchandise (especially women's), what you do have is very expensive, which makes it even less appealing. Although I appreciate the generosity of the people that gave me the gift card for winning a CF competition, I will not be purchasing from Hylete again.	2015-04-24 09:13:15	public	128.146.3.8

My local Gym or CrossFit Box	Event (eg. CrossFit)	CrossFit		Functional Fitness (eg. Kettlebells, Boot camp)	Yoga		Running			This is my first Hylete purchase. I will definitely buy more gear from you. It would be great if I could become a Hylete sponsored OCR athlete. I'll be happy to represent Hylete and Spartan Race events and wear all Hylete gear before during and after races. Everyone always wants to look great at these events and when they see other athletes all dressed up in one brand they want the same. A discount code would certainly motivate people to go ahead and buy from Hylete. Please let me know if this is possible taveras.carlos@gmail.com	2015-04-24 09:29:05	public	71.172.87.185

We seamlessly integrate performance training, physical therapy, massage therapy, and nutrition all under one roof. We work with youth, collegiate, professional, and tactical athletes, as well as wounded warriors, and the every-day active individual. I am a former Navy Seal of over 10 years, and was referred to your company by a former team member. I'm interested in a potential opportunity in a long-term partnership with Hylete, and I think it would be a great and beneficial partnership for both companies involved. I would like to know what options are available, and what Hylete can offer through a potential partnership.	2015-04-26 16:11:33	public	71.59.140.54

Referred by a friend	Friend / Referral		TRX								As someone that works with student athletes everyday, I would very much like to see Hylete participate in efforts that use sports to drive academic excellence. Hylete would be a great collaboration with an organization that is trying to teach children the importance of consistently working to a little better everyday and helping others do the same. Olympia Track Club Academy out of Ft. Myers Florida, has trained children from 6 yrs. old and produced several Junior Olympic champions. We are now focused on athletic and academic excellence combined to ensure the end of generational poverty.	2015-05-01 09:28:34	public	73.23.97.140

Third party website (Blog, News Outlet)	I want to see if your stuff works and fits for a larger female athlete. I have trouble finding good gear as a weightlifter so I'm hoping yours works.				Martial Arts				Olympic lifting	I'd love to see you have sizes bigger than a large. I'm an XL in most things so I'm taking a chance on your girls crops. Also - that your socks would have bigger calves. I would've gotten them if they had been larger sized. You say you have powerlifters and olympic lifters in mind with your gear, and we have bigger calves than your socks look like they fit.	2015-05-10 18:14:48	public	70.191.89.174

Social Media (Facebook, Twitter, etc)	Friend / Referral	CrossFit							I tried on some shorts a friend at my box had. I love that you have an above the knee option. It's extremely hard to find shorts to work out in that are the right length. I either have to choose some high running shorts that give me a wedgie or some shorts that go below my knees that hang up every time my knees bend to do a lift. This is awesome. You are going to have a customer for life as long as you give me an above the knee option!	2015-05-12 17:42:54	public	98.94.80.64

Event	discount		TRX	Functional Fitness (eg. Kettlebells, Boot camp)			Running				I run a training team, and speak to college fraternity students on fitness, training and working out - I run about 2500 students through workouts every semester. I am the Sound Body Spokesman for a national college fraternity and we are doing two major events this summer. The first is in July in Richmond, VA. It is a program geared at the top gun of the 240 chapters nation wide. The second is the National Conclave held every two years and hosting thousands of brothers and spouses across the decades and the country. I will be running all of the sound body programming and featuring products that make sense for serious workouts. If either of these sounds appealing, we can talk more.	2015-05-16 16:23:02	public	70.173.142.103

Social Media (Facebook, Twitter, etc)	Social Media Post		TRX	Functional Fitness (eg. Kettlebells, Boot camp)						It would be great if you had actual pictures of people wearing the clothes instead of just the clothing by itself-- it would help a lot with seeing what the clothing actually looks like on a person. Also, the expandable backpacks are awesome! So cool-- but not enough info on them and they need more pictures to describe what they actually do. The one picture wasn't enough, I had to google search to figure out what it was.	2015-05-23 20:13:44	public	71.199.8.226

Third party website (Blog, News Outlet)	Pocket WOD app	CrossFit		Functional Fitness (eg. Kettlebells, Boot camp)				Running			I tried using a promo code from "build your kit", but it did not work. I tried the normal version, and also the 'powered by Hylete' version, and neither worked. This is my first purchase, so I'm wondering if it has to do with 50% off first purchase annulling other promotions...	2015-05-31 22:16:05	public	67.184.29.125

My local Gym or CrossFit Box	All my current shorts are beat to hell.	CrossFit						Running			I am really looking forward to trying your shorts. I had two pair of the Jaco fight shorts, and I loved them, because no velcro = no problems getting tangled in the wash. But they're about spent, plus after two years of CrossFit I'm down a couple inches in the waist, and Jaco doesn't seem to make their old fight shorts anymore. You're up Hylete. Let's see what you got.	2015-06-05 14:27:23	public	71.46.193.2

Referred by a friend	I am a return customer	CrossFit								Hi! Thank you for sponsoring our "CFA Charity Event for Muscular Dystrophy". The two pairs of Medium/Above-Knee Hylete shorts I ordered last time (One was Stealth, the other was Black with Grey insert & orange writing), both tore in the seam of the crotch and both had one zipper break. I am wondering if your current product is made to the same specifications as the previous ones that I ordered that came apart at the seams, or if you've improved the design a bit and have stronger stitching. The broken zippers and coming apart at the seams both happened within about 3 months of use. Granted I was wearing both pairs 2-3 days a week. Thank you for your time, Jason Highbarger CrossFit Almaden CrossFit Watsonville Owner / Head Coach	2015-06-08 10:44:06	public	66.169.231.214

You're limiting choices in your survey so I picked Powerlifting as the closest sport to what I do (strongman). Kalle Beck talks up Hylete a ton to the strongman community. He's a big influencer in the community and is how I originally found out about Hylete. Hope you already know that.	2015-06-09 07:16:36	public	199.48.201.7

Thanks PS: all your stuff is cool but keep in mind a lot of people (me at least) don't really like a ton of graphics/labels on their stuff, I bought most of your plain stuff, focused more on the quality I'm hoping for... with that said, I know Nike didn't get where they are by leaving the swoosh off of everything so prob don't listen to me	2015-06-15 06:11:42	public	32.212.47.26

Referred by a friend	Friend / Referral	CrossFit									It was frustrating that the rewards site and the regular site are kept different but its not explained anywhere about this. I received a coupon code as well which wouldn't work on the rewards site. I understand how you run this as a business but just didn't explain that much anywhere. Also the shipping quote on the rewards site was $2 more than on the regular site to the same location. Odd how one of your sites quoted more than the other on the same day to the same address. I've heard good things about your products and look forward to trying the shirts out but not a great first experience between the two sites combined.	2015-06-15 10:19:00	public	198.71.79.110

Came here to check out gear as a fan of GRID. Ordered shirts for GRID match this past weekend. Very pleased with staff and promotion at GRID SJ Fit Expo. Wished I got some of the free gear being tossed arround but this discount is just as good. Fan for life. cheers!	2015-06-15 10:20:04	public	204.145.112.6

Even though a lot of companies advertise "athletic" fitting shirts, it is very seldom that you actually find workout shirts that are tapered right for a more athletic build. You have definitely nailed it. I own several pairs of your shorts, and they work as great as advertised. Overall, great products, I have recommended and turned your products on to several of my buddies, who all have the same great things to say.	2015-06-17 05:48:20	public	70.168.109.66

I would like to be able to buy tops AND bottoms in sizes that fit me, so I can wear them at my box. Larger ladies need representation too! The paddling community needs good gear other than just board shorts. Prone and stand up paddlers are so used to Virus and 2XU that having another company provide gear to athletes who's main focus is on water-based form, fitness, and function is AWESOME! I can't wait to evaluate your gear! Check out my blog: http://aneccentricstake.blogspot.com and let me know if you would like me to review to write about any of your gear! Event	Event (eg. CrossFit)	CrossFit									Kingman Crossfit in Arizona put on an event that you guys sponsored. The owner, Ty, did an amazing job and I'd like you to know that he spoke highly of you numerous times throughout the event. My box is in Havasu, called Havasu Crossfit so I have no affiliation with Ty and Kingman Cross fit. I'm a sponsored athlete (ATV/SXS Offroad Racer) and I know that sponsors like to hear that they are being represented well and that their efforts are worthwhile! Thank you for sponsoring the event and giving out Rewards Cards. This was my 2nd Crossfit Competition and I'm already looking at how I can go farther and compete more! Now I'll be looking extra Snazzy in my new Hylete threads! Thank You, Donna Ellsworth.	2015-07-12 22:39:14	public	24.206.140.49

One side note however; I had a $25 gift card from purchasing gear at an event just under a year ago, and when I entered it, I received a "wrong code or expired gift card" message. Why's that? My local Gym or CrossFit Box	Event (eg. CrossFit)	CrossFit								Olympic lifting	I wish you guys would carry more women's shorts that are cool designs, just like the guys. American flag and army shorts would be really awesome so have in the women's shorts. Also, it'd be nice to have the same sort of fit that the guys have, the loose fit short with built in underwear. The shorts are a little tight and can be uncomfortable for women with strong ass legs.	2015-07-15 12:39:15	public	209.210.226.114

For this reason I am really excited to generate new conversations this fall via the Hylete brand and yet another reason we create a mock combine to break up our training units. :) Thank you for supporting athletes and the pursuit of fitness prowess! :)	2015-07-15 23:56:53	public	24.16.152.92

great product

My only complaint is your shirts are not consistent with the sizing. I have a few shirts from you - both xx. one fits great. the other one I never wear because it fits like a medium - does me no good. I know there will be some difference from shirt to shirt based on material and style, but the difference is pretty drastic. when I order a xx, I am hoping to receive something resembling a xx, not a medium.. in sizing I would think you would error on the shirt being too big, not too small. a person wearing a xx isn't going to fit into a medium, but a person wearing a medium can fit into a lg or xlg. but I do love the one that is sized correctly.

My local Gym or CrossFit Box	What influenced my purchase was a the 50% discount and also I have wanted a pair of Hylete shorts for sometime now.	CrossFit									I have heard great things about Hylete and I am excited to own my first pair of shorts. My coach, Scott Porter, is a sponsered athlete by Hylete so I have heard good things about the Company. If I had the option to pick a sponsorship one of them would definitely by Hylete. Thank you for the hard work you guys put in to make an awesome product! Wyatt Taylor		2015-07-21 20:25:30	public	24.251.245.177

If the prices were the same, I would much rather by a pair of shorts that was customized to my box than a regular pair. The affiliate benefits also because it's free advertising for them. p.s. check out my business consulting website, I can help you guys! www.premiervirtualconsulting.com	2015-07-27 12:04:38	public	162.219.43.157

Kettlebells, Boot camp)					Powerlifting	Olympic lifting	I am a former collegiate athlete who picked up the sport of fitness in order to compete. I am so blessed to be powered by Hylete. Its awesome that I can now represent and show everybody on my campus and gyms that Hylete is the very best and powers the very best. Cant wait to wear the gear and compete in it.		2015-07-31 06:31:48	public	184.18.205.8

My local Gym or CrossFit Box	Coach / Trainer	CrossFit		Yoga						I just joined a Cross Fit gym and am hoping to finally get the endurance and strength I need. I typically wear an x-large in cropped pants but you did not offer that size so I am hoping that the large is ample enough for comfort. Is there a reason you do not offer larger sizes. There are women I know from my softball and volleyball teams that are just BIG girls, over 5"10 and would need an XL even though they are fit.		2015-07-31 07:05:01	public	208.87.234.202

										Gear fits me better than any other brand and stands up well. Great customer service and warranty. Would be interested in some different options for shirts though, the triblend is comfortable but prefer some other brands for working out in and getting sweaty. I'll probably try out the quad blend once its available as a crew.

This group was founded on the principles of F3 (fitness, fellowship, faith) and it is called Galvanize SCV. Referred by a friend	Social Media Promotion (eg. Facebook, Twitter)					Martial Arts		Powerlifting		You guys need to design a regular pair of golf shorts (not cargo shorts). Regular flat-front design with front and rear pockets and belt loops. same fabric as the training shorts, minimalist logo design. With black, blue, gray, and tan color options, I'd buy two or three pairs and replace most of my shorts. As an athlete, I NEED stretch fabric because of my glute size. Normal off-the-rack stuff doesn't fit in both the waist and hips. This would be a fantastic product offering and would go so well with the quad-blend polo shirt you guys offer (which needs more color options too. Thanks.	2015-08-19 12:06:41	public	199.166.15.231

Kidding, awesome products, amazing quality. this is the only brand I wear when I train whether Crossfit or when I fight. Maybe some cool designs on the t shirts instead of the generic camp and such. Something outside of the box for once but again, not complaining. I'm a simple guy, I love the logo being simples and simply placed where they are. Event	Event (eg. CrossFit)			Functional Fitness (eg. Kettlebells, Boot camp)				Running	Powerlifting		Love the cross training shorts but label behind drawstring peeling away and logo on women's shorts peeled away after first few wears, compression tights are more like leotards and less like compression (would like to see a heavier duty compression option in future), triblends fuzz up sooner than some other brands but the fit is great. My clients love your caps and crop bottoms. I'm looking forward to trying the flex cap myself. Always a pleasure.	2015-08-29 15:10:43	public	24.244.23.203

Customer feedback is extremely helpful not only in making a purchase decision for me, but also in choosing the correct size for something. This would/could potentially save your company money by cutting down on returns/exchanges from people ordering the wrong size or a product that just isn't right for them where another product would have been if they'd only been able to read a real customer's feedback on it.	2015-09-08 08:50:39	public	153.31.113.24

Third party website (Blog, News Outlet)	I am a return customer			Functional Fitness (eg. Kettlebells, Boot camp)				Running			I've never really seen Hylete anywhere else until recently. I first heard about the brand via the GovX website. After buying a few items there, I was impressed and had to see the full line of gear. The zip pocket shorts are what really sold me. I've never had any other pair of shorts with a pocket placed so perfectly that I can run while my phone is safely tucked away. The t-shirts were also insanely comfortable and my purchase today was only to stock up on a few more of those. I use my Hylete gear almost daily.	2015-09-09 07:02:15	public	75.108.48.21

Their current ISO booksack does not roll or is TSA compliant (gotta take laptop out to get bag screened) but they are working on one - so I have been told. My local Gym or CrossFit Box	I am a return customer	CrossFit			Yoga			Running			I am a type 1 diabetic who likes to be active. One of the many challenging things that accompany working out as a t1 diabetic is carrying medical devices in a safe and protective pocket (insulin pump and continuous glucose monitor). The pockets in the Hylete shorts are awesome because I can carry my devices in there, zip the pockets closed, and not worry about them falling out or getting in the way of myself of the equipment. You guys should definitely look into marketing your activewear toward people that require pockets to carry medical devices, especially type 1 diabetics!	2015-09-12 16:42:59	public	99.150.246.22

Third party website (Blog, News Outlet)	I am a return customer	CrossFit									I am a very satisfied customer and have switched many of my purchases over from Under Armour. However, I would really love to see new designs come out just like UA, and I have written before to please offer more pure black shirts instead of the vintage black. Besides looking more aesthetic while wearing, it also hides perspiration better too. If there were more designs with the pure black fabric, I would definitely be purchasing more often. More designs/fabrics for the polo shirts would be great too! Thanks!	2015-09-18 10:52:32	public	24.43.232.162

Third party website (Blog, News Outlet)	I am a return customer	CrossFit						Running	Powerlifting		After my first purchase and getting 50% off I can safely say that I LOVE the products you make. I especially love the shorts! The biggest issue for me comes with the price. The main reason for my purchase today was the featured pricing, plus the 21% discount for it being so long since I made my last purchase. I would love more products, but will most likely wait for another item that comes up at a featured price I am comfortable with.	2015-09-18 12:39:13	public	45.25.24.70

I've ordered some stuff from you before. I'm a bit of a bargain shopper though and wait until products are a bit cheaper. Event	I am a return customer				Martial Arts				To be honest, Crossfit as a sport has a very obnoxious culture surrounding it. Maybe crossfit people will buy these clothes, but I'm thinking that MMA is growing, and people are looking to get clothes. Its not really marketed for those kinds of activities though. At least thats the vibe i get from the brand. Now I'm seeing all of these shirts with Crossfit team logos for a steep discount, and it makes me think that Crossfit isn't a very good market? Anyway, love the clothes. Thanks.	2015-09-25 09:59:27	public	8.24.213.126

I first purchased your stuff through them a few weeks ago, and I have to say I love your line. All of it is great. I could not better line I would rather work out in. I went through you vs going through GovX as I found things on your site that were not on GovX and they were more affordable. Keep up all the great equipment. I actually love the idea of being powered by HYLETE for my gym. But when I say I own my own gym I am talking about a personal in home gym. not like most. Mine has over 1200 lb in weights with racks and bars plenty of things to put these to the test.	2015-09-25 14:55:26	public	50.141.67.139

Social Media (Facebook, Twitter, etc)	I am a return customer	CrossFit	TRX	Functional Fitness (eg. Kettlebells, Boot camp)			Running		Olympic lifting	I first tried Hylete because of Drew Manning, who I believe has a relationship with you, and he sent my trainer and I a set of shorts and a shirt a couple months ago. I'm involved in a project of his for a TV show and have lost 125 so far. This order is what I plan on wearing for my final weigh-in and workout in a few weeks and the show will begin to air on A&E in January. I really love Hylete gear. It's amazingly comfortable and can withstand the Spartan races I've put it through. Thank you for the quality you put out and for providing me a discount as a first responder. I'll likely be a loyal customer for life. Thanks.	2015-10-01 06:53:59	public	8.22.15.4

I have loyalty to the company because two years ago, when I started CrossFit, I went with my friend Phil Mix to the warehouse and met some of the employees and then went and worked out with Jenn. Some of the employees gave me some promotional gear to kick start my training. Ever since then, I have purchased and worn Hylete apparel and swear by the company and the clothing. I travel all the time for work and workout everywhere I go. All of my gear is Hylete and I am constantly acting as an ambassador for Hylete without the ambassador title. I would love to become a Hylete Ambassador/Athlete in the near future. Thanks, Rich	2015-10-04 14:27:54	public	104.240.251.78

Referred by a friend	I am a return customer	CrossFit					Running		Olympic lifting	love you guys - really been trying to push you during my seminars and events - keep up the good work. as a just in case - there is an event friends of mine put on each year that is growing like crazy - it is called "berserkr" and is just outside of Kinsville, TX. The owners are Jacob and Lisa - the event is an obstacle course mud run like nothing you've seen. You drop out a helicopter (everyone does!) and swim to the start. There is a station where you shoot a live AR. def. worth your look. I think a few shirts donated from you or gear for the after party give a ways would go along way. If you contact them tell them Chad Peters (me) gave them the info. I wear your stuff there and its bulletproof - I have meant to send you a pic of me bailing from a chopper in your shorts but the shirt I was wearing wasn't yours and took away from it. If you want I'd be happy to rep you for a more commercial shot the next round. anyway Halloween morning is the next event, may be too late, but may not be - love to see Hylete become their clothing line - --Jacob is extremely connected in the tactical gear and soldier department and has all kinds of goodies but is lacking in your area of expertise!! Event	I am a return customer			Functional Fitness (eg. Kettlebells, Boot camp)	Yoga		Running	Powerlifting		Yes- I did not first hear about Hylete at an event, but your survey did not contain an 'other, specify' option, and it forces respondents to answer that question to submit the survey. so I had to pick one. I actually first learned about Hylete in a Men's Health review several years ago. Survey vendor: you may want to manually correct for this during your data scrubbing before analyzing and reporting to Hylete. Cheer, Kurt		2015-10-14 13:21:43	public	155.212.24.4
