ANGELO FILI

Of lawful age, being first duly cautioned and solemnly sworn as hereinafter certified, was examined and testified as follows:

DIRECT EXAMINATION

BY MR. SAMUELS:

Q. Mr. Fili, would you please state your full name.

A. Angelo Fili.

Q. How old are you now?

A. Fifty-nine.

Q. Did you attend high school?

A. Yes, I did.

Q. In what city did you go to high school?

A. Omaha, Nebraska.

Q. What was the name of your high school?

A. Omaha South High School.

Q. Did you graduate from Omaha South High School?

A. Yes, I did.

Q. In what year did you graduate from Omaha South High School?

A. 1975.

Q. Did you attend college or university?

A. Yes, I did.

Q. Please describe where and when you went to college or university.

A. The University of Nebraska at Lincoln in 1975 and 1976.

Q. After you attended University of Nebraska in 1975 and 1976, did you obtain full-time employment?

A. Yes, I did.

Q. What was the name and city location of your first full-time employer?

A. Great Plains Beef Company in Council Bluffs, Iowa.

Q. What was your job title at Great Plains Beef?

A. Originally a trainee.

Q. And were you anything after that?

A. Yes. I went on to become a journeyman butcher, a utility man, and a supervisor.

Q. What were your responsibilities at Great Plains Beef?

A. To debone beef carcasses and to train people to debone and also to supervise the room.

Q. During what years did you work at Great Plains Beef?

A. In 1966 and 1977.

Q. I think you meant 1976 --

A. Yeah, I'm sorry.

Q. -- and 1977?

A. Yes, I did. 1976, 1977.

Q. Thank you. What was the name and city location of your next employer?

A. Circle C Beef Company in Denver, Colorado.

MS. KANE: I'm sorry, Circle C?

THE WITNESS: Circle C, like a ranch.

BY MR. SAMUELS:

Q. What was your job title at Circle C Beef?

A. I was a meat cutter. I also trained meat cutters. And I also was a plant manager.

Q. During what years did you work at Circle C Beef?

A. From 1977 until 1983.

Q. And what was the name and city location of your next employer?

A. BeefAmerica in Omaha, Nebraska.

Q. Is BeefAmerica one word?

A. Yes, it is. Yes, it was.

Q. And is the letter A in BeefAmerica capitalized?

A. Yes, it was.

Q. What was your job title at BeefAmerica?

A. I held several jobs: I was the plant manager, I was also a field representative, and I also worked in marketing.

Q. What were your responsibilities at BeefAmerica?

A. Originally I helped to design the facility, helped in the construction -- during construction, trained meat cutters, and operated the fabrication floor and later moved into beef marketing.

Q. What years did you work at BeefAmerica?

A. 1983 to 1992.

Q. What was the name and city location of your next employer?

A. Greater Omaha Packing Company in Omaha, Nebraska.

Q. And what was your job title at

Greater Omaha Packing Company?

A. Executive vice president.

Q. What were your responsibilities at Greater Omaha Packing Company?

A. They were going to develop a beef fabrication division and add that to their harvest floor.

Q. And did you work with anyone at Greater Omaha Packing Company in connection with that start-up operation?

A. Yes, I did. Mr. Henry Davis.

Q. What was Mr. Henry Davis's title?

A. He was the president of Greater Omaha Packing.

Q. During what years have you worked at Greater Omaha Packing Company?

A. From 1992 until the present.

Q. Now, Mr. Fili, let's discuss what you did when you were at BeefAmerica from 1983 until 1992. Please describe BeefAmerica's beef operations.

A. The company purchased beef carcasses from different suppliers, and we fabricated boxed beef cuts for marketing worldwide.

Q. When you were at BeefAmerica from

1983 until 1992, did you ever visit Greater Omaha Packing Company?

A. Yes, I did.

Q. Many times or few times?

A. Many times.

Q. Based on your own personal observations, please describe Greater Omaha Packing Company's beef operations between 1983 and 1992.

A. They purchased live animals, operated a harvest floor, and produced beef carcasses and beef offal products, O-F-F-A-L, offal products in boxes.

Q. Did Greater Omaha Packing Company sell any of those beef products to fabricators such as BeefAmerica?

A. They did.

Q. When you were at BeefAmerica between 1983 and 1992, did BeefAmerica often purchase beef from Greater Omaha Packing Company?

A. Yes, they did daily.

Q. Between 1983 and 19 -- sorry. Between 1983 and 1992 when beef carcasses were purchased by BeefAmerica from Greater Omaha Packing Company, please describe how the beef

carcasses were delivered to BeefAmerica.

A. Originally they were in trailers that have -- they're called rail trailers and they come in beef quarters hanging inside the truck. And then later they were put onto what's called a tram trailer where the entire side comes as one piece and they deliver it on those type of trailers.

Q. So if I understand your testimony, sometimes the beef came as hanging sides of beef and sometimes beef came in smaller portions called hanging quarters of beef; is that correct?

A. That is correct. We receive both quarters and sides.

Q. Did you ever observe the unloading process at BeefAmerica between 1983 and 1992?

A. Yes. I actually performed that work and observed that work.

Q. Few times or many times?

A. Many times.

Q. Did you observe whether the beef purchased by BeefAmerica from Greater Omaha Packing Company had any markings on the beef indicating that the beef came from Defendant Greater Omaha?

A. Yes, all of the carcasses did.

Q. And what did those markings look like?

A. They were a round blue ink stamp, an edible -- it was an edible ink stamp that said "Greater Omaha 960."

Q. And what did the number 960 mean?

A. Greater Omaha's establishment number then and even today is Establishment 960.

Q. And when you said it had a blue edible ink stamp, does that mean that the ink would not poison a person but actually could be eaten, if necessary?

A. That is correct. It's an ink that the -- that is designed for marking beef carcasses.

Q. Did the ink stamp contain anything other than the two words "Greater Omaha" and the number "960"?

A. I believe it had the word "inspected" and "passed" at the bottom.

Q. Now, Mr. Fili, we're not talking about the USDA inspection stamp.

A. No, we're not.

Q. Between 1983 and 1992 did you see in

each and every year that the hanging beef quarters which BeefAmerica purchased from Defendant Greater Omaha had the two words "Greater Omaha" stamped on the beef?

A. Yes, I did.

Q. Between 1983 and 1992 did you ever see any hanging beef quarters which BeefAmerica purchased from Defendant Greater Omaha which did not have the two words "Greater Omaha" stamped on the beef?

A. No, I did not.

Q. Between 1983 and 1992 when you saw a load of hanging beef quarters bearing the inked stamp containing the two words "Greater Omaha" being unloaded by BeefAmerica, what did those inked stamped two words mean to you?

A. Those carcasses came from Greater Omaha.

Q. Now, Mr. Fili, when you were employed by BeefAmerica between 1983 and 1992, did you ever visit Greater Omaha Packing Company's plant?

A. Yes, I did. Many times.

Q. Where was the Greater Omaha Packing Company plant located during those years?

A. On 26th Street between O and Q.

Q. Did you go there, that is, to the Greater Omaha Packing Company plant, in connection with your responsibilities at BeefAmerica?

A. Yes, I did.

Q. And why would you go there?

A. To observe the products that we were purchasing from them. We looked at the carcasses.

Q. When you were at Greater Omaha Packing Company plant between 1983 and 1992, did you ever see any Greater Omaha Packing Company employees stamping hanging beef?

A. Yes, I did.

Q. Did you see that seldom or many times?

A. Every time that I was there. Many times.

Q. When you visited the Greater Omaha Packing Company plant between 1983 and 1992 and you saw that the employees were stamping hanging beef, could you see what the inked stamp looked like?

A. Yes, I did.

Q. And was it a blue ink stamp?

A. Yes, it was.

Q. And did it have the two words "Greater Omaha"?

A. Yes, it did.

Q. And did it have the number 960?

A. Yes, it did.

Q. Did you personally see Greater Omaha Packing Company employees stamping the name "Greater Omaha" on hanging beef at the 26th Street plant in each and every year from 1990 -- pardon me, from 1983 to 1992?

A. Yes, I did.

Q. Now, Mr. Fili, when you visited the Greater Omaha Packing Company plant between 1983 and 1992, did you ever observe boxes of beef parts being prepared for shipment by Greater Omaha?

A. Yes, I did.

Q. Did you see that seldom or frequently?

A. Frequently.

Q. Please describe what you saw.

A. Beef parts such as liver, different items were placed into boxes that had the words "Greater Omaha" on them.

Q. The name "Greater Omaha," was it stamped on the sides of the boxes or where?

A. They were actually preprinted boxes, and it had it on the side and on the front panel.

Q. And was the word "Greater Omaha" in all capital letters or in some letters that were lower case?

A. They were black block letters and they were all capital.

Q. Did you see the two-word name "Greater Omaha" on shipping boxes of beef parts at the 26th Street plant in each and every year from 1983 to 1992?

A. Yes, I did.

Q. Thank you. Mr. Fili, you stated that you became an employee of Greater Omaha Packing Company in 1992; is that correct?

A. That is correct.

Q. Was any particular person at Greater Omaha Packing Company primarily responsible for hiring you?

A. Yes. Mr. Henry Davis.

Q. Did you ever meet with him in connection with your being hired by Greater Omaha Packing Company?

A. Yes, I did.

Q. What did Mr. Davis tell you, if he told you anything, would be your primary role when you came to work for Greater Omaha Packing Company?

A. At the time Greater Omaha's primary product was carcass beef that they sold to fabrication operations around the country, and he wanted to start his own fabrication operation division.

Q. And would that be a division that did work similar to what you were doing at BeefAmerica?

A. It was the same as what we were doing at BeefAmerica, yes.

Q. Who did Henry Davis tell you you would be working with in connection with starting the new boxed beef business?

A. Directly with Mr. Henry Davis.

Q. In 1992 what was the job title that you were given when you began work at Greater Omaha Packing Company?

A. Executive vice president.

Q. In 1992 did Greater Omaha Packing Company have any boxed beef fabricating

capabilities at its 26th Street plant?

A. No, they did not.

Q. In 1992 what was one of the first projects that your company undertook to start the boxed beef business?

A. We purchased some of the assets of a corporation at a facility in Omaha and purchased the lease for that operation.

MS. KANE: May I interrupt, please, and just ask a question? Are "fabrication" and "boxed beef" synonymous terms to you?

THE WITNESS: Fabrication is the process of taking the bones out of a carcass, and boxed beef is a derivative of that.

MS. KANE: So they're not identical, they're part of the process? Because I thought you were using the terms interchangeably. And I would save it for my cross, but I thought it would make the record more clear if we maybe define those terms upfront.

MR. SAMUELS: Okay. Why don't we do that.

MS. KANE: Thank you.

BY MR. SAMUELS:

Q. When you use the term "boxed beef,"

does it mean anything different than beef which is placed in a box?

A. No, it does not.

Q. And when you use the term "fabrication," which is -- suggests an operation, what does that mean?

A. Carcasses are the whole piece, and fabrication is the process of breaking them into other pieces, whether that would be quarters, whether it were primals or subprimals. The actual operation, the butchering itself is the fabrication process. The end product would be -- one of the end products would be considered boxed beef.

Q. Thank you.

MS. KANE: Thank you.

Q. And, Mr. Fili, when you were talking about that Greater Omaha Packing Company acquired a company, was that company in the boxed beef business?

A. They were in numerous businesses. We actually acquired the assets that were at one location.

Q. Was that location on Gomez Street?

A. It was. 2519 Gomez Avenue.

Q. And was one of the assets the lease on that building?

A. Yes. The building is actually Millard Warehouse, and the lease was for one 10,000-foot bay in Millard Warehouse.

Q. Mr. Fili, did you oversee the setting up of the boxed beef fabrication equipment in the leased building on Gomez Avenue?

A. They had some equipment there, but we added quite a bit of equipment to that group. Yes, I did oversee that.

Q. And, very briefly, what did that setup include?

A. We put in the saws and the equipment to fabricate beef and then also added packaging equipment and scales.

Q. Did your company hire any of the employees who were working at the Gomez Street building?

A. Yes, we did.

Q. About how many workers did you hire?

A. About 100 people.

Q. After you set up the boxed beef fabrication equipment in the Gomez Avenue building in 1992, when did your company begin

fabricating and selling and shipping boxed beef?

A. In 1992.

Q. And beginning in 1992, from what source did you obtain the carcasses that you fabricated in the Gomez Avenue building?

A. From Greater Omaha Packing.

Q. And did that come from Greater Omaha's 26th Street plant?

A. Yes, I'm sorry, from the harvest -- from Greater Omaha's harvest facility.

Q. Beginning in 1992, to what types of customers did your company sell the boxed beef which you fabricated in the Gomez Avenue building?

A. To hotels, restaurants, food service, and to also institutions.

Q. To any wholesalers?

A. Yes.

Q. Beginning in 1992 did your company need to have shipping boxes made which you -- which could be used by the Gomez Avenue plant to ship boxed beef?

A. Yes, we did.

Q. And did the printing on such shipping boxes have to be approved by the U.S. Department

of Agriculture?

A. Yes, it did.

Q. Why was that?

A. The USDA regulates the type of -- the verbiage that goes onto a shipping container for federally-inspected beef products.

Q. Thank you. Did you want your new shipping boxes to have a trademark on them?

A. Yes, we did.

Q. Why was that?

A. So that people would know what our products -- that they were buying their products from Greater Omaha.

Q. What did you do regarding the creation of that new trademark?

A. I worked with Mr. Davis to design a derivative of their name and the verbiage that they used to design a new logo for the fabrication box.

Q. Okay. Please describe the process that Henry Davis and you followed in 1992 when you created that new trademark.

A. We used the block letters that were on their current boxes, we added a state of Nebraska logo behind it, and we used a beef head

in the cutout of the state on the western side of the state and then we added the words "since 1920."

Q. And why did you add the words "since 1920"?

A. Greater Omaha had started their operation on 26th Street in 1920.

Q. And how did you know that?

A. Mr. Davis told me that.

Q. Thank you. In 1992 when you were involved with creating that new trademark, did you give any thought to the company name or the trademarks used by Omaha Steaks International, Inc.?

A. No, I did not.

Q. Did you or Mr. Davis arrange to have an application for approval prepared and sent to the U.S. Department of Agriculture which contained your new Greater Omaha and steer head logo trademark?

A. Yes, we did.

Q. Mr. Fili, I now show you a document dated March 25, 1992, which is marked Exhibit GOP-8. Exhibit GOP-8 is a three-page document entitled U.S. Department of Agriculture

application for approval. The document bears Bates numbers GOP-0150 through 0152. Are you familiar with that document?

A. Yes, I am.

Q. What is Exhibit GOP-8?

A. This is an application for labeling a box or a container to the USDA.

Q. And are the two pages which are attached to the first page application, do they show two sides of a shipping box?

A. Yes, they do.

Q. Is any street address shown on the Exhibit GOP-8 shipping box?

A. Yes, there is.

Q. And what does it say?

A. It says 2519 Gomez Avenue, Omaha, Nebraska 68107.

Q. Is that the same Gomez Avenue address as the Gomez Avenue address shown on the first page of the Exhibit GOP-8 application form which is Bates numbered GOP-0150?

A. Yes, it is.

Q. Can you tell from the first page of Exhibit GOP-8 whether the application was approved?

A. Yes, I can.

Q. How can you do that?

A. In Box 2 is where they mark the approvals. It says approval 960A1, Victor -- it's VV, it's Vic Visty, I believe.

Q. And what is the date of the approval?

A. In Box 12 the inspector signs, there it's 3-25 of 1992.

Q. Thank you. I now show you a one-page document which is marked Exhibit GOP-9. This document bears Bates number GOP-0722. Are you familiar with this document?

A. Yes, I am.

Q. What is it?

A. It is the announcement that we placed the day that we opened the beef fabrication operation to notify the employees that we would be operating on -- it says effective April 7th, 1992, until further notice Greater Omaha Packing Company will start operations at 6:30 a.m.

Q. Mr. Fili, please compare Exhibit GOP-8 and Exhibit GOP-9. Do you see any differences between the Greater Omaha and steer head logo in Exhibit GOP-8 and the Greater Omaha and steer head logo in Exhibit GOP-9?

A. No, I do not.

Q. Did your company purchase and receive shipping boxes which look like the shipping box in Exhibit GOP-8?

A. Yes, we did.

Q. Were you involved in ordering those Exhibit GOP-8 shipping boxes?

A. Yes, I was.

Q. How were you involved?

A. I contacted the box company, worked with them on the design that we wanted applied. And then this photograph actually is of the -- one of the first boxes they made.

Q. Were the Exhibit GOP-8 shipping boxes used by your company to ship the boxed beef which you fabricated at the Gomez Avenue plant?

A. Yes, they were.

Q. Did your company receive many or few Exhibit GOP-8 boxes?

A. Many. Thousands.

MS. KANE: I'm sorry to interrupt again. But when you say "your business," are you talking about Greater Omaha Packing or are you talking about something else?

MR. SAMUELS: When I say "your

business" or "your company," I'm referring to Greater Omaha Packing Company.

MS. KANE: All right. Thank you.

BY MR. SAMUELS:

Q. For approximately how many years were the Exhibit GOP-8 shipping boxes continuously used by the Gomez Avenue plant to ship boxed beef?

A. About four years.

Q. You mean until about 1996?

A. Yes, I do.

Q. Mr. Fili, based on your own personal knowledge, did Greater Omaha Packing Company ship boxed beef in shipping boxes that looked just like the shipping boxes shown on Bates numbers GOP-0151 and 0152 of Exhibit GOP-8 to customers in each and every year from 1992 to 1996?

A. Yes, we did.

Q. And based on your own personal knowledge, did Greater Omaha Packing Company ship boxed beef in shipping boxes that looked just like the shipping boxes shown on Bates numbers GOP-0151 and 0152 of Exhibit GOP-8 to Plaintiff Omaha Steaks International, Inc. in each and every year from 1992 to 1996?

A. Yes, we did.

Q. Why did your company stop using the Exhibit GOP-8 shipping boxes in 1996?

A. We built and moved to a new facility at 3001 L Street.

Q. And do I take it that you didn't fabricate and ship boxed beef from the Gomez Avenue plant after that time?

A. No. We ended our lease and moved to the new facility.

Q. And where was the new facility located?

A. At 3001 L Street.

Q. Is that the building which Greater Omaha Packing Company currently occupies?

A. Yes, it is.

Q. Were you involved in designing the new L Street building?

A. Yes, I was with Mr. Henry Davis.

Q. Please describe how you were involved.

A. We drew out exactly what we wanted to build, redesigned the fabrication floor, and constructed the facility at this location.

Q. In what year did Defendant Greater

Omaha start its boxed beef fabrication operation at the L Street plant?

A. In 1996.

Q. And in what year did Defendant Greater Omaha begin to sell and ship boxed beef from its L Street plant?

A. Also in 1996.

Q. And I think you've already answered this, but after 1996 what happened to the Gomez Avenue plant?

A. We ended our lease and turned the bay back over to Millard Warehouse.

Q. And you moved out of the building?

A. Yes, we did.

Q. Thank you. Mr. Fili, I now show you a document marked Exhibit GOP-10 which is a copy of a six-page brochure. The exhibit bears Bates numbers GOP-0535 through 0540. Exhibit GOP-10 is entitled Greater Omaha since 1920. Are you familiar with this exhibit?

A. Yes, I am.

Q. Mr. Fili, I am showing you the actual six-page brochure. Is Exhibit GOP-10 an exact copy of the actual six-page brochure?

A. Yes, it is.

MS. KANE: Are you going to mark that?

MR. SAMUELS: No. Off the record.

(An off-the-record discussion was held.)

BY MR. SAMUELS:

Q. And, Mr. Fili, what is Exhibit GOP-10?

A. It is a brochure to show our new facility to customers and potential customers.

Q. Does it describe what Greater Omaha Packing Company does?

A. Yes.

Q. Were you involved in creating this exhibit?

A. Yes, I was. I worked with Mr. Henry Davis to design this.

Q. To design this brochure?

A. Yes, I did.

Q. Exhibit GOP-10 has a photograph of a person on the last page. Who is that person?

A. Mr. Henry Davis.

Q. I see on the second page of Exhibit GOP-10 at Bates number GOP-0535 under the word "technology" a photograph of beef. Is that

a photograph of what you have been calling hanging beef?

A. Yes, it is. Those are beef sides, yes.

MS. KANE: Just off the record for a second.

(An off-the-record discussion was held.)

A. Yes, that is hanging beef.

Q. Is each of those hanging carcasses half of an entire animal?

A. Yes, they are.

Q. And is it usually called a side of beef?

A. Yes, it is.

Q. Is there any way by your looking at the second page of the Exhibit GOP-10 brochure Bates numbered GOP-0536 that you can identify the approximate date that this brochure was first published?

A. Yes, I can.

Q. Please do so.

A. In the upper right corner the photograph is of this facility, the new facility, but in the second sentence it says, our new

fabricating facility opened in the spring of 1996. A new slaughter plant will be completed in 1998. So this would obviously be between the '96 and '98 time period.

Q. Thank you. Again looking at the upper right portion of the second page of the Exhibit GOP-10 brochure Bates number GOP-0536, is that building the new L Street fabrication facility which the Exhibit GOP-10 brochure stated was opened in the spring of 1996?

A. Yes, it is.

Q. Is the sign over the front door of the building shown on the second page of the Exhibit GOP-10 brochure substantially identical to the trademark shown in the Exhibit GOP-8 USDA application?

A. Yes, it is.

Q. To the best of your own personal knowledge, has that sign over the front door shown on the second page of Exhibit GOP-10, or one which is substantially identical to it, been located over the front door of Defendant Greater Omaha's L Street building from 1996 to the present?

A. Yes, it has.

Q. Mr. Fili, I see that on the last page of the Exhibit GOP-10 brochure Bates numbered GOP-0540, next to Mr. Davis's photograph is there -- that there is a statement from Mr. Davis as president. Do you see that?

A. Yes, I do.

Q. Would you please read the first three sentences of the second paragraph of Mr. Davis's statement?

A. It says, the 1980s and 1990s brought many changes to the beef industry. These changes required that we evolve from a beef carcass producer to a boxed beef fabricator. The challenges of this transformation were formidable, but we have met them with a commitment of resources and willpower.

Q. Thank you. Mr. Fili, does that statement that you have just read corroborate the testimony that you have just given about your company's beginning in 1992 to make a change to becoming a boxed beef fabricator?

A. Yes, it does.

MS. KANE: 19 -- what year?

MR. SAMUELS: '92.

MS. KANE: Thank you.

BY MR. SAMUELS:

Q. On the last page of the Exhibit GOP-10 brochure Bates numbered GOP-0540, in the photograph of Mr. Davis I see eight shipping boxes; is that correct?

A. That is correct.

Q. Is the Greater Omaha and steer head logo trademark which is printed on each of those eight shipping boxes in the Exhibit GOP-10 photo substantially identical to the trademark printed on the shipping box which was approved by the U.S. Department of Agriculture in 1992 as shown in Exhibit GOP-8?

A. Yes, it is.

Q. Based on your own personal knowledge, has your company, Greater Omaha Packing Company, used shipping boxes bearing the Greater Omaha and steer head logo trademark, which boxes and trademark were virtually identical to the shipping boxes shown on the last page of the Exhibit GOP-10 photo, to ship boxed beef to customers in each and every year from 1992 to at least July 2014?

A. Yes, we did.

Q. And based on your own personal

knowledge, has your company used shipping boxes bearing the Greater Omaha and steer head logo trademark, which boxes and trademark were virtually identical to the shipping boxes shown on the last page of the Exhibit GOP-10 photo, to ship boxed beef to Plaintiff Omaha Steaks International, Inc. in each and every year from 1992 to at least July 2014?

A. Yes.

Q. Have you carefully read Exhibit GOP-10?

A. Yes.

Q. And did you state that you were personally involved in creating Exhibit GOP-10?

A. Yes, I was with Mr. Henry Davis.

Q. Do you have personal knowledge regarding the statements contained in Exhibit GOP-10?

A. Yes, I do.

Q. And are the statements contained in Exhibit GOP-10 true and correct to the best of your own personal knowledge?

A. Yes, they are.

Q. Thank you. Mr. Fili, I now show you a four-page document which has been marked

Exhibit GOP-11. Exhibit GOP-11 contains copies of several pages from a newspaper entitled *Midlands Business Journal* dated March 3-9, 1997. Exhibit bears Bates numbers GOP-0753 through 0756. Are you familiar with this exhibit?

A. Yes. I believe you said March, but it says October 3-9.

Q. May I see the exhibit?

A. I just believe you said March.

Q. I did. I correct myself. The date of the *Midlands Business Journal* is October 3-9, 1997. Thank you for seeing that, Mr. Fili.

Mr. Fili, I also show you the actual *Midlands Business Journal* newspaper. Is Exhibit GOP-11 an exact copy of the front page and page 4 and page 18 of the actual newspaper that I am showing to you?

MS. KANE: And I'd ask for a minute before you ask more questions since I've not seen this before. And I read very quickly. Thank you.

BY MR. SAMUELS:

Q. Mr. Fili, I was asking you whether Exhibit GOP-11 is an exact copy of the front page and page 4 and page 18 of the actual newspaper

that I am showing to you.

A. Yes, it is.

Q. On page 4 Bates numbered GOP-0754 of the Exhibit GOP-11 newspaper, does it state when *Midlands Business Journal* was established?

A. Yes, it does.

Q. What does it say?

A. Established in 1975.

Q. To the best of your own personal knowledge, was the *Midlands Business Journal* a publication which was available to the public in Nebraska and in Iowa in 1997?

MS. KANE: Objection to foundation. I'll stipulate that it was available, but I doubt this witness has any knowledge about the publishing of the journal.

MR. SAMUELS: Ms. Jane, are you stipulating that the *Midlands Business Journal* was available to the public in Nebraska and Iowa in 1997?

MS. KANE: It's been the Bible since then, yes.

MR. SAMUELS: Could we also stipulate that it was available between 1997 and the year 2000?

MS. KANE: And still is today. Hits my desk every week.

MR. SAMUELS: Thank you.

BY MR. SAMUELS:

Q. On the front page of the Exhibit GOP-11 newspaper Bates numbered GOP-0753, who is the person in the photo?

A. Mr. Henry Davis.

Q. And what is he holding?

A. A box of beef.

Q. Do the six shipping boxes on the front page in the Exhibit GOP-11 photo show a logo trademark which is identical to the logo trademark on the eight shipping boxes in the Exhibit GOP-10 photo?

A. Yes, they are.

Q. Mr. Fili, I am now going to quote several statements in the Exhibit GOP-11 newspaper and ask you whether, to the best of your own personal knowledge, these 1997 statements were true or false.

On the front page Bates numbered GOP-0753, it states that your company is investing $3 million to build a 30,000-square-foot addition. To the best of your own personal

knowledge, was that true or false in 1997?

A. That was true.

Q. And on the third page of the 1997 Exhibit GOP-11 Bates numbered GOP-0755, it also says that your company was operating two plants: The plant at 5102 South 26th Street processed live cattle, and the plant at 3001 L Street converted the beef into fabricated boxed beef cuts. To the best of your own personal knowledge, was that true or false in 1997?

A. That was true.

Q. On the third page of Exhibit GOP-11 Bates numbered GOP-0755, it also says that the L Street plant was completed in May 1996. To the best of your own personal knowledge, was that true or false?

A. That was true.

Q. Do you feel that all of the statements concerning your company on the front page and page 18 of Exhibit GOP-11 were true or false, to the best of your own personal knowledge?

A. They were true.

Q. Thank you. I now show you a one-page document dated January 23, 1998, which has been

marked Exhibit GOP-12. Exhibit GOP-12 is entitled container layout. The exhibit bears Bates number GOP-0158. Are you familiar with this exhibit?

A. Yes, I am.

Q. What is Exhibit GOP-12?

A. It is a container -- boxed container layout, shipping container layout that goes back and forth with the box company to approve the type of labeling that we want to -- artwork that we want to have on a shipping container.

Q. So are you saying that Exhibit GOP-12 shows the printing that you want to have placed on the shipping box?

A. Yes, it does.

Q. And do -- I understand that you said it goes back and forth to the box manufacturer so the box manufacturer will know what your company wants the box manufacturer to make; is that correct?

A. It can go back and forth. It could be a one-shot deal. But, yes, that's what it does.

Q. To the best of your own personal knowledge, did a box manufacturer make shipping

boxes in 1998 for Defendant Greater Omaha that looked like the drawing in Exhibit GOP-12?

A. Yes, they did.

Q. Did they make many boxes or few boxes?

A. Many, many boxes.

Q. Thousands of boxes?

A. Many thousands.

Q. To the best of your knowledge, did the box manufacturer make shipping boxes in 1998 that looked like the Exhibit GOP-12 drawing in varying sizes?

A. Yes, they did.

Q. Is the Greater Omaha trademark -- let me say that again. Is the Greater Omaha logo trademark in the Exhibit GOP-12 drawing identical to the Greater Omaha logo trademark on the six shipping boxes in the Exhibit GOP-11 photo?

A. Yes, it is.

Q. And is the Greater Omaha logo trademark in the Exhibit GOP-12 drawing identical to the Greater Omaha logo trademark on the eight shipping boxes in the Exhibit GOP-10 photo?

A. Yes, it is.

Q. Is there anything such as an address

on the Exhibit GOP-12 drawing which is different from the previous shipping boxes?

A. Yes. The previous shipping box had 2519 Gomez. This, in 1998, would have been 3001 L Street.

Q. When you say it "would have been," does it say 3001 L Street on Exhibit GOP-12?

A. Yes, it does.

Q. Thank you. To the best of your own personal knowledge, did the shipping box manufacturer ever ship to your company shipping boxes which corresponded to the Exhibit GOP-12 drawing?

A. Yes, they did.

Q. And I believe you've testified that they ship thousands of boxes; is that correct?

A. Yes, they do.

Q. To the best of your own personal knowledge, did Defendant Greater Omaha continuously ship boxed beef from the L Street plant to customers in each and every year from at least as early as 1998 to at least the end of 2014 in shipping boxes bearing a Greater Omaha and steer head logo substantially identical to the trademark shown in Exhibit GOP-12?

A. Yes, we did.

Q. To the best of your own personal knowledge, did Greater Omaha Packing Company continuously ship boxed beef from the L Street plant to Plaintiff Omaha Steaks International, Inc. in each and every year from at least as early as 1998 to at least the end of 2014 in shipping boxes bearing a Greater Omaha and steer head logo trademark substantially identical to the trademark shown in Exhibit GOP-12?

A. Yes, we did.

Q. Thank you. Mr. Fili, I now show you a three-page document which has been marked Exhibit GOP-13. Exhibit GOP-13 contains copies of several pages from a newspaper entitled *Midlands Business Journal* dated October 15-21, 1999. This exhibit bears Bates numbers GOP-0757 through 0759. Are you familiar with this exhibit?

A. Yes, I am.

Q. I now show you the actual *Midlands Business Journal* newspaper. Is Exhibit GOP-13 an exact copy of the front page and page 17 of the actual newspaper that I am showing you?

A. Yes, it is.

Q. On the front page of the Exhibit GOP-13 newspaper Bates numbered GOP-0757, who are the people in the photo?

A. Mr. Henry Davis and myself.

Q. In the photo what are you standing in front of?

A. The new facility construction site.

Q. Is that at the L Street plant?

A. Yes, it is.

Q. Mr. Fili, I'm now going to quote several statements from the Exhibit GOP-13 newspaper and ask you whether, to the best of your own personal knowledge, these 1999 statements were true or false.

On the front page Bates numbered GOP-0757, it states that your company spent $6 million in food safety equipment alone. To the best of your own personal knowledge, was that true or false?

A. That was true.

Q. On the front page of Exhibit GOP-13 Bates number GOP-0757, it states that the firm's dedication to food safety has led to a major procurement of equipment. To the best of your own personal knowledge, was that true or false?

A. That was true.

Q. On the second page Bates numbered GOP-0758, it states that the new building addition to be completed in February 2000 will move the company's cattle production facility from the original South 26th Street plant, open since 1920, to the L Street beef fabrication plant built in 1996. To the best of your own personal knowledge, was that true or false?

A. That is true.

Q. Do you feel that all of the statements concerning your company on the front page and page 17 of Exhibit GOP-13 are true or false to the best of your own personal knowledge?

A. Yes, I do.

Q. Were they true or were they false?

A. They were true.

Q. Thank you.

MS. KANE: Steve, I'll just note that the second page of the exhibit, at least on mine, is really cut off on the right. I would ask that maybe you have Dee Dee make another copy for the official record, because I'm not able to read to the end of all the sentences, and it's not so simple that I can put into context what's missing. Sometimes it would just cut off part of

a word, but it looks like it's missing entire words all the way down.

MR. SAMUELS: I would be glad to do so, Ms. Kane.

MS. KANE: Thank you. Can you do that, Dee Dee, and add it to the exhibit, please?

COURT REPORTER: Sure.

BY MR. SAMUELS:

Q. Mr. Fili, in late 2005 or early 2006, did you become involved in planning a new marketing program for minimally-processed Angus beef which contained no artificial ingredients?

A. Yes, I did.

Q. Very briefly tell us what that new marketing program was all about.

A. We had customers that were looking for minimally-processed natural products from the Angus breed specification.

Q. Did your company feel that a new trademark would be helpful to the new Angus beef marketing program?

A. Yes, we did.

Q. Why was that?

A. People prefer their products from Greater Omaha Packing, and we wanted to design

something so they could identify it as -- so that they could identify it as one of our products.

Q. Did you become involved in creating that new trademark?

A. Yes. I worked with Mr. Henry Davis on it.

Q. What did you create?

A. A branded program called Omaha Natural Angus.

Q. And did you create a new logo trademark?

A. Yes, we did.

Q. And when you created that new logo trademark, did you have the company name or the trademarks of Omaha Steaks International, Inc. in your mind at all?

A. No, we did not.

Q. Mr. Fili, I now show you a two-page document dated April 18, 2006, which is marked Exhibit GOP-14. This document appears to be an application to the U.S. Department of Agriculture. The exhibit bears Bates numbers GOP-0723 and 0724. Are you familiar with this document?

A. Yes, I am.

Q. What is Exhibit GOP-14?

A. This is a copy of the USDA label submission that we made to apply for labeling for Omaha Natural Angus.

Q. Was that to seek approval of your new Angus beef logo trademark?

A. Yes. For USDA approval, correct.

Q. Does Exhibit GOP-14 show the new logo trademark that Henry Davis and you created for the new Angus beef marketing program?

A. Yes, it does on page 2.

Q. Was your company's 2006 Exhibit GOP-14 application to the U.S. Department of Agriculture approved?

A. Yes, it was.

Q. On what date was it approved?

A. In Box 2 is the USDA approval stamp that they were using at that time. It says May 10th, 2006.

Q. I now show you a one-page document which is U.S. trademark registration number 4006768 which is marked Exhibit GOP-2 and which bears Bates number GOP-0368. Exhibit GOP-2 was offered in the Todd Simon deposition. Are you familiar with this document?

A. Yes, I am.

Q. Is the logo trademark shown in Exhibit GOP-2 virtually identical to the logo trademark shown in Exhibit GOP-14?

A. Yes, it is.

Q. I now show you a one-page document dated October 18, 2006, which has been marked Exhibit GOP-15. Exhibit GOP-15 is entitled container layout. The exhibit bears Bates number GOP-0194. Are you familiar with this exhibit?

A. Yes, I am.

Q. What is Exhibit GOP-15?

A. It is a shipping container layout graphic approval form to go with the box company that makes our boxes.

Q. Does that GOP Exhibit 15 show all the printing which your company wants to have placed on the shipping box?

A. Yes, it does.

Q. Is the logo trademark in the Exhibit GOP-15 container drawing identical to the logo trademark in the Exhibit GOP-14 U.S. Department of Agriculture application?

A. Yes, it is.

Q. And is the logo trademark in the

Exhibit GOP-15 drawing virtually identical to the logo trademark in the Exhibit GOP-2 trademark registration?

A. Yes, it is.

Q. To the best of your knowledge, did a box manufacturer make and deliver shipping boxes in 2006 for Defendant Greater Omaha that looked like the drawing in Exhibit GOP-15?

A. Yes, they did.

Q. Did the manufacturer deliver shipping boxes in 2006 that looked like the drawing in Exhibit GOP-15 in varying sizes?

A. No. I believe the size -- this is an approval for one size.

Q. Thank you. Did the box manufacturer deliver many or few such shipping boxes?

A. Many thousands.

Q. Many thousands in 2006. And did they continue to deliver boxes like that shown in Exhibit GOP-15 in the following years?

A. Yes, they did.

Q. I now show you a photograph of a shipping box marked Exhibit GOP-16. The exhibit bears Bates number GOP-0725. Are you familiar with this photograph?

A. Yes, I am.

Q. What is Exhibit GOP-16?

A. It is a photograph of a flattened-out shipping container.

Q. An actual shipping container?

A. Yes, it is.

Q. Please compare the Exhibit GOP-15 container layout drawing and the Exhibit GOP-16 photograph of a shipping container and please tell us if you see any difference between what is shown in the two exhibits.

A. No, I do not.

Q. By that do you mean there is no difference?

A. I do not see any differences.

Q. Did your company continuously ship Angus beef to customers in shipping containers like Exhibit GOP-16 in each and every year from 2006 to at least July 2014?

A. Yes, we did.

Q. Did your company continuously ship Angus beef to plaintiff plaintiff -- let me restate the question.

Did your company continuously ship Angus beef to Plaintiff Omaha Steaks International,

Inc. in shipping containers like Exhibit GOP-16 in each and every year from 2006 to at least July 2014?

A. Yes, we did.

Q. Thank you.

(An off-the-record discussion was held.)

BY MR. SAMUELS:

Q. Before we took our little break I asked, Mr. Fili -- I'm now showing you a one-page document dated January 15, 2007, which has been marked Exhibit GOP-25. Exhibit GOP-25 is entitled Greater Omaha Packing Company invoice and bears Bates number GOP-0465. Mr. Fili, are you familiar with this document?

A. Yes, I am.

Q. What is this document?

A. This is a product invoice from Greater Omaha Packing Company to Omaha Steaks International.

Q. Is that for a number of beef products?

A. Yes, it is.

Q. Do any of the beef products include Angus beef products?

A. Yes, they do.

Q. What is the total weight for this order?

A. It is 22,898.9 pounds.

Q. What is the total dollar amount for this order?

A. $98,064.43.

Q. To the best of your own personal knowledge, were the Angus beef products listed on the 2007 Exhibit GOP-25 invoice shipped to Plaintiff Omaha Steaks in shipping containers like Exhibit GOP-16?

A. Yes, they would be.

Q. Do you mean they were or they would be?

A. Yes, they were and they would be.

Q. Are you aware that in the earlier deposition of Carol Mesenbrink, Ms. Mesenbrink identified and discussed Defendant Greater Omaha's Exhibit GOP-30 which was a large group of individual invoices showing sales of Angus beef products by Defendant Greater Omaha to Plaintiff Omaha Steaks from 2006 to 2014?

A. Yes, I am aware of that.

Q. Are you familiar with Exhibit GOP-30?

A. Yes, I am.

Q. To the best of your own personal knowledge, in each and every year from 2006 to at least July 2014, were the vast majority of the Angus beef products, which are shown on Defendant Greater Omaha's Exhibit GOP-30 invoices to Plaintiff Omaha Steaks, shipped to Plaintiff Omaha Steaks in shipping containers like Exhibit GOP-16?

MS. KANE: I'm going to object that the questions are leading. I'm not too terribly upset about it, but I don't think it's appropriate.

MR. SAMUELS: All right. I asked to the best of his own personal knowledge, but....

A. Yes, they would be.

Q. And is that to your own personal knowledge?

A. Yes, of course.

Q. Very well. To the best of your own personal knowledge, is it true or false that in each and every year from 2006 to at least July 2014 Angus beef products were shipped to Plaintiff Omaha Steaks in shipping containers like Exhibit GOP-16?

A. Yes, that would be true.

Q. I now show you a one-page document dated February 6, 2007, which is marked Exhibit GOP-17. The document appears to be a purchase order acknowledgment from Swanda, S-W-A-N-D-A, Business Forms to Defendant Greater Omaha. The exhibit bears Bates number GOP-0726. Are you familiar with this document?

A. Yes, I am.

Q. What is this document?

A. This is a purchase order for labels made for us by Swanda Business Forms.

Q. And when you say "made for us," do you mean for Greater Omaha Packing Company?

A. Yes, sir, I do.

Q. Mr. Fili, I now show you a copy of a strip of adhesive labels which has been marked Exhibit GOP-18. Exhibit GOP-18 bears Bates number GOP-0727. Are you familiar with this strip of labels?

A. Yes, I am.

Q. I'm also showing you an actual strip of adhesive labels. Is Exhibit GOP-18 an exact copy of the actual strip of adhesive labels that I am showing to you?

A. Yes, it is.
Q. What is Exhibit GOP-18?
A. It is an identifier label that we use on boxes to identify the program, in this instance an Omaha Natural Angus program product.
Q. Is it a strip of adhesive labels?
A. Yes, it is.
Q. To the best of your own personal knowledge, was that strip torn off of a roll of such labels?
A. Yes. They come in rolls of 1,000 or 10,000 labels, different size rolls, but, yes, they come in a roll.
Q. And can those labels in Exhibit GOP-18 be adhesively stuck onto a surface?
A. Yes. They're adhesive labels, correct.
Q. What is the purpose of those Exhibit 18 labels?
A. For products that are placed in different size boxes. Meaning you asked earlier if that container was -- that's a certain size container, but other people would order boxes such as a half pack or two or three pieces per

box. So when we use a different box, in order to continue the brand identification you have to have a label identifier for brand identification, these would be applied to the box.

Q. If you used a box for the Omaha Natural Angus product like a box shown in Exhibit GOP-16, would you need the label or would you not need the adhesive label that's contained in Exhibit GOP-18?

A. The box would need a brand identifier, but this box is actually printed with brand identifiers, so we would not need to place this label on that box.

MR. SAMUELS: And when Mr. Fili says "this box," he's pointing to Exhibit GOP-16.

Q. Is the label in Exhibit GOP-18, is the logo and the label in Exhibit GOP-18 essentially identical to the logo that's in Exhibit GOP-16?

A. Yes, it is.

Q. So why would you need those labels like Exhibit GOP-18?

A. The secondary processor needs the ability to identify the brand claims that we would make as coming from that type of animal,

such as an Omaha Natural Angus animal needs to be identified at the processor. But if they order a box where it's not printed on the label -- printed on the box itself, we would use these to identify brand continuation.

Q. So correct me if I'm wrong, but what I understand you're saying is that if you don't have a box like Exhibit 16 that fits the order, you use another box and you place an Exhibit GOP-18 adhesive label on the box, is that correct or is that incorrect?

A. That is correct. This is a standard breaker box, but there are combos or half-pack boxes that are smaller. We don't print every size box in this brand. We use a brand identifier for Omaha Angus and other breed claims.

Q. Thank you. Mr. Fili, I'm showing you Exhibit GOP-12 again. If you didn't have a box of the correct size, that is, if you didn't have an Exhibit GOP-16 box that was the correct size for the order, would you sometimes put the Exhibit GOP-18 adhesive labels on a box like the Exhibit GOP-12 box?

A. Yes, we would.

Q. Thank you. Mr. Fili, please look at Exhibit GOP-18 and Exhibit GOP-17. Does the product code 4143 item on Exhibit GOP-17 correspond to the Exhibit GOP-18 strip of adhesive labels?

A. Yes, it does.

Q. And is the logo trademark in the Exhibit GOP-18 strip of adhesive labels identical to the logo trademark in the Exhibit GOP-2 trademark registration?

A. Yes, it is.

Q. And I believe you've already answered this, but to the best of your own personal knowledge, did Greater Omaha receive 10,000 adhesive labels specified in Exhibit GOP-17 on or shortly after the exhibit -- pardon me, on or after the February 6, 2007, date of Exhibit GOP-17?

A. Yes, we would have.

Q. By "would have" --

A. Yes, we did.

Q. -- does that mean that you did?

A. Yes, we did.

Q. Thank you. About how often does your company have the need to use one of the

Exhibit GOP-18 adhesive labels on a shipping box like the Exhibit GOP-12 shipping box?

A. Daily.

Q. Daily?

A. Yes, sir.

Q. Does that mean that Defendant Greater Omaha has placed the Exhibit GOP-18 adhesive labels on shipping boxes for Angus beef in each and every year from at least as early as 2007 to 2014?

A. Yes, we have.

Q. Does that mean that Defendant Greater Omaha has placed Exhibit GOP-18 adhesive labels on shipping boxes for Angus beef sold and shipped to Plaintiff Omaha Steaks in each and every year from at least as early as 2007 to 2014?

A. Yes, we have.

Q. Thank you. I now show you a document dated June 17, 2009, entitled B&R Stores Omaha Natural Angus price list which has been marked Exhibit GOP-19. Exhibit GOP-19 bears Bates number GOP-0763. Are you familiar with this document?

A. Yes, I am.

Q. What is Exhibit GOP-19?

A. This is a product price list for Omaha Natural Angus products, and this one in particular would have gone to B&R Stores.

Q. Do you send such price lists to customers on a regular basis?

A. Yes. Every day.

Q. Does Exhibit GOP-19 contain a logo trademark which is exactly identical to the logo trademark shown in the Exhibit GOP-2 trademark registration?

A. Yes, it does.

Q. Does the Exhibit GOP-19 contain a logo trademark which is exactly identical to the logo trademark shown in the Exhibit GOP-18 adhesive label?

A. Yes, it does.

Q. Thank you. Mr. Fili, I now show you a group of 12 Omaha Natural Angus price lists which have been marked Exhibit GOP-20. These 12 price lists bear sequential Bates numbers GOP-0728 through 0739. I will tell you that the 12 Exhibit GOP-20 price lists are substantially similar to the Exhibit GOP-19 price list except that the dates shown on each of the Exhibit GOP-20 price lists range from June 21,

2010, to April 14, 2015. Are you familiar with Exhibit GOP-20?

A. Yes, I am.

Q. Please look at Exhibit GOP-20 and tell me if it is true or false that all of the Exhibit GOP-20 price lists are substantially similar to the Exhibit GOP-19 price list except for their dates.

MS. KANE: I'll stipulate.

MR. SAMUELS: Thank you.

BY MR. SAMUELS:

Q. Mr. Fili, did your company send the Exhibit GOP-19 and the Exhibit GOP-20 price lists to B&R Stores on or about the dates shown on each price list?

A. Yes, we did.

Q. Did your company send price lists corresponding to Exhibit GOP-19 and GOP-20 to your other customers with those other customers' names printed at the top of the document on or about the dates shown on each price list?

A. Yes, we did.

Q. So is it your testimony that Defendant Greater Omaha sent price lists like Exhibit GOP-19 which contain the Exhibit GOP-2

logo on a continuous basis from at least as early as June 17, 2009, to the present in each and every year to a large number of its customers?

A. Yes, we -- yes, we did.

Q. Thank you. Mr. Fili, in 2009 did you become involved in planning a new marketing program for Hereford beef?

A. Yes, I did.

Q. Very briefly tell us what that new marketing program was all about.

A. We worked with customers to develop a program that would be a subset of the Hereford breed specification.

Q. And did you want the new Hereford beef product to have a company-owned trademark?

A. Yes, we did.

Q. Is it true or false that you thought that a new company-owned trademark would be helpful to the marketing program?

A. Yes, we did.

Q. Did you become involved in creating that new trademark?

A. Yes. I worked directly with Mr. Henry Davis in the design.

Q. When you created that new trademark,

did you have the company name or the trademarks of Omaha Steaks International, Inc. in your mind at all?

A. No, we did not.

Q. Mr. Fili, I now show you a one-page document which is U.S. trademark registration number 3998763 which is marked Exhibit GOP-3 and which bears Bates number GOP-0367. Exhibit GOP-3 was offered in the Todd Simon deposition. Are you familiar with this document?

A. Yes, I am.

Q. Is the logo trademark which you say that Henry Davis and you created in 2009 identical to the logo trademark shown in Exhibit GOP-3?

A. Yes, it is.

Q. I now show you a document dated June 4, 2012, entitled certified Hereford beef FOB prices which has been marked Exhibit GOP-21. Exhibit GOP-21 bears Bates number GOP-0740. Are you familiar with this document?

A. Yes, I am.

Q. What is Exhibit GOP-21?

A. It is a product price list for Hereford products.

Q. Did you send such price list to your customers?

A. Yes, we did.

Q. On a regular or irregular basis?

A. Yes, regular.

Q. Does Exhibit GOP-21 contain a logo trademark which is identical to the logo trademark shown in the Exhibit GOP-3 trademark registration?

A. Yes, it does.

Q. Mr. Fili, I now show you a group of nine Hereford beef price lists which have been marked Exhibit GOP-22. These nine price lists bear sequential Bates numbers GOP-0741 through 0749. I will tell you that the nine Exhibit GOP-22 price lists are substantially similar to the Exhibit GOP-21 price lists except that the dates shown on each of the Exhibit GOP-22 price lists range from December 26, 2012, to March 30, 2015. Are you familiar with Exhibit GOP-22?

A. Yes, I am.

Q. Please look at Exhibit GOP-22 and tell me if it is true or false that all of the Exhibit GOP-22 price lists are substantially

similar to the Exhibit GOP-21 price list except for their dates.

A. Yes, they are.

MS. KANE: I don't stipulate to that.

Q. Did your company send the Exhibit GOP-21 and the Exhibit GOP-22 price lists to many of your Hereford beef customers on or about the dates shown on each price list?

A. Yes, we did.

Q. So is it your testimony that Defendant Greater Omaha sent price lists like Exhibit GOP-21 which contain the Exhibit GOP-3 logo on a continuous basis from at least as early as June 4, 2012, to the present in each and every year to a large number of its customers?

A. Yes, we did.

Q. Thank you. Mr. Fili, in 2013 did you become involved in planning a somewhat more modernized version of the original Exhibit GOP-8 Greater Omaha trademark which you testified that Henry Davis and you created in 1992?

A. Yes.

MS. KANE: I'm going to object to the form of the question. It was compound and

leading.

MR. SAMUELS: I don't believe so, but let's -- let me rephrase the question.

BY MR. SAMUELS:

Q. In 2013 did you become involved in planning a somewhat more modernized version of the original Exhibit GOP-8 Greater Omaha trademark?

A. Yes, I did.

Q. Was that the trademark that was created by Henry Davis and you in 1992?

A. Yes, it was.

Q. Did you become involved in creating that modernized trademark?

A. Yes, I did.

Q. Did you become involved by yourself or with Mr. Henry Davis?

A. With Mr. Henry Davis.

Q. When you created that modernized trademark, did you have the company name or the trademarks of Omaha Steaks International, Inc. in your mind at all?

A. No, we did not.

Q. I now show you a one-page document which is U.S. trademark application serial number

85897951 which is marked Exhibit GOP-1 and which bears Bates number GOP-0527. Exhibit GOP-1 was offered in the Todd Simon deposition. Are you familiar with this document?

A. Yes, I am.

Q. Is the modernized logo trademark which you say that Henry Davis and you created in 2013 identical to the logo trademark shown in Exhibit GOP-1?

A. Yes, it is.

Q. I now show you a one-page document which is U.S. trademark -- I'm sorry, I'm going to revise that question.

I now show you a one-page container layout drawing dated February 2014 which has been marked Exhibit GOP-23. Exhibit GOP-23 bears Bates number GOP-0750. Are you familiar with this exhibit?

A. Yes, I am.

Q. To the best of your knowledge, did a box manufacturer make shipping boxes in 2014 for Defendant Greater Omaha that looked exactly like the drawing in Exhibit GOP-23?

A. Yes, they did.

Q. I now show you a photograph of a

shipping box marked Exhibit GOP-24. The exhibit bears Bates number GOP-0751. Are you familiar with this photograph?

A. Yes, I am.

Q. What is it?

A. It is a photograph of a flattened-out shipping container.

Q. Is the logo trademark in the Exhibit GOP-23 container drawing identical to the logo trademark in the Exhibit GOP-1 trademark application?

A. Yes, it is.

Q. Please compare the Exhibit GOP-23 container layout drawing and the Exhibit GOP-24 photograph of a shipping container and please tell us if you see any difference between the two logos which are shown in those two exhibits.

A. No, I do not.

Q. Are you saying that there is no difference?

A. There is no difference.

Q. Has your company continuously shipped beef to customers in shipping containers like Exhibit GOP-24 from at least as early as February 2014 to the present?

A. Yes, we have.

Q. Mr. Fili, have you looked at the exhibits which were offered in the Carol Mesenbrink deposition?

A. Yes, I have.

Q. To the best of your own personal knowledge, do the Mesenbrink exhibits appear to you to be company records which were accurately kept in the normal and regular course of business at Defendant Greater Omaha?

A. Yes, they are.

Q. To the best of your own personal knowledge, were at least some of the beef products identified in the Mesenbrink deposition exhibits shipped in boxes corresponding to Exhibit GOP-12 in each and every year from 2005 to 2015?

A. Yes, they are.

Q. To the best of your own personal knowledge, were at least some of the Angus beef products identified in the Mesenbrink deposition exhibits shipped in boxes corresponding to Exhibit GOP-16 in each and every year from 2006 to 2015?

A. Yes, they were.

Q. To the best of your own personal knowledge, were at least some of the Hereford beef products identified in the Mesenbrink deposition exhibits advertised in point of sale materials corresponding to Exhibits GOP-21 and 22 which were distributed to customers in each and every year from 2010 to 2015?

A. Yes, they are -- yes, they were.

Q. To the best of your own personal knowledge, were at least some of the beef products identified in the Mesenbrink deposition exhibits shipped in boxes corresponding to Exhibit GOP-24 in each and every year from 2014 to 2015?

A. Yes, they were.

Q. Thank you.

MS. KANE: I'd like you to keep those for my cross-exam so we don't have to pull them out again later, please.

BY MR. SAMUELS:

Q. Mr. Fili, Plaintiff Omaha Steaks International, Inc. in its notice of opposition in this proceeding alleged that if Defendant Greater Omaha marketed goods of poor quality, Plaintiff Omaha Steaks would be damaged. To the

best of your own personal knowledge, have you ever observed that any of Defendant Greater Omaha's beef products which your company markets under the trademarks shown in Exhibits 1, 2, and 3 were of a poorer quality than the beef marketed by Plaintiff Omaha Steaks?

A. No, I have not.

Q. Mr. Fili, is it correct that you've been an employee of Greater Omaha Packing Company since 1992?

A. Yes.

Q. To the best of your own personal knowledge, have you or any of your company's employees ever received a communication of any kind from anyone indicating that any of your companies or Plaintiff Omaha Steaks' customers or potential customers ever thought that your company was Plaintiff Omaha Steaks?

A. No, I have not.

Q. To the best of your own personal knowledge, have you or any of your company's employees ever received a communication of any kind from anyone stating that any of your companies or Plaintiff Omaha Steaks' customers or potential customers ever thought that your

company was licensed by or was affiliated in any way with Plaintiff Omaha Steaks?

A. Never.

Q. Prior to January 1, 2015, has Defendant Greater Omaha ever sold any beef products directly to nonemployee members of the general public?

A. No, we have not.

Q. Prior to January 1, 2015, has Defendant Greater Omaha ever sold any beef products through retail stores owned or operated by your company?

A. No, we did not.

Q. Prior to January 1, 2015, has Defendant Greater Omaha ever sold any beef products which were ready to be cooked and eaten by the purchaser?

A. No, we did not.

MS. KANE: I didn't hear you.

THE WITNESS: No, we have not.

BY MR. SAMUELS:

Q. Does Greater Omaha Packing Company have a minimum purchase requirement when it sells beef products to a customer?

A. Yes, we do.

Q. And what is that minimum purchase requirement?

A. 10,000 pounds.

Q. Very roughly, what is the minimum dollar amount that a purchase of 10,000 pounds of beef would cost?

A. If beef were a dollar a pound, that would be $10,000. If it was $3 a pound, it would be $30,000.

Q. To the best of your knowledge, has Greater Omaha recently sold any beef at a price less than $1 per pound?

A. No, we have not.

Q. Are you saying that your company currently requires that when each of your customers makes a purchase of beef under any of your company's trademarks, that the purchase total amount must be a minimum of at least $10,000?

A. Yes, we do.

Q. Mr. Fili, please describe the type of customer that Defendant Greater Omaha has been selling its beef to under each and every one of its trademarks since 1992.

A. Our typical customers are careful in

what they buy. They're very thoughtful of the products they bring into their facility. They're very sophisticated buyers and purveyors of beef products.

Q. Would you say they take little care or great care in deciding whether or not to make a purchase?

MS. KANE: Objection. Foundation.

Q. To the best of your own personal knowledge.

MS. KANE: Same objection.

A. I believe that our customers are very careful in what they purchase.

Q. Have you been involved with customers who make purchases?

A. Yes, I have been.

Q. Based on your own personal knowledge, would you say that your company's customers for its trademarked beef make quick and impulsive purchases?

A. No, they do not.

Q. Mr. Fili, does your description of your company's customers for its trademarked beef products apply to those customers purchasing Greater Omaha branded beef?

A. Yes, it does.

Q. Does your description of your company's customers apply to those customers purchasing beef products on or in connection with which the Exhibit GOP-2 trademark is used?

A. Yes, it does.

Q. Does your description of your company's customers apply to those customers purchasing beef on or in connection with which the Exhibit GOP-3 trademark is used?

A. Yes, it does.

Q. Does your description of your company's customers apply to those customers purchasing beef products on or in connection with which the Exhibit GOP-1 trademark is used?

A. Yes, it does.

Q. I am now turning to the two registrations which Plaintiff Omaha Steaks petitioned to cancel. Mr. Fili, I'm now showing you Exhibit GOP-2 which is registration number 4006768 which issued on August 2, 2011. Plaintiff Omaha Steaks petitioned to cancel Exhibit GOP-2 on June 26, 2014. Are you familiar with Exhibit GOP-2?

A. Yes, I am.

Q. To the best of your own personal knowledge, did any person connected with Plaintiff Omaha Steaks ever communicate with you prior to June 26, 2014, to object to your company's use or registration of that Exhibit GOP-2 registered mark?

A. No, they did not.

Q. To the best of your own personal knowledge, did any person connected with Plaintiff Omaha Steaks ever communicate with anyone connected with Defendant Greater Omaha prior to June 26, 2014, to object to your company's use or registration of that Exhibit GOP-2 registered mark?

A. No, they did not.

Q. To the best of your own personal knowledge, have you or any person connected with Defendant Greater Omaha ever received a communication or information of any kind from anyone indicating that Defendant Greater Omaha's use of its Exhibit GOP-2 trademark had actually caused confusion or potential customers -- pardon me. Let me restate that.

To the best of your own personal knowledge, have you or any person connected with Defendant

Greater Omaha ever received a communication or information of any kind from anyone indicating that Defendant Greater Omaha's use of its Exhibit GOP-2 trademark has actually caused customers or potential customers of either Plaintiff Omaha Steaks or Defendant Greater Omaha to become confused, mistaken, or deceived as to the source or sponsorship of beef products?

A. Never.

Q. I'm now showing you Exhibit GOP-3 which is registration number 3998763 which issued on July 19, 2011. Plaintiff Omaha Steaks petitioned to cancel Exhibit GOP-3 on June 26, 2014. Are you familiar with Exhibit GOP-3?

A. Yes, I am.

Q. To the best of your own personal knowledge, did any person connected with Plaintiff Omaha Steaks ever communicate with you prior to June 26, 2014, to object to your company's use or registration of that Exhibit GOP-3 registered mark?

A. Could you repeat the question?

Q. To the best of your own personal knowledge, did any person connected with Plaintiff Omaha Steaks ever communicate with you

prior to June 26, 2014, to object to your company's use or registration of that Exhibit GOP-3 registered mark?

A. No, they did not.

Q. To the best of your own personal knowledge, did any person connected with Plaintiff Omaha Steaks ever communicate with anyone connected with Defendant Greater Omaha prior to June 26, 2014, to object to your company's use or registration of that Exhibit GOP-3 registered mark?

A. No, they did not.

Q. To the best of your own personal knowledge, have you or any person connected with Defendant Greater Omaha ever received a communication or information of any kind from anyone indicating that Defendant Greater Omaha's use of its Exhibit GOP-3 trademark had actually caused customers or potential customers of either Plaintiff Omaha Steaks or Defendant Greater Omaha to become confused, mistaken, or deceived as to the source or sponsorship of beef products?

A. Never.

Q. To the best of your own personal knowledge, did any person connected with

Plaintiff Omaha Steaks ever communicate with anyone connected with Defendant Greater Omaha prior to June 26, 2014, to object to your company's use or registration of the Exhibit GOP-1 mark?

A. No, not that I'm aware of.

Q. To the best of your own personal knowledge, have you or any person connected with Defendant Greater Omaha ever received a communication or information of any kind from anyone indicating that Defendant Greater Omaha's use of its Exhibit GOP-1 trademark has actually caused customers or potential customers of either Plaintiff Omaha Steaks or Defendant Greater Omaha to become confused, mistaken, or deceived as to the source or sponsorship of beef products?

A. Never.

Q. Thank you. Mr. Fili, I now show you a one-page document which is U.S. trademark registration number 4690144 for the Greater Omaha trademark which is marked Exhibit GOP-26 and which bears Bates number GOP-0752. Are you familiar with this document?

A. Yes, I am.

Q. The Exhibit GOP-26 registration

states that the Greater Omaha trademark has been used by Defendant Greater Omaha Packing Company, Inc. since 1992 on beef. To the best of your own personal knowledge, is that true or false?

A. That is true.

Q. You testified earlier about the nature of your company's customers, and you stated that they were sophisticated and careful persons who are involved in making expensive purchasing decisions. Is your description true or false with regard to beef shipped in Exhibit GOP-12 containers?

A. It is true.

Q. Is your description true or false with regard to Angus beef shipped in Exhibit GOP-16 boxes?

A. Yes, that is true.

Q. Is your description true or false with regard to 1881 Hereford beef purchased by customers from the Exhibits GOP-21 or 22 price lists?

A. Yes, that is true.

Q. Is your description true or false with regard to beef shipped in Exhibit GOP-24 boxes?

A. Yes, that is true.

Q. Thank you. Is the Exhibit GOP-2 trademark a house mark, meaning that it is used on virtually all of the company's products?

MS. KANE: Object to the form and foundation of the question.

MR. SAMUELS: I'm going to continue with the question.

MS. KANE: Yeah, you can still answer.

BY MR. SAMUELS:

Q. Is the Exhibit GOP-2 trademark a house mark, meaning that it is used on virtually all of a company's products, or is the Exhibit GOP-2 trademark a model mark, meaning that it is used on only one segment of a company's products, to the best of your knowledge?

A. It's a model mark used on Angus products.

Q. Is Exhibit GOP-2 trademark used on any beef products other than Angus beef products?

A. No, it would not be.

Q. Is the Exhibit GOP-3 trademark a house mark or is it a model mark?

A. It would be a model mark.

Q. And why is that?

A. It's used on a subset of the Hereford specification animals.

Q. Is the GOP-3 trademark used on any of your company's beef products other than Hereford beef products?

A. No, it would not be.

MR. SAMUELS: Although I know that it is not necessary under the rules, I hereby offer into evidence all of the marked exhibits which the witness discussed today.

Mr. Fili, I have no further questions. Thank you.

(A short recess was taken.)

CROSS-EXAMINATION

BY MS. KANE:

Q. Welcome back, Mr. Fili. We met briefly before your testimony began this morning. My name is Nora Kane, and I represent Omaha Steaks International. Appreciate you being here today. I -- you used a few terms I don't know whether I'm necessarily familiar with. Did you use the term "harvest floor"?

A. Yes, I did.

Q. Can you please testify what that means?

A. When live animals are processed, meaning -- another term might be slaughter floor, harvest floor.

Q. Kill floor?

A. Kill floor, yes. That's another term for that.

Q. You testified that when you were at BeefAmerica that you traveled rather frequently to Greater Omaha Packing Company to observe carcasses and the product that your company was purchasing --

A. Yes, I did.

Q. -- is that correct?

Is -- how often would you say that you made such trips between 1983 and 1992?

A. As often as monthly.

Q. Is that true today of purchasers of Greater Omaha products? I.e., do companies like BeefAmerica or other of your customers visit the plant on a regular basis?

A. We no longer sell carcass beef.

Q. Same question though, do your customers visit the plant to observe the product

that they're purchasing?

A. Yes, they do.

Q. On a regular basis?

A. On a regular basis.

Q. Why?

A. To visit the plant and look at the products and judge the quality and make different types of product specifications.

Q. Is that generally not something that could be conducted over the phone?

A. It is often conducted over the phone.

Q. How often do representatives from Omaha Steaks International visit the facility to observe -- this facility to observe the products they are purchasing from your employer?

A. I don't believe that they do. I believe they have in the past. I don't believe they do though.

Q. They do not on a regular basis?

A. No, they do not.

Q. Do the persons responsible for buying product on behalf of Omaha Steaks generally conduct their business with your company over the phone?

A. I believe they do.

Q. What is a combo pack?

A. It is a large -- it's a box that's larger. It holds about 2,000 pounds of beef product.

Q. Is that synonymous with -- well, let me start over again.

Tell me again, please, how many pounds you just said.

A. Combos hold -- can hold up to about 2,400 pounds. They average closer to 2,000.

Q. Okay. What's a half pack?

A. All of those are different size boxes between the large box or the small box. They're just names that we use, but they can hold anything from a full box, which would be maybe 80 pounds to -- some people want to pack 60, some want 40, some want 20.

Q. So the half pack refers to sizes of product, not type of product?

A. It had nothing -- those terms are actually just terms for the box company. Meaning we call one of them a breaker box, one of them we may call a half pack, another is a 30-pound box. It just refers to the 19-by-22 or 22-by-13 or whatever they are. They're just more package --

Q. It refers to the container --
A. Container size.
Q. -- and not necessarily the content?
A. Correct.
Q. All right. You testified that -- well, let me ask it this way: Has Greater Omaha Packing Company ever experienced a problem with an E. coli outbreak?
A. A problem meaning?
Q. Has Greater Omaha Packing ever had E. coli present in the plant?
A. Yes, we have.
Q. How many times?
A. I wouldn't know the number of times. I wouldn't know the number of times.
Q. More than one?
A. More than one.
Q. Is that something that you are required to report to the USDA?
A. No, it is not.
Q. Is the detection of E. coli within the plant required to be reported to anyone?
A. All of our records are available to -- all records are available to the USDA at all times.

Q. And you, in fact, have USDA personnel on-site, don't you?

A. Yes, we have about -- USDA personnel every day.

Q. Mr. Samuels cleared up many of the questions I was going to ask, so I just want to skim through my notes.

A question of curiosity, would you look at Exhibit 12, please?

A. I don't know if I have --

Q. If you don't --

A. I do. I'm sorry, I do.

Q. Okay. I note on all the other exhibits with box specimens, that it had Greater Omaha Packing Company in one place or another. Exhibit 12 has Greater Omaha Packaging Company. Is that a typo?

A. I don't know where you see that.

Q. Let me show you. I'm pointing to the lower fourth or third of the page.

A. That is a typo I would say.

Q. Okay. Like I said, that was a question of curiosity.

Who are B&R Stores?

A. They are one of our customers.

Q. Where are they located?

A. They operate several facilities: Super Saver, Russ's Markets, and B&R Stores. I don't know where all they are, but....

Q. To where do you send the price list?

A. To the buyer.

Q. Located where?

A. At B&R Stores. Wherever his office is, I'm not sure.

Q. Okay. Is B&R Stores subject to the minimum purchase amount?

A. Yes, they are.

Q. Are all of your customers subject to the minimum purchase amount?

A. Yes, they are.

Q. I didn't print it out, but I recall seeing on your website, and I think that Mr. Davis did a video for YouTube, about a new product that you have that you can get an app to read the barcode and it tells you when to cook it, things like that. Are you familiar with that product? I think it might be called TenderAge.

MR. SAMUELS: I'm going to object to the line of questioning. You're on cross-examination. I don't know that he spoke

anything about a TenderAge product. I will also object on the grounds that it's irrelevant to any issue in this case.

MS. KANE: Well, we've talked all morning about customers and what they're sent and what it's packaged in, and so I'm asking about another type of customer.

BY MS. KANE:

Q. Are you marketing a product now that's intended to be sold to individual customers and that is ready to cook and eat?

MR. SAMUELS: On the same point, are you talking about a product that bears any of the marks involved in this controversy?

MS. KANE: Well, let me get there. Your objection is noted. Let me ask my question. You're not -- you don't get to interrogate me on what I'm going to ask.

BY MS. KANE:

Q. Do you need the question repeated?

A. I do.

MS. KANE: Would you please read it back?

(The requested portion of the testimony was read back at page 88, line 15.)

A. I'm familiar with TenderAge.
Q. What is TenderAge?
A. It is a type of packaging that products can be placed into.
MS. KANE: Dee Dee, I asked another question after that.
(The requested portion of the testimony was read back at page 89, line 8.)
A. I'm not sure of that.
Q. You don't know?
A. I don't know.
Q. You're vice president of the company. You've testified to things that you remember since Shep was a pup in the early 1990s, and you're telling me that right now you don't know if you're currently selling a product that is intended for individual customers and that is intended to be cooked and eaten? Is that your testimony, that you don't know?
A. I'm aware of most of the products that we make. I know we're making TenderAge products, but I don't follow everything that they sell every day.
Q. Well, tell me what TenderAge products you're familiar with.

A. TenderAge is actually a packaging style, meaning we use it for primals. We use it for subprimals. We use it for many different products. It's actually a packaging machine, not a product.

Q. All right. Well, let's just forget that I ever said the word "TenderAge" and let me ask you one more time. Is it your testimony that you do not know whether Greater Omaha Packing is offering for sale a product to individual customers that is intended for them to cook and eat?

A. I am aware of that.

Q. You are aware or you aren't aware of that product?

A. I am aware of that.

Q. Could you please tell me about that product? When did you start selling it?

A. I'm not sure if I know what the question -- if you have a specific question, I could answer that.

Q. I just asked you one. When did you start selling it?

A. Over Christmas.

Q. Of 2015?

A. Of 2015, yes.
Q. And to whom do you sell that product?
A. I don't know who the product's gone to.
Q. Do you know who the target market for that product is?
A. No, I do not.
Q. Do you know whether the product bears a barcode that the buyer can read and be told the opportune time to cook that product?
A. We have that barcode on our products, yes.
Q. On what products?
A. On many products.
Q. What products?
A. Box -- we have it on products that customers have asked us for that type of identification.
Q. What customers have asked for that?
A. I would really have to take some time and look at that. I don't sell boxed beef daily, actually, and this is a relatively new project that ran over Christmastime.
Q. Okay. And are the buyers of that product subject to the 10,000-pound minimum?

Wasn't that the number you testified to?

A. I think the question was if -- how we did business with our normal customers. But I don't believe they're subject to the 10,000-pound minimum.

Q. So they're not your normal customers. How would you define them?

A. It was a project we ran over Christmastime.

Q. That wasn't the question. The question was how would you define the customers that you're targeting?

A. Just regular customers that are looking for a product, I would assume.

Q. Well, your regular customers, I think you've testified, are -- Steve always gets mad when I try and rephrase testimony, but you talked about retailers, companies like Omaha Steaks. They buy boxed beef from you, and they're subject to the minimum purchase requirements; correct?

A. Yes, they are.

Q. This project that began over Christmas of 2015, do those customers include food service retail stores or Omaha Steaks?

A. Once again, I'm not sure who all

purchased the product, but it's a 10 -- it's a product that we make with a machine that at Christmastime was offered out on the Internet also.

Q. On what sites?

A. I'm not sure what sites.

Q. And those offers made over the Internet, were they subject to the 10,000-pound minimum?

A. I'm not familiar with all of them, but I believe some of them were not.

Q. Which ones were not?

A. I just said I believe some of them were not. I'm not familiar with what all went out. We sell a lot of that product to hotels and restaurants and purveyors, but there may have been some products that went out at Christmastime other than that.

Q. That somebody like I could have purchased over the Internet just for my own personal use?

A. I would say so.

Q. And you wouldn't expect that I'd be subject to the 10,000-pound limit, would you?

A. No, I wouldn't suspect so.

Q. Okay. Do you know whether -- I'll use the terminology that Mr. Samuels used. Do you know if any of those products were sold bearing either the Greater Omaha house mark -- I'll just start with that one. Do you know whether they were sold bearing the house mark?

A. I don't know that -- if they were.

Q. Who would know? Would Henry Davis know?

A. He may.

Q. Okay. Same questions for the --

MS. KANE: Did you call them model marks for the Hereford and the Angus? Is that the term used, "model marks"?

MR. SAMUELS: Are you talking about the marks that are in Exhibits GOP-2 or GOP-3?

MS. KANE: Those are the Angus and the Hereford marks?

MR. SAMUELS: Yes.

MS. KANE: Yes. Did you call those model marks? That was your term?

MR. SAMUELS: I asked Mr. Fili if they were model marks, and he said yes, they were.

MS. KANE: Thank you.

BY MS. KANE:

Q. All right. Do you know whether this product that we're talking about that was sold to individual customers bore either of the model marks, the Hereford or the Angus?

A. I don't believe they did. I don't know that though.

Q. Okay. Do you know whether those products are still being sold today?

A. I don't know.

Q. Do you know whether Greater Omaha --

A. I'm sorry, the products are being sold. I don't know that they're going in that mode, but we sell those products each day. Meaning an animal makes a certain number of products. Those products are always sold. Whether they're packaged with that machinery or not is another question.

Q. Right. I understand. And I appreciate you clearing that -- clarifying that. Because I did mean a different question, so let me try again.

As we sit here today, do you know whether Greater Omaha Packing is making available for sale products that can be purchased by individual

consumers like me?

A. I do not know. Maybe -- our marketing department is marketing product every day, but I'm not always aware of what they do.

MR. SAMUELS: Wait until she asks the question.

Q. So you're testifying that as vice president of the company who remembers things from back to 19 -- by gosh, 1983 when you're making visits over to Greater Omaha's plants, you remember things you observed then and you've testified that you know about all the business records that Ms. Mesenbrink testified about and you know about all the sales made to Omaha Steaks, you know about all the complaints or lack thereof, you know about every shipment, every box, every label, but you can't tell me whether today your company is selling product available for purchase by customers like me, is that your testimony?

A. Your question's in the past or what happened in the past. What you're asking me is what are we going to do in the future?

Q. No. I said as we sit here today.

A. All our products are for sale every

day. Whether they're selling them or not, which is the question you're asking me, are they selling them today, I don't know that answer of whether we sold any.

Q. That isn't what I asked. I asked if they were available.

A. They're always available, yes.

Q. So I can always purchase as an individual consumer product from Greater Omaha?

MR. SAMUELS: Objection. What kind of product?

MS. KANE: Any product.

BY MS. KANE:

Q. I'm not subject to the 10,000-pound limit; right? I'm Joe off the street, and I'd like to purchase some beef products from Greater Omaha Packing. Am I able to do so?

MR. SAMUELS: Objection. You were talking about TenderAge before. Now are you suggesting in your question Hereford, Angus, boxed beef?

MS. KANE: I got rid of TenderAge about 10 questions back.

MR. SAMUELS: I don't think Mr. Fili knows you got rid of TenderAge 10 questions back.

MS. KANE: I got rid of TenderAge 10 questions back.

BY MS. KANE:

Q. Do you want me to ask the same questions again with that knowledge in your mind? Would you then have more knowledge than you had when you thought I was talking about TenderAge?

A. Do you have a question you're asking me?

Q. Yeah.

A. Okay.

Q. Did you think I was asking about TenderAge?

A. I thought you were.

Q. All right. I'm not. Okay. What I want to know is, you testified that the purchasers of your product in the ordinary course of business are subject to a 10,000-pound limit; correct?

A. Yes.

Q. All right. Now I'm asking you whether there is any kind of beef product available to a purchaser who wants to buy less than 10,000 pounds.

A. What we had was a project over

Christmastime to make those products available. I don't know that we have anyone still working on that project.

MR. SAMUELS: Are you talking about TenderAge now?

THE WITNESS: Of product packaged in a TenderAge package.

MR. SAMUELS: Ms. Kane is not talking about TenderAge.

THE WITNESS: Oh, I don't have any other products available like that, no.

BY MS. KANE:

Q. That was the question. I wanted to try and get TenderAge --

A. I apologize.

Q. That's okay. It's --

A. No, I do not.

Q. Okay.

A. And I thought that's the way I originally answered was I do not, but....

Q. And it wasn't clear to me. And, you know, it's a stiff, uncomfortable, awkward way to have a conversation; right?

A. I'm not uncomfortable. But your question was about my memory long back, but the

answer at that time was, no, we don't offer that.

Q. Okay. So as we sit here today, can I -- and I'm using myself because I -- obviously, I'm an attorney. I don't belong to a food service company or a retail store or anything like that. Could I call Greater Omaha Packing and purchase individual, say, a rib eye steak that I could take home and cook and eat?

A. No.

Q. And I used the example of rib eye. Would the -- would the answer still be no if I described any other individual cut of meat? Could I buy --

A. No.

Q. No, the answer wouldn't be no?

A. The answer would be no.

Q. The answer would be no. No other individual product --

A. No.

Q. -- is available?

And just so I'm clear, you testified you weren't sure if that Christmas project, if the -- any of your trademarks that we've talked about, the house mark or the -- you don't know whether they were placed on there or not?

A. My belief is that they would not have been. But I'm sure that they didn't have Omaha Natural Angus or Hereford in that program.

Q. Okay. I'm just going to look at my notes for a moment. I think I'm about done.

When you talked about you and Mr. Davis developing new trademarks, is it fair for me to assume that you also relied upon perhaps a graphic artist to help you create them, or did you two actually draw them yourselves?

A. Mr. Davis draws most of those items himself.

Q. Okay. Does he have artistic talent, would you say?

A. I don't define talent.

Q. Did you engage a law firm or law firms throughout the time you've been here to help you obtain your trademarks with the government?

A. Yes.

Q. Okay. Do you know as we sit here today which attorneys you've used?

A. I know which attorneys -- I don't know which worked back in the day.

Q. Sure.

A. In general it would have been likely....

Q. Chad Swantz?

A. Chad Swantz does work on our trademarking, but Rich Gilloon would be another that works on that type of thing.

Q. Is he at Erickson Sederstrom?

A. I believe -- I know he was at one time. I don't know if he still is.

Q. Okay. Just that name was out of the past for me. I didn't know he did that kind of work. Okay. Anyone else you can think of?

A. No.

Q. Okay. A few minutes ago I think you thought I was asking about future plans and I wasn't, but I'll ask that now. Do you know, your personal knowledge, whether Greater Omaha Packing Company intends to expand its presence in the market in which I would be available as a private consumer to make purchases from your company?

A. I don't know that.

MS. KANE: Okay. That's all I have. Thank you.

MR. SAMUELS: Mr. Fili, thank you very much. The deposition is closed.

(The deposition concluded at the hour of 11:57 a.m.)

J U R A T

I, ANGELO FILI, do hereby state under oath that I have read the above and foregoing deposition in its entirety and that the same is a full, true, and correct transcription, with my noted corrections, if any, of my testimony so given at said time and place.

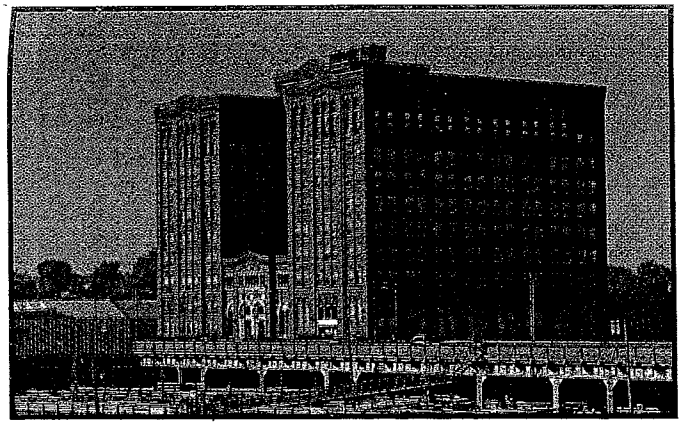
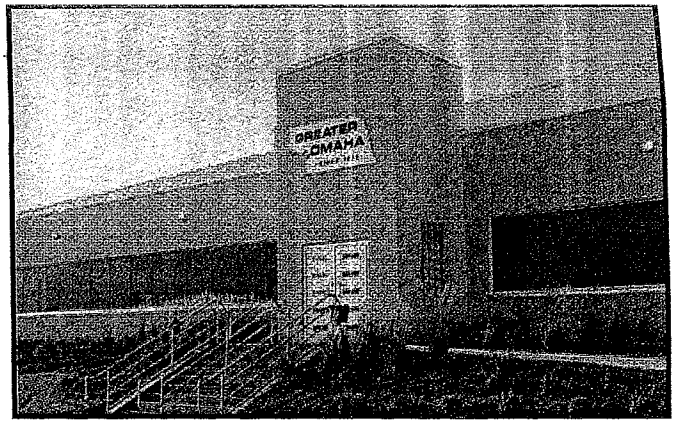
PACKING COMPANY, INC.



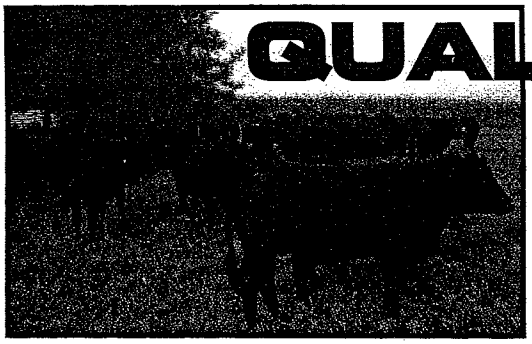
HISTORY



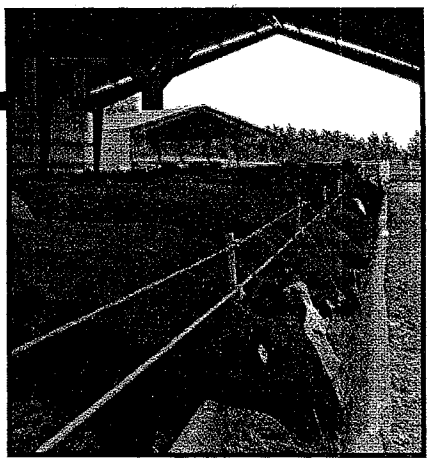
History links Greater Omaha to the proud packing house tradition of South Omaha. Since 1920, the Omaha Stockyards and the surrounding Nebraska feedlots have supplied us with the world's finest grain fed cattle. Through three generations of family ownership, the name Greater Omaha has become synonymous with quality. Our reputation as a premier supplier of beef has been earned by our continuing commitment to service and integrity. The finest restaurants, distributors, and grocers in the United States and around the world count on Greater Omaha to deliver the best.

We've come a long way since Greater Omaha Packing was opened in 1920. Our new fabrication facility opened in the spring of 1996. A new slaughter plant will be completed in 1998. These new plants employ the latest technologies available in the industry to ensure the safest and most wholesome beef available. From refrigeration and warehousing, to processing and packaging, Greater Omaha has the latest and best means to provide you with an outstanding boxed beef product.

QUALITY

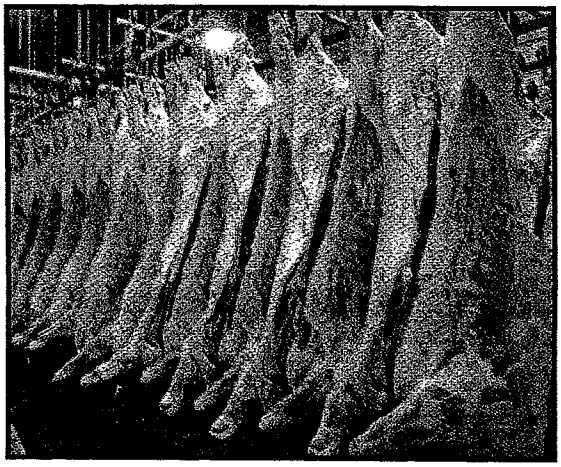


Quality cattle are essential for an outstanding finished product. We begin our production process with the finest grain fed cattle available in Nebraska and Iowa. Our production capacity is currently 2,000 cattle per day. Customers from around the world know that the corn belt of the Midwestern United States produces livestock whose quality cannot be matched anywhere. Based in Omaha, we are centrally located in the middle of the largest and best livestock producing area in the world.



Our cattle buyers tap this livestock mother lode at local auctions and area feedlots. Our long standing relationships with area cattle feeders assures us of ready access to the type of animals which result in the high quality boxed beef products our customers have come to expect.

TECHNOLOGY



Greater Omaha is on the leading edge of industry advancements in technology. We were the first plant in the U.S. to use steam vacuum pasteurization at our slaughter plant. We were one of the first beef plants in the country to operate under SSOP and HACCP guidelines. Our new facilities allow us to chill carcasses a minimum of 48 hours prior to fabrication. Carcasses are moved by a mechanized transfer system which eliminates the need for human contact to "lug" carcasses. These advancements translate to longer shelf life and safer products for our customers.

U.S.D.A. graded carcasses are logged into our computer system according to grade, yield, weight, and feeder. This information allows us to identify which feeders consistently deliver us the highest quality and best yielding cattle. This data also allows us to sort carcasses by weight for sizing product to customer requirements.

PUTTING OUR BEST FOOT *FORWARD...*

Show your customers that you care about their business by giving them the opportunity to buy the finest quality beef available anywhere. Quality is not a word that we use lightly at Greater Omaha Packing. We believe in the outstanding performance of the beef we produce and are pleased to be compared to anyone else's product. We invite your cutting test, taste test, or any form of test you like. Greater Omaha will not only meet your expectations, we will exceed them – we guarantee it!

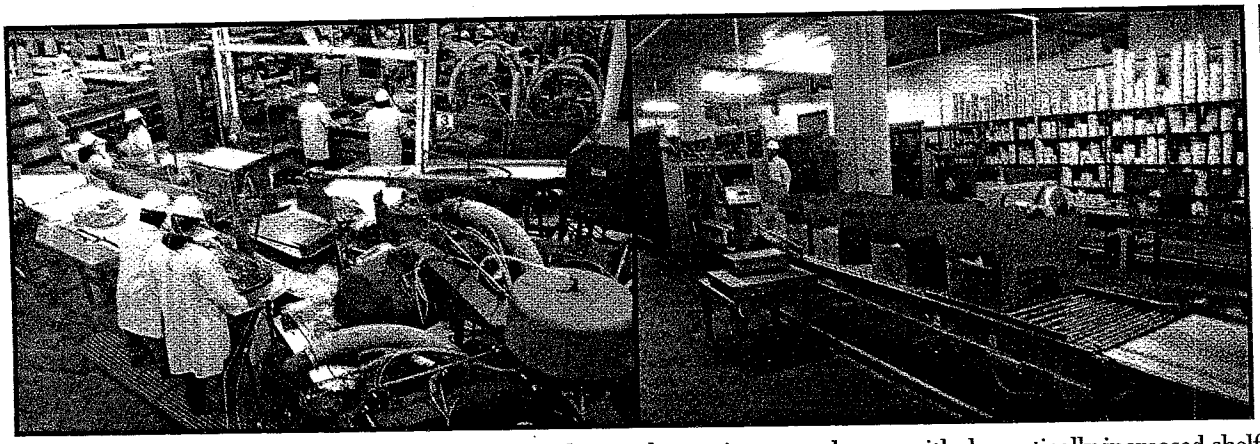
WORKMANSHIP

Fabrication takes place in our new 30,000 sq. ft., sanitary production room. Our butchers are trained to cut to exact product specifications. Constant supervision is provided by our Quality Control team. Training for new employees takes place in our separate training room designed specifically to provide space for meat cutters to be trained in a "live" environment, without learning on product that will show up at the customer's warehouse.

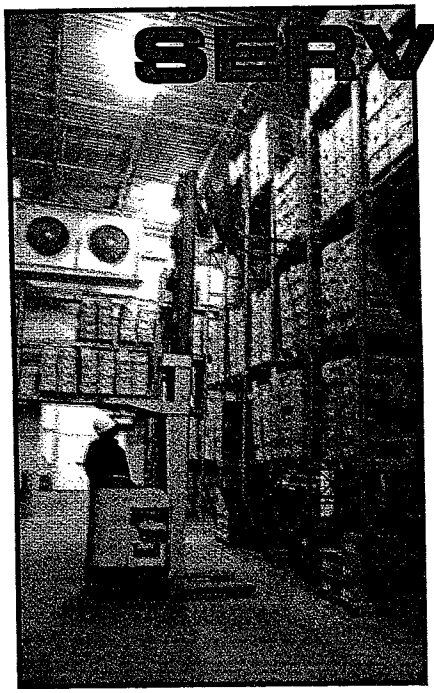
Flexibility lets us adjust production at a moments notice to fill your order. Flexibility also allows us to produce product to virtually every specification available in the industry. As our customers have gravitated to more closely trimmed product, closely trimmed product has become our mainstay. Every employee in our plant is committed to our company philosophy of Team Quality Control, so you can be assured of receiving the type of product you will be proud to sell.

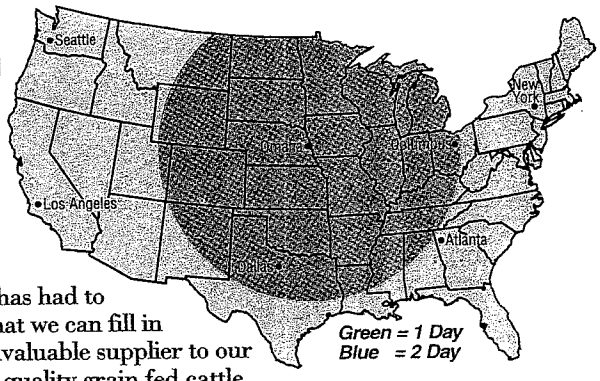


Packaging is one of the most crucial components in assuring that product arrives to you in the finest condition. We run five of CRYOVAC™'s most advanced packaging machines and use only CRYOVAC™ grade-stamped bags to provide the best package available. These high standards mean you get a superior product and more importantly, one with dramatically increased shelf life. Box materials and equipment are held to the same high quality standards. We have spared no expense to provide a box which will stand up to the rigors of handling and shipping at the various levels of the distribution chain. Greater Omaha promises to deliver the highest quality beef in the country, in a package that you will be proud to ship.

SERVICE

Service to our customers would not be complete without the means to warehouse and deliver product. A large part of our new fabrication plant is a 60,000 sq. ft. refrigerated warehouse. Our forklifts are equipped with a computer terminal that the operators use to log in and out pallets of product. This gives us exact inventory quantities and locations at all times, allowing us to eliminate shipping shortages. Highly efficient refrigeration equipment maintains a constant 30° temperature in this warehouse.

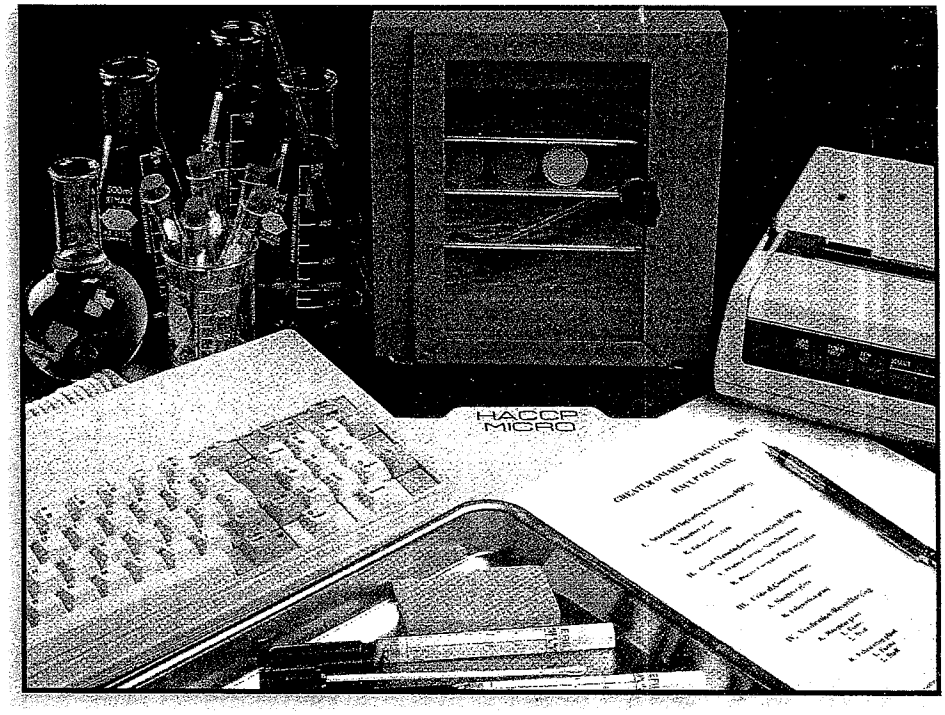




To compete in this industry, Greater Omaha has had to identify niches that we can fill in order to be an invaluable supplier to our customers. High quality grain fed cattle, the ability to cut to our customers specifications, and flexibility in production scheduling are important services that our customers require. Another key service we provide is our ability to quick ship product for next day or second day delivery. Due to our central location and proximity to major interstates, we are able to provide next day delivery to the Midwest and second day delivery to the East and West coasts. Our capacity for timely delivery on short notice, makes us an indispensable supplier to some of the nation's largest distributors and retailers. Greater Omaha has become legendary throughout the industry for our ability to deliver.

FOOD SAFETY

Technology plays an ever increasing role in food safety and wholesomeness. Greater Omaha prides itself on being in the forefront of the industry in testing for and eliminating bacteria and pathogens. Swab tests are collected throughout every day of production. Carcasses, primal cuts, and equipment are all tested. Samples are analyzed at an independent laboratory to ensure unbiased results. Steam vacuum pasteurization, 48 hour chill, clean, new production facilities, micro biological testing, state of the industry packaging, and efficient refrigeration, storage and handling of product, all contribute to the safest, cleanest beef you can buy.



MISSION STATEMENT

Greater Omaha will produce the finest beef products in a manner that is uncompromising in food safety. We will respect our customers and suppliers by treating them fairly and honoring every commitment that we make. We will provide a proper work environment for everyone at Greater Omaha and have an unyielding focus on their health, safety and the betterment of themselves and their families.

FROM THE PRESIDENT

Many thanks for your interest in Greater Omaha Packing. I hope we have conveyed to you the sense of tradition and pride that exists at our company. Three generations of family have adhered to the philosophy of providing the highest quality product to our customers. That philosophy served our carcass and swinging beef customers from 1920 through the 1980's, when Greater Omaha earned its reputation as a premium supplier of the Midwest's finest grain fed beef.

The 1980s and 1990s brought many changes to the beef industry. These changes required that we evolve from a beef carcass producer to a boxed beef fabricator. The challenges of this transformation were formidable, but we met them with a commitment of resources and willpower. These commitments assure our valued customers that the Greater Omaha which they relied upon in the past, will continue to be their partner both today, and in the future.

Our company, founded on the principals of providing quality and service, has prospered for three quarters of a century. Our foundation will remain firmly rooted in these areas. While I cannot predict what challenges the future will bring to our industry, I can promise that Greater Omaha will be here with you to meet those hurdles as they arise.

Once again, thank you for your interest in Greater Omaha. As you come to know us better, I guarantee you will find us to be a company committed to excellence and with every reason to be proud of our past and confident of our future.

Best regards,

Henry Davis

VOL. 23 NO. 39 $1.00 THE BUSINESS NEWSPAPER OF GREATER OMAHA, LINCOLN AND COUNCIL BLUFFS OCTOBER 3 - 9, 1997

Greater Omaha Packing investing $3 million in addition

New space expands firm's beef processing

by Allison Edwards Locke

Adapting to meet its customers' needs means a 30,000-square-foot addition for Greater Omaha Packing Co., which produces beef boxed separately by cut.

Company President Henry Davis said most of the added space will be used for further processing, which entails fabricating the beef into smaller pieces.

The company is investing $3 million in the plant addition and in new equipment, and it will increase its 580-person workforce by about 30 positions.

"The addition will accommodate changes in processing as demanded by our customers," Davis said. "Our beef is sold worldwide, mainly to grocery store chains and boxed beef distributors which sell to people who cut steaks, restaurants and grocery stores.

"It is possible that in the future we will be doing case

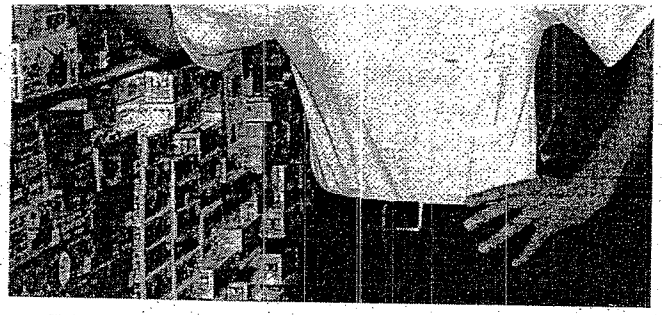
spread to the West Coast. We had the ability to spread the merchandise out across the country, which actually caused us some problems because we rolled it out to the East Coast faster than the fad spread. So the merchandise sat there for awhile until the craze caught up with it.

"Overall, though, I'd say one of the things that has brought us to this point has been that we've been able to get a distributor network set up and ready to roll out some new item just before it becomes a fad. Once something really catches on, the discount stores get into it, which is a losing battle."

Other items the company has been able to capitalize on are licensed products ranging from a replica Star Wars light saber for $110 to life-size cardboard cutouts of characters

Continued on page 6.



Walla in the Lincoln store ... "We have to recognize a trend ahead of its time. It's kind of a weird thing to say, but we've actually started trends with the merchandise we carry."

KPMG Peat Marwick

Continued from page 2.

but we are spending more time consulting."

Greisch said this approach is a switch from the way accounting firms have traditionally done business.

"We used to be very analytical and task oriented," he said. "Now we look for the opportunity to be more creative and

Heng

Labenz

more like problem solvers. It's neat when you are working with a client and you can spot something such as a bottleneck in production before it happens. Then instead of spending time worrying about the problem, they can spend time fixing it."

The firm's specialty areas have been developed over the past three or four years and appear to be a big benefit to the growth of the company, Greisch said.

The trend toward outsourcing tasks that aren't associated with a company's core business services is creating more work for KPMG Peat Marwick.

"While they have been around for awhile, information technology and outsourcing have come into vogue," Greisch said. "New services typically emerge because of a market opportunity. For example, 10 years ago mergers and acquisitions happened, but not at the speed they do today, so the whole corporate transaction business is different because of our economy now.

"The amount of wealth transferred today is different, too, and the amount of holdings in the stock market keeps going up. In public service there is a lot of talk about privatization."

Jung said the trend toward companies expanding internationally also is creating opportunities for the firm.

"I think the whole international arena will become more demanding," he said. "We have a large network of international offices that we can instantly access."

Almost everyone at KPMG Peat Marwick has had some level of experience in dealing with international business.

"Certainly all of our partners and the rest of our people have received e-mail internationally," he said. "You could come in in the morning and have e-mail from Budapest."

KPMG employs 55 people at its Omaha office in Suite 1501 at Two Central Park Plaza and 40 people in its Lincoln office in Suite 1600 at 233 S. 13th St.

Labenz said a major goal for the company is to minimize its turnover.

"We have been fortunate in Nebraska to have low turnover, but we will focus on it more," she said. "To do that we will need to find innovative ways to keep their jobs interesting. We want to keep our turnover at less than 25 percent."

To mark its 100th anniversary this year, KPMG has organized several events, including a World of Spirit day Sept. 22 in which all of its offices in the United States were closed so its employees could do community service work. The Nebraska offices worked with schools in Omaha and Lincoln.

"We dedicated 160,000 hours of community service in one day," Labenz said. "In Nebraska we contributed a minimum of 800 hours. I think we gained as much from the experience as we gave."

Greater Omaha Packing

Continued from page 1.

ready, meaning the product is ready to go to a case in the grocery store. The speed of progress toward that is determined by our customers as they become ready for it."

Greater Omaha Packing operates two plants. Its facility at 5102 S. 26th St. processes live cattle, and the plant at 3001 L St. converts the beef into fabricated boxed beef cuts.

"We completed the L Street plant in May 1996, and with the completion of that we doubleshifted the other plant, which doubled our production. We process about 10,000 head of cattle a week," Davis said.

He said his business philosophy is to provide the best environment possible to allow the company to satisfy its customers. It's a formula that appears to have paid off for Greater Omaha Packing, which is in the South Omaha stockyards area, a location that used to house many beef packing companies.

"Omaha used to have 20 or 30 beef packers," Davis said. "Our L Street plant is on what used to be the center of the stockyards, which went past 36th and L streets. I believe the reason Greater Omaha Packing continues to progress in the beef industry and continues to modernize and reinvest in this industry is that we have developed relationships with our suppliers, who are the cattle feeders, and with our customers.

"Those particular customers are the segment of the industry that demands the highest quality of beef — fat cattle which are about 24 months old.. We're fortunate that our plant in Omaha is in the center of the highest quality cattle raising area in the United States. One of the reasons the cattle are of such high quality is plentiful supply of corn."

Davis said Greater Omaha Packing is one of the largest privately owned processors of beef in the country. Eighty-two percent of the beef processing in the United States is done by four large corporations, he said.

Exporting is becoming a larger part of the firm's business. Davis said the company exports to 15 countries.

"A year ago we started Trex, a company to handle exporting sales," he said. "Out of that office, which is in San Francisco, we export our products to Japan, Korea, Taiwan, China, Singapore and several other countries. Initially we started it as an office to handle mostly Greater Omaha Packing products, but as it turns out we handle products for about a dozen other companies that we represent, mostly in southeast Asia.

"Trex has been growing very quickly, and the value of the product it sells this year will be close to $40 million."

Davis said the high quality beef from fat cattle is in greatest demand in export markets, which is one of the reasons for Trex's strong growth.

"It also is in demand on the East and West coasts," he said. "Wherever there is a large population there is demand for this high quality beef."

Consolidation among grocery stores is presenting a challenge for Greater Omaha Packing, Davis said.

"Larger grocery store chains continue to buy other grocery store chains, so there are fewer chains to sell our product to," he said. "Basically, the same amount of beef is being purchased, but there are fewer buyers. We have witnessed this continual consolidation. For c have gotten better by getting bigger, and we position to satisfy the demands of these large

cking

witnessed this continual consolidation. For one thing, we have gotten better by getting bigger, and we are in a better position to satisfy the demands of these larger customers."

Davis said the company also operates Denver-based High Country, a distributorship of various food products, mainly boxed beef, that serves the mountain area.

Greater Omaha Packing has a strong emphasis on providing a better environment for its employees, Davis said. Every year the company holds a health fair at Our Lady of Guadalupe Parish, and it purchased exercise equipment to make a fitness center at the church for its employees.

The company is a recipient of the Well Workplace Award from the Wellness Council of America, and it has received a safety merit award from the American Meat Institute. The Greater Omaha Safety Council has issued the firm an award of honor with distinction for its safety programs.

"The nucleus of our safety programs starts with employee involvement," Davis said. "We have committees that monitor all activities for safety. That's all types of safety. Food safety is our number one priority here as well as safety for employees."

Davis said the recent reports of E. coli found in meat products should have impacted every food producer.

"We have some of the most sophisticated and effective equipment in our facilities to assist us in producing the safest product possible," he said. "We were one of the first companies to integrate steam vacuum cleaners on our processing floor.

"The steam vac has a fairly wide nozzle that sprays onto the carcass, and at the same time it vacuums the steam off the carcass, killing any bacteria in the area. You can't see bacteria, so it is our policy to steam vac the entire carcass."

Greater Omaha Packing was founded in 1920 by Davis' grandfather. Davis' father later took over the presidency, and Davis became president of the firm in 1986.

Davis said employees such as Angelo Fili, executive vice president, and Roy Wiggs, vice president of sales, have been instrumental in helping the firm achieve its goals.

Davis heads Enterprise Zone Association Board

As the new chairman of the Omaha Enterprise Zone Association board of directors, Henry Davis is working to make sure the city's designated enterprise zones benefit from the $2.9 million in grants it has received.

The board is responsible for approving applications submitted by the city of Omaha to the U.S. Department of Housing and Urban Development and the Nebraska Department of Economic Development.

As established by state legislation, seven members make up the board. Membership includes property owners, residents, business operators, users of space and individuals representing groups or organizations which are interested in furthering the purposes and goals of the enterprise community.

Nebraska has three enterprise zones, two of which are in Omaha and encompass parts of North and South Omaha.

Davis said the goals of the Omaha Enterprise Association include improving the physical condition of existing neighborhoods and focusing additional resources toward creating jobs and training employees in industries that utilize future oriented skills and trades.

Other goals are to develop a one-stop approach for guiding and preparing entrepreneurs from the start-up through the development of their businesses and for providing financing. The association also works to establish long-term solutions to individuals' health care and human services needs.

Davis has been on the board for nearly a year and was appointed chairman last month.

"It's my goal to continue to see that the $2.9 million in grants our city has received are distributed in a manner that is practical and goes to the recipients to satisfy their programs as they were presented in order to receive these funds," Davis said. "There are lots of different programs the enterprise board has a positive effect on. Recently Scott Knudsen, enterprise zone coordinator and I spent a day touring some of the projects that are subrecipients of the funding, all of which comes from HUD."

One of the recipients is Mercy Housing, a training facility and transitional housing provider.

"Mercy offers families and individuals enhanced transitional housing in 32 living units at Mason Apartments in South Omaha," Davis said. "It has a $140,000 grant budgeted over five years to guide families toward self-sufficiency through activities related to the development of life skills, setting goals, assessing resources and building a sense of community."

Omaha 100 is another organization that receives funding through a HUD grant.

"Omaha 100 is a group of eight to 12 financial institutions which pool funds to provide mortgage financing to help low and moderate income home buyers," Davis said. "Operation Bridge is another subrecipient. It will receive $280,000 over three years. These services are to address substance abuse, problem gambling, emotional and mental disorders, psychological and medical traumas and other problems of that nature."

Davis said most of the projects being funded were part of the original grant.

"There is around $65,000 of the original $2.9 million which has not been assigned or approved yet," he said. "One of the projects just getting started is the Catholic Charities Campus for Hope, which will incorporate programs similar to the ones other grant recipients have."

Davis said that establishing the enterprise zone communities in Omaha is bringing in funds in addition to the $2.9 million from HUD.

"The University of Nebraska at Omaha will expand a program to encourage minority students to pursue doctorates with the help of a three-year $400,00 grant," he said. "That will help the enterprise zones. Omaha had the initiative to create these enterprise communities, which enable other funds and proactive efforts to help those parts of our community."

Greater Omaha Packing

Addition to increase safety, consolidate plants

by Wendy S. Clark

To improve upon its sound safety record and consolidate its operations, Greater Omaha Packing Co. is building a 225,000-square-foot addition at its three-year-old 30th and L streets plant.

The firm's dedication to food safety has led to a major procurement of equipment, some of which already is being used at Greater Omaha's original cattle production facility at 5102 S. 26th St.

"We've spent $6 million in food safety equipment alone, before we even started the bricks and mortar," President Henry Davis said.

Davis, who owns the company with his father, Pennie, said the plant will be highly sophisticated.

"We are going to be ex-

tremely oriented to food safety," he said. "We're interjecting design into the plant that has the highest level of food safety systems."

Those systems will include the latest technology in microbiological pathogen reduction, acid washes, steam vacuuming, air filtration and hot water beef washing, said Angelo Fili, executive vice president.

The addition, to be completed in February, will move the company's cattle production facility from the original plant, open since 1920, to the 110,000-square-foot beef fabrication plant built three years ago.

Fili said Greater Omaha delayed the addition of the plant a few years ago because the United States Department of Agriculture and Food and Drug Administration were ing regulations in 1997.

"They rewrote the rules on how plants are to mana control safety," he said. "We wanted to wait to build so we could see exactly what came into play."

A side benefit of the plant's move is that it will production.

"The new plant will give us the ability to produc an extremely efficient manner and maintain higher safety, but it also will increase production up to 2,5 a day," Davis said. "Currently we produce 1,800 to day."

Greater Omaha Packing, which has about 650 ees, produces 12,000 70-pound boxes of beef a day. Its main product is vacuum-packed beef that is frequently sold to grocery store chains. The end user usually cuts the meat into individual steaks.

'Worldwide as having qua nies put the p

"We supply high-end beef to stores, restaurants and distributors around the Davis said.

But that's not what the company has always don 1950s, '60s and '70s, Greater Omaha used to break sell it locally, he said.

In the 1980s Davis owned part of the fabricati Nebraska Box Beef, to which Greater Omaha sent until it was sold in the late 1980s. In 1992 Greater started vacuum packing its own beef.

Moving its cattle production facility will allow t pany to test the waters of another market.

"By vacating the original plant, we will have th tunity to turn it into a facility to make case-ready pro sell directly to grocery stores," Davis said.

Greater Omaha — which gets its beef from Mid producers, mainly in Nebraska and Iowa — sells som case-ready beef to customers in Japan.

The original plant should be ready to start pr case-ready products for domestic test markets in the first quarter of next year, Davis said.

"Our first goal is to make the transition and consolidation," he said.

Davis said the number of employees will remain the same. Efficiencies at the new plant will send some employees to the case-ready facility.

The firm, which should have sales of $550 million this year, ventured into the trading and exporting of beef two and a half years ago with the opening of Trex Corp.

Agriculture and Food and Drug Administration were changing regulations in 1997.

"They rewrote the rules on how plants are to manage food control safety," he said. "We wanted to wait to build the plant so we could see exactly what came into play."

A side benefit of the plant's move is that it will increase production.

"The new plant will give us the ability to produce beef in an extremely efficient manner and maintain higher levels of safety, but it also will increase production up to 2,500 head a day," Davis said. "Currently we produce 1,800 to 1,900 a day."

Greater Omaha Packing, which has about 650 employees, produces 12,000 70-pound boxes of beef a day. Its main product is vacuum-packed beef that is frequently sold to grocery store chains. The end user usually cuts the meat into individual steaks.

> **'Worldwide, people recognize Nebraska as having quality beef. Overseas companies put the producer's name on menus.'**
>
> —Angelo Fili, executive vice president

"We supply high-end beef to stores, restaurants and distributors around the world," Davis said.

But that's not what the company has always done. In the 1950s, '60s and '70s, Greater Omaha used to break beef and sell it locally, he said.

In the 1980s Davis owned part of the fabrication plant Nebraska Box Beef, to which Greater Omaha sent its beef until it was sold in the late 1980s. In 1992 Greater Omaha started vacuum packing its own beef.

Moving its cattle production facility will allow the company to test the waters of another market.

"By vacating the original plant, we will have the opportunity to turn it into a facility to make case-ready products to sell directly to grocery stores," Davis said.

Greater Omaha — which gets its beef from Midwestern producers, mainly in Nebraska and Iowa — sells some nearly case-ready beef to customers in Japan.

The original plant should be ready to start producing case-ready products for domestic test markets in the first quarter of next year, Davis said.

"Our first goal is to make the transition and consolidation," he said.

Davis said the number of employees will remain the same. Efficiencies at the new plant will send some employees to the case-ready facility.

The firm, which should have sales of $550 million this year, ventured into the trading and exporting of beef two and a half years ago with the opening of Trex Corp.

The San Francisco division of Greater Omaha, which sells beef in Asia and other countries, has had a transition of its own.

"We envisioned 75 percent of Trex's business coming from the sales of Greater Omaha's products," Davis said. "Now it's 20 to 30 percent because we have taken on other companies."

He said he believes the company was the fifth largest exporter of beef in the U.S. last year because it has taken on a greater number of outside suppliers than originally planned.

Other countries market beef differently, Fili said.

"Worldwide, people recognize Nebraska as having quality beef," he said. "Overseas companies put the producer's name on menus."

"You can go to a Planet Hollywood in Jakarta and at the bottom of the menu, you'll see a Coke insignia and a Greater Omaha insignia," Davis said.

The firm, which was established in 1920 by Davis' grandfather, has a Denver division called High Country that mainly distributes boxed beef in the Rocky Mountain area. It also has a third plant for hide processing in Omaha at 25th and Z streets.

Davis, who has a bachelor's degree in business administration from the University of Denver, has been with Greater Omaha since 1973 and became president in 1986.

He is a board member of the American Meat Institute and American National Bank and is a foundation board trustee of the Jewish Federation of Omaha.

A chairman of the Omaha Enterprise Association Board, Davis is a member of the governor's advisory task force and the Young Presidents Organization.

Fili, an Omaha native who studied microbiology at UNL, has been with Greater Omaha since 1992. He is a member of the South Omaha Environmental Task Force and the South Omaha Neighborhood Association.

NOTES

BOOKED by Jerry today For May 18th Ad:
400 Boxes of Classic CHB "OTD" on Thurs. Price of CHB Sel would have only been about 10 to 15 cents less on today's market, but that gap will probably spread to 40-50 cents in the next few weeks between Classic and CHB Sel on 0x1 Strips. Meanwhile as the weather warms up, the Strips booked at $5.80 could easily be in the high $6 range within 10-14 days due to pent-up beef demand and extreme cutbacks in packer hours. The next 5-8 weeks will be the biggest seasonal advantage on CHB "Select or Higher" Loins. Late summer should produce similar advantages too.

		THIN MEATS	AD PRICE
60332		Chuck Short Rib	2.19
